**Notes:**

- Aboriginal identity is self-declared on the Admission form. Because the self-declaration is voluntary, the numbers reported are less than the total population of Canadian Aboriginal students on campus. Undergraduate data collection began in 2000-01. Data collection for graduate students began in 2002-03.
- The University of Manitoba implemented a new student information system in 2006. In keeping with the structure of the new system, reporting is now on a term-by-term basis. Comparative data have been recast for Fall 2005.
