

**Department of Plant Science  
Advanced Plant Science Seminar Schedule Winter 2019  
Carolyn Sifton Lecture Theatre  
130 Agriculture Building**

All Plant Science seminars are held on Thursdays at 3:30 pm (coffee at 3:00 pm) unless otherwise noted

<b>Date</b>	<b>Presenter</b>	<b>Seminar Title</b>
<b>January 10</b>	<b>Dr. Xuehua Zhang</b> , Discovery Scientist, Bayer Canada <b>Pratisara Bajracharya</b> , Pesticide Minor Use and Regulatory, Manitoba Agriculture	Early career paths of plant science graduates
<b>January 17</b>	<b>Ms. Anastasia Kubinec</b> , Manager, Crop Industry Development Manitoba Agriculture, Carman, MB	Manitoba Crop Production – Where is the “Average Year?”
<b>January 30*</b>	<b>Mr. James Frey</b> , Diversification Specialist, Manitoba Agriculture	Topic: Manitoba Agriculture Diversification Centres
<b>January 31</b>	<b>Mr. James Tucker</b> , PhD student	Application of Biotechnological Tools for Breeding Increased Resistance to <i>Fusarium</i> Head Blight and Lower Deoxynivalenol Content in Two-row Barley
<b>February 7</b>	<b>Dr. Genyi Li</b> , Associate Professor Dept. of Plant Science, University of Manitoba	Sequence information of R genes allows us to know more details of resistance to canola clubroot, blackleg and sclerotinia diseases
<b>February 14</b>	<b>Dr. Steve Shirtliffe</b> , Professor, Dept. of Plant Science, University of Saskatchewan	TBD
<i>Winter term break Feb 18-22</i>		
<b>February 28†</b>	<b>Dr. Tim Crews</b> , Land Institute	TBD
<b>March 7</b>	<b>Dr. Christof Rampitsch</b> , Research Scientist in Cereal Proteomics, Agriculture and Agri-Food Canada and Adjunct Professor, Dept. of Plant Science, University of Manitoba	TBD
<b>March 21</b>	<b>Dr. Kyle Bobbiwash</b> , Assistant Professor and Indigenous Scholar, Dept. of Entomology, University of Manitoba	TBD
<b>March 28</b>	<b>Mr. Anjan Neupane</b> , PhD student	TBD
<b>April 4</b>	<b>Ms. Jia Sun</b> , PhD student	TBD

*\*Special seminar on Wednesday, January 30 at 1:15 pm in Room 218 Plant Science (coffee at 1:00 pm)*

*† Special seminar hosted by the Plant Science Graduate Student Association with sponsorship from the Faculty Endowment Fund*
