

Driving through Ukraine, one comes across roadside crosses, figures of the Mother of God or saints, tiny chapels and other monuments, many of them are a testament to the deep spirituality of the people who erected and cared for them. Dr. Svitlana Kukharenko will shed light on this tradition and its significance in an illustrated presentation on the subject.

Dr. Svitlana Kukharenko has a PhD in Ukrainian Folklore from the University of Alberta. Currently, she is a joint Post - Doctoral Fellow at the University of Manitoba with the Department of German and Slavic Studies and the Centre for Ukrainian Canadian Studies.
