D. Transfer Credit Information

At the University of Manitoba, all prior course work from recognized post-secondary institutions will be considered as part of the application for admission process for our undergraduate degree and diploma programs.

Transfer credit is assessed independently from the assessment of admission requirements. Courses are evaluated for advanced standing or transfer credit on a course-by-course basis and assigned a University of Manitoba equivalent, where applicable. Where a direct equivalent does not exist, students may receive general (unallocated) credit determined by the respective evaluating department.

Students admitted under Option 1 or 2 may transfer a maximum of 54 credit hours from RRC Polytechnic. If the student has additional post-secondary coursework, it will be assessed for potential transfer credit. The maximum allowable external transfer credit is 60 credit hours.

The regulations regarding transfer credit are program specific even within the Asper School of Business. The Asper School of Business will only consider external courses completed with the last ten (or fewer) years.

Courses deemed acceptable for transfer credit will be awarded, subject to program approval, up to the maximum allowed under the program of admission, based on the Faculty or School's transfer credit policy and residency requirements (consult the section of the [University's Academic Calendar](#) for details).

Students may be asked to provide comprehensive and accurate course outlines or syllabi, as issued by their institution of study, for all courses lacking a current evaluation. Course outlines or syllabi should include information on course objectives, outline of the units studied, textbook(s) used, assignments, and accompanying laboratory information, if applicable, to assist in the transfer credit assessment process. Descriptions of coursework from an Academic Calendar are not sufficient for assessment.

Course outlines that are requested by Admissions to determine eligibility are due June 22nd to allow enough time for departmental review. Students who fail to provide these outlines may be refused due to an incomplete application.

An [online transfer credit resource](#) is available for information on current course evaluations receiving credit.

While we appreciate that some institutions do not have course information readily available, many students have been able to provide the information requested by contacting the individual departments or instructors at their prior institutions. Students that are unable to provide the requested course information may render themselves ineligible for programs with specific course requirements. In cases where outlines have not been provided, unsuccessful course attempts, including F grades, may be assessed as part of the academic assessment regulations of a student's program of study. [Additional information related to transfer credit](#) is available on the Admissions website.

Admission with Advance Standing

Students who, at the point of admission, have completed more than the minimum admission course requirements may be eligible to receive advance standing toward the completion of the Bachelor of Commerce (Honours) degree. Students should contact the Asper School of Business Undergraduate Program Office (see *Section 8: Contact Information*).

Section 4: Selection Process

A. Selection

Students will be admitted on the basis of an annual competition. Admission under each option is limited to an annual quota and is competitive. Applicants are ranked in descending order of their grade point average on their Red River College Business Administration Diploma and are admitted in that order until the annual quota is met.

Priority for selection is as follows:

1. Applicants from the Red River College Business Administration Diploma with an Accounting major (**Option 1**)
2. Applicants from the Red River College Business Administration Diploma with any major (including Accounting majors who are not already admitted under option 1) (**Option 2**)

Each year's admission cycle is a separate process and there is no carryover from one year to the next. The number of students admitted in various categories is determined each year and may vary from year to year. Any data in this or any other document relating to such numbers are provided only for the information and general guidance of the prospective applicant.

NOTES:

- It is the applicant's responsibility to inform the Admissions Office in writing of any **deferred exams or grade changes**. All final grades, including grade changes must be submitted to the Admissions Office by the document deadline in order for them to be included in the final selection process. Grade changes will not be accepted after the documentation deadline date. If a grade is not available by the documentation deadline date, an 'F' grade will be used in the final admission determination and calculation.
- Should a grade be retained on your record yet excluded from your institutional GPA calculation, that grade will be used to meet admission requirements and the GPA calculation for your application to the University of Manitoba.

B. Tie Breaking Procedure for Offers

In the event of a tie, the following procedure will be used:

1. Increase the number of significant figures used in the calculation.
2. Where a tie still exists, the application that was received first will be used to break the tie. All completed applications are time stamped upon submission; in the case of a paper application, these applications will be time stamped after they have been entered into the system by a University of Manitoba Admissions Office staff member.

C. Notification of Decision

Once a decision has been made, all applicants will receive an email notifying them to log into their application portal to view the decision. Students that are offered admission will be required to confirm their acceptance and pay a deposit online. If you do not

accept the offer and pay the required deposit by the deadline date indicated in the letter, the offer will lapse. Lapsed offers will be considered a declined response. It is imperative that your email account remains current and that you check it regularly or arrange for someone to check it in your absence.

Applicants will be informed via email of their selection status by early July 2024. In order to accept an offer of admission a non-refundable deposit of \$100.00 will be required. The deposit will be applied to tuition fees at the time of registration.

D. Deferrals

A one-year, non-renewable request to defer admission will be considered by the Asper School of Business. To proceed, students must have been offered admission on or before **July 1** of the application year. Students must accept their offers of admission and pay the subsequent tuition deposit by the deadline in the offer letter.

Applicants must then submit a written request for a deferral. Written requests must outline the circumstance(s) of why the request is being made.

Supplemental documentation supporting the request for a deferral (i.e., medical documents) will be reviewed if submitted. Written requests are to be sent to [Wensi Heran](#), Undergraduate Program Manager, no later than **August 1** of the application year.

Deferral requests will be considered from applicants who:

1. have extenuating personal circumstances such as illness, or family hardship, or
2. are experiencing issues related to relocating to Canada and need more time to address immigration or other issues associated with the relocation, or
3. are currently completing another program of studies and there is an expectation that those studies will be completed in by June 30 in the following year.

Other circumstances may also be considered on a case-by-case basis.

If a deferral is approved, applicants must reapply the following year and pay the applicable fees to reactivate their offer. Offers in the following year will be processed along with other applicants but will be automatically offered.

NOTES:

- Deferrals are reviewed on a case-by-case basis. A committee in the Asper School of Business will decide if a deferral of admission will be granted.
- Applicants cannot request a deferral of more than one year.
- Applicants cannot request a second deferral after the approved deferral year.
- Decisions for deferrals will be communicated to the applicant within 14 days of receipt and will be released using the same email to make the application.

Section 5: Reconsideration & Appeals

Individuals who wish to have their applications reconsidered should submit their request to the Chair of the Selection Committee. Past experience has shown that most inquiries can be satisfied at this level without

further reference. Persons wishing reconsideration of the decision of the Selection Committee shall direct their request to the Chair within ten (10) business days of the posted decision date (see Section 8: Contact Information).

Should the student wish to pursue the reconsideration decision further, such an appeal will be made in accordance with the [Senate Committee on Admission Appeals Procedures](#).

Applicants are advised that appeals of reconsideration decisions by the Senate Admissions Appeal Committee focus on questions of correct adherence to published policies and procedures by the Committee of Selection, and NOT on subjective issues or the relative merits of the application.

Section 6: Counselling of Applicants

The Asper School of Business and Admissions Office are able to assist applicants who seek counselling regarding admission to the Asper School of Business. However, it is policy not to instruct applicants as to a specific course of action they should follow, but rather to provide the information needed for applicants to make their own choice with respect to the alternatives available. The following points require special attention:

1. Applicants are encouraged to discuss their plans with all who can usefully advise them, but they should be aware that second and third hand information about admission policies may not be accurate.
2. No official at the university can guarantee the admission of any applicant. Admission is determined by the Committee on the basis of an annual competition.
3. All applicants are advised to supplement any personal enquiries with a written request so that an official written response can be made. It is only these written responses which will be considered as evidence of any advice given (see *Section 8: Contact Information*).

Section 7: Student Accessibility

The University of Manitoba is committed to providing all students equal access to learning opportunities. If you are a student with a diagnosed disability (permanent, chronic, or temporary) who may require academic accommodations, please contact [Student Accessibility Services](#) at 204-474-7423 or by email at student_accessibility@umanitoba.ca to learn more about the confidential supports that are available.

Such students should refer to the [Applicant Information Bulletin](#) and for information about admission to the Asper School of Business under Track 1 or Track 2.
