Operations Co-op/Summer Student Cargill AgHorizons

Co-op/Summer Opportunity (April/May 2012 to end August 2012):

Cargill AgHorizons Canada has opportunities available for Operations Co-op/Summer Students, which is an excellent point of entry for development into positions in Cargill's grain and farm supply operations across Canada.

Reporting to the Facility Manager, the Operations Co-op/Summer Student will assist in carrying out all basic operations of a Farm Service Centre throughout a growing season. Essential duties include assisting with crop input retail activities such as receiving and shipping crop input merchandise. The incumbent will also become familiar with fertilizer and pesticide products and services we provide to our customers. Other duties include operating equipment in a safe and efficient manner, unloading, grading, and binning grain and loading rail cars. The incumbent ensures that customer service is provided in a manner that adheres to Cargill's commitment of providing superior customer service at all times. This position is a great opportunity to gain knowledge about the grain and farm supply industry in Canada.

Locations: Various in ON, MB, SK, AB

Qualifications:

- Currently enrolled in a Bachelor's degree or diploma in Agriculture, Engineering, Business, or other related disciplines.
- Strong interest in agriculture or food production.
- Demonstrated leadership skills, excellent interpersonal and communication skills, and strong analytical skills.
- Farm background is considered an asset but not required.
- Experience operating equipment is considered an asset but not required.
