

# **CAREER OPPORTUNITY**

**Company:** Ag Success Strategies Inc/Agri-Trend Agrology Ltd [www.agritrend.com](http://www.agritrend.com)

**Position:** Agronomist

**Job location:** Winnipeg

**Deadline for applying:** March 31<sup>st</sup>/2012

**Position Availability:** part-time to start, then permanent full-time (flexible)

**Description:** This position primarily involves performing a variety of agronomic duties such as soil and tissue sampling, field scouting, use of GIS/GPS technologies for variable rate product application, some manure management tasks, and data collection/analysis. It also involves standard responsibilities associated with managing a small business which include administrative duties, accounting, and data entry.

**Qualifications:** Preferably a graduate from an agriculture/business course and/or a current Certified Crop Advisor. On-farm experience is a definite asset. Strong interpersonal, communication, and computer skills are necessary. He/she must also be able to work independently. The successful candidate should have an entrepreneurial attitude as this position will eventually offer the opportunity to own and operate their own crop advising business.

**Compensation:** dependant on qualifications, incentives/bonuses will be available

**Preferred Method of Contact:** email
