

Your Farm. Your Products. Your Plan.

The Manitoba and Canada governments and the Manitoba Beef Producers are hosting local Verified Beef Production Workshops. These workshops will provide information that will help you prevent, detect and control food safety risks in your farm operation.

Agenda:

MARCH 16, 2012

Room 219 of the Animal Science Building University of Manitoba

2:30 p.m. Verified Beef Program

Betty Green, provincial co-ordinator, Verified Beef Program

Under the **Food Safety Program, for Farms**, you could be eligible to receive up to \$2,000 for the National On-Farm Food Safety Program and up to \$5,000 for biosecurity good agricultural practices when you implement the Verified Beef Production Program.

Note: This workshop is eligible for 2 Management Training Credits through the Bridging Generations Initiative.
