REQUIRED READINGS

Available through a course-specific online reserve site (details to be provided). You are encouraged to access additional supplemental materials as needed to ensure your understanding of material presented in the in-class lectures.

OVERVIEW AND OBJECTIVES

In this course we will examine sociological approaches to aging, with a focus on Canada. After participating, you will be able to think sociologically about aging and articulate linkages between individual aging experiences and broader political, economic, socio-cultural, demographic and historical contexts. You will have the opportunity to critically examine your own assumptions as we address common misconceptions about older adults and the aging process. After completing this course you will also be able to identify and discuss key social issues, policies and practices affecting the well-being of older persons and perpetuating age-based social inequalities. Throughout the course, we will address the intersection of age with gender, ethnicity and socio-economic status.

PREREQUISITE

[a grade of "C" or better in SOC 1200 (077.120) or the former SOC 1201 (077.120)] or [a grade of "C" or better in both SOC 1211 (077.121) and SOC 1221 (077.122)].

**ASSIGNMENTS and EXAMS**

**INDIVIDUAL PROJECT (30\% of your mark)** You have a choice of THREE possible project options:  
\textbf{a)} A sociological analysis of a local seniors service or organization (including site visit);  
\textbf{b)} A sociological analysis of a life history interview with an older person (which you will conduct); or  
\textbf{c)} A sociological analysis of a movie about aging or old age. Further details on each of the assignments will be provided during the first week of class. **DUE Monday, November 19\textsuperscript{th}**

**IN-CLASS QUIZZES on Assigned Readings (3\% x 10 = 30\% of your mark).** On the Monday class of each week, you will complete a multiple choice/short answer quiz covering assigned readings for that week. The best 10 of 11 will count towards your mark (i.e., you could skip one if you prefer). Quizzes cannot be ‘made up’ with the exception of medical circumstances (requiring a note from a physician).
MID-TERM EXAMINATION (10%). All material covered in lectures, assigned readings, and class activities (including documentaries) up to the date will need to be reviewed for this exam. Format: short answer questions. **November 2nd**

FINAL EXAMINATION (3 hours) = 30%. Cumulative – i.e., addresses all material covered in lectures, assigned readings, and class activities (including documentaries). Format: both short and long-answer questions. **Date: to be announced**

**ADDITIONAL INFORMATION**

**Grade Distribution:** University of Manitoba Senate Policy #1307 requires a “post-examination review of final grades in multi-sectioned courses that will ensure an equitable correspondence between grades and level of performance in all sections.” Accordingly, the final grade distribution in this course may be raised or lowered to achieve this equity and, therefore, your final grade may be changed.

**Grading Scheme:** A+=90% and above; A=80-89%; B+=76-79%; B=70-75%; C+=66-69%; C=60-65%; D=50-59%; F=under 50%.

**Statement of Consequences of Missed Tests:** Missed tests cannot be taken at a later date, unless a valid note from your doctor is provided within 1 week of the scheduled test. Requests for other special consideration must be made well in **advance** and/or supported by appropriate documentation. If a make-up test is approved, you must attend at the scheduled time. Failure to complete a test will result in a mark of zero for that test.

**Statement of Consequences of Late Assignments:** Late assignments will not be accepted or graded. In exceptional circumstances an extension may be granted, provided you receive my permission in **advance**. Documentation (such as a doctor’s note in the case of injury or illness) may be required.

**Campus and Disability Services:** If you are experiencing difficulties with your studies or assignments, or have a disability or illness which may affect your course of study, you should discuss these issues with your instructor and/or one of the following Student Affairs offices as soon as possible: Disability Services; Student Counselling and Career Centre; University 1; Learning Assistance Centre.

**Faith Holidays:** I should be notified of your intended absence at least three weeks in advance, where special arrangements are needed to avoid jeopardizing your studies.

**Disruptions:** Disruptions due to excessive talking or early departures are especially distracting in large classes. Be **considerate and respectful** of the needs and rights of your classmates. Persistent disruption may result in disbarment from the course. Any student with a legitimate reason for leaving class early should inform the instructor at the beginning of class.

**Academic Integrity:** Students should acquaint themselves with the University’s policies on “Personation at Examinations” and “Plagiarism and Cheating” found online under “Section 8” in “University Policies” at the University of Manitoba’s Academic Calendar and Catalog (www.umanitoba.ca/calendar). Also see the “Academic Integrity and Student Conduct” tutorials at [http://umanitoba.ca/student/advocacy](http://umanitoba.ca/student/advocacy). The Faculty of Arts reserves the right to submit student work that is suspected of being plagiarized to Internet sites designed to detect plagiarism.
