Research projects

Attach your research project in a **separate document**. See requirements outlined below.

Aging definition

For the purposes of the student awards, the research should focus on some aspect of the aging process or study older participants/subjects. Studying diseases as the focus, even if that disease commonly occurs in older people, might make the application ineligible for funding.

Undergraduate Students ONLY (For Esther and Samuel Milmot award)

List your major and minor. Outline your career objectives and describe how your current program will assist you in meeting these objectives. **Do not exceed 1 typed page**. Use the *Page setup and format for project description below* for document specifications. **All applications must have a title.**

Graduates Students ONLY

Describe your proposed research. Include:

1. Description
2. Methodology
3. Practical applicability and an indication of relevant literature.

Do not exceed 1 typed page. Review the *Page setup and format for project description below* for document specifications. **All applications must have a title.**
