Some courses are only offered in alternate years. **It is important to take note of pre and co-requisites prior to withdrawing or deleting a course.** You should contact an Academic Advisor to consult on how withdrawing/dropping courses may affect your graduation date or your continuation in the program.

REGISTRATION INFORMATION:

New and currently registered students will be sent registration information in June of each year. The information will specify which courses B.Ed. Staff will register the student in and provide guidance on which courses students are responsible to register for themselves. Students should take particular care in ensuring they are aware of and register for ALL pre-requisite and co-requisite courses. Students who VW from a course must ensure they also VW from the co and pre requisite courses. Failure to do so may result in being removed from the associated required courses and delaying graduation from the B.Ed. program.

Students are also responsible for acquainting themselves with all VW and Fee Payment and Fee Refund deadline dates as specified in AURORA and/or the UM General Calendar or the appropriate UM websites.
