DEFINITIONS

**** Significant Reporting Change ****

In 2006, the University of Manitoba introduced a new term-based Student Information System called Aurora. Prior to Aurora, reporting on students was based on November 1st and covered registration in the 26-week Regular Session (September to April). Reporting under Aurora is based on November 1st for the Fall Term (September to December) and March 1st for the Winter Term (January to April).

The **implication of this change** is that for official reporting purposes, both internally and to the Council on Post-Secondary Education and Statistics Canada, the November 1st Fall Term data are used. Caution should be exercised when comparing to student data in earlier IS Books, as data are not strictly comparable.

AURORA TERMS:

Fall Term: 13 weeks, September to December, reported at November 1st.

Winter Term: 13 weeks, January to April, reported at March 1st.

Summer: Starting in 2007, with the implementation of the new Student Information System (Aurora), Summer reporting is transitioning to a more simplified structure. Summer reporting is summarized for the period of May through August, and may not be strictly comparable to data from previous years.

Summer: Prior to 2007, Summer was comprised of three sessions:

Intercession – 6 weeks, May to the middle of June.

Summer Evening – 12 weeks, May to July.

Summer Day – 6 weeks, July to the middle of August.

UNDERGRADUATE STUDENTS

Undergraduate students are those who qualify directly for admission to a degree, diploma or certificate program other than one offered under the auspices of the Faculty of Graduate Studies.

Full-time students are those who enroll in at least 60% of the normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Part-time students are those who enroll in less than 60% of a normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Full-time equivalent (FTE) undergraduate students are determined by the formula: $FTE = \text{Full-time} + (\text{Part-time}/3.5)$. This formula is consistent with the Council on Post-Secondary Education methodology.

University 1 is a program in which most “new” students, with limited or no university study, register. Students have to complete 24-30 credit hours under University 1, with a minimum cumulative GPA of 2.0, before transferring into a degree program. University 1 was introduced in 1998.

Auditing students are those admitted for the purpose of attending one or more courses for personal or professional interest and not for academic credit. Students are not entitled to evaluation privileges.

Mature students are those persons twenty-one years of age or older who do not meet the high school grades entrance requirements. Students admitted with this status are allowed to register in credit courses.

Special students are those who wish to enroll in a degree credit course for professional or personal interest but who are not seeking a degree. These students apply to General Studies (Extended Education) or to the faculty or school offering the course.

Visiting students are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university. These students generally apply for admission to General Studies (Extended Education).

Sequential students are students admitted directly following high school graduation.

Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with courses in the program of studies. Often there is a correlation between the lecture class hours and hours of credit. For example, a course carrying three (3) hours of credit may entail three (3) hours of lectures per week for the term.

On load refers to courses taught during the Summer Session which are included with the Fall/Winter terms for load unit purposes.

ST. BONIFACE STUDENTS

College Universitaire de Saint-Boniface (CUSB) is one of the founding colleges of the University of Manitoba.

CUSB students are included in term headcounts only when taking courses at The University of Manitoba main campus.

PRE-MASTER'S STUDENTS

Pre-Master's students possess a bachelor degree but are required to enter a program of study to bring their academic qualifications up to the requirements for the Master's program. Students are normally counted as graduate students.

GRADUATE STUDENTS

Graduate students are those admitted under the Faculty of Graduate Studies. Graduate students are considered to be **full-time**. Students can request **part-time** status by declaring either full-time employment or medical, family or other circumstances that make it impractical to study full-time.

Occasional students are those wishing to take graduate courses for their own interest or professional development, without applying the courses toward an advanced degree. Under special circumstances, an occasional student may apply for permission to have these courses applied to a graduate program.

Joint Master's Program Students (JMP)

Established in 1976, the Joint Master's Program between the University of Manitoba and the University of Winnipeg serves to share resources for graduate work at the Master's level. Currently the program includes the disciplines of History, Public Administration and Religion. In Fall 2006, there were 114 JMP students, with 80 having their workload allocated to the University of Manitoba. In Winter 2007, there were 107 JMP students, with 79 having their workload allocated to the University of Manitoba. Tables in the IS Book use the workload figures unless specifically noted otherwise.

Post-Graduate Medical Education (PGME) students are physicians who have finished their undergraduate medical degree who are registered in clinical residency programs with the Faculty of Medicine. The number of students in this program varies through the year. The number of students active at November 1st is the number reported in the tables.

STANDARD STUDENTS

Standard students are an alternative means of calculating full-time equivalent (FTE) students. Other jurisdictions may use the term "full course equivalent" students.

To determine the **undergraduate standard student** population in any faculty, the total credit hours taken by students registered in that faculty's courses are divided by the normal prescribed credit hour load for that faculty (average value weighted by full-time enrolment in all years of undergraduate programs).

To determine **graduate standard students** apply the following formulae:

Master's students in either of their first two registrations count one (1) each.

Master's students in their third year as Master's students count one-third (1/3) each.

Ph.D. students in any of their first four registrations count one (1) each.

Ph.D. students in their fifth year count one-half (1/2) each.

These four measures of graduate standard students refer to columns A – D, respectively, on the Graduate Standard Students table.

Level of Instruction, found in the 'Standard Students by Level of Instruction (Fall and Winter Terms)' and 'Standard Students by Level of Instruction Undergraduate (Summer)' tables is determined as follows:

Most Faculties and Schools

Level I General courses numbered 090-199
Level II General courses numbered 200-299
Level III General courses numbered 300-399
Level IV General courses numbered 400-699
Level V Not Applicable
Level VI Master's Students
Level VII Ph.D. Students

Dentistry and Medicine

Level I Undergraduate Year 1
Level II Undergraduate Year 2
Level III Undergraduate Year 3
Level IV Undergraduate Year 4
Level V Master's Students
Level VI Ph.D. Students
Level VII Post-Graduate Medical Education Students (Interns and Residents)

Faculty of Education

Level I Courses numbered 090-199
Level II Courses numbered 200-299
Level III Courses numbered 300-399
Level IV Courses numbered 400-499
Level V Courses numbered 500-599
Level VI Not Applicable
Level VII M.Ed. and Ph.D. Students

STAFF

ACADEMICS

"Academic staff" as a general term includes one or more of the following: those with academic rank, lecturers, all levels of instructors, special academics and academic librarians.

Deans, Directors, and Administrators with academic rank are included in all analyses of academic staff unless otherwise noted.

Full-time, as it pertains to academic staff, is defined as an employee with a continuous, twelve-month appointment.

Part-time, as it pertains to academic staff, is defined as an employee with a sessional appointment of less than twelve months.

In the Faculty of Medicine, 'Geographic Full-Time' (GFT) staff are included in full-time.

Academic Librarians are academic staff in the libraries, holding the rank of librarian.

Special Academics include post-doctoral fellows, research associates, and research assistants; consultants, advisors, and critics; graduate student assistants; and student demonstrators, readers, and markers.

Lecturers are academic staff in non-tenure stream appointments whose duties involve all of the normal variety of academic duties expected of faculty members (i.e. teaching, research and community service).

Instructors are academic staff in non-tenure stream appointments whose duties involve any one or more (but not all) of the normal variety of academic duties expected of faculty members (i.e., teaching, research, and community service).

FULL-TIME TEACHING STAFF

Statistics Canada defines full-time teaching staff as academic staff appointed on a full-time basis who are teachers, researchers, or academic administrators (Deans, Directors, etc.). Those excluded are senior university administrators (President, Vice-Presidents, etc.), librarians, teaching assistants, instructors, post-doctoral fellows, and support staff.

SUPPORT STAFF

Support staff provide the auxiliary services for the academic enterprise. Administrators who do not hold academic rank are included in this category.

Full-time, as it pertains to support staff, is defined as an employee who works the full number of hours a week (usually 35) as defined for a particular position, over a twelve-month period.

Part-time, as it pertains to support staff, is defined as an employee who works less than the full number of hours a week as defined for a particular position, or who works for less than a twelve-month period.

FULL-TIME EQUIVALENT (FTE)

Full-Time Equivalent (FTE) is the proportion of a full-time position that an employee works. A full-time staff member counts as 1.0 FTE, while a part-time staff member counts as less than 1.0 FTE.

FINANCES

FISCAL YEAR

A fiscal year is a twelve-month period over which an accounting cycle is completed. At the University of Manitoba, the fiscal year begins April 1 and ends March 31.

SIGNIFICANT ACCOUNTING POLICIES¹

The consolidated financial statements have been prepared in accordance with generally accepted accounting principles as recommended by the Canadian Institute of Chartered Accountants ("CICA") for not-for-profit organizations. The University has adopted the restricted fund method of accounting for contributions. The consolidated financial statements include the accounts of Smart Park Development Corporation, a wholly-owned subsidiary of the University of Manitoba. The company has a March 31 year-end and its purpose is to market and promote the development of a research park at the University of Manitoba.

The University classifies resources for various purposes into separate funds, which correspond to their major activities and objectives. The Consolidated Statement of Financial Position combines the assets and liabilities of all funds.

The University maintains its funds under three fund categories: General, Restricted and Endowment Funds. The General Funds include the Funds for General Operating, Specific Provisions and Expenses Funded from the Future Revenues. The Restricted Funds include the Capital Asset, Research and Special, Staff Benefits and Trust Funds. The Endowment Fund includes endowment funds of the University.

Accounting estimates are included in financial statements to approximate the effect of past revenue or expense transactions or events, or to approximate the present status of an asset or liability. Examples include accruals for property taxes not yet assessed and the estimated useful life of an asset. It is possible that changes in future conditions could require changes in the recognized amounts for accounting estimates.

General Funds

General Operating Fund

The General Operating Fund includes the academic, administrative, operational and ancillary costs funded by tuition and related fees, government grants, investment and miscellaneous income, sales of goods and services to external parties and ancillary income. As such, this Fund reports unrestricted resources and restricted resources earmarked for general operating purposes.

All funds received or accrued by the University for general operating purposes and for equipment and renovation expenses not meeting the University's capitalization criteria are included in the General Operating Fund. The net cost of operating units is determined by including internal cost allocations for certain centrally administered services (such as the telephone system) in the units' expenses and by deducting these expenses as internal cost recoveries from the total expenses incurred by the unit administering these services.

¹ Abstracted from the Annual Financial Report 2007 - Notes to the Consolidated Financial Statements.

The University Book Store, Parking, Student Residences and Pharmacy/Post Office are classified as Ancillary Enterprises and are budgeted on a break-even basis. Any surpluses or deficits are unrestricted and are maintained within the General Operating Fund. Overhead costs have been allocated to all ancillary operations. The replacement or improvement of capital assets for these ancillaries is funded by an annual appropriation to the Specific Provisions Fund. Amortization of ancillary capital assets, and interest expense on the University Parkade is recorded in the Capital Asset Fund.

Academic and administrative units also generate revenues through the sale of goods and services to individuals, companies and organizations external to the University. The revenues earned are unrestricted resources and are reflected in the General Operating Fund.

Specific Provisions Fund

The Specific Provisions Fund records appropriations made from (to) the General Operating, Capital Asset and Research & Special Funds. These appropriations are made to provide future funding for the replacement, improvement or emergency maintenance of capital assets, or other matters, including a fiscal stabilization provision to offset potential spending in excess of future budgets and an early retirement incentive provision. Such appropriations are shown as inter-fund transfers on the Comparative Statement of Operations and Changes in Fund Balances.

Expenses Funded From Future Revenues

Expenses funded from Future Revenues records the amount of unpaid vacation pay for permanent non-academic staff which will be funded from future revenues. It also records the actuarially determined expense for employee future benefits.

Restricted Funds

Capital Asset Fund

The Capital Asset Fund consists of restricted contributions resulting from capital asset co-funding arrangements with external parties, contributed capital assets, sinking fund investment income and government grants, restricted for the purpose of acquiring capital assets and retiring capital advances and debentures. Expenses include interest on debt relating to the acquisition of capital assets, amortization and gains or losses on disposal of capital assets including write downs resulting from obsolescence.

Research and Special Fund

The Research and Special Fund consists of contributions specifically restricted for research or other special activities. Contributions are provided from both federal and provincial granting agencies and other public and private sources. These funds are spent in accordance with the conditions stipulated in the governing contracts and agreements.

Staff Benefits Fund

The Staff Benefits Fund is divided into Fund Accounts for Pension Reserve, Self-Insured Plans and Benefits Reserve, the revenues of which are restricted for the purposes noted.

(i) Pension Reserve

This Fund Account is restricted for special payments towards any unfunded liability of The University of Manitoba Pension Plans (1970) and (1993) and other pension obligations.

(ii) Self-Insured Plans

This Fund Account records the assets and liabilities for two self-insured benefit plans, the Long-term Disability Income Plan and the Dental Plan. The Long-Term Disability Income Plan is used for long-term disability payments arising on and after June 1, 1981 for eligible staff. The Plan contains two funds - one for the payment of Basic Benefits and another for the payment of Cost-of-Living Benefits. The Dental Plan is administered by a contracted third party. Surplus funds are held for the purpose of covering deficits which may occur in this self-insured plan.

(iii) Benefit Reserve

This Fund Account is used for the support of current and future staff benefit programs. Experience refunds from The Great-West Life Assurance Company related to the group insurance plans are credited to this Fund Account. Employment Insurance Commission premium savings resulting from the extended sick leave coverage provided by the University are also credited to this Fund Account.

Trust Fund

The Trust Fund records gifts and bequests received which may be used in their entirety along with net investment income earned on these funds, according to donor restrictions. The majority of these funds are used for scholarships, bursaries, awards, loans, and other scholarly activities.

Endowment Fund

The Endowment Fund records gifts and bequests received with the stipulation that these funds be invested in perpetuity and the income earned be utilized for designated purposes. In certain cases, the donor requires that a portion of the current investment income also be capitalized. As such, these funds are added to the capital account of the endowment.

Notes:

1. St. Boniface College students studying at the University of Manitoba.
2. Figures include Joint Master's Program students based on workload calculations. Fall 2006 figures do not include students in the inter-north component of the M.P.A. program.

The following University of Manitoba Joint Master's Program students are included (at November 1):

	Fall 2006			Fall 2005 (recast)		
	Full-Time	Part-Time	Part-Time	Full-Time	Part-Time	Part-Time
In Arts						
History	39	6	36	13		
Public Administration	29	0	14	29		
Religion	6	0	7	0		
Total	74	6	57	42		

Overall J.M.P.s (including those at the University of Winnipeg) were 107 full-time and 7 part-time in Fall 2006. In Fall 2005 (recast) there were 63 full-time and 65 part-time students.

3. Transfer credit programs for graduates of the Business Admin, diploma programs at Assiniboine (ACC) and Red River (RRC) colleges along with École technique et professionnelle (É.T.P.).
4. B.Sc. (Dentistry) (Medicine) are second and third year Dental and Medical students who registered for the B.Sc. programs in the summer session.
5. Students who are enrolled in the integrated B.Hum.Ecol./B.Educ. program are shown in the Faculty of Human Ecology for years 3 and 4 and in Education for year 5.
6. Enrolment in the integrated B.Music/B.Ec. program is shown in Music for years 3 & 4 and in Education for year 5.
7. The Internationally Educated Teachers program (IET) is a pilot program beginning in Fall 2006 to prepare internationally trained teachers for certification in Manitoba.
8. The Ph.D. in Cancer Control is a new interdisciplinary program offered by the Faculty of Nursing and the Department of Community Health Sciences.
9. All P.G.M.E.s for The University of Manitoba are included in the report.
10. Students entering the baccalaureate nursing program may take courses at alternate sites. Enrolments shown in this table reflect students taking U of M courses only.
11. Students apply to Nursing once first-year studies are complete. There was no intake in 2006.
12. The U of M offers selected courses, and the majority of fourth year courses, for the University College of the North via distance education modalities.
13. Intake into the Brandon program ended in 2003-04 with the introduction of a B.N. program under Brandon University.
14. The Inner City Social Work program was previously reported as Winnipeg Education Centre.
15. University 1 program introduced in 1998-99. Most "new" students, with limited or no university experience, have registered under this program. Students have to complete 24-30 credit hours under University 1 before moving into a degree program.

Notes:

1. St. Boniface College students studying at the University of Manitoba
2. Figures include Joint Master's Program students based on workload calculations. Winter 2007 figures do not include students in the inter-north component of the M.P.A. program.

The following University of Manitoba Joint Master's Program students are included (at March 1):

	Winter 2007		Winter 2006 (recast)	
	Full-Time	Part-Time	Full-Time	Part-Time
In Arts				
History	38	5	36	13
Public Administration	28	0	15	31
Religion	8	0	9	0
Total	74	5	60	44

Overall JMP's (including those at the University of Winnipeg) were 101 full-time and 6 part-time in Winter 2007. In Winter 2006 (recast) there were 64 full-time and 59 part-time students.

3. Transfer credit programs for graduates of the Business Admin. diploma programs at Assiniboine (ACC) and Red River (RRC) colleges along with École technique et professionnelle (ÉTP).
4. B.Sc.(Dentistry), (Medicine) are second and third year Dental and Medical students who registered for the B.Sc. programs in the summer session
5. Students who are enrolled in the integrated B.Hum.Ecol./B.Educ. program are shown in the Faculty of Human Ecology for years 3 and 4 and in Education for year 5.
6. Enrolment in the integrated B.Music/B.Ed. program is shown in Music for years 3 & 4 and in Education for year 5.
7. The Internationally Educated Teachers program (IET) is a pilot program beginning in 2006 to prepare internationally trained teachers for certification in Manitoba.
8. The Ph.D. in Cancer Control is a new interdisciplinary program offered by the Faculty of Nursing and the Department of Community Health Sciences.
9. All P.G.M.E.s for The University of Manitoba are included in the report. The gender breakdown for P.G.M.E.s for the University of Manitoba is an estimate based on the actual overall P.G.M.E. enrolment.
10. Students entering the baccalaureate nursing program may take courses at alternate sites. Enrolments shown in this table reflect students taking U of M courses only.
11. Intake into the Norway House program is every second year, with first year students now admitted to Extended Education as special students. Students apply to Nursing once first-year studies are complete. There was no intake in 2006.
12. The U of M offers selected courses, and the majority of fourth year courses, for the University College of the North via distance education modalities.
13. Intake into the Brandon program ended in 2003-04 with the introduction of a B.N. program under Brandon University.
14. The Inner City Social Work program was previously reported as Winnipeg Education Centre.
15. University 1 program introduced in 1998-99. Most "new" students, with limited or no university experience, have registered under this program.

1. Graduate figures include students continuing in a course or thesis over more than one term.
2. Figures include Joint Master's Program students based on workload calculations. Fall 2006 figures do not include students in the inter-north component of the M.P.A. program.

The following University of Manitoba Joint Master's Program students are included (at November 1):

	Fall 2006		Fall 2005 (recast)	
	Full-Time	Part-Time	Full-Time	Part-Time
In Arts				
History	39	6	36	13
Public Administration	29	0	14	29
Religion	6	0	7	0
Total	74	6	57	42

Overall JMPs (including those at the University of Winnipeg) were 107 full-time and 7 part-time in Fall 2006. In Fall 2005 (recast) there were 63 full-time and 65 part-time students.

3. Public Administration previously reported under Graduate Studies.
4. Includes students in the Canadian Studies program at St. Boniface taking courses at the U. of M.
5. Includes students in the Education program at St. Boniface taking courses at the U. of M.
6. Interdisciplinary Ph.D. program in Cancer Control is shared between the Faculty of Nursing and the Department of Community Health Sciences.
7. Effective 2003, newly admitted students in interdisciplinary graduate programs will be reflected in the Faculty of their advisor. Students admitted prior to 2003 are shown in Graduate Studies, Interdisciplinary.
8. Peace and Conflict Studies new in Fall 2006.

1. This year is the first for reporting Summer enrolment from the new Student Information System (Aurora).
Additionally, the comparative figures are based on data from the previous Student Information System (IMS), and have been revised from what has previously been published. For these reasons, caution should be exercised when comparing the two years.
2. Enrolment in the new integrated programs is shown in Human Ecology or Music for years 3 and 4 and in Education for year 5.
3. The Faculty of Kinesiology and Recreation Management was formerly reported as the Faculty of Physical Education and Recreation Studies.
4. Includes William Norrie Centre, Distance and Northern programs.
5. Most new students, with limited or no university experience, have registered under this program.
Students who have completed less than 24-30 credit hours have remained under University 1 as returning students.
6. Graduate Studies includes pre-master's, master's, doctoral, occasional and diploma students.
7. Students in the Master's of Occupational Therapy program have been excluded from the 2007 figures to maintain comparability.

1. Continuing Education renamed Extended Education in 2006.

2. Definition of a Continuing Education Unit (CEU):

CEU is used to convert student contact hours where one (1) CEU is equivalent to ten (10) student contact hours.

Stated another way, one contact hour is equal to 0.1 CEU.

The total number of CEUs for any course is determined by: multiplying the number of contact hours x 0.1 x the number of students.

3. The former Continuing Education for the Professions and the former Management, Professional and Community Programs were combined to form the new Continuing Education program.

Note: In Fall 2006, the University of Manitoba implemented a new student information system. Previously, gender and age were reported separately for Distance Education students. This breakdown is not currently available and therefore the table includes all students.

1. Excludes Pre-Master's students. Pre-Master's students are included in Graduate Studies.
2. Full-time based on 60% of the normal full academic program for the term.
3. Students who are 65 years of age and older are exempted from paying tuition fees.

Total	344	362	362	401	404

1. The Council on Post-Secondary Education provides institutional support grants to The University of Manitoba toward the academic and personal supports for students in the ACCESS Programs. ACCESS programs enhance accessibility for priority groups consisting of northern Manitobans, Aboriginal people, single parents, women, immigrants, refugees, visible minorities, and people with disabilities.
2. The "Restated 2005-06" reflects the 2005-06 information recast into the HCAP reorganization in 2006 (see footnote 4 below).
3. Program is exclusive for students of Aboriginal ancestry.
4. The previous Nursing Access Program (NAP), the Pre-Nursing Access Program, and the Special Pre-Medical Studies Program (SPSP) were merged under the new Health Careers Access Program (HCAP) in 2006. HCAP includes students in the faculties of Medicine, Dentistry, Dental Hygiene, Pharmacy, Medical Rehabilitation (Physical and Respiratory Therapy) and Nursing.
5. Pre-HCAP students are those who have expressed an interest in Nursing, however, they have not yet gained admission to the faculty.
6. UMAP includes students in the Education Access Program (EAP) and the pre-EAP.
7. While both the Inner City B.S.W. (formerly Winnipeg Education Centre B.S.W.) and Northern B.S.W. programs offer ACCESS programs, intake is not exclusive to ACCESS students. Enrolment reported under these programs represents ACCESS students only.

1. Due to the implementation of a new student information system, some data may have been incomplete at November 1st.
2. All applicants are included.
3. Direct Entry programs admit students directly from high school. Direct Transit programs allow students to transit in automatically from University 1. (Direct Transit figures are separated into those students that formally applied to Arts and Science and those that transited automatically from University 1). University Entry requires university study before application to the program (University Entry does not include special or visiting students).
4. Extended Education was previously reported as Continuing Education.
5. Engineering maintains up to 40 places for International students.
6. Excludes B. Human Ecology/B. of Educ., B. of Music/B. of Educ., U. of M./Red River College integrated program.
7. The Weekend College program does not admit students every year. There was no intake in 2006-2007.
8. Law has five supernumerary places for half-time students and five supernumerary places for Aboriginal students.
9. Medicine has a maximum of five supernumerary places for Sedaya College students.
10. First-year quota increased in Medicine in 2006-2007.
11. Program new in 2005-2006.
12. First-year students now admitted to Continuing Education as special students. These students then apply to Nursing once first-year studies are completed.
13. The total registered has been estimated.
14. Kinesiology was previously reported as Exercise and Sport Science.
15. Physical Education and Kinesiology have a combined quota of 100.
16. Recreation Management and Community Development was previously reported as Recreation Studies.
17. The Inner City Social Work program was previously reported as Winnipeg Education Centre.

University 1	386	24.5%	391	24.5%

Notes:

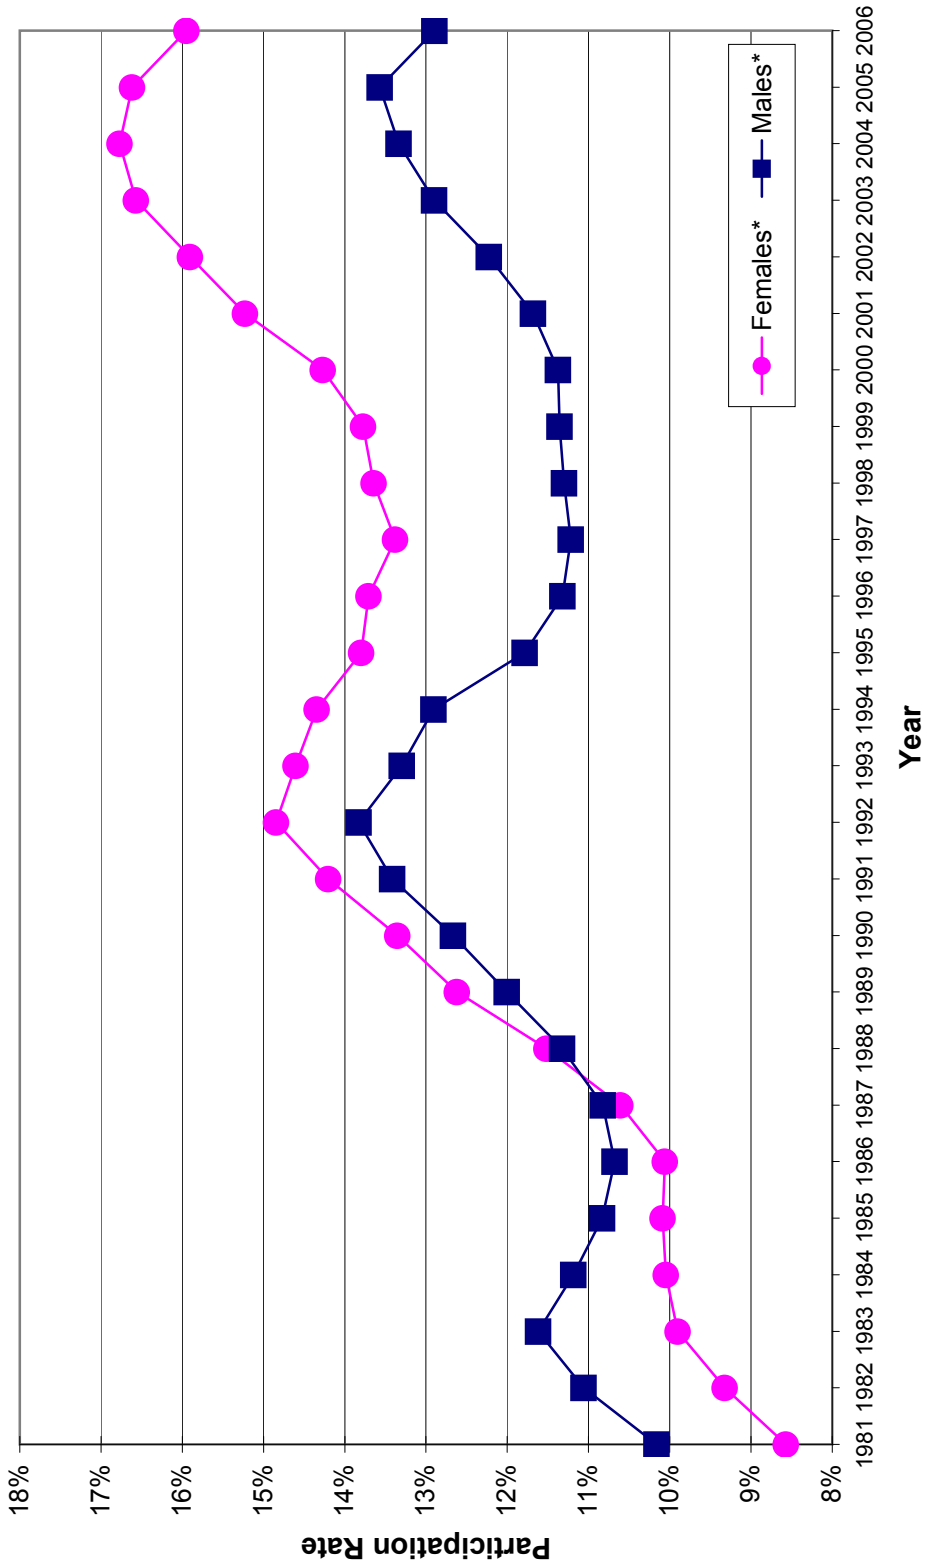

- Aboriginal identity is self-declared on the Admission form. Because the self-declaration is voluntary, the numbers reported are less than the total population of Canadian Aboriginal students on campus. Undergraduate data collection began in 2000-01. Data collection for graduate students began in 2002-03.
- The University of Manitoba implemented a new student information system in 2006. In keeping with the structure of the new system, reporting is now on a term-by-term basis. Comparative data have been recast for Fall 2005.

Population Projections of the University Age-Group in Manitoba
The Population of youth aged 18-24 years in Manitoba is projected to rise from 2006 to 2014 then decline to 2026 and subsequently increase slightly to 2031

Based on Statistics Canada Medium Growth Projection (MMMM).
 See 'Population Projections for Canada, Provinces and Territories 2005-2031'(Cat. No. 91-520-XIE)

PARTICIPATION OF MALES AND FEMALES AT THE UNIVERSITY OF MANITOBA

*Participation Rates for 18-24 year olds in Manitoba, by sex, 1981-2006.
 In the period 1981-1987, more men than women attended U of M. Since 1988, more women than men have enrolled.

1. Includes public and private schools.
Source: Manitoba Education, Citizenship and Youth, Schools' Finance Branch; Enrolment Report.
2. Includes public and private schools. Excludes mature graduates (age 21 & over) prior to 2002 and Adult Learning Centres graduates from 2002 onward.
Source: Manitoba Education, Citizenship and Youth.
3. Includes full and part-time students first admitted to the university in a direct entry program. Sequential students enter university directly from high school. In 1987 and 1988, 24.6% of the Grade 12 graduates enrolled as sequential students, the highest level experienced to date.
Data as at November 1st from 1995 onward. Previous years as at December 1st.

1. Degrees are reported based on a calendar year (February, May and October graduands).

2. Figures from previous years have been adjusted to include Master of Public Administration degrees under the Faculty of Arts.

3. Includes degrees conferred at St. Boniface College.

4. Asper School of Business formerly reported as the Faculty of Management.

5. Clayton H. Riddell Faculty of Environment, Earth, and Resources new in 2003. Clayton H. Riddell Faculty of Environment, Earth, and Resources contains some degrees previously reported under the Faculty of Arts and the Faculty of Science, as well as all degrees previously reported under Natural Resources Institute.

6. Faculty of the Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.

1. Does not include pre-master's, diploma, occasional students or post-graduate medical education students.

2. All terms reflect graduate students who were enrolled in the Faculty of Graduate Studies in either Summer 2006, Fall 2006 or Winter 2007.

3. See the Definitions below for an explanation of columns A - D.

4. Includes 61 standard students in the Joint Master's program in Arts in History, Religion and Public Administration.

Definitions:

Column A: Master's students in either of their first two registrations as Master's students - count one (1) each.

Column B: Master's students in their third registration as Master's students - count one-third (1/3) each.

Column C: Ph.D. students in any of their first four registrations as Ph.D. students - count one (1) each.

Column D: Ph.D. students in their fifth registration as Ph.D. students - count one-half (1/2) each.

1. Program costs are calculated by multiplying the average cost per credit hour in a given faculty by the number of credit hours required to attain a degree.
2. The number of credit hours that are required for a degree are taken from the General Calendar.
3. The cost for programs in the Faculties of Dentistry and Medicine are calculated by multiplying the cost per standard student by the number of years required to attain a degree.
4. The Diploma program in Dental Hygiene is a two-year program but requires a qualifying year in the Faculties of Arts or Science. These costs reflect the two-year component.
Due to the diversity of degrees available through the Clayton H. Riddell Faculty of Environment, Earth, and Resources, these program costs are an approximation based on 90 credit hours for a three-year degree and 120 credit hours for a four-year degree.
Source of Data: Annual Financial Report March 31, 2006

1. The fees shown reflect the 10% rebate received by students from the Manitoba Government.
2. The fees shown exclude endowment fund contributions, student organization fees, technology fee, material or equipment related fees. In those instances where a range of fees is shown, fees will vary by year in the program.
3. Enrolment is limited; priority is given to domestic students.
4. The Faculty of Pharmacy average tuition rates include a fee of \$1500 for clinical fieldwork.
5. Master of Mathematical, Computational and Statistical Sciences.

- Where program fees are used instead of per credit hour fees, the cost of tuition for the year is shown, unless otherwise stated. All figures exclude endowment fund contributions, student organization fees, material or equipment related fees.
- Fees for Engineering represent those for years 2-5. Fees for Business represent those for years 2-4. Fees for Education represent all years of undergraduate education programs except for years 1-3 of the Bachelor of Education (Elementary) program, which is \$139 per credit hour. Tuition for Dentistry, Medicine and Law is for the 2006-2007 entering cohort.
- Tuition fees increased in 2006-2007. However, through the Alberta Centennial Tuition Fee Rebate Program, the Alberta government funded the planned increase for students who are Canadian citizens or permanent residents of Canada. The unrebated fee per three credit hour course in most faculties is \$509 or \$170 per credit hour. Fees shown do not incorporate the rebate. Both Law and Medicine include a \$4,000 program differential fee.
- Tuition fees increased in 2006-2007. However, through the Alberta Centennial Tuition Fee Rebate Program, the Alberta government funded the planned increase for students who are Canadian citizens or permanent residents of Canada. Fees shown do not incorporate rebate. The fee per course in the Faculty of Law is \$968.50. The maximum tuition fee per session in the Faculty of Medicine is \$8175.50.
- A program fee is reflected for Medical Rehabilitation. Tuition in the Faculty of Law is based on 30 credit hour course load.
- Fees are assessed on a per course or program fee basis. The fee per credit hour was calculated by dividing the stated fees for the program by 30 credit hours (the number of credit hours in an average year).
- Fees are assessed on a per course or program fee basis. The fee per credit hour was calculated by dividing the stated fees for the program by 30 credit hours (the number of credit hours in an average year). Many programs have different fees for new students and continuing students. In all cases, except Management, tuition shown is that of the 2006-07 entering cohort. Tuition for Management reflects the fee paid by the continuing group as the entrance cohort pays the same fees as Arts during the first year of their program.
- The fees shown do not incorporate the 10% rebate received by students from the Manitoba Government. First year Pharmacy students must also pay a compulsory \$1500 tuition surcharge. Students in the Faculty of Law pay a \$4000 surcharge. Tuition for the Faculty of Law shown previously as per credit hour.

COMPARATIVE GRADUATE TUITION FEES IN STANDARD PROGRAMS¹
SELECTED CANADIAN UNIVERSITIES
UNREBATED FEES FOR THE UNIVERSITIES OF MANITOBA, ALBERTA, AND CALGARY
2006-2007

	Master's	Ph.D.	Continuing Fees²	Continuing Fee Comments³
Memorial	2,199	2,049	1,074 (Master's) 2,004 (Ph.D.)	After paying \$733 for six semesters Master's students pay a continuing fee of \$358 per semester. After paying \$683 for twelve semesters Ph.D. students pay a continuing fee of \$668 per semester.
Alberta	5,984	5,984	2,238	Through the Alberta Centennial Tuition Fee Rebate Program, the Alberta government funded the planned increase in 2006/2007 tuition fees for University of Alberta students who are Canadian citizens or permanent residents of Canada. Fees shown do not incorporate rebate. Doctoral students are eligible for a Reduced Thesis-Only Fee of \$1119 per semester, (or \$2238 per year) if they have been registered full-time in at least four semesters; Master's students are eligible for the Reduced Thesis-Only Fee if they have been registered full-time in at least two semesters. A Maintaining Registration Fee of \$1197 is charged for keeping a program active but not completing any work. All fees for coursework, projects or thesis are credit hour based and vary by student.
British Columbia	3,862	3,862	1,764	After paying \$1287 for six semesters Master's students pay a flat rate continuing fee of \$1764 per year. After paying \$1287 for nine semesters Ph.D. students pay a flat rate continuing fee of \$1764 per year.
McGill ⁴	4,914	1,668	1,668	Fee of \$1668 is charged for an Additional Session or Non-Thesis Extension.
Manitoba ⁵	4,177	4,177	674	After paying a flat rate for two years students pay a continuing fee of \$674 per year each additional year.
McMaster	4,773	4,773	4,773	Master's students who have completed at least 7 semesters and Ph.D. students who have completed at least 13 semesters and have completed all degree requirements except the writing of the thesis can apply for lower fees using the Petition for Special Consideration (Tuition) form. Discounted fees are \$766 / term or \$2298 / year.
Calgary	5,408	5,408	1,573	Through the Alberta Centennial Tuition Fee Rebate Program, the Alberta government funded the planned increase in 2006-2007 tuition fees for University of Calgary students who are Canadian citizens or permanent residents of Canada. Fees shown do not incorporate rebate.
Western Ontario	5,248	5,248	5,248	Master's students pay a flat rate for one year, then pay a continuing fee of \$1573 per year. Ph.D. students pay a flat rate for two years then pay a continuing fee of \$1573 per year.
Saskatchewan	3,000	3,000	3,000	No continuing fees, students pay entire cost of tuition each additional semester (\$1749/semester for most Arts and Science programs).
Toronto	5,660	5,660	5,660	Students registered after May 1, 2005 fall under the new graduate tuition model and pay \$1000 per four-month term for the duration of their graduate studies. No continuing fees; students pay \$1000 per four-month term. Continuing fee listed represents an academic year with three four-month terms.
Dalhousie	6,381-7,254	6,699-7,581	1,986	No continuing fees, students pay entire cost of tuition each additional year. After paying a flat rate for the duration of the program (usually two years), students pay a continuing registration fee of \$662 per semester.

1. Graduate fees represent those for standard Arts and Science programs. Where a range is given fees vary by program.
2. Continuing fees have been calculated to reflect what a student would pay for an additional year of study in order to make fees comparable across institutions.
3. One calendar year is equal to three semesters.
4. The Master's fee represented is the fee that non-Quebec Canadian students pay. All Canadians, regardless of province, pay the same fee for a Ph.D. program.
5. The fees shown do not incorporate the 10% rebate received by students from the Manitoba government.

1. Excludes material or equipment related fees. Fees shown do not reflect the 10% rebate received by Canadian students from the Manitoba Government.
2. Student Organization Fees are comprised of a Base Fee and a fee per credit hour. Students pay a Base Fee per term in addition to fees per credit hour.
3. Additional fees are charged for college memberships.
4. Most endowment fees shown are per credit hour. Amounts shown for Pre-Masters and Pharmacy are per term.
5. Most Base Fees shown are per term. Amount shown for School of Medical Rehabilitation is per two terms, i.e. Fall Term and Winter Term.
6. Student Services Fee comprised of a registration fee, library fee, and student service fee.
7. All undergraduate students in Architecture will be assessed an Information Technology Fee of \$400 (\$200 per term).
8. Medical Rehabilitation endowment fees assessed to a maximum of \$350 per year.
9. Endowment fee is \$50 / term regardless of course load. Clinical fieldwork fee paid per 12 months.
10. Program fee for Law includes \$4000 surcharge for full-time students. Surcharge for part-time study is \$2000.

- Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources; (c) courses taught "on-load" - taught during the summer session but considered part of the regular session for load unit purposes. This report excludes credit hours declared as "Challenge for Credit".
- Columns '2003-2004 Nov 1' to '2005-2006 Nov 1' reflect all credit hour data that were available on the old student information system as at November 1 of each respective year. The column 'Fall 2005 - Winter 2006' reflects recast credit hour data that were available from the old student information system as at November 1 and March 1. The data from column 'Fall 2006 - Winter 2007' were available from the new Aurora Student information system as at November 1 and March 1.
- Includes credit hours from the accelerated program run during the summer session.

1. This year is the first for reporting Summer credit hours from the new Student Information System (Aurora). Additionally comparative data is based on data from the previous Student Information System (IMS), therefore caution should be exercised when comparing the two years.
 2. Effective in 2001, the reporting date for summer session changed to using the voluntary withdrawal date of the final summer term. In prior years, summer session was reported at the end of July. This change was implemented as part of provincial reporting guidelines.
 3. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Percent changes for faculties coming less than 100 credit hours can show abnormally large differences, therefore these are not reported.
 4. The Faculty of Kinesiology and Recreation Management was formerly reported as the Faculty of Physical Education and Recreation Studies.
 5. Fieldwork credit hours taken by Master's of Occupational Therapy students have been excluded from 2007 figures to maintain comparability.
 6. The Department of Botany, the Department of Zoology, and the Introductory Biology Program merged into the Department of Biological Sciences in July 2007.

1. Includes all courses numbered 0400-6999. Does not include Distance Education courses and credit hours taught on-load during the previous summer session. For on-load credit hours see the table entitled "Undergraduate Student Credit Hours - On-Load Summer 2006".

2. The Faculties/Schools of Medicine, Dentistry, Medical Rehabilitation and Dental Hygiene determine their workload by numbers of students instead of by credit hours. They are included in the "Taught To" calculations because their students can take credit hours in other faculties/schools.

3. University 1 (U1) is included in the "Taught To" category as students in this program take credit hours from other faculties/schools.

1. This table is a result of applying The University of Manitoba Staffing Policy to the enrolment data.

F.T.E., where used for load, is defined as Full-Time + (Part-Time / 3.5).

2. Data for the Fall Term 2006 and Winter Term 2007 were obtained from the new Aurora student information system. These data are not comparable with previous year's data, therefore, the Fall Term 2005 and Winter Term 2006 data have been recast to provide a reliable comparison.

3. Totals may not reconcile due to rounding.

1. For the purposes of calculating FTE positions, full-time is defined as a continuous twelve month appointment, and part-time as either a sessional appointment (less than twelve months), or casual. In Medicine, 'Geographic Full-Time' (GFT) are included in full-time.
 2. The data for 2007-2008 were obtained from the Aurora Financial Management Information System (FMIS) using a new methodology. As such the 2007-2008 data are only roughly comparable to data from previous years.
 3. FTEs associated with scholarships, fellowships, and research grants are excluded.
 4. For a complete FTE count of Graduate Studies see 'Graduate Studies - Faculty of' as well as 'Graduate Studies' under the 'Vice-President (Academic) and Provost' section.

1. Mean, median and percentile salaries are based on annual rate of salary including administrative stipend.

2. Full-time staff is defined by Statistics Canada as staff appointed on a full-time basis whose term of appointment is not less than twelve months.

Staff members not included in the survey are:

Administrators (whether classified as academic or not), such as the president, vice-pres., etc.; librarians;

post-doctoral fellows; graduate teaching assistants; markers, demonstrators,

lab assistants, etc.; academic staff who have been hired as researchers rather than teachers; and support staff.

3. Excluded teaching staff are not included in salary calculations and are defined by Statistics Canada to include:

(a) Religious and other staff paid according to salary scales lower than those applying to lay staff.

(b) Staff on leave without pay.

(c) Visiting staff.

(d) Deans and directors.

4. All ranks combined; Deans, Directors, and equivalent to Deans, included.

Source: Statistics Canada, "Salaries of Full-Time Teaching Staff at Canadian Universities".

1. (A) Full-time staff is defined by Statistics Canada to include:
 i) Staff appointed to a full-time position for the academic year.
 ii) Staff appointed on a full-time basis, whose term of appointment is less than one year.
 (B) Staff members not included are: Administrators (whether classified as academic or not), such as the President, vice-presidents, etc.; librarians; post-doctoral fellows; graduate teaching assistants; markers, demonstrators, lab assistants, etc.; academic staff who have been hired as researchers rather than teachers; and support staff.
 (C) Instructors are excluded from this analysis.
 2. Faculty of Environment new in 2003. Prior to 2003 the Department of Geography was reflected under the Faculty of Arts, the Department of Geological Sciences was reflected under the Faculty of Science and the Natural Resources Institute was listed under its own heading.
 3. The Asper School of Business was formerly reported as the Faculty of Management.
 4. "Others" includes heads of colleges and institutes.
 5. Does not include Deans/Directors.

1. Taken from the Annual Financial Report 2007. Expenditures of less than \$500 will be shown as 0. This table excludes deductions related to Scholarships, Bursaries and Prizes; Debentures of Capital Advances;

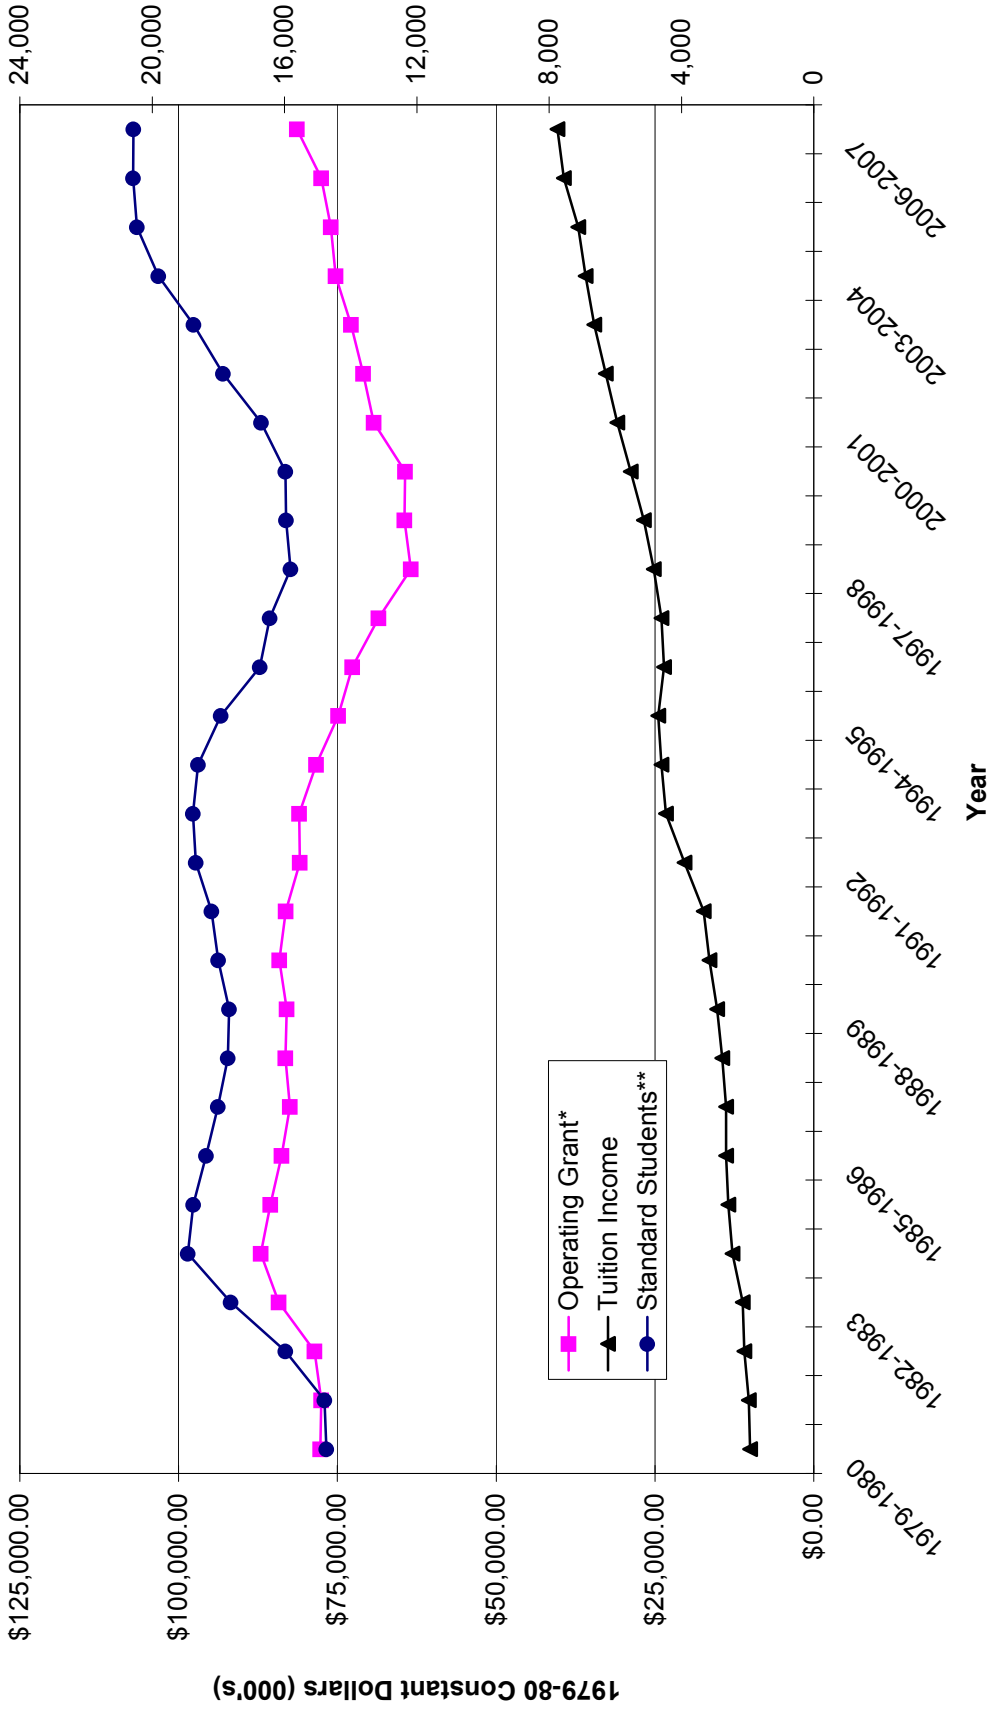

2. Appropriations for Retirement of Debentures, Special Advance and Capital Advance; Ancillary Enterprises; and Non-Insured Benefits Provision.

3. Includes: Academic Review Program; Central Breeding Facility; Centre on Aging; Centre for Higher Education Research and Development; RESOLVE; Note that the Transport Institute is listed under Agricultural and Food Sciences.

4. St. John's, St. Paul's, and University College.

5. Includes the Staff Development Program.

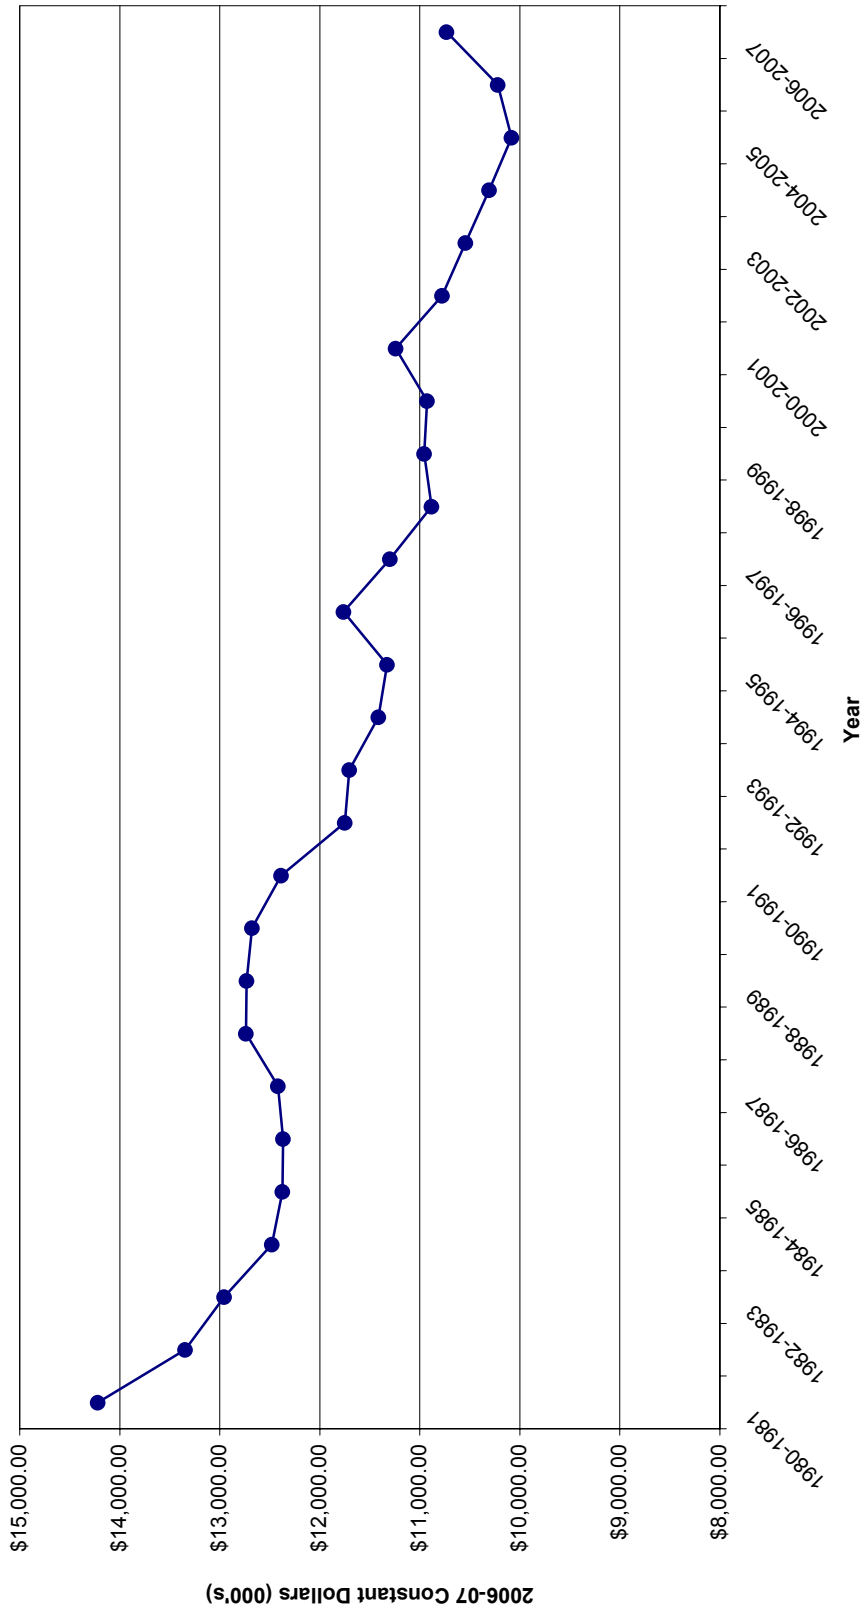

Operating Grant*, Tuition Income and Standard Student Numbers Between 1979-80 and 2006-07**
 (Operating Grant and Tuition Income adjusted to 1979-80 constant dollars using CPI)

* Operating Grant excludes property taxes and grant in lieu of tuition; the latter is included in Tuition Income.

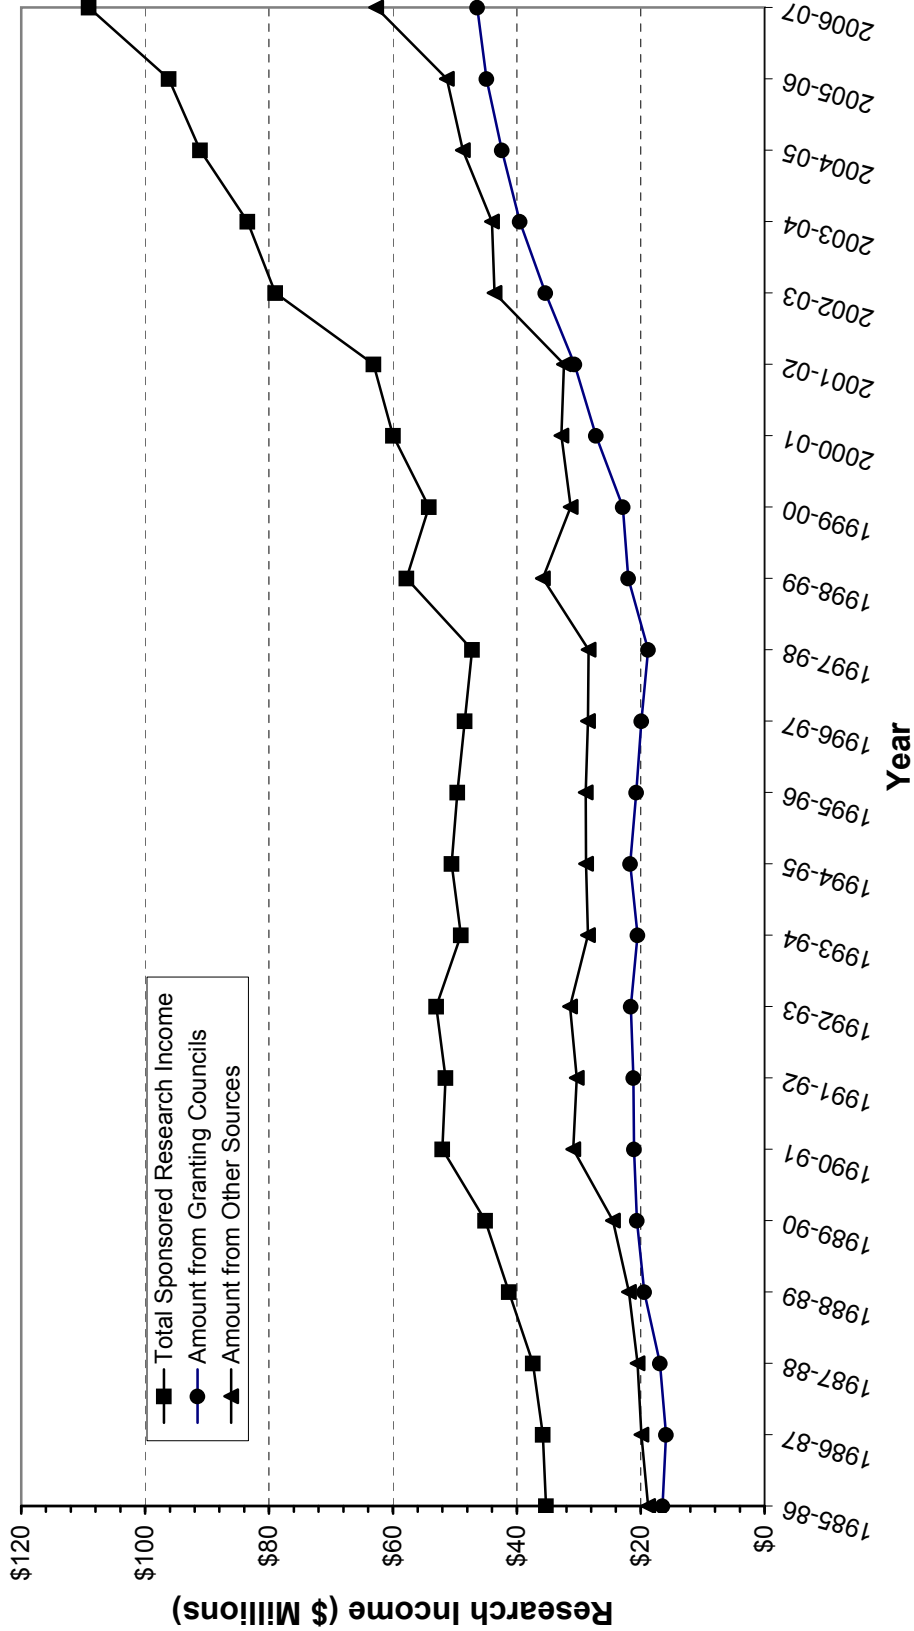

** Standard Students: total credit hours taught, divided by the normal full course load. In Arts and Science, 30 credit hours reflects a normal full course load.

OPERATING GRANT* PER STANDARD STUDENT BETWEEN 1980-81 AND 2006-07**
 (Operating Grant adjusted to 2006-07 constant dollars using CPI)

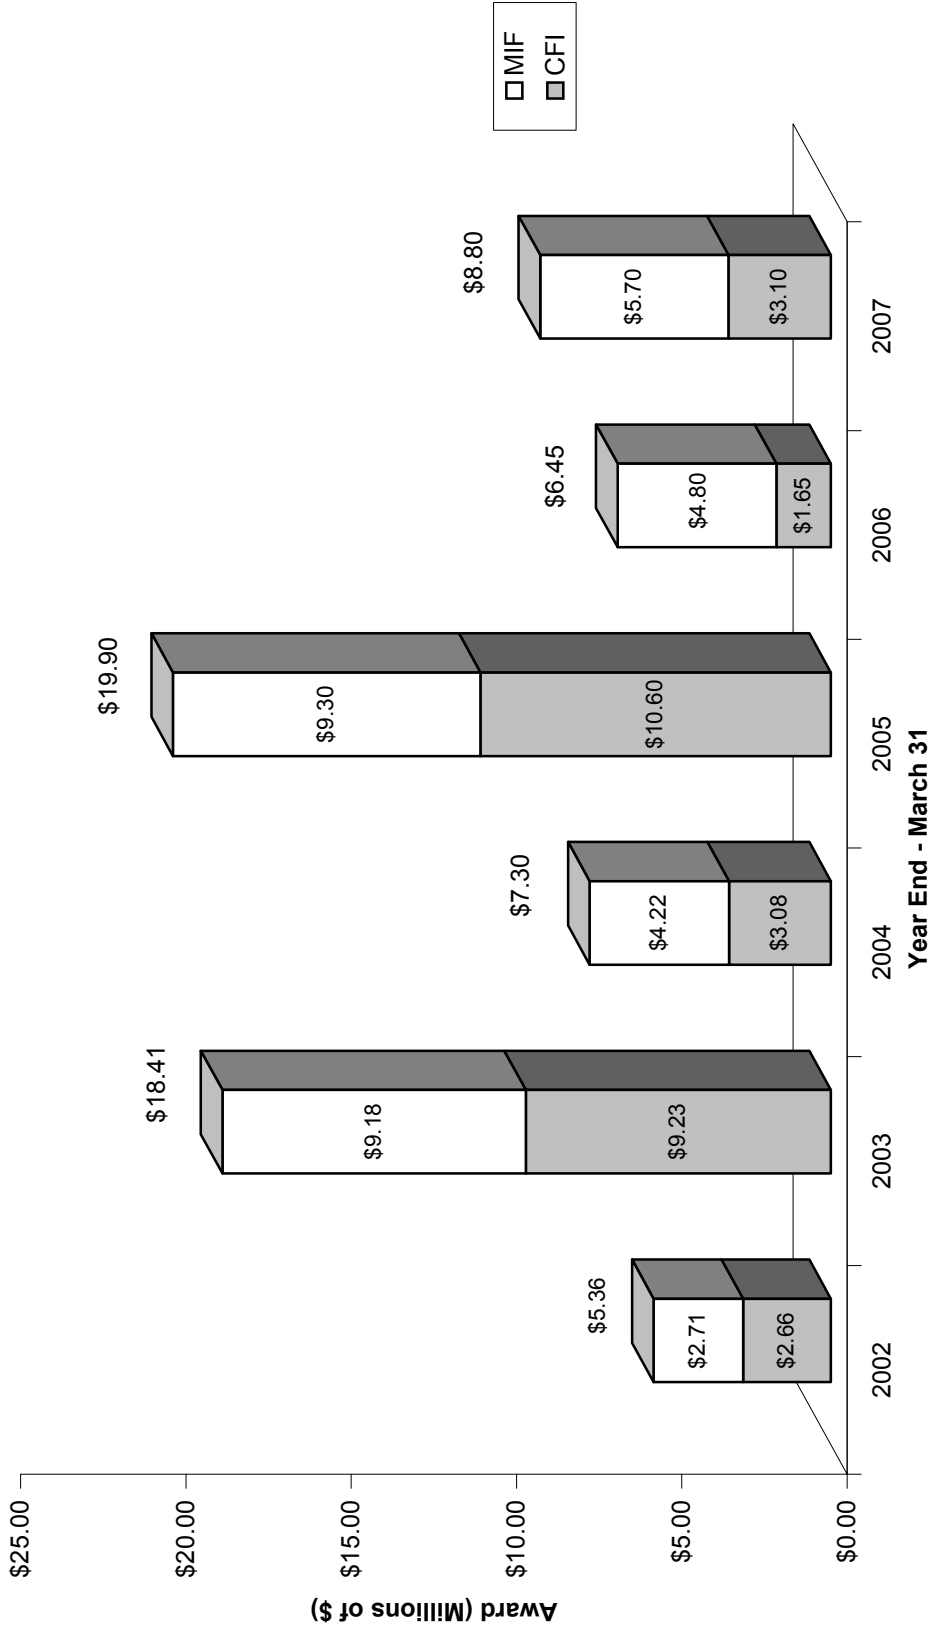

* Operating Grant excludes property taxes and grant in lieu of tuition.
 ** Standard Students: total credit hours taught, divided by the normal full course load. In Arts and Science, 30 credit hours reflects a normal full course load.

**SOURCES OF SPONSORED RESEARCH INCOME
GRANTING COUNCILS AND OTHER SOURCES^{1,2,3}
1985-86 to 2006-07**

1. Does not include research income from Special Funds.
2. The Granting Councils include: the Social Sciences and Humanities Research Council, the Canadian Institutes of Health Research, the Natural Sciences and Engineering Research Council and as of 1995-96, the Networks of Centres of Excellence.
3. For 2002-2003 only, Total Sponsored Research Income includes funds from the Canadian International Development Agency (CIDA).

CANADIAN FOUNDATION FOR INNOVATION AND MANITOBA INNOVATION FUND AWARDS^{1,2,3}
(Millions of \$)

1. Canadian Foundation for Innovation (CFI) awards are matched by the Manitoba Innovation Fund (MIF) awards.
2. The values in this graph do not include the 20% matching funds that the University of Manitoba is required to contribute.
3. Source: Annual Financial Report - See Schedule 'Changes to Capital Asset Fund'. These are revenues received as at March 31 for each year.
Note - Totals at the top of bars are correct. Summing each component within each bar (MIF and CFI) may result in a rounding error of .01.

1. Research funds are obtained from both federal and provincial granting agencies and other public and private sources. Some examples of the respective granting agencies include: NSERC, SSHRC, CIHR, the Health Research Council, and the National Cancer Institute of Canada. Also includes research contracts.

2. Includes ISIS research funding except funds transferred to other universities.

3. Centres consists of: the Centre on Aging, CHERD, RESOLVE and ISIS funding distributed to other universities.

4. The 'Other' category may include any academic or non-academic units which have not already appeared in the Research and Special Funds Revenues and Expenditures from External Sources table. Units which might typically appear in the 'Other' category include: Libraries, Student Services, Administration; Physical Plant and Energy Management; Institutes, Colleges and Extended Education.

5. FTE's are derived from the IS Book table 'Full-Time Equivalent Academic and Support Staff Baseline Positions, (As at April 1)'. The figure includes the subtotal for Academic Units minus Special Academics.

1. Includes both the Fort Garry and Bannatyne campuses at the University of Manitoba.
2. Definitions and examples of the classifications are available in Planning Office Report #14.
3. Academic space used by non-faculty units and space pending reallocation.
4. Non-assignable space is devoted to the functioning and services of a building and is not normally used to provide work or user space.
5. '% of Total Area' subtotals and total may not balance due to rounding.
