Transferring to BFA Honours

Students wishing to transfer from the three year General program to the four year Honours program can request to transfer after completion of 63 credit hours in the program. These students should be aware that the prerequisite to enter the required Honours courses of STDO 4810 and STDO 4910 is year 4 of the program (minimum of 93 credit hours completed toward degree) and 15 credit hours of STDO courses at the 3000 level. Therefore students should make sure to take enough studio electives at the 3000 level in years two and three.
