

# Mail Services *Announces* Upgrades to Bulk Mail Equipment

Introducing the DI 950 HD Folding and Inserting System  
And the DA 70S Envelope Printer

With this new equipment we offer a full range of capabilities:

- Multiple folding (up to 8 sheets) and inserting into an envelope; any combination of sheets and additional inserts (business reply mail cards, surveys, brochures, newsletters, etc.).
- Admail or Publication mail processing, complete with address correction, in order to meet Canada Post Specifications, and insure timely and cost effective delivery of your mailing.
- Our address correction software can handle any size Excel or Access database needed for external or internal mailings.
- Envelope addressing now handles items up to ¼" thick.
- Glossy brochure, publication, or admail addressing is available, also up to ¼" thick.
- Wide range of mail sizes: 3 ½" x 5" to 15" x 15 ½"
- Wide range of envelope sizes: 6 ¾" to #11
- Can handle flats: 10 ½" x 13 ½".

University Mail Services offers:

- Competent and friendly service
- Reasonable rates
- Expert advice regarding Canada Post services and rates
- Convenience of on-campus location
