& A PINT

Review of the 2014 Manitoba Flood

Tuesday, September 23, 2014 – 6:00 PM

LOCATION: Winnipeg Free Press News Café, 237 McDermot Ave

SPEAKERS: Hon. Steve Ashton (Minister of Infrastructure and Transportation) and Dr. Genevieve Ali (Assistant Professor, Geological Science, University of Manitoba) | Moderated by: Paul Samyn (Editor, Winnipeg Free Press)

This past spring and summer saw heavy flooding return to Manitoba. What is the damage this time around? What measures were taken to mitigate damage, and what could have been done differently? What sort of progress has been made on intergovernmental flood management? Most importantly, are we learning from our experiences (particularly the events of 2011) and becoming better flood managers? Join our panel of experts as they offer an engaging discussion on these issues of great importance to many Manitobans.

The **Manitoba Institute for Policy Research** is based in the department of Political Studies in the Faculty of Arts at the University of Manitoba. The Institute furthers debates and discussions on matters of public policy, administration, and governance both in Manitoba and across the country. By engaging Manitobans and increasing access to policy experts in our community through the *Citizen Series*, MIPR hopes to enhance the quality of public discourse in the province.

\$10 buys you Pizza and a Pint. The Policy is free.
