

University of Manitoba Security Services Monthly July 2022

UM SAFE APP

UM Safe is an essential tool that sends safety alerts and provides instant access to campus safety resources. The app includes features such as “Work Alone” and “FriendWalk”, as well as a Mobile BlueLight feature similar to the stationary blue lights on our campuses.

Some of the app features involve interaction with Security Services, and some will be optional — while other features have no interaction with Security Services.

Used by hundreds of higher education institutions and millions of students around the globe, the app was developed by App Armor and is custom branded for the U of M.

The free mobile safety app for students, staff, and faculty is available for iPhone (App Store) and Android (Play Store) devices.

The Mobile BlueLight button will only contact Security Services when the person is within the campus Safe Walk boundaries. If outside of the Safe Walk boundaries, the Mobile BlueLight notification will go to 911.

SAFETY TIPS FOR LIVING AND/OR WORKING ON CAMPUS

Residence Safety

- » Do not leave your door unlocked at any time, even when inside.
- » Do not loan out your keys to anyone, including friends.
- » Do not open the exterior doors for anyone you do not recognize as a resident.
- » Plan laundry times with a friend.
- » Do not leave valuables lying around. Record serial numbers of electronics and keep them in a safe place.
- » Avoid leaving drinks unattended and do not accept drinks you did not see being prepared.

Office Safety

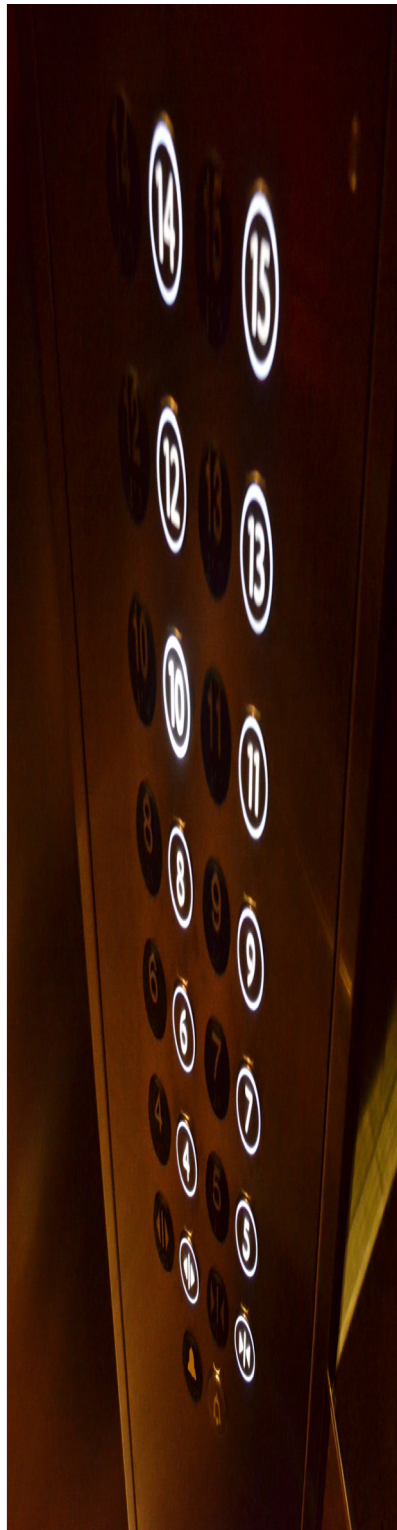

- » Never prop open doors.
- » Do not leave your office unlocked when unattended and lock your office if working alone late.
- » Do not leave keys or valuables lying around. Lock up any valuables in a drawer.
- » Record serial numbers of electronics and keep them in a safe place for reporting to the police.
- » Never give out personal information.
- » Be aware of fire exits.

ELEVATOR SAFETY

IMPORTANT SAFETY TIPS TO KEEP IN MIND WHEN USING AN ELEVATOR

- » Do not enter the elevator if you are suspicious of the person(s) inside.
- » Stand near the floor button panel to allow a quick escape onto a populated floor, if possible.
- » Do not hit the emergency stop button; it may trap you inside the elevator and in-between floors.
- » For emergencies, push the telephone button; an immediate call will be placed to Security Services for assistance.
- » Make eye contact with any person(s) in the elevator with you. You will have a physical description in mind if any incidents should occur. Ask the person which floor they would like you to push for them. This shows control and confidence, which may discourage aggressive behaviour.

STATISTICAL HIGHLIGHTS 2021

STAFFING 2021

Authorized Complement - 41
2021 Recruitments - 2

Onboard Rate - 45 Days

Q1	Q2	Q3	Q4
40	40	39	37
37	40	37	39

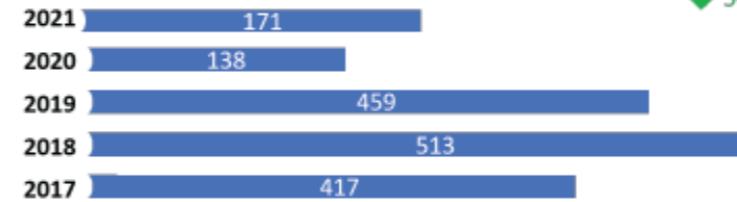

First and last week of Q is represented

CAMPUS SECURITY STATISTICS-JUNE 2022

SUSPICIOUS

It is important to Security Services that the university community is comfortable and feels safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

Responded to 23 suspicious calls

Safe Walk /Safe Ride

Safe Walk and Safe Ride is a free service in which Security Services staff will meet and walk you or give you a ride to/from your car, class, residence room, or bus stop. If you do not feel comfortable walking on campus, Security Services would be happy to assist you.

21 Safe Walks completed / Safe Rides are suspended due to Covid - 19

Medical Emergencies

Security Services responds to all medical emergencies on campus. Sometimes Security Services staff are the first to respond to an emergency. They also play a key role in guiding the emergency responders to the correct building and room. **Medical Emergencies 4**

Parking Services

Security Services works closely with Parking Services at the University of Manitoba. Security Services staff helped Parking Services in the following way:
3 call for service

Access

Everyday Security Services helps students and staff who want access to buildings or rooms. Security Services staff must alter daily operations to assist with unscheduled door openings. **Unscheduled Access Requests 207**

Alarms

Security Services respond to all safety and security alarms on campus, for example, Fire, Code Blue, Elevator, Emergency Phones and Panic Alarms.

Response to Alarms 150
