The Faculty of Graduate Studies academic guide contains all the rules and policies pertaining to
the Faculty of Graduate Studies. Adherence to these rules is of utmost importance for the
effective functioning/operation of programs and for guiding and monitoring the progress of
students. The integrity of the process is at stake. The major goal of this guide is to prevent
potential problems that may affect the completion of a student’s program. It is the responsibility
of students and the unit offering a graduate program to read and follow the policies contained
herein.

All regulations as laid out in the Faculty of Graduate Studies Academic Guide are subject to
revision by the appropriate bodies of the Faculty of Graduate Studies. This compendium is
presented as the most recent set of regulations as a guideline for students and staff. Regulations
may vary from one department or program to another. Individual departments may have
additional regulations that supplement these general regulations. All such supplementary
procedures and regulations must be approved as specified by the By-Laws of the Faculty of
Graduate Studies, be published and available to students, and kept on file in the Faculty of
Graduate Studies Office.

For those programs that are administered through a Faculty (as opposed to a Department) the
term “Department” should be substituted by “Unit” within this document (i.e. Department Head
becomes Unit Head.)

PREFACE

The Faculty of Graduate Studies is a pan-University faculty charged with the oversight of the
administration of all graduate programs at the University. Therefore these regulations apply to all
graduate students in all programs in all academic units. Individual units may require specific
requirements above and beyond those in the following document, and students should consult
unit supplemental regulations for these specific regulations. All unit supplemental regulations
require approval of the Faculty of Graduate Studies.

Definitions

The “Dean of the Faculty of Graduate Studies” shall be taken to mean the Dean of the Faculty of
Graduate Studies or designate.

“Unit” shall be taken to mean the academic unit where the graduate student is pursuing his/her
studies. Generally, this is the department. For Faculty-based programs, the Dean is the de facto
Head of the unit. The term “unit” shall also include Schools of Faculties within the University.
The Dean of the Faculty of Graduate Studies is the de facto Head of interdisciplinary programs
administered by the Faculty of Graduate Studies. The Head of any unit may designate any of
his/her responsibilities in this policy to another member of the unit, such as the Graduate Chair.

Section 1: Application, Admission, and Registration Policies

1.1 Application and Admission Procedures

The application (and all required documentation) is to be submitted directly to the Faculty of
Graduate Studies. Applicants should contact the department to which they are applying for
the procedures, requirements and departmental application deadlines in effect.

1.1.1 Process:

1.1.1 (a) A completed official application for admission form must be submitted, together with the

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program
route (i.e. Comprehensive Examination route)
application fee and supporting documentation, to the Faculty of Graduate Studies.

**NOTE:** International students must pay special attention to the appropriate requirements with respect to transcripts (see application form for details).

1.1.1 (b) Applications are subsequently reviewed by the unit offering the program which will decide whether the applicant meets the unit’s criteria including, but not limited to, space, facilities, and advisors.

1.1.1 (c) Notification of recommended/rejected applications is sent by the Head of the unit to the Faculty of Graduate Studies. Applications recommended for admission are checked to determine if they meet the Faculty of Graduate Studies’ eligibility requirements. The Faculty of Graduate Studies then notifies applicants of their acceptance or rejection.

### 1.1.2 Deadlines for Recommended Applications (from Departments to the Faculty of Graduate Studies)

The following are the deadlines for receipt by the Faculty of Graduate Studies of recommendations from graduate units. Individual units may have earlier deadlines.

<table>
<thead>
<tr>
<th>Session</th>
<th>Start Date</th>
<th>Canadian/US</th>
<th>International</th>
</tr>
</thead>
<tbody>
<tr>
<td>FALL</td>
<td>September</td>
<td>July 1</td>
<td>April 1</td>
</tr>
<tr>
<td>WINTER</td>
<td>January</td>
<td>November 1</td>
<td>August 1</td>
</tr>
<tr>
<td>SUMMER</td>
<td>May</td>
<td>March 1</td>
<td>December 1</td>
</tr>
</tbody>
</table>

**IMPORTANT:** Applicants are required to submit the application and documentation to the Faculty of Graduate Studies for an earlier deadline than those listed above. Applicants are advised to confirm the deadline of the unit to which the application is being made. Contact information for each unit can be found at [http://umanitoba.ca/faculties/graduate_studies/admissions/index.html](http://umanitoba.ca/faculties/graduate_studies/admissions/index.html)

The deadlines are meant to accommodate the needs of students in securing appropriate documentation. Late applications may be considered for the next available start date.

### 1.1.3 Application Fee

A $100.00 (CDN) fee must accompany admission applications from all Canadian, Permanent Resident or International applicants. If submitting a paper application, a $120.00 (CDN) fee must accompany the admission application.

### 1.1.4 Transcripts

If admitted, applicants must arrange for official transcripts from all post-secondary institutions attended to be sent to the University of Manitoba. **Applicants must ensure that the original transcripts bearing the university seal or attested copies are sent directly from their issuing university to the Faculty of Graduate Studies.** In cases where the transcript does not/will not clearly state that a degree has been conferred, an official degree certificate must accompany the transcript. It is important that the transcript(s) arrive as soon as possible to coincide with the arrival of the application upon admission.

### 1.1.5 Transcripts: International

Where academic records from a country other than Canada are produced in a language other than English, applicants must provide an official English translation or a certified copy of the transcript.

---

**Email:** pdsgradp@umanitoba.ca

All applications should be submitted electronically to the Faculty of Graduate Studies (FGS) at [http://umanitoba.ca/faculties/graduate_studies/admissions/index.html](http://umanitoba.ca/faculties/graduate_studies/admissions/index.html)

**Internal Unit Application Deadlines or statements such as “one month earlier than FGS deadlines”:**

**Student Start Date:**
- **Orthodontic Program:** last week of June
- **Pediatric Dentistry Program:** July 2nd

**Deadlines for Applications:**
- **Canadian/US citizens & permanent residents:** September 1st of the previous year
- **International applicants:** June 1st of the previous year

Orthodontic program: Due to potential long delays in attaining a Canadian Visa to enter Canada for the purposes of attending an on site interview, international applicants will be reviewed during the months of June and July and if suitable applicants are selected, an invitation letter will be sent in early August to facilitate visa issuance.

International applicants who have not received travel visas to enter Canada at the time of the scheduled interview will not be considered.

Orthodontic program: There is a supplemental fee of $50

---

**Note:**

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
than English, the applicant must arrange for the submission of official literal translations of all
records. To be official, original language documents and English translations must arrive
together in envelopes which have been sealed and endorsed by the issuing institution.

### 1.1.6 Transcripts: University of Manitoba

University of Manitoba students are not required to submit University of Manitoba transcripts.

### 1.1.7 Proficiency in English

A successfully completed English Language Proficiency Test from the approved list is required of
all applicants unless they have received a high school diploma or university degree from Canada
or one of the countries listed on the English Language Proficiency Test Exemption List (see next
section). If applicable, this score is required as a basis for admission and applicants will NOT be
accepted pending receipt of an acceptable score. Documented proof of either of the above must
be submitted with the application for admission. **Please note:** scores more than two years old
are not acceptable.

Thresholds required for successful completion are indicated in parentheses. Note: Some units
may require a specific test or test scores greater than those indicated below:

- University of Michigan English Language Examination Assessment Battery (MELAB) (80%)
- Test of English as a Foreign Language (TOEFL)– Paper-based test (550); Internet
  based -iBT (80)
- Canadian Test of English for Scholars and Teachers (CanTEST) (band 4.5 in listening
  and reading and band 4.0 in writing and oral interview)
- International English Language Testing System (IELTS) (6.5)
- Academic English Program for University and College Entrance (AEPUCE) (65%)
- Canadian Academic English Language Assessment (CAEL) (60 overall and 60 on
  each subset)

**Note:** In addition, foreign language students may be asked by the unit to complete the CanTEST
prior to or following registration in the Faculty of Graduate Studies and, if need be, the unit may
recommend remedial measures in language skills based on the results of the CanTEST.

### 1.1.8 English Language Proficiency Test Exemption List

Applicants holding secondary school diplomas and/or university degrees from certain countries,
where the language of instruction if English, are exempt from the English Language Proficiency
Test requirement. A list of additional countries exempt from the English Language Proficiency
Test can be found at [http://umanitoba.ca/faculties/graduate_studies/admissions/english_exemption_list.htm](http://umanitoba.ca/faculties/graduate_studies/admissions/english_exemption_list.htm)

### 1.1.9 Letters of Recommendation

Letters of Recommendation are submitted electronically through the online application system. If
recommendation forms are required, please contact the Faculty of Graduate Studies Office,
graduate.studies@umanitoba.ca. If submitting hard copies, recommendation letters must be
received in individually sealed envelopes with the referee’s signature across the closing flap of
the envelope.

Generally, two Letters of Recommendation must be submitted to the Faculty of Graduate
Studies. Applicants should check with the unit to which they are applying as some units require
more than two Letters of Recommendation.

### 1.1.10 Admission Tests

Some units require admissions tests, such as the Graduate Record Examination (GRE) or the
Graduate Management Aptitude Test (GMAT). These requirements are listed in the
supplemental regulations of the particular unit, and if required, the scores must be submitted at
### 1.1.11 Entrance Requirements

The minimum standard for acceptance into any category in the Faculty of Graduate Studies is a 3.0 Grade Point Average (GPA) or equivalent in the last two previous years of full-time university study (60 credit hours).

### 1.1.12 Eligibility of University of Manitoba Staff Members

A staff member at the University of Manitoba at the rank of Assistant Professor or above is not eligible to apply for admission to a graduate program in the unit in which the appointment is held.

### 1.2 Registration Procedures

#### 1.2.1 Registration

Undergraduate students are not allowed to register in graduate courses; that is, admission to the Faculty of Graduate Studies is a condition for registration in courses at the 6000 level and above.

All graduate students must initially register in the term specified in their letter of acceptance as specified in the Academic Schedule of the Graduate Calendar. Any student not registering by registration deadline for the term specified in their letter of offer will be required to re-apply for admission. In exceptional circumstances and with prior approval from the unit, a student may defer registration for up to one term following acceptance into the Faculty of Graduate Studies. In the case of international students, admission may be deferred, with prior approval from the unit, for up to one year following acceptance.

**All programs must be approved by the Head of the major unit or designate.** Approval to take courses from units outside the major unit must be obtained from the outside unit.

The approval or denial of admission and registration to two programs rests with the Dean of the Faculty of Graduate Studies in consultation with the unit concerned. The approval/denial must be submitted to the Faculty of Graduate Studies prior to the student’s admission/registration.

Where a student does register in two programs, the student must declare themselves as part-time in at least one of the programs. Students should note that completing a graduate program as a part-time student will affect their eligibility for the University of Manitoba Graduate Fellowship (UMGF) and may limit other funding possibilities.

<td></td>
</tr>
<tr>
<td><strong>1.1.12 Eligibility of University of Manitoba Staff Members</strong></td>
<td>Any student who does not register by the required start date of the program, will not be accepted into the program and will be required to re-apply for consideration in a subsequent year. Acceptance in a subsequent year is not guaranteed.</td>
</tr>
<tr>
<td>A staff member at the University of Manitoba at the rank of Assistant Professor or above is not eligible to apply for admission to a graduate program in the unit in which the appointment is held.</td>
<td>A non-refundable deposit of $5,000 is required at the time of acceptance into the program. This deposit must be received within 14 days of receiving the notice of acceptance. If the non-refundable deposit is not received by the 14 day deadline, the student will not be accepted into the program and will be required to re-apply for consideration in a subsequent year. The next applicant on the waiting list will be offered the position. Acceptance in a subsequent year is not guaranteed.</td>
</tr>
<tr>
<td><strong>1.2 Registration Procedures</strong></td>
<td>The graduate programs in the Department of Preventive Dental Science do not permit deferral of admission. Successful applicants who cannot register and start the program on the normal start date will lose their deposit and will be required to re-apply for a subsequent year. Acceptance in a subsequent year is not guaranteed.</td>
</tr>
<tr>
<td><strong>1.2.1 Registration</strong></td>
<td>All candidates who are offered a position in the graduate programs in the Department of Preventive Dental Science must provide an up to date immunization record in order to register and attend classes. Failure to do so will result in the withdrawal of the offer. The deposit will not be refunded.</td>
</tr>
<tr>
<td>Undergraduate students are not allowed to register in graduate courses; that is, admission to the Faculty of Graduate Studies is a condition for registration in courses at the 6000 level and above.</td>
<td>All candidates who are offered a position in the graduate programs the Department of Preventive Dental Science must provide a copy of current license with the Manitoba Dental Association (MDA). New 1st year students MUST be licensed prior to any patient contact. Students not having a current MDA license will not be allowed to treat patients causing a delay in their program and therefore may have their program extended. Incoming students are responsible for ensuring that they attain license with the MDA within the first 3 days prior to the program start date. In order to be licensable, incoming 1st year students require up-to-date CPR certification and a letter of good standing from their current licensing jurisdiction. <strong>Orthodontic Program applicants require:</strong> a Manitoba Dental Association License (Annual Student License), and a copy of CPR (Basic Rescuer).</td>
</tr>
</tbody>
</table>

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

Page 4 of 48

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
### Pediatric Dentistry Program applicants require:
- a Manitoba Dental Association License (Annual General Practitioner License),
- a copy of CPR for Health Care Providers

Concurrent registration in another program is not permitted.

### 1.2.2 Re-Registration

Any student whose program of study extends for more than one year must re-register in both the fall and winter terms of each succeeding year of his/her program until a degree is obtained (or in the case of pre-Master’s students, their program is completed). **Failure to re-register will result in the discontinuation of his/her graduate status.** A student who has been discontinued and would like to be considered for continuation in a program must apply for re-admission, which is not guaranteed. The re-registration requirement does not apply to occasional students, visiting students, pre-Master’s students or students on an Exceptional or Parental Leave of Absence (please refer to “Leave of Absence”, Section 8 of this Guide).

The notation ‘Discontinued Graduate Program’ will be placed on the academic record of any graduate student who has failed to maintain continuous registration.

### 1.2.3 Registration Revisions

For designated periods subsequent to registration, approved revisions may be made. It is required that students adhere to dates and deadlines as published in the Academic Schedule of the Graduate Academic Calendar.

**Note:** Graduate students are not permitted to withdraw from courses without written permission from their unit Head on recommendation from their advisor/advisory committee. The notation “Required to Withdraw” will be placed on the academic record of any graduate student who has withdrawn from courses without such approval.

### 1.2.4 Advisor Student Guidelines

All students in thesis/practicum programs, in consultation with their advisor, are required to complete the Advisor Student Guidelines as soon as possible after registration but no later than at the time of submission of the first Progress Report. The Advisor Student Guidelines form is available through JUMP.

### 1.2.5 Western Deans’ Agreement

This agreement was established in 1974 as an expression of co-operation and mutual support among universities offering graduate programs in western Canada. Its primary purpose is the reciprocal enrichment of graduate programs throughout western Canada. This agreement is not intended to preclude other agreements between participating institutions.

1.2.5.1 The Western Deans’ Agreement normally provides an automatic tuition fee waiver for visiting students. Graduate students paying normal required tuition fees to their home institution will not pay tuition fees to the host institution.

1.2.5.2 Program fees are always to be paid to the home institution, regardless of coursework taken at another institution. Students may be required to pay student, activity, application, or other ancillary fees to the host institution, according to general policies in effect at the host institution. Wherever possible, these fees will also be waived.

1.2.5.3 Students will qualify for the fee waiver if they:

a) present the "Authorization Form: Western Deans' Agreement" signed by the Dean or
designate and the unit Head or advisor of a participating Western institution specifying the
courses to be taken for credit toward a graduate degree program at their home institution;

b) are in good standing in a graduate program at the home institution;

c) have paid all current and back fees at the home institution.

1.2.5.4 Students must meet all requirements as prescribed by the host university’s regulations,
deadlines, class capacities, and course prerequisites.

1.2.5.5 Registration is possible in courses at both the graduate and undergraduate levels, and in
credit courses offered through distance education or other means. To be eligible, courses must
be an integral part of the applicant’s graduate degree program. Fee waiver is not permitted for
audit or non-credit courses.

1.2.5.6 Students must have the Authorization Form approved by the relevant unit Head and the
Faculty of Graduate Studies at the host institution at least two weeks prior to the commencement
of the course(s) requested. The fee waiver is not available retroactively.

1.2.5.7 Students are subject to regulations of the home institution governing credit for the
courses to be undertaken. As a condition of registration at the host institution, students will
arrange for official transcripts from the host institution to be sent to the home institution
confirming successful completion of courses selected.

1.2.5.8 Students must send confirmation of registration and notice of any change to the graduate
Records Office of the home institution at the time of registration or course change is completed.

1.2.5.9 Students may not claim fee waivers under the terms of this Agreement for a period of
more than 12 months in total.

1.2.5.10 Each institution has its own regulations regarding the maximum number of transfer
credits permitted in a given degree program. A list of the participating Universities can be found
at http://wcdgs.ca/

1.3 Course Classifications

1.3.1 General Classifications

Students who register through Aurora Student Information System (Aurora Student) must also
have prior approval of the unit Head or designate. Students registering through Aurora Student
should add only those courses that are a Major course in their program. Courses with Auxiliary
“X”, Audit “A”, or Occasional “O” status (see below) must be added by the unit.

“X” Auxiliary course: Course is not a major requirement of the program but is required by the
student’s advisor.** Extra courses that are not part of the Master’s or Ph.D. program but which
are specified and required by the student’s advisor, may be classified as X (Auxiliary) and the
grade will not be included in the degree GPA which appears on the transcript. However, X
course grades may be used in the calculation of the GPA for continuation in the program and a
minimum grade requirement may be required for X coursework by the unit. (Please consult the
individual unit’s supplemental regulations.) Additionally, X courses are used in the calculation of
the GPA for the purposes of Admission and Awards. (The University of Manitoba Graduate
Fellowship (UMGF) and International Graduate Student Scholarship (IGSS) use X courses in the
calculation of the GPA.) The student’s advisor and unit Head must determine if there is a valid
need for the registration in courses under the X classification. A maximum of 12 credit hours
under the X course classification is permitted while registered in a given program.

“A” Audit course: Course is not taken for credit. No grade is recorded. Additional fees will be
charged.

Auxiliary courses are recommended by the respective Program Director (Orthodontics and
Pediatric Dentistry) and approved by the Department Head.

Pediatric Dentistry Program

Students are required to take NATV 1200 as part of their program and the course classification is ‘Auxiliary’. Grades are assigned for the course but are not part of their program GPA.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
“O” Occasional course: Course is not a requirement of the program. Additional fees will be assessed.

**Note:** Changes in course classifications are regarded as course/program changes and may not be made without approval (refer to the “Registration Revision” section of this Guide) or after the deadline dates for course changes as indicated in the Academic Schedule of the Calendar.

**1.3.2 Continuing Courses (CO)**

For those graduate level courses (6000, 7000, and 8000) which are being taken by students enrolled in the Faculty of Graduate Studies and which continue beyond the normal academic term, the instructor shall recommend that a mark classification of “CO” be used until such time as a final grade can be established. If the course is not completed by August 31, the student must re-register for the course(s).

In the absence of an assigned mark of “CO”, the student may receive a mark of “F” in that term.

**Note:** A CO will normally not be permitted longer than twelve months. In exceptional circumstances, where a CO grade is requested for a second twelve months, at the time the CO grade is submitted, the instructor and unit Head must also submit the “Recommendation for Continuing Status of a Course” form stating the reason for the CO and the deadline by which the course must be completed.

**Orthodontics Program:**

The following courses extend over a 3 year period, due to the clinical nature of the courses:

- PDSD 7020 – Mechanics of Orthodontic Therapy – 6 credit hours
- PDSD 7060 – Cephalometric Analysis – 3 credit hours
- PDSD 7070 – Biology of Orthodontics and Facial Orthopaedics – 3 credit hours
- PDSD 7040 Clinical Craniofacial Growth and Development – 3 credit hours

For these courses, instructors will recommend a mark classification of “CO” for the entire 3-year period until completion at the end of the clinical program. Students are required to take any mid-term, or annual tests, attend seminars and complete any clinical requirements in place for the course in accordance with the course outline. Students are required to meet progress deadlines set in the course outlines in all 3 years of the program.

**1.3.3 Incomplete Courses**

Students who are unable to complete the term work prescribed in a course may apply to the instructor prior to the end of term for consideration of a grade classification of “Incomplete”. It is understood that the student is to write the final examination if one is scheduled for the course.

Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor shall calculate the temporary grade using a zero value for incomplete work.

Normally, the following maximum extensions are allowed:

- August 1st for courses terminated in April
- December 1st for courses terminated in August
- April 1st for courses terminated in December

If a final grade is not reported within one month of the extension deadline, the Incomplete (I) classification will be dropped and the grade will remain as awarded. The student will no longer have an opportunity to improve the grade. In no case will the satisfaction of the incomplete requirements result in a lower grade being awarded.

**1.4 Student Status/Categories of Students**

**1.4.1 Full-Time And Part-Time Students**

Graduate students who are participating in studies on a regular basis in an academic term and/or are registered in the academic year are considered to be full-time students. Graduate student

**Note:** New calculation of full time equivalency of part-time status

The graduate programs in the Department of Preventive Dental Science do not accept part-time students.

---

_PDS Supplemental Regulations Approved by FGS March 23, 2015_
status is not determined by the number of credit hours taken per term. Therefore, such students who spend much of the time in a laboratory or library engaged in research or writing a thesis/practicum, or who spend part of the academic year engaged in research elsewhere, are regarded as full-time students.

Student status should be determined by the student and advisor/co-advisor, and changes must be requested on the “Change of Status” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html). The form must be approved by the unit Head and submitted to the Faculty of Graduate Studies.

Declaration of full/part time status must be made prior to the end of the registration revision period in the Fall and/or Winter terms and within one month of the start of the Summer term.

For every full year (twelve months) a Master’s student is declared as part time they will receive an additional four months in time to complete their program. For every two years (24 months) a Master’s student is declared as part time they will receive an additional year (12 months) in time to complete their program. For every two years (24 months) a Ph.D. student is declared as part time they will receive an additional four months in time to complete their program. Retroactive status changes will not be made.

1.4.2 Pre-Master’s Or Qualifying Students

In specific cases where the academic background of the student is judged to be insufficient for the given program in a unit, the unit may recommend that the student be admitted to a pre-Master’s program of study. The pre-Master’s program is intended to bring the student’s standing to approximately the level of an Honours graduate in the major unit, and to provide any necessary prerequisites for courses.

1.4.3 Occasional Students

A student wishing to take graduate courses with no intention of applying them toward an advanced degree at the University of Manitoba is classified as an occasional student. Occasional students must meet the same degree and grade point average entrance requirements as regular graduate students and must write final examinations in the courses taken (unless audited), but will not receive credit toward a degree. In special circumstances, an occasional student may apply for permission to proceed to a degree program and also apply for transfer, for credit, of courses previously taken in the occasional category. Note:

1. Transfer of courses from the “occasional” category to a degree program is not automatic: request for advance credit must be made within the first year of a degree program.

2. Fees paid by a student while registered as an occasional student are not transferable, at a later date, to a degree program.

3. Registration in the occasional student category can be for no more than one academic year without reapplication.

4. At least 60% of coursework per academic year must be taken at the graduate level while registered as an occasional student.

1.4.4 Joint Masters (With the University of Winnipeg)

The University of Manitoba and the University of Winnipeg offer four joint Master’s programs: History, Religion, Public Administration, and Peace and Conflict Studies. The University of Manitoba Faculty of Graduate Studies is responsible for the administration of the joint programs, and students must complete the regular University of Manitoba application and registration forms. Students taking pre-Master’s qualifying work for these programs register at the university where the courses are being taken.

Note:

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
1.4.5 Visiting Students

Visiting students are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university. Visiting students must submit an application form, along with a $100.00 (CDN) application fee, in addition to copies of transcripts from all institutions attended and a successfully completed English Language Proficiency Test from the approved list, if applicable. Applications should be submitted to the Faculty of Graduate Studies prior to the start of the intended term of study.

SECTION 2: Academic Performance - General

2.1 General Note

Students are ultimately responsible for ensuring that they meet all degree and program requirements. The advisor (and if appropriate co-advisor), advisory committee, and unit must ensure that each student follows the guidelines and meets the program requirements. The Faculty of Graduate Studies performs a final check of program requirements for each student just prior to graduation. Students are cautioned, therefore, to periodically check all regulations with respect to the degree requirements. Failure to meet all the requirements will render a student ineligible to graduate.

Units may make recommendations with respect to the regulations concerning minimum academic performance; however, enforcement of academic regulations rests with the Faculty of Graduate Studies. The following procedures apply to recommendations made by units:

The unit is responsible for informing the Faculty of Graduate Studies when a student's performance is unsatisfactory in research or coursework and the unit must outline any recommended remedial action(s).

The unit must notify the student of the deficiency and of its recommendation.

If the student fails to satisfy any remedial action recommended, the student may be required to withdraw from the Faculty of Graduate Studies.

Note:

When a graduate student is required to withdraw from a program of study, the notation on the academic record will be: “Required to withdraw”. Voluntary withdrawal from a program is only permitted if the student is in good academic standing.

Recommendations of units will supersede student requests for voluntary withdrawal.

A student who has been required to withdraw from a graduate program at The University of Manitoba may be permitted to apply for admission to another graduate program only if the application for admission is approved by the Dean of the Faculty of Graduate Studies.

2.2 Academic Performance

Student progress shall be reported at least annually to the Faculty of Graduate Studies on the “Progress Report” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html).

Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation of the Graduate Chair/unit Head to the Dean of the Faculty of Graduate Studies on the “Progress Report” form. Two consecutive “in need of improvements” normally requires the student to withdraw.

Note: Progress Reports may be submitted more than annually

For information specific to the Master’s use section (box) 4.7.3, and for information specific to the Ph.D. use section (box) 5.6; for information common to both programs, use this box; if this box is used, put references to this section in 4.7.3 and 5.6.

The respective graduate Program Directors in Orthodontics and Pediatric Dentistry are responsible for performing the final confirmation of completion of the Clinical components of the program for each student prior to recommendation for graduation.

The respective Program Directors are also responsible for informing, in writing, the student, the Faculty of Graduate Studies, and the Dean of Dentistry of unsatisfactory summary evaluation / performance in clinical work.

Orthodontic Program

Graduating orthodontic students may normally transfer no more than 10 patients (excluding surgical, 1st phase and CFD patients). Students who have not completed the clinical requirements or who have more than 10 transfer patients by June 30th, will be required to extend their time to complete as required by the Program Director, for the time period of extension required by the Program Director. Additional registration fees may apply.

For information specific to the Master’s use section (box) 4.7.4, and for information specific to the Ph.D. use section (box) 5.6.1; for information common to both
A minimum degree grade point average (GPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades will be required to withdraw unless a unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

A student may be permitted to remove deficiencies in grades by repeating the course or replacing it with an equivalent substitute course. Each failed course may be repeated or replaced only once, to a maximum of 6 credit hours of coursework. If a course is repeated or replaced, the most recent grade obtained will be used in the determination of the degree grade point average. Students receiving a grade of C or less in more than 6 credit hours of coursework are required to withdraw, unless otherwise stated in the unit’s supplemental regulations. Note:

In exceptional circumstances, the unit may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Supplemental exams are not permitted to students in the Master’s or Ph.D. program, unless otherwise stated in the unit’s supplemental regulations.

All actions taken administratively are to be reported, in summary form, to the Faculty of Graduate Studies Executive Committee.

SECTION 3: General Regulations: Pre-Master’s

3.1 Admission and Program Requirements

Graduates of bachelor degree programs with a minimum grade point average (GPA) of 3.0 in the last two full years of university study will be considered for admission to a pre-Master’s program. These are the minimum requirements of the Faculty of Graduate Studies. Units may specify higher or additional criteria. Admission to a pre-Master’s program does not guarantee future admission to a Master’s program. As the pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree, units should assign to students, as part of their pre-Master’s program of study, an appropriate number of applicable upper level (3000 or 4000) undergraduate courses. Courses at the 7000 level or above cannot be taken in a pre-Master's program. Courses taken as part of the pre-Master's program may not be transferred to a Master's program at a later date.

3.2 Academic Performance

3.2.1. The unit Head is responsible for assigning the courses and monitoring the progress of each student.

3.2.2. A minimum degree grade point average of 3.0 with no grade below C+ must be maintained to continue in a pre-Master’s program. Students who fail to maintain this standing will be required to withdraw unless remedial action recommended by the unit (as described below) is approved by the Dean of the Faculty of Graduate Studies.

3.2.3. Students deficient in 6 hours of credit or less may be permitted to write a supplemental examination (when offered in the unit’s supplemental regulations) in courses in which a grade of C or less was obtained.

3.2.4. Students deficient in 6 hours of credit or less with a grade of C, D, or F in a course or courses may be permitted, if the overall average is C or better, to write one supplemental examination in each course (when offered in the unit’s supplemental regulations), to repeat the programs, use this box: if this box is used, put references to this section in 4.7.4 and 5.6.1.

The graduate programs in the Department of Preventive Dental Science do not permit any “equivalent substitute courses”. A deficiency may be removed, with the approval of the Dean of the Faculty of Graduate Studies, by repeating the course where a grade less than C+ is attained. The minimum grade obtained in the retake will be a C+. Only 2 retakes are permitted and students obtaining a grade less than C+ in the 2nd retake will be required to withdraw from the program.

If a course is repeated or a supplemental examination is written, the highest grade obtained in that course will be a C+ and will be used in the determination of the grade point average.

There is no Pre-Masters program in the Department of Preventive Dental Science.
Note: In exceptional circumstances, when a student is deficient in more than 6 credit hours, the student may be permitted to repeat the pre-Master’s year, or to write supplemental examinations (when offered), or to substitute equivalent coursework in order to make up the deficiencies.

A student may be permitted to repeat the pre-Master’s year only once, and to remove deficiencies in grades by writing a supplemental examination or repeating courses only once for each course to a maximum of 9 credit hours of coursework.

If a course is repeated or a supplemental examination is written, the most recent grade obtained in that course will be used in the determination of the degree GPA.

The degree GPA is cumulative in a pre-Master’s program if more than one year is required to complete the course requirements.

All action taken administratively is to be reported in summary form to the Faculty of Graduate Studies Executive Committee.

SECTION 4: General Regulations: Master’s

4.1 General

Although general regulations apply to all students, individual units may have additional regulations that supplement these general regulations. All such supplemental regulations must be approved (as specified by the By-Laws of the Faculty of Graduate Studies), be published and available to students (http://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html), and be kept on record in the Faculty of Graduate Studies. All students should consult unit supplemental regulations for specific details regarding admission, progression and completion. Individual units may offer Master’s programs by one or more of the following programs:

- Thesis/practicum-based;
- Course-based/comprehensive;
- Accredited professional.

4.2 Diploma Programs

The regulations for the Master’s program shall also prevail for diploma programs. All students should consult the unit supplemental regulations regarding diploma programs.

4.3.1 General Criteria

Students who are eligible to be considered for direct admission to a program of study leading to the Master’s degree include:

- Graduates of four-year undergraduate degree programs (or equivalent as deemed by the Faculty of Graduate Studies) from:
  - Canadian institutions empowered by law to grant degrees; or
  - Colleges and universities outside Canada which are officially recognized by the Faculty of Graduate Studies.

- Graduates from first-cycle Bologna compliant degrees.

- Students who have completed the pre-Master’s program from:
  - the University of Manitoba; or

Applicants to the graduate programs in the Department of Preventive Dental Science must be graduates of a full-time minimum 4-year University-based dentistry program and have at least 1 year of clinical experience.

Applicants to the graduate programs in the Department of Preventive Dental Science will be subject to the
Canadian institutions empowered by law to grant degrees; or
Colleges and universities outside Canada which are officially recognized by
The Faculty of Graduate Studies.

All students applying for a Master’s degree program must have attained a minimum GPA of 3.0 in the last two full years (60 credit hours) of study. This includes those applying for direct admission and those entering from a pre-Master’s program. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission.

Department’s rigorous selection process. Candidate selection recommendations will be forwarded to the Faculty of Graduate Studies by the respective graduate Program Director.

The Selection Committee will be appointed by the respective Program Director and will consist of:

- the Program Director (Chair);
- one graduate student currently enrolled in the respective program;
- four academics from the College of Dentistry (at least one of whom holds no appointment in the Department of Preventive Dental Science), and will include two specialists from the respective discipline in any of the MDA licensing categories, one of whom may hold a part-time appointment.

Fully Completed applications will be reviewed initially by a pre-selection screening committee, comprising of a minimum of three members of the Selection Committee (excluding the Chair). Applicants must supply a letter of introduction with their application which must include evidence of as many of the following criteria as possible:

- one or preferably more years of private practice experience or general practice residency or fellowship following graduation as a dentist;
- research accomplished prior to and/or during and/or following undergraduate dental education (e.g. B.Sc. (Dent))
- publications;
- presentation at conferences;
- additional degrees obtained prior to or following undergraduate dental education (e.g. Masters, Ph.D., M.B.A. etc);
- evidence of particular continuing interest in the respective specialty (e.g. attending lectures, conferences etc);
- biographical sketch;
- volunteerism.

The applicants’ GPA, letters of introduction and letters of reference will be used to develop a consensus-based rank ordered list of about 15 to 20 applicants for possible interview which will be forwarded by the respective pre-selection screening committee to the respective program director who will, from the rank ordered list, decide on a final list of 10 to 14 applicants (depending on the number of international applicants invited for interview) and issue the invitations for the on-site interview. The program director may supplement the list at any time prior to the on-site interview to replace any applicants who do not accept an interview or who withdraw their applications.

Due to potential long delays in attaining a Canadian Visa to enter Canada for the purposes of attending an on-site interview, international applicants will be reviewed during the months of June and July and, if suitable applicants are selected, an invitation letter will be sent in early August to facilitate visa issuance.
International applicants who have not received travel visas to enter Canada at the time of the scheduled interview will not be considered, but will be encouraged to re-apply in the following year.

Candidates will be ranked according to his/her combined score for his/her performance on a variety of criterion. Selection criteria will include several mini interviews consisting of scores provided by:

- the current students in the respective programs (10%);
- support staff in the respective programs (10%);
- two panels of full and/or part-time specialists in the respective disciplines (20%);
- English language essay and/or scientific literature comprehension (10%);
- the formal interview process with the entire Selection Committee (50%).

At the completion of the interviews, the Selection Committee, excluding the Chair, will have the opportunity to discuss each applicant interviewed. At the end of the discussion a preliminary secret ballot to rank order the applicants will occur. The Chair will not vote and the ballots will be counted by the committee. The Chair will provide his/her opinion of the applicants. A final, binding, secret ballot, in which the Chair will participate, to rank order the applicants will occur and the ballots will be counted by the committee.

**Orthodontics:**

The Program Director will inform the successful applicants in accordance with the deadlines of the Canadian Council of Graduate Orthodontic Program Directors (CCGOPD) and the Match process of the American Association of Orthodontists (AAO). The Program Director will also make conditional offers of acceptance in accordance with the established rank ordered list in the event of non-acceptance from offered candidates. Once final acceptance is obtained and the acceptance deposit is paid, the final list will be forwarded to the Faculty of Graduate Studies for approval of the selected candidates.

**Pediatric Dentistry:**

The Program Director will also make conditional offers of acceptance in accordance with the established rank ordered list in the event of non-acceptance from offered candidates. The Program Director will forward the final list of selected candidates to the Faculty of Graduate Studies for approval.

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
### 4.3.2 Pre-Master’s Programs

In specific cases where the academic background of the student is judged to be insufficient for the given program in a unit, the unit may recommend that the student be admitted to a pre-Master’s program of study (Section 3).

The pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program.

### 4.4 Program Requirements

In general, students must complete one of the programs of study described below for the Master’s degree. However, the program of study is determined by the unit and may follow the unit’s supplemental regulations. Any single course cannot be used for credit toward more than one program.

#### 4.4.1 Thesis/Practicum Route

A minimum of 12 credit hours of coursework, unless otherwise stated in the unit’s supplemental regulations, plus a thesis or practicum. The minimum must include at least 6 credit hours at the 7000 level or above, with the balance of the coursework at the 3000 level or above. A maximum of 24 credit hours of coursework is allowed unless the unit’s supplemental regulations indicate otherwise. The student must complete the thesis/practicum at the University of Manitoba.

Ancillary Subjects/Topics:

- Journal club and evidence-based orthodontics
- Radiology for Orthodontics
- Medically compromised patients
- History of Orthodontics
- Case Analysis and Treatment Planning
- Practice Management
- Orthognathic Surgery and Orthodontics
- Orthodontic technique and typodont

**Note:**

Ancillary subjects/topics, when offered in the program, require mandatory attendance by the students. Written tests and/or viva voce may be required for certain ancillary subjects/topics, at the discretion of the program director and/or the subject/topic coordinator.
When either a written or viva voce is required, the required pass mark is a C+ ($\geq 65\%$). It may be designated a pass / fail test. If the test is failed, it will be required to be re-taken at least 2 weeks hence. If it is failed for a 3rd time, the student may be required to do remedial work prior to a 4th and final test. If the student fails the test again, they will be required to withdraw from the program.

**Comprehensive Examination Requirements:**

At the end of the 1st year there is an oral diagnosis and treatment planning exam which consists of evaluation and presentation of 3 or 4 orthodontic cases. The examiners will be 3-5 internal orthodontic instructors and at least one Full-time Academic faculty member from an accredited North American graduate orthodontic program or a specialist orthodontist with a Masters degree. It is a pass or fail exam, with the pass/fail decision made by the examination panel. Students who fail will be offered a supplemental examination no sooner than 3 months hence. Students who fail the supplemental examination will be required to withdraw from the program.

On a year-by-year basis, the program director may decide to undertake a comprehensive orthodontic examination of the 2nd year students, either written or viva voce. Such an examination will be pass / fail. Students who fail will have 2 opportunities to retake the examination. Students failing the 2nd retake will be required to withdraw. 2nd year students will be given at least three months notification of the program director’s intent to hold such an examination.

In the 3rd year of the program there are two 3-hour written papers on comprehensive orthodontics, and a clinically based oral viva voce exam of 60 minutes. The examination committee consists of 3-5 internal instructors and an external examiner who is an orthodontist from another university or a certified registered specialist orthodontist with a Masters degree.

The clinical case presentation examination consists of 8 completed clinical cases and full B-report write-ups which must be presented in June of the 3rd year. The cases must have been started and completed by the student and must represent a variety of cases including a surgery and early treatment case. The examination committee consists of an external examiner who may be an orthodontist from private practice or an academic with a master’s degree who is in addition to 3 to 5 internal full-time and part-time orthodontic instructors. All 8 cases for examination must receive a “Pass” grade. Any cases receiving a “Fail” will need to be substituted with another case(s) which will need to be re-presented after mid-August which must achieve a “Pass.” Until this clinical requirement is achieved, the student cannot graduate. If a second failure is gained on the substitute case(s), the student may present a final attempt after at least 2 additional months hence, Additional applicable fees and re-registration will be required.
### Research Requirements:

The following components are **mandatory** to the research requirements.

1. An approved research protocol
2. A dissertation/thesis to the satisfaction of the examining committee. The ready-to-submit article and receipt of submission to the journal MUST be added as an appendix at the end of the thesis. An additional bound copy of the thesis must be printed and provided to the 3 examiners and a copy for the department library.
3. Oral presentation defence to the satisfaction of the examining committee. A student has the right to the oral examination if he/she believes it is ready for examination, however it is recommended that the student only proceed to oral defence once draft article has been completed.
4. Oral/Poster presentation at a scientific meeting i.e., AAO, IADR, AADR, CADR, AADS, BAO, EOS or other similar meeting to the satisfaction of the program director
5. Submission of an abstract for the meeting in (4), which abstract must be acceptable to the Research Supervisor and Program Director prior to submission
6. Submission of an article based on the research to a scientific journal (e.g., AJODFO, BJO, EJO, AO). The article must be in “ready to submit” format strictly according to the journal specifications and guidelines.

### NOTE:

1. Authorship will be decided on a case–by–case basis between the student, supervisor and program director depending on the input into the research.
2. Address for correspondence on all submissions will be the supervisor and/or program director. In the event that the manuscript is returned for revision, the supervisor/program director will give the graduand **12 weeks** to alter and return to him/her the manuscript for perusal/further changes and resubmission. If the graduand fails to revise the manuscript in 12 weeks, the Division of Orthodontics retains the right to resubmit the manuscript, with the order of authorship determined on a case by case basis, dependent upon the extent of required revisions.
3. No thesis defences are permitted in the period July 1st to August 15th and advisors will not be available to assist students with their research write-ups during this period. Students who have not completed their research by June 30th will need to finalize the requirements after August 15th. Such students may also be required...
to continue clinical work until research completion, dependant on remaining case load. Re-registration may be required and applicable tuition fees assessed.

Pediatric Dentistry Program:

Courses:

GRAD 6000 – Summer Research
GRAD 7000 – Master’s Thesis
ANAT 7060 - Advanced Human Macroscopic Gross Anatomy – 6 credit hours
PDSD 7101 – Preventive Programs in Pediatric Dentistry – 3 credit hours
PDSD 7102 – Hospital Pediatric Dentistry I - 6 credit hours
PDSD 7103 – Hospital Pediatric Dentistry II - 6 credit hours
PDSD 7104 - Management and Restorative Treatment of Pediatric Patients I – 6 credit hours
PDSD 7105 Management and Restorative Treatment of Pediatric Patients II – 6 credit hours
PDSD 7106 Preventive and Community Pediatric Dentistry – 3 credit hours
PDSD 7107 Special Needs and Emergency Care in Pediatric Patients – 3 credit hours
DDSS 7230 Advanced Oral Pathology – 6 credit hours
PDSD 7110 Pharmacology and Toxicology – 3 credit hours
PDSD 7108 Growth and Development/Managing of the Developing Occlusion - 3 credit hours
CHSC 6810 Biostatistics for Clinicians – 3 credit hours
NATV 1200 The Native Peoples of Canada – 6 credit hours

Comprehensive Examination Requirements:

At the end of the second year, Pediatric Dentistry students have to undertake a comprehensive oral clinical exam conducted by a full-time academic faculty member from an accredited North American graduate pediatric dentistry program external to the University of Manitoba. A student who fails a final exam and/or the exam conducted by the external examiner, will be offered a supplemental exam. A student who fails the supplemental exam will be required to withdraw from the program by Faculty of Graduate Studies.

4.4.2 Course-based/Comprehensive Examination Route

A minimum of 24 credit hours of coursework and comprehensive examination(s). The minimum must include at least 18 credit hours at the 7000 level or above with the balance of the coursework at the 3000 level or above. A maximum of 48 credit hours of coursework is allowed unless supplemental regulations indicate otherwise.

Note: Minimum of 18 credit hours must now be taken at the 7000 level or above.

Indicate if the minimum or maximum number of credit hours required in the program differs from that required by FGS. List required courses (including full numbers and minimum level, e.g., 7000), and credit hours

4.4.3 Accredited Professional Route

The credit hours and course requirements shall reflect the requirements of the external...
## 4.4.4 Language Reading Requirements

Some units specify a language requirement for the Master’s degree. Students should check unit supplemental regulations regarding this requirement.

<table>
<thead>
<tr>
<th>Indicate if (or if not) required</th>
</tr>
</thead>
<tbody>
<tr>
<td>English language proficiency test required.</td>
</tr>
</tbody>
</table>

## 4.4.5 Advanced Credit

Advance credit for courses completed prior to admission to a Master’s program will be considered on an individual basis. The student’s unit makes the request to the Faculty of Graduate Studies by completing the “Recommendation for Advance Credit (Transfer of Courses)” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html).

- Application for advance credit must be made within the first year of the program (see Lapse of Credit of Courses in this section).
- No more than half of the required coursework for the program can be given advance credit.
- A course may not be used for credit toward more than one program.
- The student must register at The University of Manitoba for at least two terms within a single academic year as a full-time student and must also complete the thesis at the University of Manitoba.

Regardless of the extent of advanced credit received, all students are required to pay applicable program fees.

## 4.4.6 Transfer Credit

Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. All such courses:

- must be approved for transfer to the program of study by the unit and the Faculty of Graduate Studies before the student may register for them;
- are considered on an individual basis;
- cannot be used for credit towards another degree;
- may be taken at other universities while registered in a program at The University of Manitoba, provided that the credit does not exceed 50% of the minimum credit hours of coursework required.

Permission is granted in the form of a Letter of Permission which may be obtained by making an application to the Registrar’s Office; an original transcript and course equivalency must be provided.

### Note:

- The graduate programs in the Department of Preventive Dental Science do not accept Transfer Credit. Students in the graduate programs in the Department of Preventive Dental Science must complete 100% of their required program work at the University of Manitoba. Research field work may be done at other sites, but adequate arrangements need to be made with the Program Director to ensure that field work away from Winnipeg does not negatively affect patient care duties. The department is not responsible for costs incurred for field trips to complete research and is the responsibility of the student.
- Students who have another Masters degree and thesis completed prior to admission, are still required to undertake a masters research project and fulfill the requirements in all aspects.

## 4.4.7 Time in Program

The minimum time for students in the Master’s program is equivalent to two terms. Most units require more than this and students should check unit supplemental regulations regarding specific requirements.

The maximum time allowed for the completion of the Master’s degree is four years for students declared as full-time and six years for students declared as part-time (see section 1.4.1). Individual units and/or programs may have specified minimum and maximum time limits, and students should periodically check unit supplemental regulations regarding these specific requirements.

Requests for extensions of time to complete the degree will be considered on an individual basis and must be submitted to the Dean of the Faculty of Graduate Studies at least three, but no

### Note:

- Maximum time to completion is now 4 years for full-time students. See section 1.4.1 for criteria relating to full-time and part-time status.
- The minimum time for students’ study in the graduate programs in the Department of Preventive Dental Science is 36 months.
- The maximum time allowed for completion of graduate programs in the Department of Preventive Dental Science is 48 months.
- The 48 month time period includes all didactic, research and clinical requirements. Additional tuition fees will be assessed. Personal shared office space may not be available for students exceeding the 36 month program.
more than four, months prior to expiration of the respective maximum time limit.

A student who has not completed the degree requirements within the time limit or within the time limit of the extension will be required to withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to withdraw”.

4.5 Student’s Advisor/Co-Advisor

Each student should have an advisor upon entry into the program, and must have one assigned no later than one term following registration. The advisor must:

- hold at least a Master’s degree or equivalent
- be a member of the Faculty of Graduate Studies,
- have expertise in a discipline related to the student’s program, and
- must hold an appointment in the student’s unit.

It is the responsibility of the unit Head to determine whether faculty members meet these criteria, and also to report to the Dean of the Faculty of Graduate Studies on equivalency as necessary. Any exceptions or special circumstances must be recommended by the unit Head and approved by the Dean of the Faculty of Graduate Studies who considers each case on an individual basis.

In units where the choice of thesis/practicum topic and thesis/practicum advisor are postponed after a student’s entry into the program, the unit Head, within one term, shall appoint a faculty member to advise the student in the interim period before the regular advisor is assigned or chosen.

In special circumstances, an advisor and co-advisor, upon approval of the unit Head may advise a student. The co-advisor must meet all of the same qualifications and expectations as the advisor. Together the advisor/co-advisor shall fulfill the role of advisor. When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements for that student). One advisor must be identified as the primary advisor; however, both co-advisors’ signatures are required on all documents where the advisor’s signature is required.

The advisor/co-advisor will advise the student on a program of study, direct research, and supervise the thesis or practicum work.

The advisor and student must discuss, and complete, the Faculty of Graduate Studies Advisor Student Guidelines (ASG) prior to the commencement of any research and no later than the submission of the first Progress Report for the student. The advisor and the student are required to sign the agreement; if the parties cannot agree on any component(s) of the ASG, the matter should be referred to the unit Graduate Chair, Head of the unit or the Dean of the Faculty of Graduate Studies.

Should, during the student’s program, the relationship between the student and advisor significantly deteriorate, the matter should be referred to the unit Graduate Chair, the Head of the unit or to the Dean of the Faculty of Graduate Studies.

All students should consult unit supplemental regulations for specific details regarding advisor/co-advisor requirements.

4.6 Advisory Committee

The advisory committee is normally established within

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015
### Faculty of Graduate Studies Regulation

#### 4.6.1 Thesis/Practicum Route

Advisory committees are normally selected by the advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice to the student during his/her research program. The advisory committee must consist of a minimum of three members (including the advisor/co-advisor), two of whom must be members of the Faculty of Graduate Studies, one of whom must hold a primary appointment from within the unit and one of whom must hold no appointment within the unit. Advisory committees may include one non-voting guest member who has expertise in a related discipline but is not a member of the Faculty of Graduate Studies. The composition of, and any changes to, the advisory committee, including the advisor/co-advisor, must be approved by the Faculty of Graduate Studies. The advisor/co-advisor is the Chair of the advisory committee.

Additional specifications regarding the advisory committee are found in the unit supplemental regulations and students should consult these regulations for specific requirements.

#### 4.6.2 Course-based/Comprehensive Examination Route

Normally, advisory committees are not required in these routes, however any appropriate specifications regarding an advisory committee can be found in the unit’s supplemental regulations and students should consult these regulations for specific requirements.

#### 4.6.3 Accredited professional programs

Normally, advisory committees are not required in these routes, however any appropriate specifications regarding an advisory committee can be found in the unit’s supplemental regulations and students should consult these regulations for specific requirements.

### Supplemental Regulation

the first 9-12 months of the program. Its structure is overseen by the Department Head in consultation with the Program Director. It consists of an Advisor, a member whose primary appointment is the Department of Preventive Dental Science and one member with no appointment in the Department of Preventive Dental Science. At least one member of the committee must be a specialist in the respective specialty.

Note: Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

<table>

</tr>
<tr>
<td>Academic Performance</td>
<td>Is a reference to section 2.1 necessary? Satisfactory performance in the clinical and didactic programs are also required. (See Box 2.1)</td>
</tr>
<tr>
<td>Performance in Coursework</td>
<td>Is a reference to section 2.3 necessary? See Box 2.3.</td>
</tr>
</tbody>
</table>

---

Note: The reference to section 2.1 and 2.3 is included for additional context. The actual content within these sections would depend on the specific regulations of the faculty or unit.
### 4.7.5 Performance not related to Coursework

In some units, students are required to demonstrate satisfactory academic performance in areas not related to performance in courses, such as attendance at or participation in course lectures, seminars and in laboratories and progress in research, thesis or practicum. The specific nature of satisfactory academic performance is outlined in individual unit supplemental regulations and students should consult these supplemental regulations for specific requirements. Unacceptable performance must be reported to the Faculty of Graduate Studies on the “Progress Report Form” (http://umanitoba.ca/faculties/graduate_studies/forms/index.html). Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation of the unit Head to the Dean of the Faculty of Graduate Studies.

### 4.8 Requirements for Graduation

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements.

Individual units may have additional specific requirements for graduation and students should consult unit supplemental regulations for these specific requirements.

<table>

</tr>
</tbody>
</table>

### 4.8.1 Thesis/Practicum Route

#### 4.8.1.1 Thesis vs. Practicum

Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.

A practicum differs from the thesis in its emphasis on the application of theory, it is however similar in scope, span, and rigour. The rigour required for the practicum is equal to that required for the thesis. The practicum takes the form of an exercise in the practical application of knowledge and skill. It usually involves the careful definition of a problem, the application of appropriate knowledge and skills to the problem, and a report of the results in a manner suitable for evaluation by an examining committee. Individual units have specific requirements for graduation and students should consult unit supplemental regulations for specific requirements.

The thesis is developed under the mentorship of the advisor/co-advisor. Individual units may have specific guidelines regarding the thesis proposal and its acceptance by the student’s advisory committee/unit Head; students should consult unit supplemental regulations for specific requirements. Research must be approved by the appropriate Human Research Ethics Board or Animal Care Committee, if applicable, before the work has begun on the thesis research.

#### 4.8.1.2 Examining Committee

The advisor will recommend an examining committee to the unit Head for approval, which shall then be reported to the Faculty of Graduate Studies on the “Master’s Thesis/Practicum Title and Appointment of Examiners” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html). This form must be approved by the Dean of the Faculty of Graduate Studies prior to the distribution of the thesis.

Under normal circumstances, the examining committee will be the same as the advisory committee unless otherwise stipulated in the unit’s Supplemental regulations. The examining committee.

</thead>
<tbody>
<tr>
<td>Orthodontic students are required to present 1 full B-report at the annual CDABO case displays at the annual AAO meeting in their 3rd year. Students may use their conference attendance funding for this purpose.</td>
</tr>
<tr>
<td>Thesis/Practicum Proposal: Provide details of proposal format, page limits, other guidelines, evaluation procedures, who approves the proposal; at what point in the program is the thesis proposal to be completed; is the oral presentation completed in open or closed session; is unanimous approval required; can a thesis proposal that is not approved the first time be resubmitted, etc.</td>
</tr>
<tr>
<td>A thesis proposal of about 5 pages (introduction, purpose of research project, materials and methods, estimated budget, sources of funding, research time line, presentation at approved conference, and references) must be approved and signed by the advisory committee within 9-12 months of commencement of the 3 year program.</td>
</tr>
<tr>
<td>The graduate programs in the Department of Preventive Dental Science do not require a practicum.</td>
</tr>
</tbody>
</table>

**Note:**

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

---

**PDS Supplemental Regulations Approved by FGS March 23, 2015**
committee must consist of a minimum of three members (including the advisor), two of whom must be members of the Faculty of Graduate Studies, one of whom must hold a primary appointment from within the unit and one of whom must hold no appointment within the unit. All examiners must be deemed qualified by the unit Head and be willing to serve. The composition of, and any changes to, the examining committee, including the advisor/co-advisor, must be approved by the Faculty of Graduate Studies. Individual units require specific requirements for examination and students should consult unit supplemental regulations for specific requirements.

The Head of the unit arranges for the distribution of the thesis/practicum to the examiners. It is the duty of all examiners to read the thesis/practicum and report on its merits according to the following categories:

- Acceptable, without modification or with minor revision(s); or
- Acceptable, subject to modification and/or revision(s); or
- Not acceptable.

### 4.8.1.3 Oral Examination

For units requiring students to pass an oral examination on the subject of the thesis/practicum and matters relating thereto, the format of the oral examination is described in the supplementary regulations of the unit. Students should consult these supplemental regulations for specific requirements. A student has the right to an examination of the thesis/practicum if he/she believes it is ready for examination. It is the unit’s responsibility to warn the student of any risk involved should he/she decide to proceed against the unit’s recommendation.

All members of the examining committee should be present at the examination.

The oral examination shall be open to all members of The University of Manitoba community except in exceptional cases. The oral examination may be closed, for example, when the results of the thesis/practicum research must be kept confidential for a period of time. In such cases, the examining committee and unit Head shall recommend such action to the Dean of the Faculty of Graduate Studies who shall then approve that the final examination be closed to all but the examining committee and the Dean of the Faculty of Graduate Studies.

Following completion of the examination of the thesis/practicum, examiners will consider the oral examination and the written thesis/practicum.

The examiners will also determine the nature of and procedures for approval of any revisions that will be required prior to submission of the thesis to the Faculty of Graduate Studies. The advisor is normally responsible for ensuring that revisions are completed according to the instructions from the examining committee.

The judgement of the examiners shall be reported to the Faculty of Graduate Studies in the qualitative terms “approved” or “not approved” on the thesis/practicum final report form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html). Each examiner must indicate his/her opinion by his/her signature. If two or more examiners do not approve the thesis, then the student is deemed to have failed the defence.

The examining committee may recommend to the Faculty of Graduate Studies that the thesis is of sufficient merit to receive an award.

PDS Supplemental Regulations Approved by FGS March 23, 2015
Every graduate student registering in a thesis/practicum Master’s program at The University of Manitoba shall be advised that, as a condition of being awarded the degree, he/she will be required to grant a license of partial copyright to the University and to the Library and Archives Canada for any thesis or practicum submitted as part of their degree program.

Note: This license makes the thesis/practicum available for further research only. Publication for commercial purposes remains the sole right of the author.

The forms and conditions pertaining to these license agreements are available with the Faculty of Graduate Studies. This and other related regulations may give rise to important questions of law, and students may need additional legal advice on the copyright laws of Canada and/or other countries. Students who wish to obtain legal advice concerning their subsequent rights are advised to do so prior to signing the agreements. Signing of the license agreements is normally done after the contents of the thesis/practicum have been delineated and the importance of copyright and/or patents fully comprehended.

Publication in the above manner does not preclude further publication of the thesis or practicum report or any part of it in a journal or in a book. In such cases, an acknowledgement that the work was originally part of a thesis/practicum at The University of Manitoba should be included.

Notes:

Restriction of Theses/Practica for Publication – In exceptional cases, not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the student and advisor may request in writing that the Dean of the Faculty of Graduate Studies restrict access for a period up to one year after submission of the digital version of a thesis or practicum to The University of Manitoba. The Dean shall determine for what period, if any, access will be so restricted.

Library and Archives Canada – Library and Archives Canada obtains a copy of the thesis via the University’s MSpace repository.

SECTION 5: Doctor of Philosophy General Regulations

The degree of Doctor of Philosophy (Ph.D.) is granted only upon evidence of general proficiency and of distinctive attainment in a special field. In particular, the candidate must demonstrate an ability for independent investigation, original research or creative scholarship. This is expected to be presented in a thesis with a degree of literary skill and by an oral examination wherein the candidate exhibits mastery of their field. The Ph.D. is a research degree and is not conferred by the University of Manitoba solely as a result of coursework study.

Although general regulations apply to all students, individual units may have additional regulations that supplement these general regulations. All such supplemental regulations must be approved (as specified by the By-Laws of the Faculty of Graduate Studies), be published and available to students (http://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html), and be kept on record in the Faculty of Graduate Studies. All students should consult unit supplemental regulations for specific details regarding admission, progression and completion.

5.1 Admission

5.1.1 General criteria

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
Normally, the completion of a Master’s degree or equivalent from a recognized university and a cumulative GPA of 3.0 or equivalent in the last two previous years of full time university study (60 credit hours) is the minimum requirement for admission to the Ph.D. program. However, the criteria for admissions into the Ph.D. program are more stringent than for Masters’ programs; therefore, the completion of a Master’s program does not guarantee admission into the Ph.D. program. Some units require completion of a thesis-based Master’s program prior to admission to a Ph.D. program.

5.1.2 Direct Admission from the Bachelor’s Honours or equivalent

With special recommendation of the unit concerned, applicants with an honours Bachelor’s degree or equivalent may be considered for entry to Ph.D. study. These students must be outstanding in their academic background (GPA well above 3.0 in the last two full years of undergraduate study). Once admitted, these students must complete at least 24 credit hours of coursework, unless the individual unit’s approved supplemental regulations specify otherwise, and will be assessed Ph.D. fees for 3 years.

If direct admission is considered, specify conditions

5.1.3 Transfer from the Master’s to the Ph.D. program

Students who have not completed a Master’s program may transfer to the Ph.D. program within the same unit upon the recommendation by the Head of the unit to the Faculty of Graduate Studies. The recommendation should be made within 18 months of the student’s commencement of the Master’s program. The coursework completed and time spent in the Master’s program will normally be credited towards the Ph.D. program. Students must complete at least 24 credit hours of coursework, unless the individual unit’s approved Supplemental regulations specify otherwise.

The request to transfer from a Master’s to the Ph.D. program must be submitted to the Faculty of Graduate Studies at least one month prior to the term for which the student intends to commence the Ph.D. program. The following are required when making the request: The “Application for Admission” form (and application fee); “Ph.D. Selection Committee Report” form (http://umanitoba.ca/faculties/graduate_studies/media/cte_selection_report.pdf); and in the case where the student does not hold a Master’s degree, a letter of recommendation from the Head of the unit.

If the transfer occurs within 12 months of the initial registration in the Master’s program, the student will be assessed Ph.D. fees for 3 years. If the transfer occurs after 12 months, the student will be assessed Ph.D. program fees for 2 years (as they will have already paid fees for the Master’s program). Students are cautioned that such transfers may impact on the University of Manitoba Graduate Fellowship duration.

Where a student with a Master’s degree or equivalent is initially admitted and registered in a Master’s program, that student may be transferred to the Ph.D. program within the same unit on the recommendation of the student’s advisor/co-advisor and Head of the unit, provided that follow up transfer recommendation occurs within 12 months of the initial registration in the Master’s program. In such a case, the application fee is waived and fees assessed towards the Master’s program will be deducted from the full 2 years of Ph.D. program fees. Transfers later than 12 months must pay an application fee and their fees will be assessed as a 3 year Ph.D.

Note: Transfer from Master’s to PhD within a unit must now be completed within the first 18 months in the Master’s program.

5.1.4 Provisional Admission to the Ph.D.

Students nearing the completion of the Master’s degree may be accepted provisionally to the Ph.D. program for a 12 month period (commencing with the first registration in the Ph.D. program). Further registration in the Ph.D. program is contingent upon completion of all requirements of the Master’s degree within the 12 months. Students must maintain continuous registration in their Master’s program until its completion. Students will require assistance from the unit and the Faculty of Graduate Studies to complete dual registration in the Master’s and Ph.D. program simultaneously.

5.1.5 English Language Proficiency

Applicants whose first language is not English and who have not resided in a designated

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015
English-speaking country for three years immediately prior to application must provide proof of English language proficiency. Normally, this is done by providing results directly to the Faculty of Graduate Studies from one of the following recognised English language competency tests:

- MELAB – Minimum Final score of 80
- TOEFL – Minimum iBT score of 80, or a minimum PBT 550
- canTEST – Minimum band of 4.5 in Listening and Reading, and a band of 4.0 in Writing
- IELTS – Minimum score of 6.5 on the Academic Module
- CAEL – Minimum 60 overall and 60 on each subject
- AEPUCE – Minimum 65% overall.

The language competency test may be waived if the applicant has completed a degree at a recognised University where the language of instruction is English. Some units specify an additional language requirement for the Ph.D. degree. Students should check unit supplemental regulations regarding this requirement.

In all cases, test scores older than two years are invalid.

### 5.1.6 Students with Disabilities

See Accommodation Policy for Students with Disabilities:

http://umanitoba.ca/admin/governance/governing_documents/students/281.html

### 5.2 Student Advisor, Co-advisor and Advisory Committee

#### 5.2.1 Student Advisor

Every Ph.D. student must have an advisor, appointed by the Head of the unit. The advisor is responsible for supervising the student’s graduate program. The advisor is the student’s first point of contact at the University of Manitoba, and therefore should be familiar with the general policies and regulations of the Faculty of Graduate Studies as well as the specific supplementary regulations of their academic unit. The advisor is directly responsible for the supervision of the student’s graduate program. In this capacity, the advisor assists the student in planning the graduate program, and ensures that the student is aware of all graduate program requirements, degree regulations, and general regulations of the academic unit, the Faculty of Graduate Studies, the university, and external funding agencies. The academic advisor provides counsel for all aspects of the graduate program, and stays informed of the student’s scholarly activities and progress. The student’s advisor also acts as a channel of communication to the student’s advisory committee, the unit and the Faculty of Graduate Studies.

The advisor must:

- be a member of the Faculty of Graduate Studies,
- hold a Ph.D. or equivalent*,
- be active in research,
- have expertise in a discipline related to the student’s program, and
- hold an appointment in the student’s unit

*Equivalency will be approved by the Dean of the Faculty of Graduate Studies and determined on a case by case basis and assessed by the potential advisor’s demonstrated research record and current research activities. Note that M.D., D.M.D. and J.D. are undergraduate degrees and are not considered per se to be equivalent to a Ph.D.

---

Note: See revised criteria for advisor/co-advisor.

Must there be an advisor in place at admission? (Details of composition of advisory committee go in section 5.2.3)
Usually the student and the advisor choose to work together by mutual agreement. In units
where the choice of thesis topic advisor is postponed for some time after entry into the program,
the Head of the unit or the selection committee shall appoint a faculty member to advise the
student as to the rules and regulations and on a program and course requirements. This interim
period must not exceed eighteen months after entry in to the program before a permanent
advisor is chosen.

The advisor and student must discuss, and complete, the Faculty of Graduate Studies Advisor
Student Guidelines (ASG) prior to the commencement of any research and no later than the
submission of the first Progress Report for the student. The advisor and the student are required
to sign the agreement; if the parties cannot agree on any component(s) of the ASG, the matter
should be referred to the unit Graduate Chair, the Head of the unit or the Dean of the Faculty of
Graduate Studies.

Should, during the student’s program, the relationship between the student and advisor
significantly deteriorate, the matter should be referred to the unit Graduate Chair, the Head of
the unit or to the Dean of the Faculty of Graduate Studies.

5.2.2 Co-advisor

In special circumstances, upon approval of the Head of the unit, an advisor and co-advisor may
advise a student.

The co-advisor must:

- be a member of the Faculty of Graduate Studies,
- hold a Ph.D. or equivalent*,
- be active in research, and
- have expertise in a discipline related to the student's program

*Equivalency will be approved by the Dean of the Faculty of Graduate Studies, determined on a
case by case basis and assessed by the potential co-advisor's demonstrated research record
and current research activities. Note that M.D., D.M.D. and J.D. are undergraduate degrees and
are not considered per se to be equivalent to a Ph.D.

The co-advisor will usually be identified either:

A) at the beginning of a student's program in situations where:

1. the student desires to draw equally upon the expertise of two individuals, or

2. the project is interdisciplinary in nature and requires the expertise of two advisors from
   their respective disciplines, or

B) mid-way through a student's program due to:

1. the student's project developing in such a way as he/she requiring an additional
   advisor from a different discipline, or

2. the unit introducing a new Faculty member, to the standards of the unit, whose
   expertise facilitates the student's project.

When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor
(that is, neither shall fulfill any other advisory or examining committee membership requirements
for that student). One advisor must be identified as the primary advisor; however, both the

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program
route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015
advisor and co-advisor’s signatures are required on all documents where the advisor’s signature is required.

In all instances the Faculty of Graduate Studies must be informed of the co-assignment.

5.2.3 Advisory Committee

The Head of the unit is responsible for the establishment of an advisory committee for each Ph.D. student. Advisory committees are normally selected by the advisor/co-advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice to the student during his/her program. The advisory committee must consist of a minimum of three members of the Faculty of Graduate Studies, one of whom must hold a primary appointment from within the unit and one of whom must hold no appointment within the unit. Advisory committees may include one non-voting guest member who has expertise in a related discipline but is not a member of the Faculty of Graduate Studies. The composition of, and any changes to, the advisory committee, including the advisor/co-advisor, must be approved by the Faculty of Graduate Studies. The advisor/co-advisor is the Chair of the advisory committee. Advisory committee meetings which must be held at least annually are not intended to take the place of meetings between the student and advisor, which should occur with much greater frequency than the advisory committee meetings.

5.3 Program of Study

As soon as possible, but no later than 24 months after a student has commenced their program, the student’s program of study should be registered with the Faculty of Graduate Studies and should include:

- information about the minimum or expected time for completion of the degree;
- coursework to be taken;
- any foreign language requirement;
- the research area in which the thesis will be written.

The approval of the student’s advisor/co-advisor and the Head of the unit are sufficient for registration. The program of study, including withdrawal from individual courses and any subsequent changes, must be approved by the student’s advisor/co-advisor, the advisory committee and the Head of the unit. Withdrawal from courses or changes of course category without such approval may result in the student being required to withdraw from the Faculty of Graduate Studies.

5.4 Program Requirements

All students must complete one of the following programs of study for the Ph.D. degree, unless otherwise specified in the approved unit supplemental regulations:

- Where admission to the Ph.D. is directly from a Master’s degree, a minimum of 12 credit hours at the 7000 level or higher plus a thesis is required. Any further coursework beyond the minimum 12 credit hours at the 7000 level must be at the 3000 level or above. For those students who hold a Master’s degree, a maximum of 24 credit hours of coursework is allowed toward the Ph.D. program.*

- Where admission to the Ph.D. is directly from an Honours Bachelor degree or equivalent, a minimum of 24 credit hours plus a thesis is required. The coursework must include a minimum of 18 credit hours at the 7000 level or higher with the balance of the coursework at the 3000 level or higher. For those students who do not hold a Master’s degree, a maximum of 48 credit hours of coursework is allowed toward the Ph.D. program.*

*Unless professional accreditation requirements and/or supplemental regulations indicate otherwise.

Note: Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015
5.4.1 Language Reading Requirements

Some units specify a language requirement for the Ph.D. degree. Students are advised to check unit Supplemental regulations regarding this requirement.

| Indicate if (or if not) required |

5.4.2 Advance Credit

Advance credit for courses completed prior to admission to a Ph.D. program will be considered on an individual basis. The student’s unit makes the request to the Faculty of Graduate Studies by completion of the “Recommendation for Advance Credit (Transfer of Courses)” form.

1. Application for advance credit must be made within the first year of the program (see Lapse of Credit of Courses in this section).
2. No more than half of the required coursework for the program can be given advance credit.
3. A course may not be used for credit toward more than one degree, diploma or certificate.
4. The student must register at The University of Manitoba for one academic year as a full-time student and must also complete the thesis at The University of Manitoba.
5. Regardless of the extent of advanced credit received, all students are required to pay the program fee.

5.4.3 Transfer Credit

Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. All such courses:

1. must be approved for transfer to the program of study by the unit and the Faculty of Graduate Studies before the student may register for them;
2. are considered on an individual basis;
3. cannot be used for credit towards another degree;
4. may be taken at other universities while registered in a program at The University of Manitoba, provided that the credit does not exceed 50% of the minimum credit hours of coursework required.

Permission is granted in the form of a Letter of Permission which may be obtained by making an application to the Registrar’s Office; an original transcript and course equivalency must be provided.

5.4.4 Lapse of Credit of Courses

Courses completed more than seven years prior to the date of awarding of a degree may not normally be used for credit toward that degree.

Note: Lapse of course credit is now 7 years.

5.5 Time Limits

5.5.1 Minimum Time Limit

The minimum time requirement for the program of study for a Ph.D. degree will normally be two years of study beyond the level of the Master’s degree, or three years beyond the level of a Bachelor’s degree. The student may be permitted to spend one of these years in an approved program of research or study elsewhere. Such permission must be approved by the Dean of the Faculty of Graduate Studies on the recommendation of the student’s advisory committee.

5.5.2 Maximum Time Limit

Note: Maximum time in the Ph.D. is now 6 years.
A student's candidature shall lapse if he/she fails to complete the degree within six years following initial registration in the Ph.D. program. For those students who transfer from the Master’s to the Ph.D., years spent in the Master’s program are counted as years in the Ph.D. program. Recommendations for extensions of time to complete the degree will be considered on an individual basis and must be approved by the Dean of the Faculty of Graduate Studies.

A student who has not completed the degree requirements within the time limit or within the time limit of any extension that has been granted (see also sections “Extension of Time to Complete Program of Study” and “Leave of Absence”) will be required to withdraw from the Faculty of Graduate Studies and the notation on the student record will be "Required to withdraw".

5.6 Academic Performance

Student progress shall be reported at least annually to the Faculty of Graduate Studies on the “Progress Report” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html). Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation of the Graduate Chair/unit Head to the Dean of the Faculty of Graduate Studies on the “Progress Report” form. Two consecutive “in need of improvements” normally requires the student to withdraw.

5.6.1 Performance in Coursework

A minimum degree grade point average (GPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades will be required to withdraw unless a unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

5.6.2 Performance Not Related to Coursework

Students may be required to withdraw from their Ph.D. program for reasons of unsatisfactory performance other than those related to failing grades. These include, but are not restricted to, unsatisfactory attendance and lack of progress in research and/or thesis preparation. The student’s advisory committee will make a recommendation for required withdrawal to the Head of the unit. The Head of the unit may then recommend to the Dean of the Faculty of Graduate Studies that the student be required to withdraw for reasons of unsatisfactory academic performance.

5.7 Academic Requirement for Graduation

A cumulative degree grade point average of 3.0 or greater is required in those courses that constitute the program of study for graduation in the Faculty of Graduate Studies.

5.8 Candidacy Examination

The candidacy examination is an absolute requirement of the Faculty of Graduate Studies and, as such, cannot be waived under any circumstances. However, the format and content of the candidacy exam will vary from unit to unit. The purposes of the candidacy exam in doctoral programs is to determine the student's competence in the discipline with respect to understanding and absorbing a broad spectrum of material, and then researching, identifying, analysing, synthesizing, and communicating ideas about that material in depth.

At the time specified by the advisory committee—normally within the first year after the completion of the Ph.D. program coursework but in no case later than one year prior to expected graduation—the student must successfully complete the formal candidacy examination.

The examination is conducted according to a procedure established by the unit and approved by the Academic Guide Committee of the Faculty of Graduate Studies. Please see the unit supplemental regulations for the format and composition of the examination committee for the

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015

Page 30 of 48
### 5.9 Thesis Proposal

Some units have specific procedures in place for approval of thesis proposals and students are advised to refer to the specific unit supplemental regulations. If units require thesis Proposal approval, this exercise is independent from the candidacy examination. Regardless, the proposed thesis research must be approved by the advisory committee and, if necessary, by the Human Research Ethics Board or Animal Care Committee before the work has begun on the thesis research or project.

### 5.10 Thesis

An essential feature of Ph.D. study is the candidate’s demonstration of competence to complete a research project and present the findings. The thesis must constitute a distinct contribution to knowledge in the major field of study, and the research must be of sufficient merit to be, in the judgement of the examiners, acceptable for publication.

The thesis must be written according to a standard style acknowledged within the candidate’s particular field of study and recommended by the unit, be lucid and well written, and be reasonably free from errors of style and grammar (including typographical errors).

The final version of the thesis must be submitted by the candidate to the Faculty of Graduate Studies following the guidelines found at: [http://umanitoba.ca/faculties/graduate_studies/thesis/guidelines.html](http://umanitoba.ca/faculties/graduate_studies/thesis/guidelines.html)

### 5.11 Thesis Examination Procedures

The final examination for the Ph.D. degree proceeds in three stages (see Figure 5-1):

1. Examination of the candidate’s thesis by an internal examining committee.
2. Examination of the candidate’s thesis by an external examiner.
3. Oral examination of the candidate by all examiners on the subject of the thesis and any matters relating thereto.

### 5.11.1 Formation of the Examining Committee I - University of Manitoba (Internal) Examiners

The candidate’s advisor (and, if appropriate, co-advisor) is considered to be a voting member of the examining committee. The candidate's advisor (and, if appropriate, co-advisor) is considered to be a voting member of the examining committee. The candidate’s advisor/co-advisor, in

---

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
consultation with the Head of the unit, will recommend at least three internal thesis examiners to the Dean of the Faculty of Graduate Studies for approval via the Thesis Submission Portal on JUMP. One member must hold a primary appointment within the unit and one member must hold no appointment within the unit. All internal examiners must be members of the Faculty of Graduate Studies. Under normal circumstances these will be members of the candidate’s advisory committee, if not, approval must be obtained from the Dean of the Faculty of Graduate Studies.

## 5.11.2 Formation of the Examining Committee II - External Examiner

The candidate’s advisor/co-advisor, in consultation with the advisory committee, will recommend the names of three distinguished scholars from outside the University of Manitoba with particular experience in the field of the thesis research and Ph.D. student advisory/examination experience to serve as the external examiner to the Dean of the Faculty of Graduate Studies for approval via the Thesis Submission Portal on JUMP. The recommendations should, if possible, include a brief CV of each of the prospective external examiners and a short statement detailing the rationale behind the recommendations, the prospective external examiners’ qualifications, including a current list of his/her scholarly publications and research activities and, importantly, their experience with graduate student education. No contact should be made with any of the prospective external examiners. If any of the recommended examiners does not meet the following criteria, specified below, a detailed explanation should be included with the rationale for the recommendation.

**The external examiner should:**

- hold a Ph.D. or equivalent;
- hold the rank of Associate Professor, Full Professor, Senior Scholar or Emeritus Professor (or the equivalent if outside North America) at a university, or have comparable expertise and standing if not a faculty member at a university;
- have an established reputation in the area of the thesis research and be able to judge whether the thesis would be acceptable at an institution comparable to the University of Manitoba; and
- have significant recent experience with the supervision and/or examination of Ph.D. students.

**The external examiner should not:**

- have acted as an external examiner for the same Ph.D. supervisor within the previous two years;
- have been associated with the candidate at any time or in any significant way in the past five years, present or reasonably foreseeable future (advisor/co-advisor, colleague, teacher, co-author of published material, family member etc.); or
- be associated with the candidate’s advisor/co-advisor in any of the following ways:
  - former student;
  - research advisor/co-advisor;
  - research collaborator within the last five years;
  - co-author of published material within the last five years.
  - have had a significant academic disagreement with the candidate, the advisor/co-advisor or any member of the advisory committee.

The Dean of the Faculty of Graduate Studies will choose the external examiner from the list provided by the candidate’s advisor/co-advisor and will make the formal invitation to the external examiner. The Dean of the Faculty of Graduate Studies shall ensure the anonymity of the external examiner until it has been determined that the student can proceed to oral defence.

## 5.11.3 Changes in the Examining Committee

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
The Dean of the Faculty of Graduate Studies must approve changes in the membership of the examining committee. No changes shall be made in the examining committee after the thesis is submitted to the Faculty of Graduate Studies. Should the thesis not be submitted for examination within 12 months after the appointment of the examining committee, the committee appointment will lapse and the process shall revert to 5.11.1 above.

5.11.4 Distribution of the Thesis for Examination

It is the responsibility of the Faculty of Graduate Studies to distribute the electronic version of the thesis to all examiners. The Faculty of Graduate Studies shall attempt to ensure that the thesis is distributed to examiners as soon as possible after the submission of all required documentation. The Academic Schedule in the Graduate Calendar should be consulted regarding dates by which theses must be submitted.

Once the thesis has been submitted to the Faculty of Graduate Studies, neither the candidate nor the advisor/co-advisor shall have any communication with the examining committee regarding the thesis. However should the need arise, the external examiner may contact the Dean of the Faculty of Graduate Studies to discuss any issues related to the thesis.

5.11.5 Responsibilities of the Examiners

In general the examiners are responsible for:

- ensuring that the thesis and the candidate meet recognised scholarly standards for a Ph.D.
- appraising the underlying assumptions, methodology, findings, and scholarly significance of the findings of the thesis
- ensuring that the thesis is organized, presents data and uses accepted conventions for addressing the scholarly literature in an acceptable manner
- evaluating that the candidate has the ability to present their findings orally and demonstrate their scholarship by responding to questions and defending the thesis

Notes:

1. Any potential breach of academic integrity should be reported to the Dean of the Faculty of Graduate Studies for investigation by the Vice President (Research and International).

2. Submission of previously published, peer-reviewed material in the thesis does not preclude its examination, either as a written document being reviewed by examiners or at the thesis defence.

5.11.6 Process

Internal Examiners

The Dean of the Faculty of Graduate Studies will request the internal examiners to give, within three (3) weeks of the distribution of the thesis, a detailed written report of the thesis and place it into one of the following categories:

1. The thesis represents a distinct contribution to the candidate’s field of research and is acceptable as it stands. Minor revisions to content, structure, or writing style may be required. The thesis may proceed to external distribution.

2. The thesis has merit and makes a contribution to the candidate’s field; however, there are research-related concerns that have the potential to be addressed in the oral examination. The structure and writing style are acceptable or require only minor revisions. The thesis may proceed to external distribution.

3. The thesis has some merit, but is not acceptable in its current state and requires major revisions to one or more of its core components, such as research content, structure or writing style. The thesis cannot proceed to external distribution.

4. The thesis is unacceptable with respect to its core components, such as research

Note: There is a possibility of a dissenting voice among the internal examiners.
content, structure, and writing style. The thesis cannot proceed to external distribution.

If none or one (the dissenting voice) of the internal examiners fails the thesis (i.e. places it in categories 3 or 4 above), the thesis receives an internal pass and shall proceed to external distribution. The candidate's advisor (and, if appropriate, co-advisor) may also wish to submit a report. The candidate's advisor (and, if appropriate, co-advisor) may also wish to submit a report. Prior to external distribution, the candidate shall have the opportunity to incorporate changes suggested by the examining committee but not necessarily those of the dissenting voice. It is the responsibility of the advisor/student to provide a copy of the revised thesis to all internal committee members prior to the oral defence.

If two or more of the internal examining committee fail the thesis (i.e. places the thesis in categories 3 or 4 above) then the thesis fails.

If the thesis fails, the unit Head shall convene a meeting of the internal examining committee and the candidate's advisor/co-advisor to decide how to bring the thesis to an acceptable scholarly standard for a second submission to the internal examining committee. In normal circumstances, this will involve additional scholarly work which the unit Head will describe, in writing, to the advisor/co-advisor, the candidate and the Dean of the Faculty of Graduate Studies.

If more than one of the internal examining committee members fail the resubmitted thesis, this constitutes a second failure. In the case of a second failure, the candidate cannot proceed to external distribution, and the candidate is required to withdraw from the Faculty of Graduate Studies.

The awarding of a passing grade by an individual internal examiner does not preclude them from awarding a failing grade at a subsequent stage in the examination process.

External Examiner

The Dean of the Faculty of Graduate Studies will request the external examiner to give, within three (3) weeks of the distribution of the thesis, a detailed written report of the thesis and rate it either as a pass or a fail. The Dean of the Faculty of Graduate Studies shall ensure the anonymity of the external examiner until it has been determined that the student can proceed to oral defence.

- If the external examiner passes the thesis, the student can proceed to oral defence.
- If the external examiner fails the thesis, the unit Head shall convene a meeting of the internal examining committee and the student's advisor/co-advisor to decide how to bring the thesis to an acceptable scholarly standard. In normal circumstances, this will involve additional scholarly work which the unit Head will describe, in writing, to the advisor/co-advisor, the candidate and the Dean of the Faculty of Graduate Studies.

If the external examiner fails a resubmitted thesis, this constitutes a second failure. In the case of a second failure, the candidate cannot proceed to oral defence, and the candidate is required to withdraw from the Faculty of Graduate Studies.

The awarding of a passing grade by an external examiner does not preclude them from awarding a failing grade at a subsequent stage in the examination process.

Reports

If advancement to the oral examination is approved, as outlined above, the Dean of the Faculty of Graduate Studies shall provide electronic copies of all reports to each of the advisor/co-advisor, examiners and Head of the unit.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
<table>

<tr>
<th>Faculty of Graduate Studies Regulation</th>
<th>Supplemental Regulation</th>
</tr>
</thead>
</table>

### 5.12 The Oral Examination

#### 5.12.1 Scheduling

Units cannot proceed with scheduling the oral defence prior to receiving the approved examiners report from the Faculty of Graduate Studies. The examination must be held at the University of Manitoba. It is the responsibility of the unit to ensure that all room booking arrangements are made and appropriate facilities meet minimum standards expected for a Ph.D. defence. In addition, the candidate must submit, in electronic format biographical information and an abstract of the thesis to the Faculty of Graduate Studies.

#### 5.12.2 Attendance

The Dean of the Faculty of Graduate Studies or designate shall act as Chair of the examination committee.

The attendance of the external examiner in person at the candidate's oral examination is encouraged. If the external examiner will not be present in person, his/her participation via video conferencing is expected.

It is required that all internal members of the examining committee be present at the defence, unless exceptional circumstances prevent this and with prior approval of the Dean of the Faculty of Graduate Studies. Regardless, no more than two participants can use video conferencing.

Under no circumstances can the candidate participate by video conferencing.

Normally, the oral examination shall be open to all members of the University of Manitoba community and the general public. In exceptional cases the final oral examination may be closed; for example, when the results of the thesis research must be kept confidential for a period of time. In such cases, the examination committee and Head of the unit shall request prior approval in writing from the Dean of the Faculty of Graduate Studies. If approved, the final oral examination shall be closed to all but the examining committee and the Dean of the Faculty of Graduate Studies or designate.

Regardless of open or closed status, no recording devices will be permitted.

#### 5.12.3 Format of the Examination

The first part of the oral examination shall consist of an oral presentation by the candidate. This is followed by examination of the candidate by the examining committee. If time permits the Chair, at their discretion, may allow questions from members of the audience.

#### 5.12.4 Procedures for the Conduct of the Examination

The Chair should discuss the examination procedures with the examiners in camera prior to the beginning of the formal examination.

The Chair will introduce the candidate and request him/her to give a concise (20 to 25 minute) oral presentation of the thesis to include a summary of the problem addressed, the results obtained and the conclusions drawn from the study.

Following the presentation, the Chair will invite questions from each member of the examining committee, taking care to ensure that each examiner has approximately equal time for questions. The total time for questions by the examining committee must not exceed two (2) hours.

The Chair may exercise his/her discretion in allowing questions from the audience following...
completion of the formal examination. Once assuming the role of Chair, he/she foregoes the right
to comment on the merits of the thesis whether or not he/she is an expert in the field.

<table>

_PDS Supplemental Regulations Approved by FGS March 23, 2015_
b) The external examiner reports on the merits of the written thesis;

c) The oral examination; or

d) A combination of any of these stages.

**SECTION 6: Policy of Withholding Thesis Pending Patent Applications Content or Manuscript Submission**

In 1970 the University of Manitoba Board of Governors and Senate approved a policy on accepting research grants from outside agencies. This policy defined the right of agencies to defer release of information and thus ensure freedom of publications for research findings of University personnel. Occasionally, the University may also wish to restrict the release of a thesis pending patent application. For additional details, see the University of Manitoba governing document: [http://umanitoba.ca/admin/governance/governing_documents/community/235.html](http://umanitoba.ca/admin/governance/governing_documents/community/235.html)

This situation may arise in the two circumstances defined below, both of which are governed by the same set of regulations.

1. Where a research project is known to contain patentable items as defined in the research contract, then it is the responsibility of the advisor to give written information of the restrictions on publication to the student prior to the start of the thesis research. If the student agrees to carry out the research, then the regulation given below will apply.
2. Where a patentable item is found during the course of research, then the advisor and the student may make application for patent rights through the University Patent Committee, and the following regulation will apply concerning the release of the thesis.

**Regulations Concerning Release of a Thesis During Application and Negotiation For Patents**

The Dean of the Faculty of Graduate Studies will receive the approved thesis. On written joint request of the advisor and the student, the Dean will retain the thesis for a period not to exceed one year.

**Regulations Concerning Release of Thesis Pending Manuscript Submission**

The Dean of the Faculty of Graduate Studies will receive the approved thesis. On written joint request of the advisor and the student, the Dean will keep the thesis for a period up to one year.

**SECTION 7: Extension of Time to Complete Program of Study Content**

All requests for extensions will normally be dealt with administratively and reported, in summary form, to the Executive Committee of Graduate Studies for information. The student must complete the "Request for Extension" form [http://umanitoba.ca/faculties/graduate_studies/forms/index.html](http://umanitoba.ca/faculties/graduate_studies/forms/index.html) and submit it to his/her major unit for recommendation to the Faculty of Graduate Studies at least three, but no more than four, months prior to expiration of the respective maximum time limit. Requests for an extension are reviewed by the Faculty of Graduate Studies on a case by case basis.

Requests for extension must be accompanied by a realistic timeline that has been agreed upon by the student and advisor/co-advisor and endorsed by the unit Head. The extension time requested must closely reflect the time required to complete the program.

The normal time requested for extensions is four to eight months. More than one extension period may be considered. However the total approved for all extensions will not normally exceed one year.

Students may submit a request to the Faculty of Graduate Studies for a maximum extension of 12 months due to clinical expectations related to patient care, course and thesis completion. The Program Director may recommend to the Department Head that a student’s time to complete be extended for up to 12 months, if required for course, thesis or clinical reasons. Re-registration will be required and additional fees will be applicable as assessed by the Registrar.
### Section 8: Leaves of Absence

#### 8.1 Regular Leave

A regular leave is intended to allow students to meet responsibilities/plans related to family, travel or employment and circumstances not covered by the parental or exceptional leaves. At the student’s request, the Head of the unit may recommend to the Dean of the Faculty of Graduate Studies that a student be granted a leave of absence for a period of time not to exceed one year. While on leave of absence, a student would not be expected to conduct study and/or thesis research work. Students on regular leaves of absence will be required to maintain continuous registration and pay the appropriate continuing fee. If a student has program tuition fees (as opposed to continuing fees) owing at the time of the granting of the leave, the tuition fees will be deferred until the student returns from leave; however, the continuing fee will be levied. A regular leave of absence status does not extend the time limits as outlined in Faculty of Graduate Studies regulations.

*Program Fees:* The continuing fee in effect at the time of the granting of the leave will be levied. However, if the student returns from leave in January, the normal tuition fee will be levied less the continuing fee already paid.

#### 8.2 Exceptional Leave

In exceptional circumstances for medical or compassionate reasons (e.g. the need to care for an ailing family member), at the request of the student the Head of the unit may recommend to the Dean of the Faculty of Graduate Studies that a student be granted an exceptional leave of absence for a period of time not to exceed one year. While on an exceptional leave of absence, a student is not permitted to maintain study and/or thesis research work, would not be required to maintain continuous registration, nor pay tuition fees. In addition, the leave period would not be included in the time period allowed for the completion of the degree. This leave is not intended to cover circumstances related to travel, employment or financial concerns.

The respective Program Director will determine the assignment and completion of patients on return from leave of absences which extend for in excess of 1 week to ensure clinical requirements are met.

Periods of absence of up to 3 weeks may be made up during the July/Reading Week recesses, at the discretion of the respective Program Director.

Students who have not been able to make –up lost time in the July and Reading week recess, will be required to re-register, pay the additional registration fees and complete the required 36 month minimum time requirement starting in August following the final 3rd year.

#### 8.3 Parental Leave

A graduate student who is expecting a child or who has primary responsibility of the care of an infant or young child immediately following a birth or adoption of a child is eligible for parental leave. The request should be made through the unit, normally for a leave of four to twelve months. Leaves of other duration will be considered on an individual basis. Parental leaves must correspond with (an) academic term(s). While on leave of absence for parental reasons, a student is not permitted to maintain study and/or thesis research work. The leave period is not included in the time period allowed for completion of the degree.

The Program Director in consultation with the Clinic Director will determine the assignment and completion of new patients and/or any transfer patients on return from leave of absences to ensure clinical requirements are met.

#### 8.4 Awards and Leave of Absence

The Head of the Department of Preventive Dental Science, at the request of the respective program director, and on behalf of the student, may submit a request to the Faculty of Graduate Studies for a regular leave of absence. Normally student requests for leaves of less than one week will be dealt with informally by the Program Director. The Program Director will make a decision regarding assignment and completion of new patients on return from leave of absences which extend for in excess of 2 months to ensure clinical requirements are met. Time lost will be added to make up the total of 36 months required by the program.

#### Orthodontic Program

Due to the clinical nature and ongoing patient treatment requirements any request from orthodontic students for a leave of absence extending beyond 4 months will not be permitted.

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

PDS Supplemental Regulations Approved by FGS March 23, 2015
Students granted exceptional or parental leave will retain the full value of a University of Manitoba Graduate Fellowship or other award whose terms and conditions are established by the Faculty of Graduate Studies. Such an award will be suspended at the onset of the leave and reinstated at the termination of the leave period (4 to 12 months) provided that the student returns to full time study at that time.

**Note:** Other awards will be paid according to the conditions established by the donor or granting agency.

### 8.5 Graduate Student Vacation Entitlement

Students are entitled to three weeks of vacation over a 12-month period.

The 3 week vacation time scheduling will be at the discretion of the Program Director, taking into account emergency services required and ongoing patient care. Vacations are normally granted for a 3 week duration during the July recess on a rotation basis between July 1st and August 1st to ensure emergency coverage. 1st year orthodontic students who commence the program during the last week of June are not eligible for vacation in July of the commencement year.

In Pediatric Dentistry vacations are granted for a 3 week duration during the year with not more than 1 student being on holidays at any given time.

### SECTION 9: Appeals – Procedures and Guidelines

#### 9.1 General

Students who disagree with a decision have access to appeal routes as laid out by various Faculty of Graduate Studies and University of Manitoba appeal procedures. Student appeals may be limited by the scope of the inquiry available at each level and category of appeal, as well as the time limitations for submission of appeals.

A further limitation is that the Faculty of Graduate Studies rules and regulations, established to uphold the academic rigour of the University of Manitoba, are generally not subject to appeal unless an appeal route is otherwise stipulated. In situations where no appeal route is available, a student may make a written request to the Dean of the Faculty of Graduate Studies.

Students are referred to the appeals section of the University of Manitoba Governing Documents ([http://umanitoba.ca/admin/governance/governing_documents/index.html](http://umanitoba.ca/admin/governance/governing_documents/index.html)) for further details.

For students registered in Joint Master's Programs (University of Manitoba and University of Winnipeg) there is a different process for handling appeals and academic dishonesty cases than for University of Manitoba students in regular programs (not Joint Programs). This process is outlined in the Joint Master's Program Governing Documents available at [http://umanitoba.ca/faculties/graduate_studies/media/JMP_Regulations.pdf](http://umanitoba.ca/faculties/graduate_studies/media/JMP_Regulations.pdf).

#### 9.2 Definitions

- “Appellant” – the graduate student appealing a decision affecting the student’s own admission to, academic standing in, awards from or disciplinary action by a unit or the Faculty of Graduate Studies;
- “Appeal Panel” – a panel convened from the members of the Faculty of Graduate Studies Appeals Committee by the Executive Committee of the Faculty of Graduate Studies empowered to deal with appeals stemming from decisions of units or the Faculty of Graduate Studies, or individuals designated to make such decisions;
- “Unit” – the unit council, or appeal body, whose decision is being appealed. This is

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
understood to include decisions taken by individuals or committees acting in the name of the unit and also to the supplementary regulations pertinent to a unit’s operation which have been approved by the Faculty of Graduate Studies;

- “Respondent” – a representative of the unit or the Faculty of Graduate Studies designated by the unit Head/Dean of the Faculty of Graduate Studies to represent the unit or Faculty of Graduate Studies.

### 9.3 Types of Appeal

There are several areas of appeal which are open to appellants:

- admission;
- academic;
- discipline;
- administration (e.g. Fee appeals).

In all cases, appeals should be directed to the Dean of the Faculty of Graduate Studies. A decision of the Faculty of Graduate Studies Appeal Panel is appealable only to the Senate Committee on Appeals or the University Discipline Committee, as appropriate.

### 9.4 Admission Appeals

Please refer to University of Manitoba Governing Documents: Students: Policy: Admission Appeals Procedures and Guidelines
http://umanitoba.ca/admin/governance/governing_documents/students/286.html

### 9.5 Academic Appeals

#### 9.5.1 Composition

Faculty members or students are disqualified from participating on an Appeals Panel if he/she:

- holds any academic appointment in the unit in which the appellant is registered;
- is/was a student in the unit in which the appellant is registered;
- was, as an individual, or as a member of a committee or board, responsible for making the decision being appealed.

**Note:** All members of an Appeal Panel shall participate in all of the deliberations essential for the determination of the matter in dispute. If, in the course of hearing an appeal, a member is not present at the commencement of the hearing or a member cannot continue, the Panel may elect to proceed in the absence of that member. If more than one member is not present at the commencement or cannot continue, the Appeal Panel must adjourn.

#### 9.5.2 Consideration

Appeal Panels will consider appeals:

- stemming from a decision of a unit on academic matters (e.g. failure in a course) only after they have been dealt with by the appropriate unit-level appeal process (if any), as is outlined in its supplementary regulations;
- stemming from a decision of the Faculty of Graduate Studies following the recommended action of a unit (e.g., qualifying examinations, candidacy examinations, thesis proposals, thesis examinations), only after they have been dealt with by the appropriate unit-level appeal process (if any), as outlined in its supplementary regulations;

**Note:**

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
9.5.3 Grounds for an Academic Appeal

The Appeal Panel shall only consider an appeal if there is some evidence that:

- the unit or the Faculty of Graduate Studies failed to follow the rules of natural justice;
- the unit or the Faculty of Graduate Studies failed to follow procedures;
- a unit or Faculty of Graduate Studies regulation has been unfairly or improperly applied, or has become inapplicable through lapse of time;
- there are documented mitigating circumstances (e.g. medical, compassionate);
- there is apparent conflict between a Senate Regulation, a Faculty of Graduate Studies policy and/or a unit regulation.

Note: It shall be the responsibility of the appellant to indicate clearly and specifically the grounds warranting consideration of the appeal.

9.5.4 Academic Appeal Deadlines

9.5.4.1 Appeal of Term Work:

Students are encouraged to discuss matters relating to grading of term work with their instructor in the first instance. Further appeals of grades on academic term work shall be directed, by the appellant, to the unit responsible for the course within ten (10) working days after the grades for term work have been communicated to students. Following receipt of the appropriate appeal form and evidence of payment of the refundable appeal fee, the unit shall consider the appeal and provide a decision within fifteen (15) working days.

9.5.4.2 Appeal of Faculty of Graduate Studies Decision:

An appeal of action taken by any unit, committee, administrator or faculty member within the Faculty of Graduate Studies must be submitted in writing by the appellant to the Dean of the Faculty of Graduate Studies within fifteen (15) working days of the date from the date that the appellant was informed in writing of the action to be appealed.

9.5.4.3 Appeals to Senate:

As per the University of Manitoba Governing Documents: Students: Policy: Appeals Procedures and Guidelines (http://umanitoba.ca/admin/governance/governing_documents/students/senate_committee_on_appeals_procedures.html), appeals to the Senate Committee on Appeals shall be filed with the University Secretary within twenty (20) working days after the mailing of the notice of decision from which the appeal is made.

9.5.5 Academic Appeals Process

9.5.5.1 Documentation

The Dean of the Faculty of Graduate Studies may, on consideration, attempt first to reach an informal solution. If that is judged by the Dean of the Faculty of Graduate Studies to be inappropriate or unfeasible, an Appeal Panel will be formed.

The Dean of the Faculty of Graduate Studies shall inform the appropriate unit head of the nature of the appeal, forward a copy of the appellant’s written submission, and request a written response to the appeal within ten (10) working days. An Appeal Panel will be struck and a
meeting set by the Dean of the Faculty of Graduate Studies as soon as possible after receipt of the written response from the respondent.

The appellant shall receive, through the Dean of the Faculty of Graduate Studies, the response of the respondent at least one week prior to the date set for the hearing of the appeal. Notices of the hearing shall be sent by the Dean of the Faculty of Graduate Studies to the individuals affected, giving the specific time and place for a hearing.

All documentation that the Appeal Panel will consider shall be made available through the Dean of the Faculty of Graduate Studies Office to both the appellant and the respondent in advance of the hearing. No additional materials should be presented at the time of the hearing. In the case where a request is made to submit additional materials, the Chair may postpone the hearing and allow no more than ten (10) working days for the other party to respond to the new materials.

### 9.5.5.2 Hearing

The appellant and respondent shall have the right to appear before the Appeal Panel and to call witnesses that he/she wishes to appear before the panel. It is the responsibility of the party calling witnesses to ensure that the witnesses are informed of the date and time of the hearing. The Dean of the Faculty of Graduate Studies shall be notified not less than four working days prior to the hearing of the names of all witnesses that are to be called and shall inform the other party.

The appellant shall be advised by the Dean of the Faculty of Graduate Studies of the right to appear in person or to be represented by the student advocate, a fellow student or other full-time member of the University community not receiving payment for appearing, or working for legal aid.

In addition, if the appellant wishes, one member of his/her immediate family, and a lawyer, may be present, but only as observers who do not participate. The Dean of the Faculty of Graduate Studies must be notified of any persons to be accompanying the appellant at least four working days prior to the hearing.

Hearings shall be held in closed session unless at least one party requests an open hearing and all parties to the appeal agree to the request. During the hearing, the appellant or the respondent may request a change in the open or closed nature of the hearing, at which time the Appeal Panel shall determine its procedures.

As the first item of business in dealing with any appeal, the Appeal Panel shall convene (in closed session) to consider whether:

- the Hearing should be an open or closed session;
- whether there are sufficient grounds to proceed with the Hearing;
- whether the Panel has jurisdiction to determine the matter at hand.

If necessary, the Appeal Panel may hear submissions from either party on any of these points. Normally, the appellant and the respondent will be present during the presentation of the other’s case.

When an Appeal Panel determines that there are insufficient grounds or that it lacks the jurisdiction to proceed with an appeal hearing, it shall report its reasons to the Dean of the Faculty of Graduate Studies.

Both the appellant (and/or representative) and respondent(s) (and/or representative) will be invited to make opening statements, including calling any witnesses. These statements will be subject to questioning by members of the Appeal Panel and cross-examination by the other party. Both the appellant (and/or representative) and respondent(s) (and/or representative) will

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
be invited to make closing statements at which point no new information may be introduced.

The Appeal Panel may request either the appellant or the respondent(s) to provide additional information, or of its own volition call additional witnesses, before reaching a decision. This should be accompanied by a statement that the parties have a right to be made aware of the Panel’s request for information and the results thereof.

All parts of the meeting required by the Appeal Panel to deliberate or determine resolution of the appeal shall be held in camera.

9.5.5.3 Disposition

The Chair of the Appeal Panel shall inform the Dean of the Faculty of Graduate Studies in writing of the disposition of the appeal, the reasons for the decision, and any actions that may result. The Dean of the Faculty of Graduate Studies shall, in turn, inform the appellant and the unit in writing of the disposition of the appeal, the reasons for the decision and any actions that may result. The further right of appeal to the Senate Committee on Appeals should be acknowledged, along with any relevant time limits. The Dean of the Faculty of Graduate Studies may inform the unit of any recommendations brought forward by the Appeal Panel.

9.6 Discipline Appeals

The specific jurisdiction of each of the Disciplinary Authorities is outlined in: University of Manitoba Governing Documents: Students: Bylaw: Student Discipline. See 2.3.3: Table 1: Jurisdiction of Disciplinary Authorities

[http://umanitoba.ca/admin/governance/governing_documents/students/868.html](http://umanitoba.ca/admin/governance/governing_documents/students/868.html)

When the appeal is against a disciplinary decision made by the Faculty of Graduate Studies, the appeal routes and procedures as outlined in the following shall prevail: University of Manitoba Governing Documents: Students: Procedures: Student Discipline

[http://umanitoba.ca/admin/governance/governing_documents/students/868.html](http://umanitoba.ca/admin/governance/governing_documents/students/868.html)

If the appeal is from a decision of the Dean of the Faculty of Graduate Studies the appeal statement shall be delivered to the Dean of the Faculty of Graduate Studies on behalf of the Local Discipline Committee (also commonly referred to as the “L.D.C.”)

If the appeal is from a decision of the L.D.C., the official statement shall be delivered to the Secretary of the University Discipline Committee (U.D.C.) with a copy to the Dean of the Faculty of Graduate Studies.

9.6.1 Discipline Appeal Deadlines

If a student wishes to appeal a decision, the notice of appeal must be delivered in writing to the appropriate person(s) within ten (10) working days of the student being notified of the decision the student intends to appeal.

9.6.2 Appeal of Violation/Penalty

As per section 2.7.2 of the University of Manitoba Governing Documents: Students: Procedures: Student Discipline

[http://umanitoba.ca/admin/governance/governing_documents/students/870.html](http://umanitoba.ca/admin/governance/governing_documents/students/870.html)

The student shall clearly indicate in the notice of appeal whether they are appealing the decision on:

(a) the finding of facts;

(b) the disposition determined by the disciplinary authority; or

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

*PDS Supplemental Regulations Approved by FGS March 23, 2015*
### 9.7 Fee Appeals

Please refer to the Registrar's Office webpage on fee appeals: [http://umanitoba.ca/student/records/fees/830.htm](http://umanitoba.ca/student/records/fees/830.htm). To initiate the Fee Appeal procedure, the student completes a Fee Appeal form, available online or in the Registrar's Office, 400 University Centre.

### 9.8 Grade Appeals

Please refer to the Registrar's Office webpage on grade appeals: [http://umanitoba.ca/student/records/exams_grades_hub.html](http://umanitoba.ca/student/records/exams_grades_hub.html). To initiate the Grade Appeal procedure, the student completes a Grade Appeal form, available online or in the Registrar's Office, 400 University Centre.

### 9.9 Assistance with Appeals

The Office of Student Advocacy, 519 University Centre, provides information and assistance to students regarding all appeal processes. It is strongly recommended that students contact the Office of Student Advocacy to assist them with any appeal they are considering.

### APPENDIX 1: Thesis/Practicum Types

A student/candidate may present a thesis/practicum in one of two acceptable formats:

- Regular style
- Manuscript/grouped manuscript style

The type of thesis/practicum must be approved by the advisory committee and comply with all regulations of the Faculty of Graduate Studies and any supplemental regulations of the unit.

#### 1.0 Regular Style

**1.1 Prefatory Pages**

**1.1.1 Title Page**

The title page should contain the following information:

- the title of the thesis/practicum,
- the name of the University,
- the degree for which the thesis/practicum is submitted,
- the name of the unit,
- the full name of the author,
- the copyright notation ©.

The title must be a meaningful description of the content of the research. The author's name should be in full, identical to the name under which they are registered and be consistent on all other documents. A sample title page can be found at: [http://umanitoba.ca/faculties/graduate_studies/media/ThesisSampleTitlePage.pdf](http://umanitoba.ca/faculties/graduate_studies/media/ThesisSampleTitlePage.pdf).

**1.1.2 Abstract**

The abstract is expected to provide a concise, accurate account of the thesis/practicum. Abstract maximum length is 150 words for a Master's and 350 words for a Ph.D. An abstract should contain a statement of the problem, methods, results and conclusions.

<tr>
<td>Double space all text material; footnotes and long quotations may be single spaced. The entire thesis/practicum must be in the same text font, style, and size. Font size should be no less than 12 pt Times Roman. Full justification of the text is not required.</td>
<td></td>
</tr>
</tbody>
</table>
### 1.2.4 Margins

It is imperative that the specified margins be observed throughout the thesis/practicum. Leave at least a one inch (1.0") margin from the top, bottom, left, and right hand edges of the paper. These margins apply to all material, including appendices, diagrams, maps, photographs, charts, tables, and others.

### 1.2.5 Page Numbers

Each page in the thesis/practicum must be numbered consecutively. Illustrative pages must also be numbered. Roman numerals should be used for the prefatory pages. The remaining pages of the thesis/practicum, beginning with the introduction (Chapter One) should be numbered consecutively in Arabic numerals.

### 1.3 Footnotes, References and Appendices

Instructions in the style manual recommended by the unit should be followed. Regardless of which style manual is used, format selected must be consistent.

### 1.4 Figures, Illustrations, Photographs and Design Drawings

#### 1.4.1 Illustrative Material

All illustrative material must be consistent throughout the thesis/practicum. All figures, illustrations, photographs and drawings must be numbered consecutively in Arabic numerals and accompanied with a title. The material should appear as soon as possible after as it is mentioned in the text. All original materials should be of high quality, with sharp and clear images.

#### 1.4.2 Layout of Tables and Figures

Each table and figure must have a number and title. The number and title should appear at the top of the table or figure. The title of the table or figure should be as short as possible and indicate the major focus of the material within the table or figure.

### 1.5 Additional Materials

#### 1.5.1 Consent and Access to Information Forms

Sample copies of consent forms that were used to obtain consent from participants to take part in the information gathering procedures for the thesis/practicum must be included in an Appendix. Any personal information must be omitted from the submitted form.

In some cases, approval from an agency, institution or corporation may have been required before the information gathering procedures could proceed. The original approval form for access should be retained by the student with a copy provided to the Faculty of Graduate Studies upon completion of the thesis/practicum.

#### 1.5.2 Use of Copyrighted Material

If the thesis/practicum includes copyrighted material (images or more than a reasonable extract (according to the Copyright Act) of another person's work), permission must be obtained from the copyright holder. The Faculty of Graduate Studies has developed a form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html) that can be utilized when requesting the use of copyrighted material.

In some cases, copyright holders prefer to use their own permission forms and/or will provide their permission electronically. Both of these are acceptable by the Faculty of Graduate Studies.

Note that obtaining permission may take a considerable amount of time and this must be taken into consideration when meeting a thesis/practicum submission deadline. A reference to written permission having been obtained must be included under the image or text. The reference

---

Note: Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
should also include the date the permission was granted, and the name/title of the copyright holder(s). The original form(s) signed by the copyright holders should be retained by the student with a copy provided to the Faculty of Graduate Studies at the completion of the thesis/practicum.

The thesis/practicum cannot be accepted by the Faculty of Graduate Studies if permission has not been obtained. It is important that the student and their Advisor ensure that the permission has been granted. In some cases, the copyright holder cannot be located or the cost is prohibitive to using the text or image. In these situations, the text or image may have to be omitted from the thesis/practicum.

Subsequently, information on where the reader can locate the image or text should be included, such as the URL, title of book/journal, volume and issue number, page number, publisher, and date of publication. A description of the purpose or significance of the text or image should be provided.

For further information on copyright see: http://umanitoba.ca/admin/vp_admin/ofp/copyright/index.html

### 2.0 Manuscript/Grouped Manuscript Style

A thesis/practicum may comprise a paper, or collection of papers, which are, or are about to be, published. The number of papers that comprise this style of these will be determined between the student and the advisory committee. The formatting of the thesis/practicum must be consistent throughout the thesis/practicum and the thesis/practicum cannot merely consist of several papers or articles bound within the one document.

Publication, or acceptance for publication, of research results prior to the presentation of the thesis/practicum does not supersede the evaluation of the work by the examination committee (i.e. does not guarantee that the thesis/practicum will be found acceptable). Examiners may specify revisions regardless of the publication status.

The thesis/practicum must follow the same prefatory information (1.1), spelling, formatting margin requirements, page numbering (1.2b-d), footnotes and appendices (1.3), figures, illustrations photographs and drawings (1.4) and any additional material (1.5) as those outlined above.

There must be an introductory chapter to the entire thesis/practicum which includes its own bibliography. The collection of papers or articles must contribute toward the overall theme that represents the thesis/practicum work and must be smoothly integrated into the flow of the thesis/practicum to produce a unified document. This may require changes or additions to, and re-writing of, any work which has been previously published.

The thesis/practicum must contain connecting text between the different chapters providing logical links to allow the integration of the information. These connecting sections are mandatory. Not including these sections may compromise the ability of the examiners to evaluate the thesis/practicum and accordingly there may be subsequent potential consequences.

The thesis/practicum must contain a concluding chapter that includes a discussion on how the thesis/practicum, with its findings, provides a distinct contribution to knowledge in the research area.

In the case of multi-authored papers, the nature and extent of the student/candidate’s contribution, and those of the other authors, must be explicitly specified in a section entitled “Contributions of Authors” in the “Preface” of the thesis/practicum. The advisor/co-advisor, by signing the thesis/practicum submission form, attests to the accuracy of these statements and will be asked to reaffirm at the oral defence in the case of a doctoral thesis/practicum.
