Celebration time!

Congratulations to our newest Senior Scholar, Dr. Warren Eaton

We’re hiring!

Interviews and research presentations will be held with candidates for the tenure-track position in Applied Behavior Analysis:

Wed. Feb. 4, 10:30: Dr. Toby Martin, St. Amant, *The Science and Practice of Knowledge Translation: An Approach to Applied Behaviour Analysis Research*

Mon. Feb. 9, 9:30: Dr. Darlene Crone-Todd, Salem State University, *The Complexity of Knowledge Translation: Considerations for Research and Application in Behavior Analysis*

Fri. Feb. 13, 10:30: Dr. Nicole Neil, Queen’s College, City University of New York, *Is More Better? Optimizing Intervention for Children with Down Syndrome*

We will also be holding a late afternoon reception for each candidate on the above dates – arrive between 3:30-4:00. It’s all happening in P412 Duff Roblin.

Congratulations to Kristene Cheung on receiving the Women’s Health Research Foundation of Canada Scholarship
Morena Miljkovic – I am a Master's student in Applied Behaviour Analysis. I am working with Dr. C.T. Yu to compare different service models for children with autism. My outside interests include yoga, wine, and travelling.

Laura Sander – I completed my B. A. (Hons.) in psychology at the University of Manitoba. My thesis addressed the approachability of strangers’ faces. After two years of front-line experience with children with Autism Spectrum Disorder and other special needs, I am returning to complete my School Psychology comprehensive Masters degree. I enjoy exploring the wilderness of Manitoba and playing soccer and dodgeball.

Katryna Schell – I started my university career at the University of Winnipeg, graduating with a B.Sc. (Hons.) degree in Biopsychology. I'm currently in the comprehensive school psychology program. I have five brothers and am the only girl in my family. My outside interests include being social with friends, watching movies and fashion.

Dina Tabatabaei - My area is brain and cognitive science. I am working with Dr. Tammy Ivanco on neuro-inflammation in an animal model of Fragile X syndrome. My undergraduate study was at Allameh University in Tehran, Iran, in Clinical Psychology. I am interested in travelling, camping with friends, and working out at the gym.

Michelle Ward - I attained my Honours degree from the University of Manitoba last spring. I am currently in the School Psychology Masters thesis program, working with Dr. Janine Montgomery to explore the social and emotional profiles of adolescent girls and young women with ASD. I have my black belt in judo. In my spare time I enjoy painting, reading, and watching Netflix.
