

University of Manitoba Security Services Monthly December 2023

UM SAFE APP

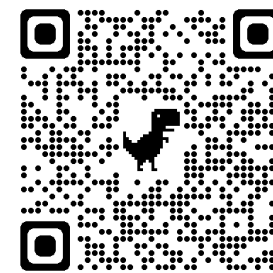

UM Safe is an essential tool that sends safety alerts and provides instant access to campus safety resources. The app includes features such as “Work Alone” and “FriendWalk”, as well as a Mobile BlueLight feature similar to the stationary blue lights on our campuses.

Some of the app features involve interaction with Security Services, and some will be optional — while other features have no interaction with Security Services.

Used by hundreds of higher education institutions and millions of people around the globe, the app was developed by App Armor and is custom branded for the U of M.

The free mobile safety app for students, staff, and faculty is available for iPhone (App Store) and Android (Play Store) devices.

The Mobile BlueLight button will only contact Security Services when the person is within the campus Safe Walk boundaries. If outside of the Safe Walk boundaries, the Mobile BlueLight notification will go to 911.

SHOPPING ON-LINE

- » If you plan to buy something, go directly to a store's website by manually typing its address into your web browser. Don't click on links in an e-mail message, even if you know who sent it.
- » Verify secure connections. When shopping online, do not enter any financial information if you see a broken key or open padlock symbol on your Internet browser. This means the transaction is not secure and could be intercepted by a third party. When the key is complete, or the padlock is locked, your browser is indicating a secure transaction.
- » Consider using a reliable third-party payment company such as Pay Pal, a credit card with a low credit limit or a single-use payment card.
- » Unlike secure order forms on a website, e-mail messages are not private. Do not send confidential personal or financial information by e-mail.
- » When browsing auction sites or unauthorized retail websites, be cautious of drastic sale prices on sought-after designer items and popular electronics. Legitimate goods are rarely discounted.
- » Monitor your bank and credit card statements online. Electronic statements allow you to review your purchases and payments as they happen rather than waiting until the end of the month to review your paper statement. Immediately report any discrepancies to your bank or company that issued the credit card.

CAMPUS SECURITY STATISTICS NOVEMBER 2023

SUSPICIOUS

It is essential that the university community is comfortable and feels safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

Responded to 66 suspicious calls

Safe Walk/Safe Ride

Safe Walk and Safe Ride is a free service in which Security Services staff will meet and walk you or give you a ride to/from your car, class, residence room, or bus stop. If you do not feel comfortable walking on campus, Security Services would be happy to assist you.

35 Safe Walks completed / 15 Safe Rides completed

Medical Emergencies

Security Services responds to all medical emergencies on campus. Sometimes Security Services staff are the first to respond to an emergency. They also play a key role in guiding the emergency responders to the correct building and room. **17 Medical Emergencies**

Access

Everyday Security Services helps students and staff who want access to buildings or rooms. Security Services staff must alter daily operations to assist with unscheduled door openings. **177 Unscheduled Access Requests**

Alarms

Security Services respond to all safety and security alarms on campus, for example, Fire, Code Blue, Elevator, Emergency Phones and Panic Alarms.

Response to 151 Alarms
