The Department of Psychology at The University of Manitoba invites applications for a full-time tenure track position at the rank of Assistant Professor in Applied Behaviour Analysis commencing July 1, 2015. The successful candidate is expected to have a Ph.D., to be certified or eligible for certification by the Behavior Analyst Certification Board® (BACB), and to have a record of excellence in teaching and research, including publications in applied behaviour analysis and/or the experimental analysis of behaviour. The successful candidate will be expected to maintain a productive research program, teach a combination of graduate and undergraduate courses in our BACB-approved course sequences, supervise graduate and honours students, and participate in service-related activities.

The position is offered in partnership with St.Amant and the St.Amant Research Centre. The successful candidate will be expected to serve half-time as a faculty member in the Department of Psychology and half-time as a researcher at the St.Amant Research Centre. The Centre embraces the highest standards of methodology, integrity, ethics, and social impact, and is dedicated to conducting world-class collaborative research with direct application to policy, practice, and the well-being of people with developmental disabilities, autism, or acquired brain injuries. The successful candidate will be expected to serve on the Research Committee, by appointment of the Centre’s Board, and to contribute to development of the Research Centre toward its current goals in the areas of knowledge translation, community engagement, and education and capacity-building. Applicants who demonstrate the best academic fit with the Department of Psychology and the St.Amant Research Centre, and meet the other qualifications for the position, will be given priority.

The Department of Psychology is the largest academic unit in the Faculty of Arts at the University of Manitoba. We have 38 faculty members, 12 support staff members, and over 130 graduate students. The Department of Psychology is currently the only one in Canada that offers a BACB-approved course sequence leading to a Ph.D. We boast approximately 37,000 square feet of space for offices, laboratories, and classrooms. We are a research intensive department and research facilities are housed in over 100 dedicated research rooms.

The University of Manitoba is the province’s largest, most comprehensive post-secondary educational institution. More than 28,000 students from all over the world currently study in a wide range of programs in the arts, sciences, and professions. Research is a priority at the University of Manitoba and the success of its faculty in securing substantial research support in national and international competitions attests to this fact.

St.Amant is a comprehensive resource for Manitobans with developmental disabilities, autism, and acquired brain injuries. It is a not-for-profit organization that provides a wide range of programs and services that support individuals and families across the
The St. Amant Research Centre was formally established in 2006 in partnership with the University of Manitoba.

Winnipeg offers a vibrant arts community, affordable housing, diverse cultural institutions, festivals, and entertainment. Residents of Winnipeg enjoy a multitude of parks and trails. A short trip outside of Winnipeg reveals the geographical diversity of Manitoba, with ample opportunities for many leisure activities.

The appointment may begin on or after July 1, 2015. The starting salary will reflect the qualifications and experience of the chosen candidate. Both the University of Manitoba and St. Amant encourage applications from qualified applicants, including members of visible minorities, Aboriginal peoples, persons with disabilities, people of all sexual orientations and genders, and others who may contribute to further diversification of the University and St. Amant. All qualified candidates are encouraged to apply. Other factors being equal, Canadians and permanent residents will be given priority.

Applications for this position must include a letter of application (including a statement of teaching and research interests and approach), a curriculum vitae, and a sample of published research. Candidates should also include evidence of effective teaching, where available. As well, three confidential letters of reference must be received directly from the applicant’s referees.

Applications and letters of reference should be sent to Dr. Dan Bailis, Head, Department of Psychology, University of Manitoba, P407 Duff Roblin Building, 190 Dysart Road, Winnipeg, Manitoba, R3T 2N2. Inquiries by telephone (204-474-6378) or Email (Dan.Bailis@ad.umanitoba.ca) are welcome.

Application materials, including letters of reference, will be handled in accordance with the Freedom of Information and Protection of Privacy Act (Province of Manitoba). Review of applications will begin on December 1, 2014 and will continue until the position is filled. Please note that application materials will be provided to participating members of the search process.
