

## **Outreach Award for Bud Henry**

Bud Henry was one of fifteen staff members of the University of Manitoba that were recognized for their outstanding community involvement through Outreach Awards at a special reception on November 21, 2007.

Bud was recognized for his long-time involvement in the University of Manitoba's United Way Campaigns. For many years, Henry has been a canvasser for the United Way and has worked actively to recruit other Physical Plant staff to volunteer their time to the United Way Campaign. He has organized special events such as barbecues and 50/50 lottery draws and has played a key role in the University's largest United Way event, the Rainbow Auction.
