The Faculty of Graduate Studies academic guide contains all the rules and policies pertaining to
the Faculty of Graduate Studies. Adherence to these rules is of utmost importance for the
effective functioning/operation of programs and for guiding and monitoring the progress of
students. The integrity of the process is at stake. The major goal of this guide is to prevent
potential problems that may affect the completion of a student’s program. It is the responsibility
of students and the unit offering a graduate program to read and follow the policies contained
herein.

All regulations as laid out in the Faculty of Graduate Studies Academic Guide are subject to
revision by the appropriate bodies of the Faculty of Graduate Studies. This compendium is
presented as the most recent set of regulations as a guideline for students and staff. Regulations
may vary from one department or program to another. Individual departments may have
additional regulations that supplement these general regulations. All such supplementary
procedures and regulations must be approved as specified by the By-Laws of the Faculty of
Graduate Studies, be published and available to students, and kept on file in the Faculty of
Graduate Studies Office.

For those programs that are administered through a Faculty (as opposed to a Department) the
term “Department” should be substituted by “Unit” within this document (i.e. Department Head
becomes Unit Head.)

Section 1: Application, Admission, and Registration
Policies

1.1 Application and Admission Procedures

The application (and all required documentation) is to be submitted directly to the Faculty of
Graduate Studies. Applicants should contact the department to which they are applying for
the procedures, requirements and departmental application deadlines in effect.

Steps:
1. A completed official application for admission form must be submitted, together with the
application fee and supporting documentation, to the Faculty of Graduate Studies. Until such
time as an application is complete it will not be considered.

NOTE: International students need to pay special attention to the appropriate requirements with
respect to transcripts (see application form for details).

2. Applications are subsequently reviewed by the unit offering the program who will decide
whether the applicant meets the unit’s criteria which include but are not limited to space,
facilities, and advisors.

3. Notification of recommended/rejected applications are sent to the Faculty of Graduate Studies
who check that the applicant meets the eligibility requirements of the Faculty of Graduate
Studies. The Faculty of Graduate Studies notifies applicants of their acceptance or rejection

Deadlines for Recommended Applications (from Departments to the Faculty of Graduate
Studies)
The following are the deadlines for receipt by the Faculty of Graduate Studies Office for
recommendations from graduate departments.

<table>
<thead>
<tr>
<th>Session</th>
<th>Start Date</th>
<th>Canadian/US</th>
<th>International</th>
</tr>
</thead>
<tbody>
<tr>
<td>FALL</td>
<td>September</td>
<td>July 1</td>
<td>April 1</td>
</tr>
<tr>
<td>WINTER</td>
<td>January</td>
<td>Nov. 1</td>
<td>August 1</td>
</tr>
<tr>
<td>SUMMER (May Start)</td>
<td>May</td>
<td>March 1</td>
<td>December 1</td>
</tr>
<tr>
<td>SUMMER (July start)</td>
<td>July</td>
<td>May 1</td>
<td>February 1</td>
</tr>
</tbody>
</table>

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program
route (i.e. Comprehensive Examination route)
IMPORTANT: Applicants are required to submit the application and documentation to the Faculty of Graduate Studies for an earlier date than is listed above. Applicants are advised to confirm the deadline of the department to which the application is being made. Contact information for each department can be found at http://umanitoba.ca/faculties/graduate_studies/admissions/index.html.

The deadlines are meant to accommodate the needs of students in securing appropriate documentation. Late applications may be considered for the next available start date.

Application Fee:
This fee must accompany all admission applications:
Canadian/Permanent Residents - $100.00 (CDN)  
International Applicants - $100.00 (CDN)

Transcripts:
Applicants must arrange for official transcripts from all post-secondary institutions attended to be sent to the University of Manitoba. Applicants must ensure that the original transcripts bearing the university seal or attested copies are sent directly from their issuing university to the Faculty of Graduate Studies. In cases where the transcript does/will not clearly state that a degree has been conferred, an official degree certificate is required to accompany the transcript. It is important that the transcript(s) be sent so as to arrive as soon as possible to coincide with the arrival of the application.

Transcripts: International:
Where academic records from a country other than Canada are produced in a language other than English the applicant must arrange for the submission of official literal translations of all records. To be official, original language documents and English translations must arrive together in envelopes which have been sealed and endorsed by the issuing institution.

Transcripts: University of Manitoba:
University of Manitoba students may request student histories (unofficial academic records) to be mailed directly to the department or Graduate Studies free of charge. Some departments require official transcripts which may be obtained from the Registrar’s office, 400 University Centre (Please allow at least two weeks for delivery).

Proficiency in English:
A successfully completed English Language Proficiency Test is required of all applicants unless they have received a high school diploma or university degree from Canada or one of the countries listed on the English Language Proficiency Test Exemption List (below). If applicable, this score is required as a basis for admission and applicants will NOT be accepted subject to receipt of an acceptable score. Documented proof of either the above must be submitted with the application for admission. Please note: scores more than two years old are not acceptable. Thresholds required for successful completion are indicated in parentheses.*

University of Michigan English Language Examination Assessment Battery MELAB (80%);
Test of English as a Foreign Language TOEFL– Paper-based test (550); Internet Based iBT (80);
Canadian Test of English for Scholars and Teachers CanTEST (band 4.5 in listening and reading and band 4.0 in writing and oral interview);
International English Language Testing System IELTS (6.5);
Academic English Program for University and College Entrance AEPUCE (65%);
Canadian Academic English Language Assessment (CAEL) (60 overall and 60 on each subset)

Note:
1. In addition, foreign language students may be asked by the Department to complete the CanTEST prior to or following registration in the Faculty of Graduate Studies and, if need be, the Department may recommend remedial measures in language skills based on the results of the CanTEST.

<table>

<th>1.2 Registration Procedures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate students are not allowed to register in graduate courses; that is, admission to the Faculty of Graduate Studies is a condition for registration in courses at the 600/6000 level and above.</td>
</tr>
</tbody>
</table>

All graduate students must initially register in the term specified in their letter of acceptance as specified in the Academic Schedule of the Graduate Calendar. Any student not registering within one term of acceptance will be required to re-apply for admission. In exceptional circumstances and with prior approval from the Department, a student may defer registration for up to one term.
Following acceptance into the Faculty of Graduate Studies, in the case of international students, admission may be deferred, with prior approval from the Department, for up to one year following acceptance.

**All programs must be approved by the head of the major department or designate.** Approval to take courses from departments outside the major department must be obtained from the outside department.

The approval or denial of admission and registration to two programs rests solely with the faculties/units concerned. The approval/denial must be submitted to the Faculty of Graduate Studies prior to the student’s admission/registration.

Where a student does register in two programs the student must declare themselves as part-time in at least one of the programs. Students should note that completing a graduate program as a part-time student will affect their eligibility for the University of Manitoba Graduate Fellowship and may limit other funding possibilities.

**Re-Registration:** Any student whose program of study extends over more than one year must re-register for September of each succeeding year of his/her program until a degree is obtained (or in the case of Pre-Master’s students their program is completed). **Failure to re-register will result in the termination of the student’s graduate status.** A student who has been discontinued and would like to be considered for continuation in a program must re-apply for admission. The re-registration requirement does not apply to, Occasional students, or students on an Exceptional or Parental Leave of Absence. (please refer to the “Leave of Absence” section of this Guide).

*Note:* Registration is not complete until fee payment or fee payment arrangements have been made with the Comptroller in writing prior to the fee payment deadline dates. The notation “Discontinued Graduate Program” will be placed on the academic record of any graduate student who has failed to maintain continuous registration.

**Registration Revisions:** For designated periods subsequent to registration, approved revisions and transfers may be made. It is required that students adhere to dates and deadlines as published in the Academic Schedule of the Graduate Academic Calendar.

*Note:* Graduate students are not allowed to withdraw from courses without written permission from their Department head on recommendation from their advisor/advisory committee approving the program change. The notation “student discontinued program” will be placed on the academic record of any graduate student who has withdrawn from courses without such approval.

**Western Deans’ Agreement:** This agreement was established in 1974 as an expression of co-operation and mutual support among universities offering Graduate programs in western Canada. Its primary purpose is the reciprocal enrichment of graduate programs throughout western Canada. This agreement is not intended to preclude other agreements between participating institutions.

1. The Western Deans’ Agreement provides an automatic tuition fee waiver for visiting students. Graduate students paying normal required tuition fees to their home institution will not pay tuition fees to the host institution.

2. Students may be required to pay student, activity, application, or other ancillary fees to the host institution, according to general policies in effect at the host institution. Wherever possible, these fees will also be waived.

3. Students will qualify for the fee waiver if they: present the “Authorization Form: Western Deans’ Agreement” signed by the Dean or designate and the Department Head or Graduate Advisor of a participating Western institution specifying the courses to be taken for credit toward a graduate degree program at their home institution; are in good standing in a graduate program at the home institution; have paid all current and back fees at the home institution.

*Note:* Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

**HSN supp regs approved Sept. 2011**
4. Students must meet all requirements as prescribed by the host university’s regulations, deadlines, class capacities, and course prerequisites.

5. Registration is possible in courses at both the graduate and undergraduate levels, and in credit courses offered through distance education or other means. To be eligible, courses must be an integral part of the applicants’ graduate degree program. Fee waiver is not permitted for audit or non-credit courses.

6. Students must have the Authorization Form approved by the relevant Department Head and the Faculty of Graduate Studies at the host institution at least two weeks prior to the commencement of the course(s) requested. The fee waiver is not available retroactively.

7. Students are subject to regulations of the home institution governing credit for the courses to be undertaken. As a condition of registration at the host institution, students will arrange for official transcripts from the host institution to be sent to the home institution confirming successful completion of courses selected.

8. Students must send confirmation of registration and notice of any change to the graduate Records Office of the home institution at the time of registration or course change is completed.

9. Students may not claim fee waivers under the terms of this Agreement for a period of more than 12 months total.

10. Each institution has its own regulations regarding the maximum number of transfer credits permitted in a given degree program.

Participating Universities:
- Athabasca University
- University of Alberta
- Brandon University
- University of British Columbia
- British Columbia Institute of Technology
- University of Calgary
- Concordia University College of Alberta
- University of Lethbridge
- University of Manitoba
- University of Northern British Columbia
- University of Regina
- Royal Roads University
- University of Saskatchewan
- Simon Fraser University
- University of Victoria
- University of Winnipeg

1.3 Course Classifications

General Classifications:
Students who register through the Aurora Student Information System (SIS) must also have prior approval of the Department Head or designate. Students registering through the Aurora SIS should add only those courses that are a Major course in their program. Courses with Auxiliary "X", Audit "A", or Occasional "O" status (see below) must be added by the department.

X Auxiliary course: Course is not a major requirement of the program but is required by the student’s advisor.**

A Audit course: Course is not taken for credit. No grade is recorded.

O Occasional course: Course is not a requirement of the program.

** Extra courses which are not actually part of the Master’s or Ph.D. program but which are specified and required by the student’s advisor, may be classified as X (Auxiliary) and the grade will not be included in the degree GPA which appears on the transcript. However, X course grades may be used in the calculation of the GPA for continuation in the program and a minimum GPA of 17.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

HSN supp regs approved Sept. 2011
grade requirement may be required for X coursework by the Department. (Please consult the Departmental supplemental regulations.) Additionally, X courses are used in the calculation of the GPA for the purposes of Admission and Awards. (NOTE: The University of Manitoba Graduate Fellowship (UMGF) and International Graduate Student Scholarship (IGSS) use X courses in the calculation of the GPA.) The student’s advisor and head of the unit must determine if there is a valid need for the registration in courses under the X classification. A maximum of 12 credit hours under the X course classification is permitted while registered in a given program.

**Note:**
Changes in course classifications are regarded as course/program changes and may not be made without approval (refer to the "Registration Revision" section of this Guide.) or after the deadline dates for course changes as indicated in the Academic Schedule of the Calendar.

### Continuing Courses (CO)
For those graduate level courses (600/6000, 700/7000, 800/8000) which are being taken by students enrolled in the Faculty of Graduate Studies and which continue beyond the normal academic term, the instructor shall recommend that a mark classification of “CO” be used until such time as a final grade can be established. If the course is not completed by August 31, the student must re-register for the course(s).

Graduate Level Courses (600/6000, 700/7000, 800/8000) which extend beyond normal academic term must be denoted as such in this Calendar.

In the absence of an assigned mark of “CO”, the student may receive mark of “F” in that term.

**Note:**
1. A CO will normally not be permitted longer than twelve months.

2. In exceptional circumstances, where a CO grade is requested for a second twelve months, at the time the CO grade is submitted on the examination register the instructor and Department head must also submit the “Recommendation for Continuing Status of a Course” form stating the reason for the CO and the deadline by which the course must be completed.

### Incomplete Courses:
The student who is unable to complete the term work prescribed in a course may apply to the instructor prior to the end of lectures for consideration of a grade classification of “Incomplete”. It is understood that the student is to write the final examination if one is scheduled for the course.

Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor shall calculate the temporary grade using a zero value for incomplete work.

Normally, the following maximum extensions are allowed:

- For courses terminated in April, August 1st
- For courses terminated in August, December 1st
- For courses terminated in December, April 1st

If a final grade is not reported within one month of the extension deadline, the letter “I” will be dropped and the grade will remain as awarded. The student will no longer have an opportunity to improve the grade. In no case will the satisfaction of the incomplete requirements result in a lower grade being awarded.

### 1.4 Student Status/Categories of Students

**Full-Time And Part-Time Students:**
A student is considered to be full-time if the student is planning to carry the normal academic load of the department during the registration period.

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
Graduate students who do not meet the criteria specified for full-time students should complete the form “Request for Part Time Status.” This form must be approved by the department head and advisor and submitted to the Faculty of Graduate Studies prior to registration.

Pre-Master’s Or Qualifying Students:
In specific cases where the academic background of the student is judged to be insufficient for the given program in a unit, the department may recommend that the student be admitted to a pre-Master’s program of study. The pre-Master’s program is designed to bring the student’s standing to approximately the level of an Honours graduate in the major department, and to provide any necessary prerequisites for courses.

Occasional Students:
A student wishing to take graduate courses with no intention of applying those toward an advanced degree at the University of Manitoba is classed as an occasional student. Occasional students must meet the same degree and grade point average entrance requirements as regular graduate students and must write final examinations in the courses taken (unless audited), but will not receive credit toward a degree. In special circumstances, an occasional student may apply for permission to proceed to a degree program and also apply for transfer, for credit, of courses taken in the occasional category.

Note:
1. Transfer of courses from the “occasional category” to a degree program is not automatic: request for advance credit may be made within the first year of a degree program.
2. Fees paid by a student while registered as an occasional student are not transferable, at a later date, to a degree program.
3. Registration in the occasional student category can be for no more than one academic year without reapplication.
4. Graduate level course work must be taken while registered as an occasional student.

Joint Masters (With The University Of Winnipeg):
The University of Manitoba and the University of Winnipeg offer three joint Master’s programs in History, Religion, and Public Administration. The University of Manitoba Faculty of Graduate Studies is responsible for the administration of the joint programs and students complete the regular University of Manitoba application and registration forms. Students taking Pre-Master’s qualifying work for these programs register at the University where the courses are being taken.

Visiting Students:
Visiting students are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university.

Provisional (Admission):
A new student is allowed provisional status in a program for up to one term from the time of registration. Registration for additional terms in that program will not be permitted until the provision is cleared. Provisional registration may be for such reasons as missing or incomplete documentation, lack of complete or appropriate academic background, etc.

SECTION 2: Academic Performance - General
Students are ultimately responsible for ensuring that they meet degree and program requirements.
requirements. The advisor (co-advisor), advisory committee and the department must ensure that each student follows the guidelines and meets the program requirements. The Faculty of Graduate Studies performs a final check of program requirements for each student just prior to graduation. Students are cautioned, therefore, to check all regulations with respect to the degree requirements. Failure to meet all the requirements will result in failure to graduate.

Any student re-registering in the period between receiving unsatisfactory grades and a decision by the Faculty of Graduate Studies on a deficiency does so at his/her own risk.

Departments may make recommendations with regard to the regulations concerning minimum academic performance; however, enforcement of academic regulations rests with the Faculty of Graduate Studies. The following procedures apply to recommendations made by departments:

The department is responsible for informing the Faculty of Graduate Studies when a student’s performance is unsatisfactory in research or course work and the department must describe any recommended remedial action(s).

The department must notify the student of the deficiency and of their recommendation.

If the student fails to satisfy any remedial action recommended, the student will be required to withdraw from the program.

Note: When a graduate student is required to withdraw from a program of study, the notation on the academic record will be: “Required to withdraw.”

Voluntary withdrawal from a program is not permitted once the grades have been declared and indicate that the student has failed to achieve the required minimum.

Departmental recommendations will supersede student requests for voluntary withdrawal.

A student who has been required to withdraw from a graduate program at The University of Manitoba may be permitted to enroll in another graduate program only if the application for admission is approved by the Dean of Graduate Studies or designate.

Academic Performance:
Student progress shall be reported at least annually to the Faculty of Graduate Studies on the “Progress Report Form”. Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation by the Department head to the Dean of Graduate Studies.

Performance in Course Work:
A minimum degree grade point average (degree GPA) of 3.0 with no grade below C+ must be maintained for continuance in the Faculty of Graduate Studies. Departments may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades will be required to withdraw unless a departmental remedial recommendation (as outlined below) is approved by the Dean of Graduate Studies.

A student may be permitted to remove deficiencies in grades by repeating the course or taking an equivalent substitute course only once for each course to a maximum of 6 credit hours of course-work. If a course is repeated or replaced, the highest grade obtained will be used in the determination of the degree grade point average.

Note: In exceptional circumstances, the major department may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Students receiving a grade of C or less in more than 6 credit hours of coursework are required to withdraw.

In general, supplemental exams are not permitted to students in the Master’s or Ph.D. program.

All actions taken administratively are to be reported, in summary form to the Faculty of Graduate
### SECTION 3: General Regulations: Pre-Master's

**Admission and Requirements**
Graduates of bachelor degree programs with a minimum grade point average (GPA) of 3.0 in the last two full years of university study will be considered for admission to a pre-Master's program. These are the minimum requirements of the Faculty of Graduate Studies. Departments may specify higher or additional criteria. **Admission to a pre-Master's program does not guarantee future admission to a Master's program.**

As the Pre-Master's program of study is intended to bring a student's background up to the equivalent of the required 4-year degree, departments should assign to students, as part of their Pre-Master's program of study, an appropriate number of applicable upper level (300/3000 or 400/4000) undergraduate courses. In exceptional circumstances and upon prior approval by the Graduate Dean, 700/7000 level courses may be considered for inclusion in the Pre-Master's program of study for those students who hold a 4 year degree. Courses taken as part of the pre-Master's program may not be transferred to a Master's program at a later date.

---

**Academic Performance:**

1. The department head or designate is responsible for assigning the courses and monitoring the progress of each student.

2. A minimum degree grade point average of 3.0 with no grade below C+ must be maintained for continuance in pre-Master's study. Students who fail to maintain this standing will be required to withdraw unless a departmental remedial recommendation (as below) is approved by the Dean of Graduate Studies.

3. Students deficient in 6 hours of credit or less may be permitted to write a supplemental examination (when offered) in courses in which a grade of C or less was obtained.

4. Students deficient in 6 hours of credit or less with a grade of C, D, or F in a course or courses may be permitted, if the overall average is C or better, to write one supplemental examination in each course (when offered), to repeat the courses, or to take equivalent substitute courses.

**Note:**
In exceptional circumstances, when a student is deficient in more than 6 credit hours, the student may be permitted to repeat the pre-Master's year or to write supplemental examinations (when offered) or to substitute equivalent course work in order to make up the deficiencies.

A student may be permitted to repeat the pre-Master's year only once, and to remove deficiencies in grades by writing supplemental examination or repeating courses only once for each course to a maximum of 9 credit hours of course work.

If a course is repeated or a supplemental examination is written, the highest grade obtained in that course will be used in the determination of the degree GPA.

The degree GPA is cumulative in a pre-Master's program if more than one year is required to complete the course requirements.

All action taken administratively is to be reported in summary form to the Faculty of Graduate Studies Executive Committee.

---

### SECTION 4: General Regulations: Master's

**Diploma Programs:**
The regulations for the Master's program shall also prevail for diploma programs. Students

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*HSN supp regs approved Sept. 2011*
Admission:
Students who are eligible to be considered for direct admission to a program of study leading to the Master's degree include:

- Graduates of four-year undergraduate degree programs (or equivalent) from
  a. Canadian institutions empowered by law to grant degrees; or
  b. Colleges and universities outside Canada which are officially recognized by The Faculty of Graduate Studies.

- Graduates from first-cycle Bologna compliant degrees.

- Students who have completed the pre-Master's program from the University of Manitoba or from
  a. Canadian institutions empowered by law to grant degrees; or
  b. Colleges and universities outside Canada which are officially recognized by The Faculty of Graduate Studies.

All students applying for a Master's degree program must have attained a minimum GPA of 3.0 in the last two full years (60 credit hours) of study. This includes those applying for direct admission and those entering from a pre-Master's program. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission.

The pre-Master’s program is designed to bring the student’s standing to the approximate level of an Honours graduate in the major department, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program.

In specific cases where the academic background of the student is judged to be insufficient for the given program in a unit, the department may recommend that the student be admitted to a pre-Master's program of study.

Student’s Advisor/Co-Advisor:
Each Master's student should have an advisor upon entry into the program, and must have one assigned no later than one term following registration. The advisor is approved by the Department head, must be a member of the Faculty of Graduate Studies, be active in research, have expertise in a discipline related to the student’s program, and hold at least a Master’s degree or equivalent. Any exceptions or special circumstances must be recommended by the Head of the major department and approved by the Dean of the Faculty of Graduate Studies. It is the responsibility of the Department head to determine whether faculty members meet these criteria, and also to report on equivalency as necessary. In special circumstances, an advisor and co-advisor upon approval of the department head may advise a student. The advisor and co-advisor must be members of the Faculty of Graduate Studies. (Refer to 2.2.2.1 Membership in the document Governance of the Faculty of Graduate Studies.)

The advisor will advise the student on a program of study, direct research, and supervise the thesis or practicum work. In departments where the choice of thesis/practicum topic and thesis/practicum advisor are postponed for some time after a student’s entry into the program, the Department head shall appoint a faculty member to advise the student in the interim period before the regular advisor is assigned or chosen.

*Note: When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements). The co-advisors will usually be identified together at the beginning of a student’s program. However, in some circumstances the need for a co-advisor may arise mid-way through a student’s program. In all instances the Faculty of Graduate Studies must be informed of the co-assignment. Both co-advisors’ signatures are required on all documents where the advisor’s signature is required.

Advisory Committee (Master’s)

| 33. | The advisory committee consists of a minimum of |
In those Departments that specify that a Master’s advisory committee is required, the committee must consist of at least one person who holds a primary appointment from within the major department. Additional specifications regarding the advisory committee are found in the departmental supplemental regulations.

<table>
<thead>
<tr>
<th>Program Requirements:</th>
<th>Supplemental Regulation</th>
</tr>
</thead>
<tbody>
<tr>
<td>All students must complete one of the following programs of study for the Master’s degree (unless otherwise specified in the approved departmental supplemental regulations):</td>
<td>34.</td>
</tr>
</tbody>
</table>

### Thesis/Practicum Route:
A minimum of 12 credit hours of course work plus a thesis or practicum. The minimum must include at least 6 credit hours at the 700/7000 level with the balance of the coursework at the 300/3000 level or above. A maximum of 24 credit hours of coursework is allowed toward the thesis/practicum based Master’s program.*

### Comprehensive Examination Route:
A minimum of 24 credit hours of course work and comprehensive examination(s). The minimum must include at least 12 credit hours at the 700/7000 level or above with the balance of the coursework at the 300/3000 level or above, or, in exceptional circumstances and upon approval of the Dean of Graduate Studies, the 200/2000 level. A maximum of 48 credit hours of coursework is allowed toward the comprehensive examination based Master’s program.*

*Unless professional accreditation requirements or existing supplemental regulations indicate otherwise.

**Notes:**
The program of study is determined by the major department and may include requirements in addition to those specified above. All departmental supplemental regulations require prior approval of the Faculty of Graduate Studies.

For historical reasons, the following thesis/practicum based programs are subject to the same min/max credit hour restrictions as for the comprehensive-based Master’s: Master of Nursing, Master of Architecture, Master of City Planning, Master of Landscape Architecture, Master of Natural Resource Management.

### Language Reading Requirements:
Some departments specify a language requirement for the Master’s degree. Students are advised to check departmental supplemental regulations regarding this requirement.

### Advance Credit:
Advance credit for courses completed prior to admission to a Master’s program will be considered on an individual basis. The student’s major department makes the request to the Faculty of Graduate Studies by completion of the “Recommendation for Advance Credit (Transfer of Courses)” form.

**Note:**
Application for advance credit must be made within the first year of the program (see Lapse of Credit of Courses in this section).

No more than half of the required course work for the program can be given advance credit.

A course may not be used for credit toward more than one degree, diploma or certificate.

For thesis/practicum-oriented programs the student must complete the thesis/practicum at The University of Manitoba.

For the comprehensive examination route, the student must complete the comprehensive examination(s) at the University of Manitoba.
Regardless of the extent of advance credit received, all students are required to pay the program fee.

**Transfer Credit:**
Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. Courses must be approved for transfer to the program of study by the major department and the Faculty of Graduate Studies before the student may register for them. This permission is granted in the form of a Letter of Permission, which may be obtained by making application to the Registrar's Office.

Transfer credit (courses taken at other universities while registered in a program at the University of Manitoba) is granted as follows: For Master's students, transfer credit must not exceed 50% of the minimum credit hours of coursework required for the program.

*Note:*
Students seeking a Master’s degree from The University of Manitoba must complete at least 50% of their required program coursework at The University of Manitoba.

**Minimum Time Requirement:**
The minimum time for students study in the Master’s program is equivalent to two terms. Most departments require more than this.

**Maximum Time Limits:**
The maximum time allowed for the completion of the Master’s degree except where indicated in specific units is as follows:

*Note:*
Each department may have supplementary regulations for maximum time limits.

- 2 years: Master of Laws
- 3 years: Master of Occupational Therapy (accelerated program)
- 4 years: Master of Physician Assistant Studies
- 5 years: All other Master’s degree and diplomas

Recommendations for extensions of time to complete the degree will be considered on an individual basis and must be approved by the Dean of Graduate Studies at least four months prior to expiration of the respective maximum time limit.

*Note:*
A student who has not completed the degree requirements within the time limit or within the time limit of the extension (see also sections: “Extension of Time to Complete Program of Study” and “Leave of Absence”) will be required to withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to withdraw: time to complete program expired”.

**Lapse of Credit of Courses:**
Courses completed more than eight years prior to the date of awarding of a degree may not normally be used for credit toward that degree.

**Academic Performance:**
Student progress shall be reported at least annually to the Faculty of Graduate Studies on the “Progress Report Form”. Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation by the Department head, to the Dean of Graduate Studies.

**Performance in course-work:**
A minimum degree grade point average of 3.0 with no grade below C+ must be maintained for continuance in the Master’s program. Students who fail to maintain this standing will be required to withdraw unless the Dean of Graduate Studies approves a departmental remedial
Performance not related to Course Work:
Students are required to demonstrate satisfactory academic performance in areas not related to performance in courses, such as attendance at or participation in course lectures, seminars and in laboratories and progress in research, thesis or practicum. The specific nature of satisfactory academic performance is outlined in the departmental Supplementary Regulations and must be reported to the Faculty of Graduate Studies on the ‘Progress Report Form’. Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation of the department head to the Dean of Graduate Studies.

44. Students will be required to attend and participate in all regular seminar classes (HNSC 7200) for the duration of their M.Sc. program. In these seminars students also will have duties as chair, discussant and evaluator, as assigned by the seminar coordinator. In addition to the regularly assigned seminar classes, students will be required to attend up to five departmental seminars outside of the regularly scheduled seminar class periods. The number of seminars will depend on the number of appropriate nutrition related seminars available and the number of class seminars, but the number of class seminars plus outside seminars will not exceed 13 in any given semester. The course coordinator will inform the students of the number of outside seminars required for each term during the course of the term. Students will be notified of approved seminars outside of class as the course coordinator becomes aware of them. If students are unable to attend the announced seminars or wish to attend a nutrition-related seminar not announced in class, alternative seminars may be attended. However, all such seminars for which a student wishes to receive credit must be pre-approved by the seminar coordinator. Students are required to write an abstract (300 words maximum) describing the rationale, hypothesis, objectives, main findings and implications of these outside seminars to receive credit for attending these seminars. The abstract must include the title, speaker's name, and time and place of the presentation. The abstract must be handed in to the seminar coordinator within one week of the seminar. Students will have the duration of the semester to fulfill the outside of class seminar requirements. Note that regular class seminars without a valid, approved excuse with written documentation can NOT be made up. Abstracts are not required for the regularly scheduled seminars, only for outside seminars. Participation in the seminars will account for 30% of the final mark in the seminar course and will be evaluated through attendance record.

Course or Program Changes:
Students are not permitted to change their program of study, including withdrawal from individual courses, without the approval of their advisor and/or advisory committee and Department head. Withdrawal from courses or changes of course category without such approval will result in the student being required to withdraw from the Faculty of Graduate Studies.

45. Deadlines For Graduation:
The final requirements of the degree, in the form of the final report on the thesis/practicum (and the corrected copies of the thesis/practicum); comprehensive examination; or M. Eng. Project, must be submitted to the Faculty of Graduate Studies Office by the appropriate deadline. For those programs that do not have a culminating exercise (thesis/practicum/comprehensive examination/M.Eng. project) the unit must forward potential graduate names to the FGS by the deadline. The deadline for each of the graduation dates is published in the Academic Schedule of the Graduate Calendar. Extensions to these deadlines will be considered in exceptional circumstances only.

46. Academic Requirement for Graduation:

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
A cumulative degree grade point average of 3.0 or greater is required in those courses that constitute the program of study for graduation in the Faculty of Graduate Studies.

### Comprehensive Examination:
The regulations governing comprehensive examinations, where required, are specified in the supplementary regulations of the major department. No student may sit for those examinations more than twice. The results of the comprehensive examinations shall be submitted to the Faculty of Graduate Studies on the appropriate form in the terms ‘approved’ or ‘not approved’.

**Note:**
Any student who receives “not approved” on the comprehensive examination twice will be required to withdraw from the Faculty of Graduate Studies.

### Thesis Proposal/Practicum Plan
Each student is required to develop a thesis proposal/practicum plan in his or her chosen field of study. Normally, the thesis is developed under the mentorship of the advisor/co-advisor. The advisor/advisory committee/department head/grad chair must formally approve the thesis proposal. (Each department may have specific guidelines regarding the theses proposal). Research involving human or animal subjects requires ethical approval prior to initiation of research. Please refer to the appropriate ethics review committee.

### 4.1 Thesis and Practicum Regulations

**General:**
Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis.

**Practicum versus thesis:**
While the practicum differs from the thesis in its emphasis on the application of theory, it is similar in scope, span, and rigor. The weight of work required for the practicum is equal to that required for the Master’s thesis. In general, the practicum takes the form of an exercise in the practical application of knowledge and skill. It usually involves the careful definition of a problem, the application of appropriate knowledge and skills to the problem, and a report of the results in a manner suitable for evaluation by an examining committee. The requirements are specified by the departments concerned.

**Style and format:**
The thesis/practicum must be written according to a standard style acknowledged by a particular field of study and recommended by the major department, be lucid and well-written, and be reasonably free from typographical and other errors.

Copies of the thesis/practicum must be submitted in good, clear type. As long as all copies are clearly legible, the thesis/practicum may be reproduced by a method that is presented in the “Thesis Guidelines Booklet” which is available in the Faculty of Graduate Studies and also available on the web: www.umanitoba.ca/graduate_studies. Minimum paper weight is 16 lb. Bond or equivalent; minimum left margin is 3.8 cm (1.5 inches), other margins are 2.5 cm (1 inch). Wherever possible, these margins should be adhered to for illustrative materials. A thesis guideline booklet is available from the Faculty of Graduate Studies Office for additional information.

**Deadlines and Details for submissions of final copies:**
The Academic Schedule in the Graduate Calendar should be consulted regarding dates by which theses/practica must be submitted. Following the approval of the thesis/practicum by the examining committee and the completion of any revisions required by that committee, the thesis, and where applicable, the practicum, must be submitted to the Faculty of Graduate Studies as follows:
- One single-sided paper copy in unbound form, enclosed in an envelope or

### 48.
A written thesis proposal prepared by the student must be submitted and approved within nine months of start date. It should be signed by the student, the Advisor and the Advisory Committee and submitted to the Dept Head to be placed in the student’s file. It should contain a review of the Literature pertaining to the studies, what is missing from the literature and why this is needed. The research questions or hypothesis and specific objectives must be clearly stated. The proposal must lay out the experimental or scientific design that will be followed. Consideration should be given to the design and the statistical analysis of the study.

### 49.
In addition to the two copies that the University requires (1 unbound copy and 1 e-thesis), 2 bound copies of the thesis (one for the Advisor and one for the Dept.) should be handed in to the Dept office. The full reasonable costs of the thesis, photocopying and binding should be normally charged to the research laboratory. The student will be responsible for the cost of their personal copy.
folder; and
- One digital version submitted as an e-thesis at the MSpace website:

https://mspace.lib.umanitoba.ca/index.jsp

The e-thesis is the official copy. Students are encouraged to review the e-thesis submission requirements prior to creating a digital version. Electronic multimedia files or accompanying files that are part of an e-thesis should be posted to MSpace as separate files.

The paper copy will become a circulating copy. Multi-media material on a CD-ROM may accompany the paper copy. Where possible, the contents of the official electronic version should be replicated in the paper copy.

Both digital and paper copies of the thesis/practicum are required for the University Library and remain the property of the University of Manitoba.

### 4.2 Thesis/Practicum Examination Procedures

**Examining Committee:**
The student’s advisor will recommend a suggested thesis/practicum examining committee to the Department head for approval, which shall then be reported to the Faculty of Graduate Studies Office on the “Master’s Thesis/ practicum Title and Appointment of Examiners” form. The committee must consist of a minimum of three examiners. At least two examiners must be members of the Faculty of Graduate Studies. One examiner must hold a primary appointment from within the major department and one examiner must be external to the department. All examiners must be deemed qualified by the Department Head and willing to serve.

*Note:* The external member should be considered arm’s length to the department. While the definition of “arm’s length” is left to the discretion of the department, be advised that justification may be required by the Faculty of Graduate Studies for this selection.

**Distribution and Examination:**
The head of the major department will arrange for the distribution of the thesis/practicum to the examiners and will notify the Faculty of Graduate Studies Office at the time that the thesis/practicum has been distributed for examination. It is the duty of all examiners to read the thesis/practicum and report on its merits according to the following categories:

- Acceptable without modification or with minor revision(s);
- Acceptable subject to modification and/or revision(s);
- Not acceptable

*Note:* 1. The examining process should be completed within one month of distribution of the thesis/practicum.  
2. A student has the right to an examination of the thesis/practicum if he/she believes it is ready for examination.

**Oral Examination:**
Normally, students must pass an oral examination on the subject of the thesis/practicum and matters relating thereto. The form of the oral examination will be as prescribed by the Supplementary Regulations of the major department. The oral examination shall be open to all members of the University of Manitoba community except in exceptional cases. The oral examination may be closed, for example, when the results of the thesis/practicum research must be kept confidential for a period of time. In such cases, the examining committee and Department head shall recommend such action to the Dean of Graduate Studies who shall then approve that the final examination be closed to all but the examining committee and the Dean of Graduate Studies (or designate).

*Note:* The oral examination will be chaired by a member of the Department appointed by the Department Head after consultation with the advisor. At the oral exam, the students will provide an abstract of the thesis for all members of the audience and give a 20 min presentation highlighting and interpreting the research findings. This is followed by a question period. Members of the Examining Committee will ask the first round of questions, after which questions from the audience will be taken. The examining committee will then have opportunity to further question the student. The examining committee will grant approval based on the written document and the ability of the student.
### Final Approval/Rejection:
Following completion of the examination of the thesis/practicum, examiners will consider the oral examination and the written thesis/practicum to determine the nature of and procedures for approval of any revisions that will be required prior to submission to the Faculty of Graduate Studies. The advisor is normally responsible for ensuring that revisions are completed according to the instructions from the examining committee. The Faculty of Graduate Studies will accept the thesis/practicum only when it is submitted with a signed statement from the advisor that the required revision has been completed.

**Note:**
A student whose Master's thesis or practicum has been rejected twice will be required to withdraw.

### Final Report:
The judgment of the examiners shall be reported to the Faculty of Graduate Studies in the qualitative terms “approved” or “not approved”. Such verdicts must be unanimous, and each examiner must indicate, by his/her signature, concurrence with the verdict. Anything less than unanimity shall be considered a failure. In the case of a failure for the thesis/practicum at the Master's level a detailed written report will be prepared by the Chair and submitted to the Faculty of Graduate Studies, who will make the report available to the candidate and advisor.

The candidate will be recommended for the Master's degree upon the receipt by the Faculty of Graduate Studies of favorable results of the thesis or practicum committee and when the corrected copies of the thesis or practicum are submitted to the Faculty of Graduate Studies, assuming all other program requirements have been met.

### 4.3 Publication and Circulation of Thesis/Practicum:
Every graduate student registering in a thesis/practicum Master’s program at The University of Manitoba shall be advised that, as a condition of being awarded the degree, he/she will be required to grant a license of partial copyright to the University and to the Library and Archives Canada for any thesis or practicum submitted as part of their degree program.

**Notes:**
This license makes the thesis/practicum available for further research only. Publication for commercial purposes remains the sole right of the author.

The forms and conditions pertaining to these license agreements are available at the Faculty of Graduate Studies Office. Note that this and other related regulations may give rise to important questions of law, and students may need additional legal advice on the copyright laws of Canada and/or other countries. Students who wish to obtain legal advice concerning their subsequent rights are advised to do so prior to signing the agreements. Signing of the license agreements is normally done after the contents of the thesis/practicum have been delineated and the importance of copyright and/or patents fully comprehended.

Publication in the above manner does not preclude further publication of the thesis or practicum report or any part of it in a journal or in a book. In such cases, an acknowledgement that the work was originally part of a thesis or practicum at The University of Manitoba should be included.

**Notes:**
**Copyright** – Copyright in theses and practica is protected in international copyright law. A copyright symbol © or (c) is incorporated on a page containing statements of permission to microfilm and to lend copies of the thesis or practicum. After completion, this page should be inserted in the thesis/practicum immediately following the title page. Blank copies of this page are available from the Faculty of Graduate Studies Office.

**Patents** – Refer to the section “Policy of Withholding Theses Pending Patent Applications” in this Guide.

**Restriction of theses or practica for publication** – In exceptional cases, not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the...
Student may request the Dean of Graduate Studies to restrict access, for a period up to one year after submission, of the digital and unbound paper versions of a thesis or practicum submitted to The University of Manitoba. The Dean, in consultation with the student's advisor, shall determine for what period, if any, access will be so restricted.

Library and Archives Canada – A microfiche of the thesis is forwarded to the Library and Archives Canada and is listed in a monthly and annual national bibliography, 'Canadiana', which is published by the National Library.

SECTION 5: General Regulations: Ph.D.

FOR FACULTY-BASED PH.D PROGRAMS, THE DEAN OR DESIGNATE IS THE DE FACTO DEPARTMENT HEAD.

The degree of Doctor of Philosophy is granted only upon evidence of general proficiency and of distinctive attainment in a special field. In particular, a recognized ability for independent investigation must be demonstrated by the candidate in a thesis which embodies original research or creative scholarship and is presented with a high degree of literary skill. It is a research degree and is never conferred solely as a result of coursework study.

These general regulations apply to all students in all departments. Individual departments may have procedures and regulations that supplement these general regulations. All such procedures and regulations must be consistent with these general regulations, approved as specified by the By-Laws of the Faculty of Graduate Studies, published and available to students, and kept on file in the Faculty of Graduate Studies Office.

Admission:
Normally, a Master's degree or equivalent from a recognized university and a cumulative GPA of 3.0 or equivalent in the last two previous years of full time university study (60 credit hours) is the minimum requirement for admission to the Ph.D. program. With special recommendation of the department concerned (please see below), applicants with an honours Bachelor's degree may be considered for entry to Ph.D. study.

Direct Admission from the Bachelor's Honours or equivalent:
Students to be considered for admission to a Ph.D. program directly from the honours Bachelor's degree or equivalent must be outstanding in their academic background (GPA well above 3.0 in the last two full years of undergraduate study). Once admitted, these students must complete at least 24 credit hours of course work and will be assessed Ph.D. fees for 3 years.

Transfer from the Master’s to the Ph.D. program:
Students who have not completed a Master’s program may transfer to the Ph.D. program within the same department upon recommendation to the Faculty of Graduate Studies by the student's major department. The recommendation must be made within 24 months of the student's commencement of the Master's program. The coursework completed in the Master's program would normally become a part of the Ph.D. program, and the number of years spent in the Master's program would be counted as years in the Ph.D. program. Students must complete at least 24 credit hours of coursework. If the transfer occurs within 12 months of the initial registration in the Master's program, the student will be assessed Ph.D. fees for 3 years. If the transfer occurs after 12 months, the student will be assessed Ph.D. program fees for 2 years (as they have already paid fees for the Master's program). Students are cautioned that such transfers may impact on the University of Manitoba Graduate Fellowship duration. The request to transfer from the Master's to the Ph.D. program must be submitted to the Faculty of Graduate Studies at least one month prior to the term for which the student intends to commence the Ph.D. program. The following are required when making the request: The "Application for Admission" form (and application fee); "Ph.D. Selection Committee Report" form, and, in the case where the student does not hold a Master's degree, a memo from the Department Head.

Note:
Where a student with a Master's degree or equivalent is initially admitted and registered in a Master's program; that student may be transferred to the Ph.D. program within the same department on recommendation from the student's advisor and Department head, provided the recommendation is made at the time of admission to the Master's Program (i.e. "Possible transfer to Ph.D. Program within 12 months") and the follow up transfer recommendation occurs.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route).

<td>within 12 months of the initial registration in the Master’s program. In such a case, the application fee is waived and fees assessed towards the Master’s program will be deducted from the full 2 years of Ph.D. program fees.</td>
<td>thesis. In either case, the student will present their data and their PhD proposal to the committee in a 30-45 minute presentation, which will be followed by a question period not to exceed an additional 75 minutes. In addition, all faculty members and graduate students of the Department of HNS are expected to attend this presentation and will have opportunity to question the student. Normally, this presentation will be given to the Department in HNSC 7200 in lieu of a presentation required in HNSC 7200 (normally the poster presentation). The evaluation by faculty members and students of this presentation (as part of the HNSC 7200 course) will be considered by the Department Head and the advisory committee.</td>
</tr>
</tbody>
</table>

**Provisional Admission to the Ph.D.:**
Students nearing completion of the Master’s degree may be accepted provisionally to the Ph.D. program for a 12 month period (commencing with the first registration in the Ph.D. program). Further registration in the Ph.D. program is contingent upon completion of all requirements of the Master’s degree within the 12 months.

*Note:*
Students must maintain continuous registration in their Master’s program until completion. Students will require assistance from the Department or the Faculty of Graduate Studies to complete dual registration in the Master's and Ph.D. program simultaneously.

**Selection Committee:**
Upon receipt of an application, the head of the major department will appoint a selection committee of at least three persons to evaluate the student's qualifications and report on his/her suitability for Ph.D. study. In making admission decisions, departments may also consider such things as the availability of facilities and financial assistance. If acceptance is recommended by the selection committee and approved by the head of the department and the Dean of Graduate Studies, the Faculty of Graduate Studies sends a letter of acceptance to the applicant.

**Student's Advisor/Co-Advisor:**
Every Ph.D. student must have an advisor, appointed by the Department head, whose duties will be to advise the student on a program and courses, direct research, and supervise thesis work. The advisor must be a member of the Faculty of Graduate Studies, be active in research, have expertise in a discipline related to the student’s program and hold a Ph.D. or equivalent. In special circumstances, an advisor and co-advisor, upon approval of the department head may advise a student. The co-advisor must be a member of the Faculty of Graduate Studies. It is the responsibility of the Department head to determine whether faculty members meet these criteria, and to report on equivalency as necessary.

The student’s advisor also acts as a channel of communication to the student’s advisory committee, the major department, and the Faculty of Graduate Studies. Usually the student and the advisor choose to work together by mutual agreement. In departments where the choice of thesis topic advisor are postponed for some time after entry into the program, the Department head or the selection committee shall appoint a faculty member to advise the student as to the rules and regulations and on a program and course requirements in the interim period not to exceed eighteen months before a permanent advisor is chosen.

*Note: When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements). The co-advisors will usually be identified together at the beginning of a student’s program. However, in some circumstances the need for a co-advisor may arise mid-way through a student’s program. In all instances the Faculty of Graduate Studies must be informed of the co-assignment. Both co-advisors’ signatures are required on all documents where the advisor’s signature is required.

**Program Of Study:**
As soon as possible but no later than 24 months after a student has commenced the program, the student’s program of study, which includes information about the minimum time for

---

*Note:*
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

_HSN supp regs approved Sept. 2011_
The advisory committee shall be composed of the advisor (or co-advisors), an internal member from HNS and an external member who is not a member of HNS. The advisor (or co-advisors) shall appoint other members of the advisory committee within 3 months of the start of the PhD program. An advisory committee member (except serving as a co-advisor) must not be a co-applicant on the research grant that is funding the student’s project.

For students entering the program with an MSc in HNS from The University of Manitoba, the course-work requirement will consist of a minimum of 6 credit hours in HNS courses at the 7000 level. Of these 6 credit hours, three will consist of the seminar course Human Nutritional Sciences Graduate Seminar (HNSC 7200, 3 CH). This will result in a total of 18 credit hours being taken in the MSc and PhD programs, if both degrees are taken at The University of Manitoba. Of these 18 credit hours, 15 will be HNS courses.

For students entering the program with an MSc in another discipline or from another university, the course-work requirement will be determined by the HNSGSC. In considering the course-work requirement, the HNSGSC will be guided by the principle that the total number of courses taken in both the MSc and PhD will be the equivalent of 18 credit hours, of which 15 credit hours must be in nutrition (7000 level). A second guiding principle will be that at least three credit hours of the nutrition courses taken (not including seminar courses) will be from areas not directly related to the research area of the student and supervisor (for example a student in Metabolic Nutrition needs to take at least three credit hours in courses designated in the Community Nutrition or Food area).

For students transferring into the PhD from an MSc in the Department of HNS, an additional 6 credit hours in HNS courses (7000 level) are required, so that the total number of credit hours in course-work taken is 18.

**Note:**

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
**Advance Credit:**
Advance credit for courses completed prior to admission to a Ph.D. program will be considered on an individual basis. The student’s major department makes the request to the Faculty of Graduate Studies by completion of the “Recommendation for Advance Credit (Transfer of Courses)” form.

**Note:**
1. Application for advance credit must be made within the first year of the program (see Lapse of Credit of Courses in this section).
2. No more than half of the required course work for the program can be given advance credit from exterior institutions.
3. A course may not be used for credit toward more than one degree, diploma or certificate.
4. The student must register at the University of Manitoba for one academic year as a full-time student and must also complete the thesis at The University of Manitoba.
5. Regardless of the extent of advanced credit received, all students are required to pay the program fee.

**Transfer Credit:**
Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba, but all such courses must be approved for transfer to the program of study by the major department and the Faculty of Graduate Studies before the student may register for them. This permission is granted in the form of a Letter of Permission which may be obtained by making application to the Registrar’s Office.

Transfer credit (courses taken at other universities while registered in a program at the University of Manitoba) is to be granted as follows: For Ph.D. students transfer credit must not exceed 50% of the minimum credit hours of coursework required.

**Note:**
Students seeking a Ph.D. degree from The University of Manitoba must complete at least 50% of their required program coursework at The University of Manitoba.

**Minimum Time Limit:**
The minimum time requirement for the program of study for the degree will normally be two years of study beyond the level of the Master’s degree, or three years beyond the level of a Bachelor’s degree. The student may be permitted to spend one of these years in an approved program of research or study elsewhere. Such permission must be approved by the Dean of Graduate Studies on the recommendation of the student’s advisory committee.

**Maximum Time Limit:**
A student’s candidature shall lapse if he/she fails to complete the degree within seven years following initial registration in the Ph.D. program. For those students who transfer from the Master’s to the Ph.D., years spent in the Master’s program are counted as years in the Ph.D. program. Recommendations for extensions of time to complete the degree will be considered on an individual basis and must be approved by the Dean of Graduate Studies.

**Note:**
A student who has not completed the degree requirements within the time limit or within the time limit of the extension (see also sections “Extension of Time to Complete Program of Study” and “Leave of Absence”) will be required to withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to withdraw: Time to complete program expired”.

**Residence Requirement:**
Two residence periods at the University of Manitoba devoted to full-time graduate study, subsequent to admission into the Ph.D. Program, are required of all students. (For the purposes of the Residence Requirement one residence period is Fall Term, Winter Term or Summer term (May – August) combined.) The student shall be geographically available to visit the campus regularly during these residence periods.

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
### Lapse Of Credit Of Courses:
Courses completed more than eight years prior to the date of awarding of a degree may not normally be used for credit toward that degree.

### Academic Performance:
Student progress shall be reported at least annually to the Faculty of Graduate Studies on the “Progress Report Form”. Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation by the Department head, upon receiving input from the advisory committee, to the Dean of Graduate Studies.

### Performance in course-work:
A minimum degree grade point average of 3.0 with no grade below C+ must be maintained for continuance in the Ph.D. program. Students who fail to maintain this standing will be required to withdraw unless the Dean of Graduate Studies approves a departmental remedial recommendation (refer to the section: Academic Performance – General).

### Performance not related to course work:
Students may also be required to withdraw from their Ph.D. program for reasons of unsatisfactory performance other than those related to failing grades. These include, but are not restricted to, such things as unsatisfactory attendance and lack of progress in research and/or thesis. The student’s advisory committee will make a recommendation for required withdrawal to the Department head. The Department head will then recommend to the Dean of the Faculty of Graduate Studies that the student be required to withdraw for reasons of unsatisfactory academic performance.

### Course or Program Changes:
Students are not permitted to change their program of study, including withdrawal from individual courses, without the approval of their advisor and/or advisory committee and Department head. Withdrawal from courses or changes of course category without such approval will result in the student being required to withdraw from the Faculty of Graduate Studies.

### Deadlines for Graduation:
The final requirements of the degree, in the form of the final report on the thesis (and the corrected copies of the thesis must be submitted to the Faculty of Graduate Studies Office by the appropriate deadline. The deadline for each of the graduation dates is published in the Academic Schedule of the Graduate Calendar. Extensions to these deadlines will be considered in exceptional circumstances only.

### Academic Requirement for Graduation:
A cumulative degree grade point average of 3.0 or greater is required in those courses that constitute the program of study for graduation in the Faculty of Graduate Studies.

### Candidacy Examination:
While the format and content of the Candidacy Exam will vary from unit to unit, the purposes of the Candidacy Exam in doctoral programs is to determine the student’s competence in the discipline with respect to understanding and absorbing a broad spectrum of material, and then researching, identifying, analysing, synthesizing, and communicating ideas about that material in depth.

At the time specified by the advisory committee, normally within the first two years of the Ph.D. program but in no case later than one year prior to expected graduation, the student must take the formal candidacy examination. The format of the candidacy examination may vary with the department.

1. The examination is conducted according to a procedure established by the major department.

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

---

HSN supp regs approved Sept. 2011
II. The candidacy exam will consist of 2 parts:
1. A written work consisting of a complete submission quality research grant proposal.
2. An oral defense of the written work.

III. Candidacy Examination Committee:
The examination committee is to consist of a chairperson, the student’s advisor, two HNS faculty members who are not on the student’s advisory committee and an external member who is neither on the student’s advisory committee nor an HNS faculty member. All committee members must be members of the FGS and (except for the advisor) will be selected by the Head of HNS. The external member will be chosen from a list of three names provided by the student and his/her advisor based on the topic of the written work. The chairperson will supervise all aspects of the examination but will not ask any questions or vote.

IV. Written portion of the exam:
The topic of the written work will be chosen by the student. The topic may be related to, but must be distinctly different from the student’s proposed research. In either format, the student should demonstrate the ability to thoroughly examine a topic with respect to the following: theoretical perspectives, empirical assessment of related research including a critique of methodology, and a critical appraisal of theory and research related to the topic.
The grant proposal will be for a three year project and must use the following headings:
a. Lay abstract (max. 250 words)- not part of the page limit
b. Summary of research proposal (max. 1 page)
c. Current state of knowledge (literature review)
d. Rationale
e. Objectives
f. Experimental approaches
g. Methodology
h. Expected outcome(s),
i. Anticipated significance

The grant proposal must not exceed 10 pages for sections b-i (does not include references, tables, charts and figures). All pages must be numbered sequentially with roman numerals and margins of ¾” (2 cm). Each page must be 8.5” × 11” (21.5 × 28.0 cm) with minimum 12 points font size and typed single spaced page (no condensed type or spacing and maximum 6 lines per inch).

A curriculum vitae must be provided along with the proposal using the Common CV format (http://www.commoncv.net/index_e.html). It will be assumed that this is a first time applicant, but that all equipment needed for the project is available.
The project should represent a significant advancement in the field. In addition, a budget plan must be submitted using the provided spreadsheet document. The candidate will prepare a brief description of the grant proposal for the advisory committee. The
committee will then either approve the topic, or give suggestions for changes that would be required before the written work is prepared. The committee will do this within 2 weeks of receiving the brief description of the grant proposal from the student. Once approved, the Department Head will appoint the examination committee within two weeks. Preparation of the grant proposal should take no more than three months from the time it is approved, and should be given to the examination committee one month prior to the examination date. The examination must be held between 18 and 24 months of starting or transferring into the PhD program and in no case later than one year prior to the expected date of graduation. The candidate should prepare the description of the grant proposal for approval with these deadlines in mind. The grant proposal is the candidate’s intellectual property and the candidate has the exclusive right to it, including the use of it in any future grant application. The grant proposal will be kept in the student’s file in the department and is not available to anyone who does not have access to this file without written consent from the candidate. Candidates are encouraged to discuss the advantages and disadvantages of different experimental approaches with colleagues and with faculty, but the research question, objectives, concepts, theories and methodological approach are to be developed by the candidate.

V. Defense of grant proposal:
The candidate should make an oral presentation (maximum of 20 minutes) of the grant proposal, keeping in mind that the examiners will have read it. The questions by the examining committee will be based on the written document, but will be broad enough to assess all of the objectives in section I, including the ability to think critically about the basic concepts and recent advances in foods and nutrition. Most of the emphasis will be on the research module, and less on the CV and budget modules. Only the student and the examining committee (including the chair) will be present for the examination. Immediately after the defense, the examination committee will evaluate the grant proposal and the defense. In order to pass, the committee must unanimously agree that the grant proposal and the defense are acceptable (i.e. objectives 1-3 in section I have been demonstrated). If there is no unanimity, the committee will decide on the conditions of re-examination. This could include revisions to the grant proposal or preparation of a new grant proposal on a topic that is unrelated to the unsuccessful proposal. If re-examination is required, it must be completed as soon as possible and no later than 3 months after the date of the first examination.

The final outcome of the examination will be communicated to the FGS by the chair of the examining committee, using the appropriate FGS form. A copy of the form also must be submitted to

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

HSN supp regs approved Sept. 2011
### Thesis Proposal

The proposed thesis research must be approved by the advisory committee and, if appropriate, by the Research Ethics Review Committee before the work has begun on the thesis research or project. The recommendation for the thesis research to proceed shall be reported to the Faculty of Graduate Studies on the “Master's/Ph.D. Progress Report” form.

A written thesis proposal must contain the research planned for the program and must be approved by the advisory committee. Approval of the completed thesis proposal must be documented and forwarded to the Faculty of Graduate Studies on the Progress Report Form within 24 months of the student’s initial registration in the program. Some departments may have specific procedures in place for approval of thesis proposals and students are advised to consult their departmental office. **This exercise is independent from the Candidacy Examination exercise.**

### 5.1 Thesis Regulations: Ph.D.

**General:**

An essential feature of Ph.D. study is the candidate’s demonstration of competence to complete a research project and present the findings. The thesis must constitute a distinct contribution to knowledge in the major field of study and the material must be of sufficient merit to be, in the judgment of the examiners, acceptable for publication.

**Style and format:**

The Thesis must be written according to a standard style acknowledged by the particular field of study and recommended by the major department, be lucid and well-written, and be reasonably free from typographical and other errors.

Copies of the thesis must be submitted in good, clear type. As long as all copies are clearly legible, the thesis may be reproduced by any method acceptable to the Faculty of Graduate Studies. Minimum paper weight is 16 lb. Bond or equivalent; minimum left margin is 3.8 cm (1.5 inches), other margins are 2.5 cm (one inch). Wherever possible, these margins should be adhered to for illustrative materials. A thesis guideline booklet is available from the Graduate Studies for additional information.

Policies and procedures for the inclusion of published papers within the doctoral theses are governed by the supplementary regulations of individual departments. The following are the general policies and procedures of the Faculty of Graduate Studies:

- The candidate’s specific contribution to each paper (in case of multiple-authored papers) must be clearly indicated.
- An abstract, full introduction, and conclusions must be included;
- Where more than one manuscript is included, connecting text and common abstracts, introduction, and conclusions must be included.
- There must be adherence to all other requirements as outlined in Thesis Guidelines.

### Deadlines and Details for submission of final copies:

The Academic Schedule in the Graduate Calendar should be consulted regarding dates by which theses must be submitted.

Following the approval of the thesis by the examining committee and the completion of any revisions required by that committee, the thesis must be submitted to the Faculty of Graduate Studies as follows:

- One single-sided paper copy in unbound form, enclosed in an envelope or folder; and
- One digital version submitted as an e-thesis at the MSpace website: 
  [https://mspace.lib.umanitoba.ca/index.jsp](https://mspace.lib.umanitoba.ca/index.jsp)
The e-thesis is the official copy. Students are encouraged to review the e-thesis submission requirements prior to creating a digital version. Electronic multimedia files or accompanying files that are part of an e-thesis should be posted to MSpace as separate files.

The paper copy will become a circulating copy. Multi-media material on a CD-ROM may accompany the paper copy. Where possible, the contents of the official electronic version should be replicated in the paper copy.

Both digital and paper copies of the thesis are required for the University Library and remain the property of the University of Manitoba.

### 5.2 Thesis Examination Procedures

**Final Examination For The Ph.D. Degree:**

Once the thesis along with the “Ph.D. Thesis Title and Appointment of Examiners” form is submitted to the Faculty of Graduate Studies, the final examination for the Ph.D. degree proceeds in two stages:

1. Examination of the candidate's thesis. Prior to the examination of the thesis, the advisor shall furnish a written statement that, in his/her opinion, the thesis is (or is not) ready to be examined by completing the “Ph.D. Thesis Title and Appointment of Examiners” form.

2. Oral examination of the candidate on the subject of the thesis and any matters relating thereto.

**Note:**

A candidate has the right to an examination of the thesis if he/she believes it is ready for examination.

A thesis may not be formally submitted for examination more than twice.

### Formation of the Examining Committee

**University of Manitoba (Internal) Examiners:**

The advisory committee chair, in consultation with committee members, will recommend to the head of the major department the names of at least three internal thesis examiners, to be forwarded to the Dean of Graduate Studies for approval. These names shall include the student’s advisor and two other persons, one of whom must hold a primary appointment within the major department and one of whom must hold a primary appointment outside the major department. All internal examiners must be members of the Faculty of Graduate Studies. In normal circumstances these internal examiners will be members of the student's advisory committee.

**External examiner:**

A distinguished scholar with particular experience in the field of the thesis research shall be chosen as the external examiner. The student’s advisory committee shall make the selection, and the advisor should then make an informal inquiry as to the prospective external examiner’s willingness to serve. If so, a nomination is then made by the head of the major department to the Dean of Graduate Studies. The external examiner must be from outside The University of Manitoba and the Dean of Graduate Studies makes the formal invitation to the external examiner.

**Note:**

The external examiner should: hold a Ph.D.; hold an appointment with a recognized university or be a recognized scholar in their field; have no affiliation with the student or the advisor. The external must be considered at arm’s length to the department and the University of Manitoba. While the definition of “arm’s length” is left to the discretion of the department, be advised that justification may be required by the Faculty of Graduate Studies for this selection.
### Changes in the examining committee:
The Dean of Graduate Studies must also approve changes in the membership of the examining committee. No changes shall be made in the examining committee after the thesis is distributed by the Faculty of Graduate Studies to the committee for examination.

*Note:*
Should the thesis not be submitted for examination within 12 months after the appointment of the examining committee, the committee appointment will lapse and a new appointment shall be necessary.

### Distribution of the Thesis For Examination:
Sufficient copies for distribution to each member of the examining committee must be submitted to the Faculty of Graduate Studies Office in un-bound form, with each set enclosed in a separate envelope or folder. Each copy must be prefaced by an abstract of the thesis which includes the title, the author's name, and a brief summary of the results. It must be in a form acceptable to the student’s advisor.

*Note:*
It is the responsibility of the Faculty of Graduate Studies to distribute the thesis to all of the examiners.

### Responsibilities of the Examiners

**Internal Examiners:**
Each internal examiner (except the candidate’s advisor), within one month of the receipt of the thesis, shall submit to the Dean of Graduate Studies a written report (with a copy to the head of the major department) giving an evaluation of the thesis, noting its merits, deficiencies (if any) and, if appropriate, revisions. The report shall contain a statement as to whether or not the student may now proceed to the oral examination. The thesis shall be placed into one of the following categories:

1. The thesis represents a distinct contribution to the candidate’s field of research and it is acceptable as it stands (or with minor revisions to either content, structure, or writing style. (The thesis has not received final approval, but the candidate may proceed to their oral examination).
2. The thesis has merit since it makes a contribution to the candidate’s field; however, there are research-related concerns that have the potential to be dispelled in the oral examination. The structure and writing are acceptable or require only minor revisions. (The thesis has not received final approval, but the candidate may proceed to their oral examination).
3. The thesis has some merit, but it is not acceptable in its current state since it requires major revisions to one or more of its core components, viz., research content, structure, and writing style. (The candidate has failed attempt and cannot proceed to the oral examination.)
4. The thesis is unacceptable with respect to its core components, viz., research content, structure, and writing style. (The candidate has failed attempt and cannot proceed to the oral examination.)

*Note:*
1. The placing of the thesis into category (1) or (2) above does not mean that the thesis has received final approval.
2. The placing of the thesis into either category (3) or (4) constitutes a failure.

**External Examiners:**
The Dean of the Faculty of Graduate Studies will request the external examiner to give a detailed report on the merits and deficiencies of the thesis as well as an overall evaluation. The external examiner shall be asked to report on his/her findings in the same categories as those used by the internal examiners. The advisor and the student must submit a declaration to the Faculty of Graduate Studies that neither party has performed collaborative research work with the external examiner within the last five years.

The external examiner is requested to present the report to the Dean of Graduate Studies within one month of the receipt of the thesis. Adequate time must be allowed for the transmission of the report.
thesis and the receipt of the report.

The attendance of the external examiner at the candidate’s oral examination is encouraged, but is not required.

Note:
If the external examiner is not going to be present at the examination, the Dean of the Faculty of Graduate Studies will request him/her to submit questions and the expected answers to the questions to be posed to the candidate at the time of the examination. Normally, the Chair of the Examining Committee will pose the questions to the candidate and the candidate will not receive the questions prior to the examination.

<table>
<thead>
<tr>
<th>Approval For Advancement to the Oral Examination:</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Faculty of Graduate Studies must receive all examiners' reports (internal and external) at least two weeks prior to the intended date of the oral examination.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Guidelines For Advancement to the Oral Examination</th>
</tr>
</thead>
<tbody>
<tr>
<td>When considering the candidate’s advancement to the final oral examination, the committee of internal examiners shall use the following guidelines:</td>
</tr>
</tbody>
</table>

1. If all the reports place the thesis in category (1) or (2), advancement to the oral examination shall be automatic. The Dean of Graduate Studies shall send copies of all category (1) or (2) reports to each of the internal thesis examiners and also to the student.

2. If one or more of the reports place the thesis in category (3) or (4), the Dean of Graduate Studies shall send copies of all the reports to each of the internal thesis examiners and the Department Head. Two copies of all the reports are sent to the Advisor who shall provide one copy to the student. The committee of internal examiners should strive to provide the advisor and the candidate with specific advice about the nature and scope of the revisions required and any other pertinent matters (such as the time that should elapse before the thesis will be accepted for reconsideration).

3. In the unlikely event that the internal examiners judge an unfavorable report by an external examiner to be unwarranted, they may recommend, through the head of the major department, that the Dean of Graduate Studies submit the thesis to a second external examiner.

<table>
<thead>
<tr>
<th>Requirements Prior to Oral Examination</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduling: The examination will normally be held at either the University of Manitoba Fort Garry or Bannatyne Campus. Exceptions must have the unanimous agreement of all committee members. Normally, the oral examination shall be open to all members of The University of Manitoba community and shall be held at The University of Manitoba. In exceptional cases the final oral examination may be closed, for example when the results of the thesis research must be kept confidential for a period of time. In such cases, the advisory committee and Department head shall recommend such action to the Dean of Graduate Studies who may then approve that the final oral examination be closed to all but the examining committee and the Dean of Graduate Studies (or designate).</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Student Information:</th>
</tr>
</thead>
<tbody>
<tr>
<td>At least two weeks prior to the oral examination, the student must submit to the Faculty of Graduate Studies the following information:</td>
</tr>
</tbody>
</table>

- Biographical Data – outstanding points in career, awards, etc.
- List of degrees obtained – where and when
- List of the student’s publications
- The exact title of the thesis
- An abstract of the thesis (not more than 350 words)

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
### List of the student’s publications

**Note:**
The above documentation should be submitted in electronic form.

### Notice of Examination:
Except in the case of a closed examination and provided the information is received in sufficient time to meet publication deadlines, a notice of the student’s oral examination will be posted on The University of Manitoba website. In addition, memoranda will be distributed by the Faculty of Graduate Studies Office to all members of the department concerned. Note that students and faculty members who are not members of the examining committee are invited and encouraged to attend oral examinations but are not permitted to participate in the formal questioning.

### Oral Examination:
A student must pass an oral examination on the subject of the thesis and matters relating thereto before he/she may obtain the Ph.D. degree. An oral examination committee consisting of not fewer than four persons shall conduct the examination. One of these shall be the Dean of Graduate Studies or his/her representative who shall be Chair. The other members shall normally be the thesis examiners.

### Format of the Examination:
The first part of the oral examination shall consist of an oral presentation by the candidate to include a summary of the salient points of the research within a time span of 25 to 30 minutes. This is followed by the questioning and examination of the candidate by the examination committee, that is normally about one and one-half hours but in no case longer than two hours.

The Chair may exercise discretion in inviting questions from guests.

### Procedures For The Conduct Of The Examination:
Before the candidate and guests are admitted to the examination room, the Chair should discuss the examination procedures with the examiners.

The Chair will introduce the candidate and request him/her to give a concise (25 to 30 minutes) oral presentation of the thesis to include a summary of the problems studied, the results and the conclusions.

Following the presentation, the Chair will invite questions from each member of the examining committee, taking care to ensure that each examiner has approximately equal time for questions. Normally, the question period should not exceed one and one-half hours.

It is the responsibility of the Chair to pose questions raised by the external examiner (if not in attendance).

The Chair may exercise his/her discretion in allowing questions from guests following completion of the formal examination.

**Note:** Once assuming the role of Chair, s/he foregoes the right to comment on the merits of the thesis whether or not s/he is an expert in the field.

### Decision of the committee:
Following completion of the formal examination, the candidate and spectators are required to withdraw from the examination room. The examiners will consider their report and will also determine the nature of and procedures for approval of any revisions that will be required prior to submission of the thesis. The committee may exercise its discretion on such matters as who must approve the required revisions, time limits for completion, the necessity for a second oral examination, and any other such matters. It shall be the responsibility of a designated member of the oral examination committee (normally the advisor) to ensure that all such revisions are completed before the copies of the unbound thesis are submitted to the Faculty of Graduate Studies Office for binding. The candidate will be recommended for the Ph.D. degree when the thesis, accompanied by a signed statement from the advisor that the required revisions are completed, is submitted to the Faculty of Graduate Studies, providing all other degree requirements have been satisfied.

**Note:** Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*HSN supp regs approved Sept. 2011*
Report of the committee:
The final judgment of the examiners on the thesis and the oral examination shall be reported to the Dean of Graduate Studies in the terms ‘approved’ or ‘not approved’. An approved verdict must be unanimous, and each examiner must indicate, by his/her signature, concurrence with the verdict. In the case of a failure for the thesis at the Ph.D. level a detailed written report will be prepared by the Chair and made available to the candidate and also submitted to the Faculty of Graduate Studies.

Note:
A student who receives a failure on either the thesis or the oral examination twice shall be required to withdraw from the Faculty of Graduate Studies.

5.3 Publication and Circulation of Theses:
Every graduate student registering in a Ph.D. program at the University of Manitoba shall be advised that as a condition of being awarded the degree, he/she will be required:

1. To grant a license of partial copyright to the University and to the National Library of Canada for any thesis submitted as part of the degree program.

Note:
This license makes the thesis available for further research only. Publication for commercial purposes remains the sole right of the author.

2. To provide a copy of the abstract for Dissertation Abstracts International and to authorize publication of the abstract in that publication. The forms and conditions pertaining to these license agreements are available at the Faculty of Graduate Studies Office. This and other related regulations may give rise to important questions of law and students may need additional legal advice on the copyright laws of Canada and/or other countries. Students who wish to obtain legal advice concerning their subsequent rights are advised to do so prior to signing the agreement. Signing the license agreements is normally done after the contents of the thesis have been delineated and the importance of copyright and/or patents fully comprehended. Publication in the above manner does not preclude further publication of the thesis or any part of it in a journal or in a book. In this case, acknowledgement should be made that the work was originally part of a thesis at The University of Manitoba.

Notes:
Copyright - Copyright in theses and practica is protected in international copyright law. A copyright symbol © or (c) is incorporated on a page containing statements of permission to microfilm and to lend copies of the thesis or practicum. After completion, this page should be inserted in the thesis/practicum immediately following the title page. Blank copies of this page are available from the Faculty of Graduate Studies Office.

Patents – Refer to the section “Policy of Withholding Theses Pending Patent Applications” in this Guide.

Restriction of theses for publication - In exceptional cases not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the student may request the Dean of Graduate Studies to restrict access, for a period up to one year after submission, of the digital and unbound paper versions of a thesis submitted to The University of Manitoba. The Dean, in consultation with the student's advisor, shall determine for what period, if any, access will be so restricted.

Library and Archives Canada – A microfiche of the thesis is forwarded to Library and Archives Canada and is listed in a monthly and annual national bibliography, 'Canadiana', which is published by the National Library.

SECTION 6: Policy Of Withholding Theses Pending Patent Applications

In 1970 the Board of Governors and Senate approved a policy on accepting research grants from outside agencies. This policy defined the right of agencies to defer release of information and thus ensure freedom of publications for research findings of University personnel. Occasionally, the University may also wish to restrict the release of a thesis pending patent...
application. This policy statement parallels the previous one in that it de-fines the right of the University to defer the release of a thesis and thus ensures freedom of publication for the research findings of a graduate student.

This situation may arise in two circumstances which are defined below and both of which are governed by the same set of regulations.

When a research project is known to contain patentable items as defined in the research contract, then it is the responsibility of the advisor to give written information of the restrictions on publication to the student prior to the start of the thesis research. If the student agrees to carry out the re-search, then the regulations given below will apply.

Where a patentable item is found during the course of research, then the advisor and the student may make application for patent rights through the University Patent Committee, and the following regulations will apply concerning the release of the thesis.

**Regulations Concerning Release Of A Thesis During Application And Negotiation For Patents:**
The Dean of Graduate Studies will receive the approved thesis and copies of it as required by the Faculty regulations. On written joint request of the advisor and the student, the Dean will keep the thesis and copies of it in his/her office for a period up to one year.

For further information, reference should be made to the thesis copyright license.

### SECTION 7: Extension Of Time To Complete Program Of Study

All requests for extensions will normally be dealt with administratively and reported, in summary form, to the Executive Committee of Graduate Studies for information. Requests for an extension are reviewed by the Faculty of Graduate Studies on a case by case basis. The extension time requested must closely reflect the time required to complete the program. More than one extension period may be considered, but the total time for all extensions will not normally exceed two years. Requests for extension must be accompanied by a realistic timeline that has been agreed upon by the student and supervisor and endorsed by the Dept. Head. Students granted extensions may be asked to enrol full-time during the period of the extension and may also be required to meet contingencies or carry out remedial work to be associated with the extension. The student must complete the ‘request for extension form’ and submit it to his/her major department for recommendation to the Faculty of Graduate Studies at least four months prior to the deadline date for completion of program requirements.

### SECTION 8: Leave Of Absence

#### Regular Leave:
A Regular Leave is intended to allow students to meet family, travel or employment responsibilities or plans and circumstances not covered by the Parental or Medical/Compassionate leaves. At the request of a graduate student, the Head of the student’s department may recommend to the Dean of Graduate Studies that a student be granted a leave of absence for a period of time not to exceed one year. While on leave of absence, a student would not be expected to maintain study and/or thesis research work. Students on Regular Leave of Absences will be required to maintain continuous registration and pay the appropriate - Continuing fee. If a student has Tuition Fees (as opposed to Continuing fees) owing at the time of the granting of the Leave, the Tuition Fees will be deferred until the student returns from leave, however, the Continuing fee will be levied.*

A Regular Leave of Absence status does not extend the time limits as outlined in the Faculty regulations.

*Program Fees: The Continuing fee in effect at the time of the granting of the leave will be levied. However, if the student returns from leave in January, the normal Tuition Fee will be levied less the Continuing fee already paid.

#### Exceptional Leave:
In exceptional circumstances for medical or compassionate reasons (e.g. the need to care for an ailing relative), at the request of the graduate student, the Head of the student’s department may recommend to the Dean of Graduate Studies that a student be granted an exceptional leave of...
absence for a period of time not to exceed one year. While on leave of absence for exceptional reasons, a student is not permitted to maintain study and/or thesis research work, would not be required to maintain continuous registration, nor pay tuition fees. In addition, the leave period would not be included in the time period allowed for the completion of the degree. This leave is not intended to cover circumstances related to travel, employment or other financial concerns.

**Fees:**
Students are not expected to pay fees for the term in which they have been granted an exceptional leave. Upon return from the exceptional leave students will be assessed fees as determined by the Registrar’s Office.

**Parental Leave:**
A graduate student who is bearing a child or who has primary responsibility of the care of an infant or young child immediately following a birth or adoption of a child is eligible for parental leave. The request should be made through the student’s department, normally for a leave of four to twelve months. Leaves of other duration will be considered on an individual basis. Where possible, students doing course work should coordinate their requests with the beginning of an academic term. While on leave of absence for parental reasons, a student is not permitted to maintain study and/or thesis research work. The leave period is not included in the time period allowed for completion of the degree.

**Fees:** Students are not expected to pay fees for the term in which they have been granted an parental leave. Upon return from the parental leave students will be assessed fees as determined by the Registrar’s Office.

**Note:**
At the time of approval of an application for leave, the procedures for the return of the student to the department at the completion of the leave must be stipulated.

**Awards And Leave Of Absence:**
Students granted exceptional or parental leave would retain the full value of a University of Manitoba Graduate Fellowship or other award whose terms and conditions are established by the Faculty of Graduate Studies. Such an award will be suspended at the onset of the leave and reinstated at the termination of the leave period (4 to 12 months) provided that the student returns to full time study at that time.

**Note:**
Other awards will be paid according to the conditions established by the donor or granting agency.

**Graduate Student Vacation Entitlement:**
Students are entitled to three weeks vacation throughout a 12-month period.

**SECTION 9: Appeals – Procedures And Guidelines**

**General:**
Students who disagree with a decision have access to the appeal routes as laid out by the various Faculty of Graduate Studies and University of Manitoba appeal processes.

There are several areas of appeal which are open to graduate students: academic; discipline; admission; and administration, (e.g. Fee appeals). You may refer to this section of the Faculty of Graduate Studies Academic Guide and the University of Manitoba Governing Documents [http://www.umanitoba.ca/admin/governance/governing_documents/index.html](http://www.umanitoba.ca/admin/governance/governing_documents/index.html).

The Executive Committee of the Faculty of Graduate Studies, through its Appeal Panel, by delegation from the Faculty Council, is empowered to deal with student appeals from departmental recommendations or Faculty of Graduate Studies actions, provided the departmental appeal process has dealt with the matter. These student appeals should be directed to the Dean of Graduate Studies. A decision of the Faculty of Graduate Studies Appeal Panel is appealable only to the Senate Committee on Appeals.

**Academic Appeals:**
In terms of qualifying examinations, candidacy examinations, thesis examinations, and any other academic matters, departments make recommendations for action to the Faculty of Graduate Studies. In the first instance, any appeal of a department’s recommended action should be handled through the departmental appeal process, which is outlined in the department’s supplementary regulations. Appeals stemming from departmental actions on academic matters (e.g., failure in a course) will be heard by the Faculty of Graduate Studies Appeal Panel only after they have been dealt with by the appropriate departmental-level appeal process. The Appeal Panel will handle an appeal of Faculty of Graduate Studies actions.

These student appeals should be directed to the Dean of the Faculty of Graduate Studies within the appropriate timelines. A decision of the Appeal Panel is appealable only to the Senate Committee on Appeals (see University of Manitoba Governing Documents: Students: Policy: Academic Appeals Procedures and Guidelines).

### Consideration of an Academic Appeal

**The hearing panel shall consider an appeal:**

- Only if the grounds for the appeal stem from an examining committee or departmental action and only after an appeal has been heard by the body responsible for appeals in the department concerned (unless the action being appealed is one taken by the Faculty of Graduate Studies).
- This is understood to include decisions taken by individuals or committees acting in the name of a department of the Faculty of Graduate Studies and also to the supplementary regulations pertinent to a department’s operation which have been approved by the Faculty of Graduate Studies;
- If there is some evidence that a department or faculty regulation has been unfairly or improperly applied;
- If there is apparent conflict between Faculty of Graduate Studies' policy and a department regulation; and/or
- Other circumstances that warrant special consideration.

**Note:**

It shall be the responsibility of the appellant to indicate clearly and specifically the grounds warranting consideration of the appeal.

When a hearing panel determines that there are insufficient grounds to proceed with an appeal hearing it shall report its reasons to the Dean of Graduate Studies.

### Academic Appeal Deadlines:

**General:**

An appeal of action taken by any department or administrative unit, committee, administrator or faculty member within the Faculty of Graduate Studies must be sent by the student to the Dean of Graduate Studies within 15 working days of the date when the student was informed in writing of the action to be appealed. All appeals must be submitted in writing. No oral appeals are accepted.

Appeal Of Term Work: Students are encouraged to discuss matters relating to grading of term work with their instructor in the first instance. Further appeals of grades on academic term work shall be directed, by the appellant, to the department responsible for the course within 10 working days after the grades for term work have been communicated to students. Following receipt of the appropriate appeal form and evidence of payment of the refundable appeal fee, the department shall consider the appeal and provide a decision within 15 working days.

**Appeals To Senate:**

As per the University of Manitoba Governing Documents: Students: Policy: Appeals Procedures and Guidelines (Procedures: 4.), “Appeals to the Senate Committee on Appeals shall be filed with the University Secretary within twenty (20) working days after the mailing of the notice of decision from which the appeal is made. The Chair of the Senate Committee on Appeals shall have discretion to extend this deadline if he/she determines that there are special circumstances which justify or excuse the delay.”

Discipline Appeals:

The specific jurisdiction of each of the Disciplinary Authorities is outlined in: University of Manitoba Governing Documents: Students: Bylaw: Student Discipline. See 2.3.3.: Table 1.
Jurisdiction of Disciplinary Authorities.

When the appeal is against a disciplinary decision made by the Faculty of Graduate Studies, the appeal routes and procedures as outlined in the following shall prevail: University of Manitoba Governing Documents: Students: Procedures: Student Discipline.

If the appeal is from a decision of the Dean of the Faculty of Graduate Studies the appeal statement shall be delivered to the Dean of the Faculty of Graduate Studies on behalf of the Local Discipline Committee (L.D.C.)

If the appeal is from a decision of the L.D.C., the official statement shall be delivered to the Secretary of the University Discipline Committee (U.D.C.) with a copy to the Dean of the Faculty of Graduate Studies.

Discipline Appeal Deadlines:
If a student wishes to appeal a decision to any group or body, the notice of appeal must be delivered in writing to the appropriate person(s) within five working days of the student being notified of the decision from which the student intends to appeal.

Appeal Of Violation/Penalty:
As per section 2.7.2 of the University of Manitoba Governing Documents: Students: Procedures: Student Discipline

The Student shall clearly indicate in the notice of appeal whether they are appealing the decision on:
(a) The finding of facts;
(b) The disposition determined by the disciplinary authority; or
(c) Both (a) and (b).

Limitations on Appeal Rights:
Students who disagree with a decision have access to the appeal routes as laid out by the various Faculty of Graduate Studies and University of Manitoba appeal procedures. Student appeals may be limited by the scope of the inquiry available at each level and category of appeal, as well as the time limitations for submission of appeals.

A further limitation is that the Faculty of Graduate Studies rules and regulations, established to uphold the academic rigour of the University of Manitoba, are generally not subject to appeal unless an appeal route is otherwise stipulated. In situations where no appeal route is available, a student may make a written request to the Dean.

Procedures

Academic:
All appeals shall be submitted in written form to the Dean of Graduate Studies. The Dean may, on consideration, attempt first to reach an informal solution. If that is judged by the Dean to be inappropriate or unfeasible, a hearing panel will be formed. Hearings shall be held in closed session unless at least one party requests an open hearing and all parties to the appeal agree to the request.

The Dean shall inform the appropriate Department head of the nature of the appeal, forward a copy of the student’s written submission, and request a written response to the appeal within ten working days. A hearing panel will be struck and a meeting set by the Dean of Graduate Studies as soon as possible after receipt of the written response from the department.

The appellant shall receive, through the Dean of Graduate Studies, the response of the department at least one week prior to the date set for the hearing of the appeal. Notices of the hearing shall be sent by the Dean of Graduate Studies to the individuals affected, giving the specific time and place for a hearing.

All documentation that the hearing panel will consider shall be made available through the Dean of Graduate Studies Office to both the student and the Department Head in advance of the meeting. No additional materials may be presented at the time of the hearing. In the case where a request is made to submit additional materials, the Chair shall postpone the hearing and allow no more than ten working days for the other party to respond to the new materials.
Each petitioner and appropriate Department head (or delegate) shall have the right to appear before the hearing panel and to call witnesses that he/she wishes to appear before the panel. It is the responsibility of the party calling witnesses to ensure that the witnesses are informed of the date and time of the hearing. The Dean of Graduate Studies shall be notified not less than four working days prior to the hearing of the names of all witnesses that are to be called.

The student shall be advised by the Dean of Graduate Studies of the right to appear in person or to be represented by the Student Advocate or a fellow student or other full-time member of the University community not receiving payment for appearing, or working for legal aid. In addition, if the student wishes, one member of his/her immediate family, and a lawyer, may be present, but only as observers who do not participate. At least four working days prior to the hearing, the Dean of Graduate Studies must be notified of any persons to be accompanying the appellant.

Both appellant (and/or representative) and Department head (and/or representative) are entitled to cross-examination of any and all witnesses.

All members of a hearing panel shall participate in all of the deliberations essential for the determination of the matter in dispute. If, in the course of hearing an appeal, a member is not present at the commencement of the hearing or a member cannot continue, the panel may elect to proceed in the absence of that member. If more than one member is not present at the commencement or cannot continue, the hearing panel must adjourn.

As a first item of business in dealing with any appeal, the hearing panel shall consider (in closed session):

- Whether there are sufficient grounds to proceed with the appeal hearing any requests it has received to holding an open session, and if so, determine what parts of the hearing shall be open.

Normally the appellant and the Department head and/or their representatives will be present during the presentation of the other’s case. During the hearing, the appellant or the Department head may request a change in the open or closed nature of the hearing, at which time the hearing panel shall determine its procedures.

The hearing panel may request the appellant or any other parties to appear or provide additional information in a particular case before reaching a decision.

All parts of the meeting required to deliberate or determine resolution of the appeal shall be held in camera.

The Dean of Graduate Studies shall inform, in writing, the appellant and the Department head concerned of the disposition of the appeal, the reasons for the decision, and of whatever action may result. The further right of appeal to the Senate committee on appeals should be indicated, along with any appropriate time limits.

**Disqualification:**
Any member of the Appeal Panel shall be disqualified from hearing an appeal who:
- Is a faculty member or a student in the Department (School or Faculty) in which the appellant is registered;
- Was, as an individual, or as a member of a committee or board, responsible for making the decision being appealed.

**Other Appeals**

- **Discipline:**
  Please refer to University of Manitoba Governing Documents: Students: Procedures: Student Discipline
- **Admission Appeals:**
- **Fee Appeals:**
  Please refer to the Registrar’s Office webpage on fee appeals:
  http://umanitoba.ca/student/records/fees/830.htm To initiate the Fee Appeal procedure, the student completes a Fee Appeals form, available online or in the Registrar’s Office, 400
