IMPORTANT INFORMATION

A21 Early Years Year 2 (Term 3) School-based Courses – Fall 2019

This information is being provided on behalf of the Instructors of **EDUB 4010 Pedagogy for Sustainable Well-being: Science, Mathematics and Social Studies (Mr. Neil Dempsey)** and **EDUB 4012 Pedagogy in Multiple Literacies: Children as Meaning Makers (Dr. Melanie Janzen)**

All Year 2, Early Years students with full-time status in the After Degree B.Ed. program will be taking two mandatory 6 credit hour courses during the fall term. A portion of these courses will be taught in early years schools in the Seven Oaks School Division. You will be working closely with teachers and children at each school; however the expectations of these school-based courses are different than the practicum courses.

Information about the locations and times for each course is provided below and more specifics will be shared during your first week of classes. To help you prepare for these courses, please review the websites for each school and make some tentative plans for how you will travel to each location. We will allow class time for students to discuss carpooling possibilities.

**EDUB 4010 Pedagogy for Sustainable Well-being: Science, Mathematics & Social Studies (6cr.)**
