Science			33,128		44,170	44,170	
Social Work		51,982	67,143				

1. Program costs are calculated by multiplying the average cost per credit hour in a given faculty by the number of credit hours required to attain a degree.  
The number of credit hours that are required for a degree are taken from the General Calendar. Financial data are taken from the Annual Financial Report March 31.
2. Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university.  
Students in Textile Sciences are now reported under the Faculty of Agricultural & Food Sciences. Students in Family Social Sciences are now reported under the College of Medicine. Students in Health Sciences/Health Studies are now reported under the Faculty of Health Sciences.
3. Due to the diversity of degrees available through the Clayton H. Riddell Faculty of Environment, Earth, and Resources, these program costs are an approximation based on 90 credit hours for a three-year degree and 120 credit hours for a four-year degree.
4. The cost for programs in the Colleges of Dentistry and Medicine are calculated by multiplying the cost per standard student by the number of years required to attain a degree.
5. The Diploma program in the School of Dental Hygiene is a two-year program; these costs reflect the two-year component.
