## INTERNATIONALIZATION OF POST-SECONDARY EDUCATION: OPPORTUNITIES & CHALLENGES

*In partnership with the University of Manitoba International Office* Wednesday, April 8<sup>th</sup>, 2015 – 7:00 PM

**LOCATION:** McNally Robinson Atrium, Grant Park Mall, 1120 Grant Ave. **SPEAKERS:** Ms. Rhonda Friesen (Manager, University of Manitoba International Office), Mr. Gary Gervais (President, Manitoba Council for International Education), and Mr. Ray Karasevich (Vice President Academic, Manitoba Institute for Trades & Technology) | MODERATOR: Dr. David Mandzuk (Dean, Faculty of Education, University of Manitoba)

Students increasingly occupy a global system of post-secondary education. Post-secondary institutions in Canada and in Manitoba facilitate the exchange of ideas through recruiting students from around the world, supporting activities that allow students to work and study internationally. What are the benefits and challenges of international student mobility in higher education? Why don't Canadian students take advantage of international educational opportunities? What is the role for government(s) in regulating and supporting international education in Canada? Join us for an engaging discussion!

The Manitoba Institute for Policy Research is based in the Political Studies Department, in the Faculty of Arts at the University of Manitoba. The Institute seeks to improve public policy deliberations and capacity in Manitoba by initiating conversations and debate on current and emerging issues facing our province, by publishing original research, and by engaging with the post-secondary sector, citizens, governments and nongovernmental organizations to support public policy dialogue in the broadest sense.

Free event. All are welcome!
