Preventing the Spread of COVID-19 on UM campuses

Prevention measures

Do not come to campus if you experience any symptoms of COVID-19 or have been exposed to someone diagnosed with COVID-19.

Wash your hands frequently and practice good cough etiquette.

Maintain a physical distance of 2 meters at all times when other physical barriers are not present.

Maintain a density of 1 person per 16m² (2 meters around a person) or lower for enclosed workspaces (such as labs) where multiple individuals need to work for extended hours.

Wear a mask or other appropriate face covering if you are unable to maintain the 2-meter distance.

Ensure frequent cleaning especially of high-touch surfaces and objects.

Failure to comply with these guidelines could result in reduced access, exclusion from the building, and/or disciplinary measures.

See University of Manitoba website for updated Covid-19 information:
