

# University of Manitoba Security Services Monthly July 2020

## Preventing the Spread of COVID-19 on UM campuses

As we work together to gradually and safely ramp up on-campus activities at UM, we need to remain committed to following public health directives that help ensure the health of our community members and prevent the spread of COVID-19. Please ensure you are familiar with the following information before returning to campus for approved, essential work.

As areas are gradually allowed to ramp-up essential on-campus activities, the following must be taken into consideration:

Work from home must be prioritized for all work / activities that can be carried out remotely.

All essential on-campus activities must undergo a review by the Recovery Working Group before moving forward. Plans to resume activity should ensure the 2-meter physical distance requirement can be respected. Strategies for maintaining the distance requirement include re-arranging workspaces, staggering shifts, etc.

Essential on-campus activities where the 2-meter physical distance cannot be respected must undergo a review to identify alternatives or added requirements that must be implemented to ensure health and safety of staff and students.

See University of Manitoba website for excellent Covid-19 information:

# PROGRAMS AND SERVICES

University of Manitoba Security Services offers a variety of programs and services that help make our community safer and more enjoyable for students, staff and visitors. We have implemented many safety initiatives in an effort to better improve safety and security on campus. Many of these initiatives have been spearheaded by the department while others have been made in consultation with many student groups and departments on campus, such as Environmental Health and Safety.

Security Services is continuously assessing the current safety initiatives and examining future plans in an effort to provide the highest quality of safety and security on campus.

Security Services works hard to ensure a safe environment in which members of the university community can live, work, study and enjoy life at the University of Manitoba. Security Services can be found patrolling campus on foot, on bike or by vehicle. Our staff are easily identifiable with their high visibility jackets or vests and are always ready, willing and able to assist students, staff and visitors at the University of Manitoba. Our guard tours ensure that we can be found patrolling on foot all over campus and interacting with the university community.

## ***Safety and security is everybody's responsibility***

### **Our Goal**

The goal of the University of Manitoba Security Services is to provide a safe and secure environment for the University community, including students, staff, faculty and visitors.

In order to accomplish this goal, Security Services offers a variety of programs and services that help make our community safer for everyone. Security Services operates 24 hours a day, 365 days a year. For more information on our programs and services, please visit our website at: [www.umanitoba/campus/security](http://www.umanitoba/campus/security)

# CAMPUS SECURITY STATISTICS JUNE 2020

## SUSPICIOUS

It is important to Security Services that the university community is comfortable and feels safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

**Responded to 20 suspicious calls**

## Safe Walk /Safe Ride

Safe Walk and Safe Ride is a free service in which Security Services staff will meet you and walk you or give a ride to/from your car, your class, your residence room, or a bus stop. If you don't feel comfortable walking on campus at night, Security Services would be happy to assist you.

**Safe Walks 39 / Safe Rides 10**

## Medical Emergencies

Security Services responds to all medical emergencies on campus. Sometimes Security Services staff are the first to respond to an emergency, other times they play a key role in guiding the emergency responders to the correct building and room. **Medical Emergencies 0**

## Access

Every day Security Services helps students and staff that want to gain access into buildings or rooms.

**Unscheduled Access Requests 158**

## Alarms

Security Services responds to all safety and security alarms on campus for example: Fire, Code Blue, Elevator, Emergency Phones, Panic Alarms.

**Response to Alarms 106**
