Part I
Reason for Policy

1.1 The University of Manitoba is committed to providing an attractive, clean and safe campus. In carrying out this goal it recognizes the importance and benefit of human/Pet interactions, but acknowledges that these benefits must be balanced against the following considerations:

(a) Not all members of our community feel comfortable in the presence of Pets;

(b) The health of some members of our community is compromised by the presence of certain Pets; and

(c) Despite precautions taken by responsible Pet Owners there is a possibility of injury when Pets interact with some members of our community.

As a result, the University of Manitoba will regulate the presence of all Pets on campus.
