

# Music Teachable Subject Requirements Update

## Fall 2022

The following changes will come into effect for the Fall 2022 intake for applicants declaring a Music teachable major/minor for the Faculty of Education. It is important to review this document in conjunction with the [Applicant Information Bulletin](#) to ensure that you have understood all admission requirements and policies for the intake for which you apply.

- Applicants who have completed a Bachelor of Music (Music Education) will have met the course requirements for fulfilling a music teachable major or minor provided that they have met all admission requirements as outlined in the Applicant Information Bulletin including minimum grades of 'C' in music education coursework. In cases where a Bachelor of Music (Music Education) applicant presents one or more 'D' grades in music education coursework, the course must be repeated to obtain the minimum grade of 'C' for admission.
- Applicants presenting a degree other than a Bachelor of Music (Music Education) (for example, B. Mus (Performance), B. Mus (Jazz Studies), BA with minor in Music, etc.) must present specific coursework with minimum grades of 'C' as defined in the charts below, as well as meet all other admission requirements outlined in the Applicant Information Bulletin. Course outlines may be required to determine acceptable alternatives/equivalencies by the Faculty of Education for admission purposes only.
