1. This report includes:

- (a) all distance education credit hours, including Independent Study, on-line courses, Campus Manitoba courses and group based study;
- (b) all courses taught off-campus with stipend from other than faculty or school resources;
- (c) all 'on-load' credit hours taught during the summer.

This report excludes credit hours declared as "Challenge for Credit".

- 2. Due to rounding, some totals may not match the sum of the individual department, or faculty, figures.
- 3. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Changes in faculties containing less than 100 credit hours can show abnormally large differences, therefore these are not reported.
- 4. Beginning in Fall Term 2009, students with outstanding tuition fees are no longer cancelled and excluded from the credit hour figures. Because of this policy change, comparisons to earlier years should be made with caution. Without the influence of cancelled students, the change between Fall Term 2008 and Fall Term 2009 is estimated to be approximately 2%.
- 5. New in 2009/10.
- 6. Health Program, Interdisciplinary was previously reporting within Core Human Ecology.
- 7. The Bachelor of Physical Therapy is transitioning to a Master's degree, which has resulted in a drop in credit hours for this department.
