The State of Post-Secondary Education in Manitoba

Thursday, May 29, 2014 – 6:00 PM

LOCATION: Winnipeg Free Press News Café, 237 McDermot Ave.

SPEAKERS: Dr. Marlene Atleo (Faculty of Education, University of Manitoba),
Dr. Curtis Nordman (Chair of the Council on Post-Secondary Education) &
Dr. Andrea Rounce (Political Studies, University of Manitoba)

Post-secondary education matters to Canadians, and it matters to Manitobans. As we finish up one academic year and begin another, there has been a great deal of debate in Canada regarding the value of post-secondary education for society and for individuals, current employment prospects for recent graduates, and who pays for what in post-secondary education. Our speakers for the evening will build on this conversation by presenting what they think are the top five issues facing post-secondary education in Manitoba.

The **Manitoba Institute for Policy Research** is based in the department of Political Studies in the Faculty of Arts at the University of Manitoba. The Institute furthers debates and discussions on matters of public policy, administration, and governance both in Manitoba and across the country. By engaging Manitobans and increasing access to policy experts in our community through the *Citizen Series*, MIPR hopes to enhance the quality of public discourse in the province.

\$10 buys you Pizza and a Pint. The Policy is free.
