Summer Research Assistant—Arborg

PESAI: PESAI is a non-profit producer-led organization with the objective of supporting innovation, diversification and value-added opportunities in the Eastman and Interlake areas. To learn more, visit: www.pesai.ca.

POSITION: PESAI is seeking flexible, motivated and hard working Summer Research Assistants (SRA) for the 2012 field season. These 4 month terms (with possible extension) are based out of Arborg. SRAs will assist in all aspects of the field research program, including site preparation, plot seeding, plot/site maintenance, harvest, data/sample collection, record keeping and operation of field equipment. These positions will require working outdoors, occasional travel and extended hours during seasonal peaks.

QUALIFICATIONS: Farm experience and experience in operating farm equipment is an asset but not necessary as training will be provided. Must have a valid Class 5 driver's license, a Class 3 license will be an asset. Preference given to those planning to be or currently enrolled in post secondary education. The position is compensated with a competitive salary that may increase with education and experience.

DEADLINE: March 1, 2012.

Resumes can be mailed, faxed or emailed to Roger Burak at the address below.
