The Faculty of Graduate Studies academic guide contains all the rules and policies pertaining to the Faculty of Graduate Studies. Adherence to these rules is of utmost importance for the effective functioning/operation of programs and for guiding and monitoring the progress of students. The integrity of the process is at stake. The major goal of this guide is to prevent potential problems that may affect the completion of a student’s program. It is the responsibility of students and the unit offering a graduate program to read and follow the policies contained herein.

All regulations as laid out in the Faculty of Graduate Studies Academic Guide are subject to revision by the appropriate bodies of the Faculty of Graduate Studies. This compendium is presented as the most recent set of regulations as a guideline for students and staff. Regulations may vary from one department or program to another. Individual departments may have additional regulations that supplement these general regulations. All such supplementary procedures and regulations must be approved as specified by the By-Laws of the Faculty of Graduate Studies, be published and available to students, and kept on file in the Faculty of Graduate Studies Office.

For those programs that are administered through a Faculty (as opposed to a Department) the term “Department” should be substituted by “Unit” within this document (i.e. Department Head becomes Unit Head.)

Section 1: Application, Admission, and Registration Policies

1.1 Application and Admission Procedures

The application (and all required documentation) be submitted directly to the department office for initial review. Applicants should contact the department to which they are applying for the procedures, requirements and application deadlines in effect.

Steps:

1. A completed official application for admission form must be submitted, together with the application fee and supporting documentation, to the Department to which the student is applying. Incomplete applications will not be considered.

2. International students need to pay special attention to the appropriate requirements with respect to transcripts (see application form for details).

3. The unit offering the program will decide whether the applicant meets the unit’s criteria which include but are not limited to space, facilities, and advisors. Complete recommended applications are sent to the Faculty of Graduate Studies who check that the applicant meets the eligibility requirements of the Faculty of Graduate Studies. The Faculty of Graduate Studies notifies applicants of their acceptance or rejection.

Internal (Faculty of Graduate Studies) Application Deadlines:
The following are the deadlines for receipt by the Faculty of Graduate Studies Office for recommendations from graduate departments.

SUMMER (May Start)  |  May  | March 1  | December 1
SUMMER (July Start) | July  | May 1  | February 1

**IMPORTANT:** Applicants are required to submit the application and documentation to the department to which they are applying at an earlier date than is listed above. Applicants should check with the specific department to which they are applying for the application deadlines in effect.

The deadlines are meant to accommodate the needs of students in securing appropriate documentation. Late applications will be considered for the next available start date.

**Application Fee:**
- Canadian/Perm. Residents $75.00 (CDN)
- International Applicants $90.00 (CDN)

**Transcripts:**
Applicants must arrange for official transcripts from all post-secondary institutions attended to be sent to the University of Manitoba. Applicants must ensure that the original transcripts bearing the university seal or attested copies are sent directly from their issuing university to the department to which they are applying. In cases where the transcript does/will not clearly state that a degree has been conferred, an official degree certificate is required to accompany the transcript. It is important that the transcript(s) be sent so as to arrive as soon as possible to coincide with the arrival of the application.

**Transcripts: International:**
Where academic records from a country other than Canada are produced in a language other than English the applicant must arrange for the submission of official literal translations of all records. To be official, original language documents and English translations must arrive together in envelopes which have been sealed and endorsed by the issuing institution.

**Transcripts: University of Manitoba:**
University of Manitoba students may request student histories (unofficial academic records) to be mailed directly to the department or Graduate Studies free of charge. Some departments require official transcripts which may be obtained from the student records office, 400 University Centre (Please allow at least two weeks for delivery).

**Proficiency in English:**
A successfully completed English Language Proficiency Test is required of all applicants unless they have received a high school diploma or university degree from Canada or one of the countries listed on the English Language Proficiency Test Exemption List (below). If applicable, this score is required as a basis for admission and applicants will NOT be accepted subject to receipt of an acceptable score. Documented proof of either the above must be submitted with the application for admission. Please note: scores more than two years old are not acceptable. Thresholds required for successful completion are indicated in parentheses.*

University of Michigan English Language Examination Assessment Battery MELAB (80%);
Test of English as a Foreign Language TOEFL- Paper-based test (550); Computer-based test (213); Internet Based iBT (80);
Canadian Test of English for Scholars and Teachers CanTEST (band 4.5 in listening and reading and band 4.0 in writing and oral interview);
International English Language Testing System IELTS (6.5);
Academic English Program for University and College Entrance AEPUCE (65%);
Canadian Academic English Language Assessment (CAEL) (60 overall and 60 on each subset)

---

*Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
Note:
1. In addition, Foreign language students may be asked by the Department to complete the CanTEST prior to or following registration in the Faculty of Graduate Studies and, if need be, the Department may recommend remedial measures in language skills based on the results of the CanTEST.

*2. Some departments may require a specific test or test scores greater than those indicated above.

English Language Proficiency Test Exemption List:*
Applicants holding secondary school diplomas and/or university degrees from the following countries are exempt from the English Language Proficiency Test requirement:

* An updated list of additional countries exempt from the English Language Proficiency Test can be found at www.umanitoba.ca/graduate_studies/prospective/admissions/english.html

Letters Of Recommendation:
Letters of Recommendation forms are available in the Faculty of Graduate Studies Office, 500 University Centre or on the Faculty of Graduate Studies website: www.umanitoba.ca/faculties/graduate_studies/formlist/referee.pdf. Two letters of recommendation must be sent to the department to which the student is applying in individual sealed envelopes with the referee’s signature across the closing flap of the envelope. Applicants should check with the department to which they are applying as some departments require more than two Letters of Recommendation on a departmentally approved form.

Admission Tests:
Some departments require admissions tests, such as the Graduate Record Examination (GRE) or the Graduate Management Aptitude Test (GMAT). These requirements are listed in the Supplementary Regulations of the particular department, and if required, the scores must be submitted at the time of application.

Entrance Requirements:
The minimum standard for acceptance into any category in the Faculty of Graduate Studies is a 123.0 Grade Point Average (GPA) or equivalent in the last two previous years of full time university study (60 credit hours).

Note:
This is the minimum requirement of the Faculty of Graduate Studies and departments may have higher standards and additional criteria.

Eligibility of University of Manitoba Staff Members:
A staff member at the University above the rank of Lecturer or Instructor II is not eligible to register for a higher degree in the department in which the appointment is held.

1.2 Registration Procedures
All newly admitted graduate students are required to have their program of study approved by their
| Undergraduate students are not allowed to register in graduate courses; that is, admission to the Faculty of Graduate Studies is a condition for registration in courses at the 600/6000 level and above. | advisor and the Associate Head (Graduate) or designate prior to web registering. |
| All graduate students must initially register in the term specified in their letter of acceptance as specified in the Academic Schedule of the Graduate Calendar. Any student not registering within one term of acceptance will be required to re-apply for admission. In exceptional circumstances and with prior approval from the Department, a student may defer registration for up to one term following acceptance into the Faculty of Graduate Studies. In the case of International students, admission may be deferred, with prior approval from the Department, for up to one year following acceptance. |  |
| All programs must be approved by the head of the major department or designate. Approval to take courses from departments outside the major department must be obtained from the outside department. The approval or denial of admission and registration to two programs rests solely with the faculties/units concerned. The approval/denial must be submitted to the Faculty of Graduate Studies prior to the student's admission/registration. Where a student does register in two programs the student must declare themselves as part-time in at least one of the programs. Students should note that completing a graduate program as a part-time student will affect their eligibility for the University of Manitoba Graduate Fellowship and may limit other funding possibilities. |
| Re-Registration: Any student whose program of study extends over more than one year must re-register for September of each succeeding year of his/her program until a degree is obtained (or in the case of Pre-Master’s students their program is completed). Failure to re-register will result in the termination of the student’s graduate status. A student who has been discontinued and would like to be considered for continuation in a program must re-apply for admission. The re-registration requirement does not apply to Occasional students, or students on an Exceptional or Parental Leave of Absence, (please refer to the “Leave of Absence” section of this Guide). |
| Note: Registration is not complete until fee payment or fee payment arrangements have been made with the Comptroller in writing prior to the fee payment deadline dates. The notation ‘student discontinued program’ will be placed on the academic record of any graduate student who has failed to maintain continuous registration. |
| Registration Revisions: For designated periods subsequent to registration, approved revisions and transfers may be made. It is required that students adhere to dates and deadlines as published in the Academic Schedule of the Graduate Academic Calendar. |
| Note: Graduate students are not allowed to withdraw from courses without written permission from their Department head on recommendation from their advisor/advisory committee approving the program change. The notation “student discontinued program” will be placed on the academic record of any graduate student who has withdrawn from courses without such approval. |
| Western Deans’ Agreement: This agreement was established in 1974 as an expression of co-operation and mutual support among universities offering Graduate programs in western Canada. Its primary purpose is the reciprocal enrichment of graduate programs throughout western Canada. This agreement is not intended to preclude other agreements between participating institutions. 1. The Western Deans’ Agreement provides an automatic tuition fee waiver for visiting students. Graduate students paying normal required tuition fees to their home institution will not pay tuition fees to the host institution. |
| Note: Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route) |  |

*Template revised May 15, 2006*

*Updated January 2008*
*Approved Dec 2009*
2. Students may be required to pay student, activity, application, or other ancillary fees to the host institution, according to general policies in effect at the host institution. Wherever possible, these fees will also be waived.

3. Students will qualify for the fee waiver if they: present the “Authorization Form: Western Deans’ Agreement” signed by the Dean or designate and the Department Head or Graduate Advisor of a participating Western institution specifying the courses to be taken for credit toward a graduate degree program at their home institution; are in good standing in a graduate program at the home institution; have paid all current and back fees at the home institution.

4. Students must meet all requirements as prescribed by the host university’s regulations, deadlines, class capacities, and course prerequisites.

5. Registration is possible in courses at both the graduate and undergraduate levels, and in credit courses offered through distance education or other means. To be eligible, courses must be an integral part of the applicants’ graduate degree program. Fee waiver is not permitted for audit or non-credit courses.

6. Students must have the Authorization Form approved by the relevant Department Head and the Faculty of Graduate Studies at the host institution at least two weeks prior to the commencement of the course(s) requested. The fee waiver is not available retroactively.

7. Students are subject to regulations of the home institution governing credit for the courses to be undertaken. As a condition of registration at the host institution, students will arrange for official transcripts from the host institution to be sent to the home institution confirming successful completion of courses selected.

8. Students must send confirmation of registration and notice of any change to the graduate Records Office of the home institution at the time of registration or course change is completed.

9. Students may not claim fee waivers under the terms of this Agreement for a period of more than 12 months total.

10. Each institution has its own regulations regarding the maximum number of transfer credits permitted in a given degree program.

1.3 Course Classifications

General Classifications:

Students who register through the Aurora Student Information System (SIS) must also have prior approval of the Department Head or designate. Students registering through the Aurora SIS should add only those courses that are a Major course in their program. Courses with Auxiliary “AX”, Audit “AU”, or Occasional “OS” status (see below) must be added by the department.
**AX Auxiliary course:** Course is not a major requirement of the program but is required by the student's advisor.**“**

**AU Audit course:** Course is not taken for credit. No grade is recorded.

**OS Occasional course:** Course is not a requirement of the program.

**“** Extra courses which are not actually part of the Master's or Ph.D. program but which are specified and required by the student’s advisor, may be classified as AX (Auxiliary) and the grade will not be included in the degree GPA which appears on the transcript. However, AX course grades may be used in the calculation of the GPA for continuation in the program and a minimum grade requirement may be required for AX coursework by the Department. (Please consult the Departmental supplemental regulations.) Additionally, AX courses are used in the calculation of the GPA for the purposes of Admission and Awards. (NOTE: The University of Manitoba Graduate Fellowship (UMGF) and International Graduate Student Scholarship (IGSS) use AX courses in the calculation of the GPA.) The student’s advisor and head of the unit must determine if there is a valid need for the registration in courses under the AX classification. A maximum of 12 credit hours under the AX course classification is permitted while registered in a given program.

**Note:**
Changes in course classifications are regarded as course/program changes and may not be made without approval (refer to the “Registration Revision” section of this Guide) or after the deadline dates for course changes as indicated in the Academic Schedule of the Calendar.

### Continuing Courses (CO)

For those graduate level courses (600/6000, 700/7000, 800/8000) which are being taken by students enrolled in the Faculty of Graduate Studies and which continue beyond the normal academic term, the instructor shall recommend that a mark classification of “CO” be used until such time as a final grade can be established. If the course is not completed by August 31, the student must re-register for the course(s).

Graduate Level Courses (600/6000,700/7000,800/8000) which extend beyond normal academic term must be denoted as such in this Calendar.

In the absence of an assigned mark of “CO”, the student may receive mark of “F” in that term.

**Note:**
1. A CO will normally not be permitted longer than twelve months.
2. In exceptional circumstances, where a CO grade is requested for a second twelve months, at the time the CO grade is submitted on the examination register the instructor and Department head must also submit the “Recommendation for Continuing Status of a Course” form stating the reason for the CO and the deadline by which the course must be completed.

### Incomplete Courses:

The student who is unable to complete the term work prescribed in a course may apply to the instructor prior to the end of lectures for consideration of a grade classification of “Incomplete”. It is understood that the student is to write the final examination if one is scheduled for the course.

Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor shall calculate the temporary grade using a zero value for incomplete work.

Normally, the following maximum extensions are allowed:
- For courses terminated in April, August 1st
- For courses terminated in August, December 1st

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
For courses terminated in December, April 1st

If a final grade is not reported within one month of the extension deadline, the letter “I” will be dropped and the grade will remain as awarded. The student will no longer have an opportunity to improve the grade. In no case will the satisfaction of the incomplete requirements result in a lower grade being awarded.

**Note:**

1. Transfer of courses from the “occasional category” to a degree program is not automatic: request for advance credit may be made within the first year of a degree program.

2. Fees paid by a student while registered as an occasional student are not transferable, at a later date, to a degree program.

3. Registration in the occasional student category can be for no more than one academic year without reapplication.

Provisional (Admission):
A new student is allowed provisional status in a program for up to one term from the time of registration. Registration for additional terms in that program will not be permitted until the provision is cleared. Provisional registration may be for such reasons as missing or incomplete documentation, lack of complete or appropriate academic background, etc.

SECTION 2: Academic Performance - General

Students are ultimately responsible for ensuring that they meet degree and program requirements. The advisor (co-advisor), advisory committee and the department must ensure that each student follows the guidelines and meets the program requirements. The Faculty of Graduate Studies performs a final check of program requirements for each student just prior to graduation. Students are cautioned, therefore, to check all regulations with respect to the degree requirements. Failure to meet all the requirements will result in failure to graduate.

Any student re-registering in the period between receiving unsatisfactory grades and a decision by the Faculty of Graduate Studies on a deficiency does so at his/her own risk.

Departments may make recommendations with regard to the regulations concerning minimum academic performance; however, enforcement of academic regulations rests with the Faculty of Graduate Studies. The following procedures apply to recommendations made by departments:

The department is responsible for informing the Faculty of Graduate Studies when a student’s performance is unsatisfactory in research or course work and the department must describe any recommended remedial action(s).

The department must notify the student of the deficiency and of their recommendation.

If the student fails to satisfy any remedial action recommended, the student will be required to withdraw from the program.

Note:
When a graduate student is required to withdraw from a program of study, the notation on the academic record will be: “Required to withdraw.”

Voluntary withdrawal from a program is not permitted once the grades have been declared and indicate that the student has failed to achieve the required minimum.

Departmental recommendations will supersede student requests for voluntary withdrawal.

A student who has been required to withdraw from a graduate program at The University of Manitoba may be permitted to enroll in another graduate program only if the application for admission is approved by the Dean of Graduate Studies or designate.

Academic Performance:
Student progress shall be reported annually to the Faculty of Graduate Studies on the “Annual Progress Report Form”. Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation by the Department head to the Dean of Graduate Studies.

25. Negative Evaluation for Reasons Other Than Grades

In cases where the student’s evaluation is negative for reasons other than grades (e.g., unsatisfactory progress, unfavourable research performance, or unethical conduct), the student will automatically be required to withdraw unless a petition to remain enrolled is submitted by the student from a staff member. The advisor of the student will be contacted by the Head and will at that time either provide or refuse to provide a petition on the student’s behalf. If the advisor petitions, an evaluation subcommittee will be set up as described below (but with only one petitioner). If the advisor does NOT petition, Departmental staff will receive a memo from the Head listing (a) the student with a problem other than grades, (b) the nature of the problem, and (c) the consequences of no petition for the student. If a petition is received, the Head will notify each student with a non-grade problem about the situation, and will notify the Examination and Evaluation Committee which will set up a subcommittee of identical structure and task to that for grade problems.

The Examination and Evaluation Committee will consider the subcommittee’s recommendations, making a final recommendation to the Dean of Graduate Studies through the Head who will monitor the progress of the remediation and then take further appropriate action. Decisions of the Committee may be appealed to Department Council.

The Examination and Evaluation Committee will normally process a case within six weeks or will notify the Head and the student in writing, if delays are anticipated. While a student is being considered by the Examination and Evaluation Committee, the student will not be terminated from the Department's programs but also will not be able to register for courses until the case is decided. Any person wishing to provide information to a student's evaluation subcommittee may do so either in writing or in person by making a written request to the Chairperson of that subcommittee. A student whose case is being evaluated may also appear before the Examination and Evaluation subcommittee by making a written request to the Chairperson of the subcommittee.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
### PROFESSIONAL UNSUITABILITY BY-LAW
(formatted as approved by Senate)

#### 1.00 JURISDICTION

1.01 General

The Department of Psychology may require any student to withdraw from the Clinical Psychology Training Program pursuant to the procedures set out in this By-Law when the student has been found unsuited, on considerations of competence or professional fitness, for the practice of clinical Psychology. A student may be required to withdraw at any time throughout the academic year or following the results of examinations at the end of any academic term. This right to require withdrawal prevails notwithstanding any other provision in the Department's Rules or Regulations.

1.02 Grounds for Required Withdrawal

A student may be required to withdraw from the Department when the student has:

a) been guilty of such conduct which, if participated in by a practicing clinical psychologist, would result in violation of the Code of Ethics published by the Canadian Psychological Association or the Ethical Principles of Psychologists published by the American Psychological Association;

b) in any clinic or practicum practiced incompetently due to ongoing impairment of functioning;

c) jeopardized professional judgment through self-interest;

d) demonstrated behaviour with respect to other students, colleagues, faculty or the public which is exploitative, irresponsible or destructive.

1.03 Conflict of Jurisdiction

If a question arises as to whether a matter falls within the academic regulations of the Department or this By-Law, or as to whether a matter is within the jurisdiction of the Discipline By-Law of the University or this By-Law, as the case may be, the question shall be referred to the President of the University for final decision.

#### 2.00 PROFESSIONAL UNSUITABILITY REVIEW COMMITTEE

2.01 There shall be established within the Department a committee known as the
Professional Unsuitability Review Committee, herein called the "Review Committee," whose membership shall be as follows:

a) The Chair of the Department's standing Examination and Evaluation Committee, who shall act as Chair of the Review Committee;

b) The members of the Examination and Evaluation Committee;

c) The Director of Clinical Training or, if the Director is a member of the Examination and Evaluation Committee, another Clinical Psychology Training Program faculty member elected by Program faculty;

d) If a clinical psychology graduate student is not a member of the Examination and Evaluation Committee, one such student elected by the Psychology graduate student constituency.

e) A clinical psychologist appointed by the Head who has been a registered member in good standing of the Psychological Association of Manitoba for at least the previous five years and who is not affiliated with the Clinical Psychology Training Program.

f) The Dean of the Faculty of Graduate Studies or delegate.

### 3.00 PROCEDURE

3.01 The Head or the Director of Clinical Training shall refer matters which in his/her opinion involve conduct or circumstances described in Articles 1.01 and 1.02 herein, to the Review Committee in a written report, setting out the name of the student involved, the alleged facts and the ground(s) allegedly warranting withdrawal pursuant to Articles 1.01 and 1.02.

3.02 The Review Committee shall send a Notice of hearing to the named student as set out under Article 4.02; shall determine whether any of the grounds requiring withdrawal under Articles 1.01 and 1.02 exist at a hearing of the matter pursuant to this By-law; and grant a disposition in accordance with Article 7.02 herein.

3.03 Once a reference has been made to the Review committee, the proceedings may continue notwithstanding that the student has subsequently voluntarily withdrawn from the Program or has refused to participate in the proceedings.

5.11 The results of the hearing and the grounds therefore shall be conveyed in writing to the Head of the Department, the Dean of the Faculty of Graduate Studies, the student, the designated representative of the student, and to the Student Advocate when requested by the Student Advocate.

**6.00 APPEALS**

6.01 In the case of a decision of the Faculty Council, the decision or disposition or both may be appealed to the Senate Appeals Committee in accordance with the Senate By-Law respecting appeals from decisions of Faculty and School councils.

6.02 If a student wishes to appeal a decision of the Review Committee, then such appeal may be made to the Faculty of Graduate Studies by delivering a notice of appeal in writing to the Dean of the Faculty within three working days of the student being notified of the decision from which he/she intends to appeal.

6.03 The notice of appeal to the Faculty of Graduate Studies shall clearly indicate whether the appeal is from a finding of fault or fact on the one hand, or from the disposition on the other, or from both.

6.04 Upon receipt of the notice of appeal, the Dean of the Faculty of Graduate Studies shall, as soon as practical, convene a meeting to consider the appeal and shall give to the student a copy of the notice calling the meeting at least five days before the date of such meeting.

6.05 In the event of an appeal, the implementation of any decision of the Review Committee shall be suspended until the matter has been disposed of by the body hearing the appeal.

6.06 Notwithstanding the above, if the President of the University is satisfied that it is in the best interests of the University, the President may at contact with the student or has prior personal knowledge of the matter.

b) The student whose case is to be dealt with shall be permitted to challenge and thereby cause to be disqualified not more than two members of the Review Committee. In such a case, the Department or Program, whichever is appropriate, may replace the disqualified member(s).

6.07 The time for delivering the notice of intention to appeal to the Faculty of Graduate Studies may be extended by the Dean.

7.00 DISPOSITION OF THE MATTER

7.01 The body hearing the matter shall, after hearing all the evidence, meet in closed session with its members only, to consider its findings and the disposition to be made of the matter.

7.02 The body hearing the matter may individually or in combination:

a) determine that no action should be taken in respect of the matter;

b) reprimand the student;

c) require the student to withdraw from the Clinical Psychology Training Program for a specified period of time;

d) require the student to withdraw from the Program, indefinitely;

e) require the student to withdraw from the Program with no right to apply for re-admission to the Program;

f) attach conditions which must be fulfilled before any application for re-admission to the Program can be considered;

g) attach conditions prescribing future conduct by the student.

8.00 AMENDMENTS

8.01 This By-Law may be amended by Senate alone, or by Senate after approval of such amendment(s) by the Department of Psychology and the Faculty of Graduate Studies.

Performance in Course Work:
A minimum degree grade point average (degree GPA) of 3.0 with no grade below C+ must be maintained for continuance in the Faculty of Graduate Studies. Departments may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades will be required to withdraw unless a departmental remedial recommendation (as outlined below) is approved by the Dean of Graduate Studies.

A student may be permitted to remove deficiencies in grades by repeating the course or taking an equivalent substitute course only once for each course to a maximum of 6 credit hours of course-work. If a course is repeated or replaced, the highest grade obtained will be used in the calculation of the degree GPA.

27. Where a student has received one or more grades below a C+, the student will automatically be required to withdraw unless a petition is received on behalf of the student from a staff member. The advisor of the student will be contacted by the Head and will at that time either provide or refuse to provide a petition on the student's behalf. If the advisor petitions, an evaluation subcommittee will be set up as described below (but with only one petitioner). If the advisor does NOT petition, the Departmental staff will receive a memo from the advisor stating that no petition is forthcoming.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
transferred to a Master's program at a later date.

Note:
In exceptional circumstances, the major department may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Students receiving a grade of C or less in more than 6 credit hours of coursework are required to withdraw.

In general, supplemental exams are not permitted to students in the Master's or Ph.D. program.

All actions taken administratively are to be reported, in summary form to the Faculty of Graduate Studies Executive Committee.

SECTION 3: General Regulations: Pre-Master's

Admission and Requirements
Graduates of bachelor degree programs with a minimum grade point average (GPA) of 3.0 in the last two full years of university study will be considered for admission to a pre-Master's program. These are the minimum requirements of the Faculty of Graduate Studies. Departments may specify higher or additional criteria.

Admission to a pre-Master's program does not guarantee future admission to a Master's program. As the Pre-Master's program of study is intended to bring a student's background up to the equivalent of the required 4-year degree, departments should assign to students, as part of their Pre-Master's program of study, an appropriate number of applicable upper level (300/3000 or 400/4000) undergraduate courses. In exceptional circumstances and upon prior approval by the Graduate Dean, 700/7000 level courses may be considered for inclusion in the Pre-Master's program of study for those students who hold a 4 year degree. Courses taken as part of the pre-Master's program may not be transferred to a Master's program at a later date.

28. At the time of admission each student must be assigned an advisor from among the faculty members of the admissions area by the specialty area admissions committee accepting the student in consultation with the Graduate Admissions and Financial Support Committee.

The advisor assists the student in meeting Departmental regulations, including planning of program, and in Pre-M.A. Honours Research Seminar (Psyc 4520), as well as in other training situations. Occasionally a change in advisor may seem appropriate from the points of view of either or both parties (student and advisor). Both parties must have full knowledge of a proposed change and consent of each should be sought. All changes of advisor must have the approval of the

Head listing (a) the student with a grade problem, (b) the nature of the problem, and (c) the consequences of no petition for the student. The Head will notify each student with a grade problem about the situation.

If a staff member petitions on behalf of a student, the Head will notify the Examination and Evaluation Committee which will set up a subcommittee consisting of the student's advisor, a randomly selected non-petitioning staff member outside the student's admissions area, and a third staff member who will be a petitioner (if possible—otherwise a randomly selected non-petitioner).

The subcommittee will be struck only when all relevant current grade appeals are finalized, or the student waives the right to further review based on pending grade appeals.

The subcommittee will gather information from petitioners, the student and other sources and transmit to the Examination and Evaluation Committee in writing its recommendation and supporting documentation concerning: (a) whether the situation warrants no action, remedial action, or termination; (b) which, if any deficiencies must be remedied, by when, and in what manner, and (c) the further course of action to be taken by the Head, if the deficiencies are not made up by the deadline. Students would normally be allowed to repeat a course.

The Examination and Evaluation Committee will consider the recommendations of each student's evaluation subcommittee and will recommend through the Head to the Dean of Graduate Studies the specific course of action to be taken. By appropriate petition, however, the decision of the Examination and Evaluation Committee can be appealed to Department Council. When remedial actions have been specified, the Head will monitor the student's program to determine whether or not the deficiencies have been made up at the end of the period allotted, and then take appropriate action.

The Examination and Evaluation Committee can be appealed to Department Council. When remedial actions have been specified, the Head will monitor the student's program to determine whether or not the deficiencies have been made up at the end of the period allotted, and then take appropriate action.

Head or designate (hereafter referred to as Head, although typically it is the responsibility of the Associate Head, Graduate).

Students holding a general B.A. or B.Sc. degree normally take the following courses during the Pre-M.A. year, but these requirements may be waived with Departmental approval:

i) Three hours of credit from Psyc 3630 Psychological Measurement and Assessment, Psyc 4500 Psychological Tests, or Psyc 4570 Design and Analysis for Psychological Experiments

ii) Three hours of credit from each of two of the lettered honours menu categories—6 credit hours. (See the Lettered Menu below.) These courses will be chosen in consultation with the Head from content areas not included in the student's undergraduate course work. Specifically, students who have not completed 3 hours of credit in biological psychology will be required to complete Psyc 2360 Brain and Behaviour, Psyc 3330 Elements of Physiological Psychology, or Psyc 3430 Sensory Processes as one of these courses.

iii) One full course in Honours Research Seminar (Psyc 4520)—6 credit hours.

iv) Two half-courses in psychology at the 4000 level or above—6 credit hours.

**Academic Performance:**

1. The department head or designate is responsible for assigning the courses and monitoring the progress of each student.

2. A minimum degree grade point average of 3.0 with no grade below C+ must be maintained for continuance in pre-Master’s study. Students who fail to maintain this standing will be required to withdraw unless a departmental remedial recommendation (as below) is approved by the Dean of Graduate Studies.

3. Students deficient in 6 hours of credit or less may be permitted to write a supplemental examination (when offered) in courses in which a grade of C or less was obtained.

4. Students deficient in 6 hours of credit or less with a grade of C, D, or F in a course or courses may be permitted, if the overall average is C or better, to write one supplemental examination in each course (when offered), to repeat the courses, or to take equivalent substitute courses.

**Note:**

In exceptional circumstances, when a student is deficient in more than 6 credit hours, the student may be permitted to repeat the pre-Master’s year or to write supplemental examinations (when offered) or to substitute equivalent course work in order to make up the deficiencies.

A student may be permitted to repeat the pre-Master’s year only once, and to remove deficiencies in grades by writing supplemental examination or repeating courses only once for each course to a maximum of 9 credit hours of course work.

If a course is repeated or a supplemental examination is written, the highest grade obtained in that course will be used in the determination of the degree GPA.

The degree GPA is cumulative in a pre-Master’s program if more than one year is required to complete the course requirements.

All action taken administratively is to be reported in summary form to the Faculty of Graduate Studies Executive Committee.

**SECTION 4: General Regulations: Master’s**

**Diploma Programs:**

The regulations for the Master’s program shall also prevail for diploma programs. Students should also consult the department supplemental regulations regarding diploma programs.

Individual departments may have additional regulations that supplement these general regulations. All such supplementary procedures and regulations must be approved as specified by the By-Laws of the Faculty of Graduate Studies, be published and available to students, and kept on file in the Faculty of Graduate Studies Office.

**Admission:**

Applicants must hold the following minimum requirements for consideration of direct admission to a program of study leading to the Master’s degree:

- A four year bachelor’s degree (or academically equivalent program) from an academic institution

Note:

Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
recognized by the Faculty of Graduate Studies. (Students who have completed the pre-Master’s program or equivalent from the University of Manitoba or another recognized university are also eligible for admission.)

-Minimum GPA of 3.0 (or the equivalent) based on the last 60 credit hours (or two full years or equivalent) of university study.

-Successful completion of appropriate course content for the graduate program to which application is being made, and adequate senior level courses to ensure preparation for graduate work in the chosen field.

**Student’s Advisor/Co-Advisor:**
Each Master’s student should have an advisor upon entry into the program, and must have one assigned no later than one term following registration. The advisor is approved by the Department head, must be a member of the Faculty of Graduate Studies, be active in research, have expertise in a discipline related to the student’s program, and hold at least a Master’s degree or equivalent. Any exceptions or special circumstances must be recommended by the Head of the major department and approved by the Dean of the Faculty of Graduate Studies. It is the responsibility of the Department head to determine whether faculty members meet these criteria, and also to report on equivalency as necessary. In special circumstances, an advisor and co-advisor upon approval of the department head may advise a student. The advisor and co-advisor must be members of the Faculty of Graduate Studies. (Refer to 2.2.2.1 Membership in the document Governance of the Faculty of Graduate Studies.)

The advisor will advise the student on a program of study, direct research, and supervise the thesis or practicum work. In departments where the choice of thesis/practicum topic and thesis/practicum advisor are postponed for some time after a student’s entry into the program, the Department head shall appoint a faculty member to advise the student in the interim period before the regular advisor is assigned or chosen.

*Note: When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements). The co-advisors will usually be identified together at the beginning of a student’s program. However, in some circumstances the need for a co-advisor may arise mid-way through a student’s program. In all instances the Faculty of Graduate Studies must be informed of the co-assignment. Both co-advisors’ signatures are required on all documents where the advisor’s signature is required.*

**Advisory Committee (Master’s)**
In those Departments that specify that a Master’s advisory committee is required, the committee must consist of at least one person whom holds a primary appointment from within the major department. Additional specifications regarding the advisory committee are found in the departmental supplemental regulations.

**Program Requirements:**
All students must complete one of the following programs of study for the Master’s degree (unless otherwise specified in the approved departmental supplemental regulations):

**Thesis/Practicum Route:**
A minimum of 12 credit hours of course work plus a thesis or practicum. The minimum must include at least 6 credit hours at the 700/7000 level with the balance of the coursework at the 300/3000 level.

**MA Program Requirements:**

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

300/3000 level or above. A maximum of 24 credit hours of coursework is allowed toward the thesis/practicum based Master’s program.*

Comprehensive Examination Route:
A minimum of 24 credit hours of coursework and comprehensive examination(s). The minimum must include at least 12 credit hours at the 700/7000 level or above with the balance of the coursework at the 300/3000 level or above, or, in exceptional circumstances and upon approval of the Dean of Graduate Studies, the 200/2000 level. A maximum of 48 credit hours of coursework is allowed toward the comprehensive examination based Master’s program.*

*Unless professional accreditation requirements or existing supplemental regulations indicate otherwise.

Notes:
The program of study is determined by the major department and may include requirements in addition to those specified above. All departmental supplemental regulations require prior approval of the Faculty of Graduate Studies.

For historical reasons, the following thesis/practicum based programs are subject to the same min/max credit hour restrictions as for the comprehensive-based Master’s: Master of Nursing, Master of Architecture, Master of City Planning, Master of Landscape Architecture, Master of Natural Resource Management.

b) Ancillary - One half course—3 credit hours. If the ancillary is taken in psychology, the course must be at the 7000 level or above and must be in an area clearly apart from the major. The Head or designee may request a written rationale from the advisor justifying the distinctiveness from the major of a student’s proposed ancillary. If the ancillary is taken outside of psychology, the course will normally be at the 3000 level or above. No course taken during the student’s undergraduate or Pre-MA program may be applied toward this requirement.

c) Two half-courses in Psychological Statistics Psyc 7200: Quantitative Methods in Psychology 1 [formerly Psyc 7760] and Psyc 7210: Quantitative Methods in Psychology 2 [formerly Psyc 8420]: 6 credit hours. These may not count for any of the courses in (a) or (b), above.

d) MA Thesis Proposal Development course, Psyc 7780. This course must be completed within the first 4 terms of full time study in the program.

All students are required to complete the above.

Any of the above course requirements may be waived, without completing additional coursework, if the Head or designee determines that an equivalent course has been successfully completed in another graduate program. Note however that all students must complete at least the minimum number of credit hours required for an MA program as specified by Faculty of Graduate Studies.

If a student receives undergraduate credit in a combined course, then the student will not be permitted to receive graduate credit in the graduate version of the course without demonstrating to the head of the Department that the graduate course differs substantially in content and evaluative criteria.

Specific Admissions Area, Program, or Advisor Requirements:
The above M.A. course requirements are minimal and additional requirements may be established by specific programs or individual advisors. Any duly constituted admissions area may propose supplementary regulations, beyond the Department’s minimum requirements, for students admitted to its area. Different admission areas may have different program requirements, i.e., Clinical, School. Specific area requirements would typically be the same from one student to another but would vary across admission areas. The
proposed regulations will be submitted to the Executive Committee and then Department Council for approval. Approved supplementary regulations will be published in the Department’s Psychology Graduate Study Brochure. The supplementary regulations will be cancelled automatically when the area is dissolved. Specific Departmental programs specifying differing requirements must receive Department Council approval before implementation. In those areas where specific programs have been established, e.g., Clinical Psychology Training Program, students must take the required curriculum of that program in addition to the required Departmental courses listed above; School Psychology Program, students must take the required curriculum of that program and are not required to complete the Departmental courses listed above. All supplemental regulations and requirements must be submitted to FGS for approval at the appropriate committee level.

**School Psychology Program**

The School Program requires two years (60 credit hours) of full-time on-campus study. The schedule of courses was designed to meet the following three criteria: school clinician certification standards for the Province of Manitoba; competencies required by the National Association of School Psychologists, and the competencies outlined in the Canadian Psychological Association’s Mutual Recognition Agreement.

**School Psychology Comprehensive Examination**

The purpose of the comprehensive examination is to provide a very general context in which to demonstrate an integrated understanding of the materials presented across courses in a detailed and comprehensive manner. This is intended as a way to evaluate the student’s ability to think critically and independently, to integrate content knowledge, and to demonstrate mastery of key concepts. The questions are purposely broad in order to allow individual responses. While this allows highly varied content and format, it is still expected that students answer the question that is posed.

---

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
Students must complete this process entirely independently. They must not discuss any aspect of the questions, the intended or actual responses, or any other aspect of the process with anyone, including classmates. Neither should students have outside help (like editing) with any aspect of this task. Responses are to be well written, appropriately organized, and accurately documented.

Timing: Comprehensive Examinations will be assigned no later than May 1st and are due no later than June 1st unless special permission is granted for an alternate time-frame.

Evaluation: Students who do not pass on the first attempt will be given one more opportunity to take the exam. Grading will be completed by the program instructors as follows:

- **High Pass** - represents an outstanding level of performance incorporate a significant and detailed review of current literature, integrating several legitimate theoretical and applied concepts. Responses also may incorporate innovative characteristics.

- **Pass** - represents a high level of performance indicating mastery of concepts and skills and is necessary for completion of the Master's degree.

- **Conditional Pass** – Responses are broad, surface level, and do not incorporate sufficient course content or theoretical concepts. The student has not passed the examination but is eligible for a grade of Pass by completing the additional work designated by the examiners. The program instructors will evaluate the additional work to determine whether a grade of Pass or Fail will be assigned.

- **Fail** – Responses are clearly inadequate, do not address appropriately the question, or fail to incorporate course content important concepts and/or research. The student has not passed the examination and must retake it with new questions if this is the first attempt or is eliminated from the program if this is the second attempt. The exam is rewritten immediately after the student is notified of the failed grade.

Papers will be distributed across Program Instructors for grading. Where a paper achieves the grade of Conditional Pass it will be reviewed by a second Instructor to determine the final grade. A grade of Fail will
### Thesis Proposal/Practicum Plan

Each student is required to develop a thesis proposal/practicum plan in his or her chosen field of study. Normally, the thesis is developed under the mentorship of the advisor/co-advisor. The advisor/advisory committee/department head/grad chair must formally approve the thesis proposal. (Each department may have specific guidelines regarding the theses proposal). Research involving human or animal subjects requires ethical approval prior to initiation of research. Please refer to the appropriate ethics review committee.

---

#### 4.1 Thesis and Practicum Regulations

**General:**
Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis.

**Practicum versus thesis:**
While the practicum differs from the thesis in its emphasis on the application of theory, it is similar in scope, span, and rigor. The weight of work required for the practicum is equal to that required for the Master’s thesis. In general, the practicum takes the form of an exercise in the practical application of knowledge and skill. It usually involves the careful definition of a problem, the application of appropriate knowledge and skills to the problem, and a report of the results in a manner suitable for evaluation by an examining committee. The requirements are specified by the departments concerned.

**Style and format:**
The thesis/practicum must be written according to a standard style acknowledged by a particular field of study and recommended by the major department, be lucid and well-written, and be reasonably free from typographical and other errors.

Copies of the thesis/practicum must be submitted in good, clear type. As long as all copies are clearly legible, the thesis/practicum may be reproduced by a method that is presented in the

Supplemental Regulation

"Thesis Guidelines Booklet" which is available in the Faculty of Graduate Studies and also available on the web: www.umanitoba.ca/graduate_studies. Minimum paper weight is 16 lb. Bond or equivalent; minimum left margin is 3.8 cm (1.5 inches), other margins are 2.5 cm (1 inch). Wherever possible, these margins should be adhered to for illustrative materials. A thesis guideline booklet is available from the Faculty of Graduate Studies Office for additional information.

Deadlines and Details for submissions of final copies:
The Academic Schedule in the Graduate Calendar should be consulted regarding dates by which theses/practicum must be submitted. Following the approval of the thesis/practicum by the examining committee and the completion of any revisions required by that committee, the thesis must be submitted to the Faculty of Graduate Studies in one of the following ways:

a) two paper copies to the Faculty of Graduate Studies Office in unbound form, enclosed in an envelope or folder. Note: Only one copy need be single-sided.

b) one paper copy (that is single sided) to the Faculty of Graduate Studies Office in unbound form, enclosed in an envelope or folder, and one electronic copy of the paper version submitted as an electronic thesis/dissertation (ETD) at the MSpace website: https://mspace.lib.umanitoba.ca/index.jsp

Note: In those cases where one copy of the thesis is submitted electronically and following approval of the Dean of Graduate Studies, part of that thesis/practicum (paper copy) may be submitted in electronic format, including CD-ROM. Further details with regard to the format may be provided in the Supplementary Regulations of the department. Complete information regarding the software used to produce the electronic portion of the thesis/practicum must be included. (Details are provided in the Thesis Guideline booklet)

The thesis/practicum copies are required for the University Library and remain the property of The University of Manitoba.

4.2 Thesis/Practicum Examination Procedures

Examining Committee:
The student’s advisor will recommend a suggested thesis/practicum examining committee to the Department head for approval, which shall then be reported to the Faculty of Graduate Studies Office on the “Master's Thesis/practicum Title and Appointment of Examiners” form. The committee must consist of a minimum of three examiners. At least two examiners must be members of the Faculty of Graduate Studies. One examiner must hold a primary appointment from within the major department and one examiner must be external to the department. All examiners must be deemed qualified by the Department Head and willing to serve.

Note:
The external member should be considered arm’s length to the department. While the definition of ‘arm’s length’ is left to the discretion of the department, be advised that justification may be required by the Faculty of Graduate Studies for this selection.

51.

Following selection of a possible thesis topic, the Advisory Committee may be reconstituted to include faculty members who are particularly knowledgeable or interested in the topic. The Advisory Committee will typically form the basis of the student's future Thesis Examining Committee. All changes of the Advisory Committee must have approval of the Head or designate (hereafter referred to as Head, although typically it is the responsibility of the Associate Head, Graduate Program).

A. Thesis Chairperson

The Thesis Chairperson is usually the student's advisor but need not be. Where the thesis chairperson is not the advisor, the chairperson will be chosen by the advisor in consultation with the student from the faculty in the student's research interest area in the Department, and the advisor becomes a member of the Thesis Examining Committee. The Thesis Chairperson directs the student's literature search, problem formulation, and design development. It will be the Thesis Chairperson's responsibility to indicate to the Faculty of Graduate Studies the title of the student's thesis and the names of the appropriate Thesis Examining Committee members.
B. Thesis Examining Committee

The members of the Thesis Examining Committee and specific criteria for selection are:

1. Thesis Chairperson, who will direct the thesis and chair the Thesis Examining Committee
2. the advisor, when the Thesis Chairperson is not the advisor, or a Departmental faculty member who is chosen by the Thesis Chairperson in consultation with the student; and
3. a faculty member from within the University but outside the Psychology Department, who is chosen by the Department Head upon the recommendation of the Thesis Chairperson

Other members of the Department may be called upon for consultation at this phase of the thesis project. In fact it would be wise to involve staff members at this stage who will become members of the Thesis Examining committee, so that their comments about design and procedure can be given at a time when corrective actions can most readily occur. The student's advisor will recommend this Thesis Examining Committee to the Faculty of Graduate Studies on the "Thesis Title and Examiners" form which must be signed by the Head.

C. The Written Proposal and Proposal Oral Examination

The Thesis/Practicum Title and Appointment of Examiners form is to be submitted to FGS by the student at least 2 weeks prior to the scheduled proposal meeting. Under the supervision of the Chairperson of the Thesis Examining Committee, the student prepares a written proposal which is submitted to the members of the Committee.

Distribution and Examination:
The head of the major department will arrange for the distribution of the thesis/practicum to the examiners and will notify the Faculty of Graduate Studies Office at the time that the thesis/practicum has been distributed for examination. It is the duty of all examiners to read the thesis/practicum and report on its merits according to the following categories:

Acceptable without modification or with minor revision(s);
Acceptable subject to modification and/or revision(s);
Not acceptable

Note:
1. The examining process should be completed within one month of distribution of the thesis/practicum.
2. A student has the right to an examination of the thesis/practicum if he/she believes it is ready for examination.
| Oral Examination: | Normally, students must pass an oral examination on the subject of the thesis/practicum and matters relating thereto. The form of the oral examination will be as prescribed by the Supplementary Regulations of the major department. The oral examination shall be open to all members of the University of Manitoba community except in exceptional cases. The oral examination may be closed, for example, when the results of the thesis/practicum research must be kept confidential for a period of time. In such cases, the examining committee and Department head shall recommend such action to the Dean of Graduate Studies who shall then approve that the final examination be closed to all but the examining committee and the Dean of Graduate Studies (or designate). |
| Final Approval/Rejection: | Following completion of the examination of the thesis/practicum, examiners will consider the oral examination and the written thesis/practicum to determine the nature of and procedures for approval of any revisions that will be required prior to submission to the Faculty of Graduate Studies. The advisor is normally responsible for ensuring that revisions are completed according to the instructions from the examining committee. The Faculty of Graduate Studies will accept the thesis/practicum only when it is submitted with a signed statement from the advisor that the required revision has been completed. |
| Final Report: | The judgment of the examiners shall be reported to the Faculty of Graduate Studies in the qualitative terms “approved” or “not approved”. Such verdicts must be unanimous, and each examiner must indicate, by his/her signature, concurrence with the verdict. Anything less than unanimity shall be considered a failure. In the case of a failure for the thesis/practicum at the Master’s level a detailed written report will be prepared by the Chair and made available to the candidate and also submitted to the Faculty of Graduate Studies. The candidate will be recommended for the Master’s degree upon the receipt by the Faculty of Graduate Studies of favorable results of the thesis/practicum and when the corrected copies of the thesis or practicum are submitted to the Faculty of Graduate Studies, assuming all other program requirements have been met. |
| 4.3 Publication and Circulation of Thesis/Practicum: | Every graduate student registering in a thesis/practicum Master’s program at The University of Manitoba shall be advised that, as a condition of being awarded the degree, he/she will be required to grant a license of partial copyright to the University and to the Library and Archives Canada for any thesis or practicum submitted as part of their degree program. |

**Notes:**
- This license makes the thesis/practicum available for further research only. Publication for commercial purposes remains the sole right of the author.
- The forms and conditions pertaining to these license agreements are available at the Faculty of Graduate Studies Office. Note that this and other related regulations may give rise to important questions of law, and students may need additional legal advice on the copyright laws of Canada and/or other countries. Students who wish to obtain legal advice concerning their subsequent rights are advised to do so prior to signing the agreements. Signing of the license agreements is normally done after the contents of the thesis/practicum have been delineated and the importance of copyright and/or patents fully comprehended.
- Publication in the above manner does not preclude further publication of the thesis or practicum report or any part of it in a journal or in a book. In such cases, an acknowledgement that the work was originally part of a thesis or practicum at The University of Manitoba should be included.

---

**Supplemental Regulation**

| 53. | One week prior to the final thesis oral, a notice of the oral and an abstract of the thesis, both acceptable to the Head, will be distributed. A copy of the full thesis will be available for perusal by staff and students during this one-week period. |
| 54. | The thesis Final Oral Examining Committee includes all members of the Thesis Examining Committee. All members of the Thesis Examining Committee must be present (either physically, by teleconference, or videoconference) at the final thesis oral, unless specifically exempted by the Faculty of Graduate Studies. |
| 55. | If the examiners are unable to reach a unanimous decision, this fact must be reported to the Faculty of Graduate Studies as a failure. Before making their decision, examiners of the thesis may require the student to make any revisions they see fit, and all such revisions must be completed before a decision is reached. |
| 56. | The thesis Final Oral Examining Committee includes all members of the Thesis Examining Committee. All members of the Thesis Examining Committee must be present (either physically, by teleconference, or videoconference) at the final thesis oral, unless specifically exempted by the Faculty of Graduate Studies. |

Copyright – Copyright in theses and practica is protected in international copyright law. A copyright symbol © or (c) is incorporated on a page containing statements of permission to microfilm and to lend copies of the thesis or practicum. After completion, this page should be inserted in the thesis/practicum immediately following the title page. Blank copies of this page are available from the Faculty of Graduate Studies Office.

Patents – Refer to the section “Policy of Withholding Theses Pending Patent Applications” in this Guide.

Restriction of theses or practica for publication – In exceptional cases, not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the student may request the Dean of Graduate Studies to restrict access, for a period up to one year after submission, to any copies of a thesis or practicum submitted to The University of Manitoba. The Dean, in consultation with the student’s advisor, shall determine for what period, if any, access will be so restricted.

Restriction of the e-thesis/practica (ETD) copy - Students may also choose to restrict access to the electronic copy of their thesis/practica for a specific period of time so that it will not interfere with traditional publication of part or all of the work. For the purposes of the ETD collection in MSpace, the restriction period is one year, two years or three years. This category of restriction is for the e-thesis/practica (ETD) copy only and may be enacted at the time the e-copy is submitted through the MSpace.

Library and Archives Canada – A microfiche of the thesis is forwarded to the Library and Archives Canada and is listed in a monthly and annual national bibliography, ‘Canadiana’, which is published by the National Library.

SECTION 5: General Regulations: Ph.D.

FOR FACULTY-BASED PH.D PROGRAMS, THE DEAN OR DESIGNATE IS THE DE FACTO DEPARTMENT HEAD.

The degree of Doctor of Philosophy is granted only upon evidence of general proficiency and of distinctive attainment in a special field. In particular, a recognized ability for independent investigation must be demonstrated by the candidate in a thesis which embodies original research or creative scholarship and is presented with a high degree of literary skill. It is a research degree and is never conferred solely as a result of coursework study.

These general regulations apply to all students in all departments. Individual departments may have procedures and regulations that supplement these general regulations. All such procedures and regulations must be consistent with these general regulations, approved as specified by the By-Laws of the Faculty of Graduate Studies, published and available to students, and kept on file in the Faculty of Graduate Studies Office.

Admission:

Normally, a Master’s degree or equivalent from a recognized university and a cumulative GPA of 3.0 or equivalent in the last two previous years of full time university study (60 credit hours) is the minimum requirement for admission to the Ph.D. program. With special recommendation of the department concerned (please see below), applicants with an honours Bachelor’s degree may be considered for entry to Ph.D. study.

Direct Admission from the Bachelor’s Honours or equivalent:

Students to be considered for admission to a Ph.D. program directly from the honours Bachelor’s degree or equivalent must be outstanding in their academic background (GPA well above 3.0 in the last two full years of undergraduate study). Once admitted, these students must complete at least 24 credit hours of course work and will be assessed Ph.D. fees for 3 years.

Transfer from the Master’s to the Ph.D. program:

Students who have not completed a Master’s program may transfer to the Ph.D. program within

57. Ph.D. Program

Students entering the Ph.D. program with an M.A. degree in psychology from a Canadian university or its equivalent will not be required to complete either the pre-M.A. or M.A. requirements. Students without a Psychology Master's degree would be considered for admission on an individual basis.
the same department upon recommendation to the Faculty of Graduate Studies by the student's major department. The recommendation must be made within 24 months of the student's commencement of the Master's program. The coursework completed in the Master's program would normally become a part of the Ph.D. program, and the number of years spent in the Master's program would be counted as years in the Ph.D. program. Students must complete at least 24 credit hours of coursework. If the transfer occurs within 12 months of the initial registration in the Master's program, the student will be assessed Ph.D. fees for 3 years. If the transfer occurs after 12 months, the student will be assessed Ph.D. program fees for 2 years (as they have already paid fees for the Master's program). Students are cautioned that such transfers may impact on the University of Manitoba Graduate Fellowship duration. The request to transfer from the Master's to the Ph.D. program must be submitted to the Faculty of Graduate Studies at least one month prior to the term for which the student intends to commence the Ph.D. program. The following are required when making the request: The "Application for Admission" form (and application fee); "Ph.D. Selection Committee Report" form, and, in the case where the student does not hold a Master's degree, a memo from the Department Head.

Note:
Where a student with a Master's degree or equivalent is initially admitted and registered in a Master's program; that student may be transferred to the Ph.D. program within the same department on recommendation from the student's advisor and Department head, provided the recommendation is made at the time of admission to the Master's Program (i.e. "Possible transfer to Ph.D. Program within 12 months") and the follow up transfer recommendation occurs within 12 months of the initial registration in the Master's program. In such a case, the application fee is waived and fees assessed towards the Master's program will be deducted from the full 2 years of Ph.D. program fees.

Provisional Admission to the Ph.D.:
Students nearing completion of the Master's degree may be accepted provisionally to the Ph.D. program for a 12 month period (commencing with the first registration in the Ph.D. program). Further registration in the Ph.D. program is contingent upon completion of all requirements of the Master's degree within the 12 months.

Note:
Students must maintain continuous registration in their Master's program until completion. Students will require assistance from the Department or the Faculty of Graduate Studies to complete dual registration in the Master's and Ph.D. program simultaneously.

Selection Committee:
Upon receipt of an application, the head of the major department will appoint a selection committee of at least three persons to evaluate the student's qualifications and report on his/her suitability for Ph.D. study. In making admission decisions, departments may also consider such things as the availability of facilities and financial assistance. If acceptance is recommended by the selection committee and approved by the head of the department and the Dean of Graduate Studies, the Faculty of Graduate Studies sends a letter of acceptance to the applicant.

Student's Advisor/Co-Advisor:
Every Ph.D. student must have an advisor, appointed by the Department head, whose duties will be to advise the student on a program and courses, direct research, and supervise thesis work. The advisor must be a member of the Faculty of Graduate Studies, be active in research, have expertise in a discipline related to the student’s program and hold a Ph.D. or equivalent. In special circumstances, an advisor and co-advisor, upon approval of the department head may advise a student. The co-advisor must be a member of the Faculty of Graduate Studies. It is the responsibility of the Department head to determine whether faculty members meet these criteria, and to report on equivalency as necessary.

The student's advisor also acts as a channel of communication to the student's advisory committee, the major department, and the Faculty of Graduate Studies. Usually the student and the advisor choose to work together by mutual agreement. In departments where the choice of thesis topic advisor are postponed for some time after entry into the program, the Department head or the selection committee shall appoint a faculty member to advise the student as to the

rules and regulations and on a program and course requirements in the interim period not to exceed eighteen months before a permanent advisor is chosen.

*Note: When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements). The co-advisors will usually be identified together at the beginning of a student’s program. However, in some circumstances the need for a co-advisor may arise mid-way through a student’s program. In all instances the Faculty of Graduate Studies must be informed of the co-assignment. Both co-advisors’ signatures are required on all documents where the advisor’s signature is required.

**Program Of Study:**
As soon as possible but no later than 24 months after a student has commenced the program, the student’s program of study, which includes information about the minimum time for completion of the degree, course work to be taken, foreign language requirement, and the research area in which the thesis will be done, should be forwarded to the Faculty of Graduate Studies. The program of study and any changes thereto must be approved by the student’s advisor, and the advisory committee and the head of the major department. The approval of the student’s advisor and the head of the major department are sufficient for registration.

**Advisory Committee:**
The Head of the major department is responsible for the establishment of an advisory committee for each Ph.D. student. The advisory committee must consist of a minimum of three members of the Faculty of Graduate Studies, one of whom must hold a primary appointment from within the major department and one of whom must hold a primary appointment outside the major department. Committees may include one guest member who has expertise in a related discipline but is not a member of the Faculty of Graduate Studies. The membership of the committee, including the advisor, as well as any changes to it, must be approved by the Dean of Graduate Studies. The advisor is the Chair of the advisory committee.

Responsibilities of the committee are to approve the program of study and thesis proposal and to exercise general supervision over the student’s work throughout the Ph.D. program. The committee should meet with the student periodically (and must meet with the student at least once a year) to review the student’s progress and to report this progress to the Faculty of Graduate Studies (through the Head of the major department). (In the situation where a Ph.D. Advisory Committee or responsible individual(s) would not normally be established until the candidacy exam is completed then at least one responsible individual will meet with the student.) If there is evidence of unsatisfactory performance, the student may be required to withdraw.

**Program Requirements:**
All students must complete one of the following programs of study for the Ph.D. degree (unless otherwise specified in the approved departmental supplemental regulations):

Where admission to the Ph.D. is directly from a Master’s Degree, a minimum of 12 credit hours at the 700/7000 level or higher plus a thesis is required. Any further coursework beyond the minimum 12 credit hours at the 700/7000 level must be at the 300/3000 level or above. For those students who hold a Master’s degree, a maximum of 24 credit hours of course work is allowed toward the Ph.D. program.*

Where admission to the Ph.D. is directly from an Honours Bachelor Degree or equivalent, a minimum of 24 credit hours plus a thesis is required. The coursework must include a minimum of 18 credit hours at the 700/7000 level or higher with the balance of the coursework at the 300/3000 level or above. For those students who do not hold a Masters degree, a maximum of 48 credit hours of course work is allowed toward the Ph.D. program.*

*Unless professional accreditation requirements and supplemental regulations indicate

**PhD Program**

a) Major - Two half-courses at the 7000 level or above in psychology-6 credit hours.

b) Ancillary - One half course--3 credit hours. If the ancillary is taken in psychology, the course must be at the 7000 level or above and must be in an area clearly apart from the major. The Head or designate may request a written rationale from the Advisor justifying the distinctiveness from the major of a student’s proposed ancillary. If the ancillary is taken outside of psychology, the course will normally be at the 4000 level or above. No course taken during the student’s undergraduate program may be applied toward this requirement.

**Updated**
- Revised May 15, 2006
- Updated September 2007
- Updated January 2008
- Approved Dec 2009
Note:
The program of study is determined by the major department and may include requirements in addition to those specified above. All departmental supplemental regulations require prior approval of the Faculty of Graduate Studies.

c) One half course in research design research methodology, or quantitative methods over and above the basic statistics requirement in the M.A. program. The head or designation may request a written rationale from the Advisor justifying the extent to which the course chosen will satisfy this requirement. The course taken to satisfy this requirement may not count for any of the courses in a) or b), above.

d) All PhD students are required to complete a PhD Proposal Development course, Psyc 7790. These students will be required to pass the course (0 credit hours) in any one of their first eight terms of full-time study in the program (including the summer session). This course will normally be supervised by the Advisor.

The student, the Advisor, and all members of the Thesis Examining Committee will be required to sign the appropriate "Proposal Development Registration Form" to indicate that everyone involved in the student's research program is aware of, and has agreed to, the student registering in the course. The course must culminate in the submission of an acceptable, comprehensive draft of the research proposal to all members of the Thesis Examining Committee. An appropriate "Proposal Development Completion Form," signed by the student, the Advisor, and all members of the Thesis Examining Committee, will be required at the end of the course to indicate whether the student has generated an acceptable, comprehensive draft of the proposal. This course is graded on a pass/fail basis as determined by majority vote of the Thesis Examining Committee. Both forms must be submitted to the Psychology Graduate Office.

Time extensions for this course will be granted only with the approval of the Associate Head (Graduate), who will consult with the student's Thesis Examining Committee prior to reaching a decision.

Failure to pass this course on time will normally result in an annual evaluation of "in need of improvement" or "unsatisfactory" as appropriate.

d) Any of the above course requirements may be waived if the Head or designate determines that an equivalent course has been successfully completed in another Ph.D. program or as an extra (i.e., not required) course in an MA program.

The above Ph.D. course requirements are minimal and additional requirements may be established by specific programs or individual advisors.
**Language Reading Requirements:**
Some departments specify a language requirement for the Ph.D. degree. Students are advised to check departmental supplemental regulations regarding this requirement.

66. **Advance Credit:**
Advance credit for courses completed prior to admission to a Ph.D. program will be considered on an individual basis. The student’s major department makes the request to the Faculty of Graduate Studies by completion of the “Recommendation for Advance Credit (Transfer of Courses)” form.

**Note:**
1. Application for advance credit must be made within the first year of the program (see Lapse of Credit of Courses in this section).
2. No more than half of the required course work for the program can be given advance credit from exterior institutions.
3. A course may not be used for credit toward more than one degree, diploma or certificate.
4. The student must register at the University of Manitoba for one academic year as a full-time student and must also complete the thesis at The University of Manitoba.
5. Regardless of the extent of advanced credit received, all students are required to pay the program fee.

67. **Transfer Credit:**
Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba, but all such courses must be approved for transfer to the program of study by the major department and the Faculty of Graduate Studies before the student may register for them. This permission is granted in the form of a Letter of Permission which may be obtained by making application to the Student Records Office.

Transfer credit (courses taken at other universities while registered in a program at the University of Manitoba) is to be granted as follows: For Ph.D. students transfer credit must not exceed 50% of the minimum credit hours of coursework required.

**Note:**
Students seeking a Ph.D. degree from The University of Manitoba must complete at least 50% of their required program coursework at The University of Manitoba.

68. **Minimum Time Limit:**
The minimum time requirement for the program of study for the degree will normally be two years of study beyond the level of the Master’s degree, or three years beyond the level of a Bachelor’s degree. The student may be permitted to spend one of these years in an approved program of research or study elsewhere. Such permission must be approved by the Dean of Graduate Studies on the recommendation of the student’s advisory committee.

69. **Maximum Time Limit:**
A student’s candidature shall lapse if he/she fails to complete the degree within seven years following initial registration in the Ph.D. program. For those students who transfer from the Master’s to the Ph.D., years spent in the Master’s program are counted as years in the Ph.D. program. Recommendations for extensions of time to complete the degree will be considered on an individual basis and must be approved by the Dean of Graduate Studies.

**Note:**
A student who has not completed the degree requirements within the time limit or within the time limit of the extension (see also sections “Extension of Time to Complete Program of Study” and “Leave of Absence”) will be required to withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to withdraw: Time to complete program expired”.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
Residence Requirement:
Two residence periods at the University of Manitoba devoted to full-time postgraduate study, subsequent to admission into the Ph.D. Program, are required of all students. (For the purposes of the Residence Requirement one residence period is Fall Term, Winter Term or Summer 1 and Summer 2 Terms combined.) The student shall be geographically available to visit the campus regularly during these residence periods.

Note: The purpose of the residency is to ensure that Ph.D. students have an opportunity to work within the stimulating environment provided by contact with a cohort of dedicated peers and professors in a chosen field of study, and also to enhance the breadth and depth of their graduate experience by being part of a broader university culture.

Note: Students may not retain the status of full-time while employed full-time without prior permission of the Dean of the Faculty of Graduate Studies and recommendation from the major department.

Lapse Of Credit Of Courses:
Courses completed more than eight years prior to the date of awarding of a degree may not normally be used for credit toward that degree.

Academic Performance:
Student progress shall be reported annually to the Faculty of Graduate Studies on the "Annual Progress Report Form". Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation by the Department head, upon receiving input from the advisory committee, to the Dean of Graduate Studies.

Performance in course-work:
A minimum degree grade point average of 3.0 with no grade below C+ must be maintained for continuance in the Ph.D. program. Students who fail to maintain this standing will be required to withdraw unless the Dean of Graduate Studies approves a departmental remedial recommendation (refer to the section: Academic Performance – General).

Performance not related to course work:
Students may also be required to withdraw from their Ph.D. program for reasons of unsatisfactory performance other than those related to failing grades. These include, but are not restricted to, such things as unsatisfactory attendance and lack of progress in research and/or thesis. The student’s advisory committee will make a recommendation for required withdrawal to the Department head. The Department head will then recommend to the Dean of the Faculty of Graduate Studies that the student be required to withdraw for reasons of unsatisfactory academic performance.

Course Or Program Changes:
Students are not permitted to change their program of study, including withdrawal from individual courses, without the approval of their advisor and/or advisory committee and Department head. Withdrawal from courses or changes of course category without such approval will result in the student being required to withdraw from the Faculty of Graduate Studies.

Deadlines For Graduation:
The final requirements of the degree, in the form of the final report on the thesis (and the corrected copies of the thesis) must be submitted to the Faculty of Graduate Studies Office by the appropriate deadline. The deadline for each of the graduation dates is published in the Academic Schedule of the Graduate Calendar. Extensions to these deadlines will be considered in exceptional circumstances only.

Academic Requirement For Graduation:
A cumulative degree grade point average of 3.0 or greater is required in those courses that constitute the program of study for graduation in the Faculty of Graduate Studies.

Candidate Examination:

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
While the format and content of the Candidacy Exam will vary from unit to unit, the purposes of the Candidacy Exam in doctoral programs is to determine the student's competence in the discipline with respect to understanding and absorbing a broad spectrum of material, and then researching, identifying, analysing, synthesizing, and communicating ideas about that material in depth.

At the time specified by the advisory committee, normally within the first two years after the Master's degree but in no case later than one year prior to expected graduation, the student must take the formal candidacy examination. The format of the candidacy examination may vary with the department.

1. The examination is conducted according to a procedure established by the major department and approved by the Guidelines and Policy Committee of the Faculty of Graduate Studies.

2. The examination procedure must be made known to the students.

3. The Dean of Graduate Studies must be informed whether the candidate has passed or failed the candidacy examination (on the “Report on Ph.D. Candidacy Examination” form).

4. Students must be provided with feedback on their performance and access to the reasons for the pass/fail.

5. A pass decision of the examiners must be unanimous.

6. A department may choose to include a comprehensive examination as a component of the candidacy examination requirement, and if so, the nature of this component would be set and the examination administered according to the supplementary regulations of the unit concerned: The results of this examination would form part of the final grade (pass/fail) accorded the candidacy examination.

7. Any student who fails the candidacy examination twice will be required to withdraw from the Faculty of Graduate Studies.

8. On successful completion of this examination, the student will be considered a candidate for the Ph.D. degree.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
committee members or other individuals any form of assistance in answering a question on the exam). If inordinate delays are encountered in obtaining materials from the university’s Interlibrary Loan Service, and if these resources are crucial for answering one or more questions on the candidacy examination, any time before the last week of the examination period the student may also request in writing permission from the Head for a time extension of up to 20-working days to submit the completed exam. The decision by the Head to grant the request will be based on the merits of the request, including documentation provided by the student, and the written approval of the Chair of the student’s advisory committee. In cases of extended illness or crisis, extension of the deadline may be obtained from the Head (or designate). An optional oral exam is not allowed to redress an ambiguous performance. A second attempt at the examination will involve new questions. Unless otherwise noted, the general policies and procedures will be the same as described for the standard closed-book examination.

3) Open-Format Examination:
The examination is set by the Candidacy Examination Committee. The examination consists of several questions which require answers:
a) either in essay-style or in a combination of essay/oral-style
and
b. either one or both of the following:
   i. a sample application for a faculty-level research grant (following the most recent format required by CIHR, NSERC, or SSHRC)
   ii. a research paper for which the student has sole responsibility or for which the student assumed first-authorship

Students who choose to include only one of these optional elements will be required to include answer as part of the candidacy.
examination between 3 and 6 questions, or questions based on 3 to 6 themes, posed by the Candidacy Examining Committee.

The committee may choose to have all or some of these questions answered in either written or oral format. All answers must be presented to the entire committee. Oral examinations with no written component will be limited to two ninety minute sessions. Written examinations with no oral component may be answered in either close-book format or take-home format. If answered in a closed-book format, then closed-book procedures will apply with the exception that the examination will consist of two three-hour examination periods across two consecutive days. If answered in a take-home format, then take-home procedures apply with the exception that the combined length of the answers should be no more than 75 double-spaced typed pages (excluding references and non-texted appendices specified in advance by the Candidacy Examining Committee).

Students who choose to include both a sample grant application and a research paper will be required to answer as part of the candidacy examination between 2 and 4 questions posed by the Candidacy Examination Committee. The committee may choose to have all or some of these questions answered in either written or oral format. All answers must be presented to the entire committee. Oral examinations with no written component will be limited to two sixty minute sessions. Written examinations with no oral component may be answered in either closed-book format or take-home format. If answered in a closed-book format, then closed-book procedures will apply with the exception that the examination will be completed within a single 4-hour session. If answered in a take-home format, then take-home procedures will apply with the exception that the combined length of the answers

### Thesis Proposal
The proposed thesis research must be approved by the advisory committee and, if appropriate, by the Research Ethics Review Committee before the work has begun on the thesis research or project. The recommendation for the thesis research to proceed shall be reported to the Faculty of Graduate Studies on the "Master's/Ph.D. Annual Progress Report" form.

A thesis proposal must contain the research planned for the program and must be approved by the advisory committee. In order to approve the proposal the whole committee must meet as a committee. Approval must be documented and forwarded to the Faculty of Graduate Studies on the Annual Progress Report Form within 24 months of the student’s initial registration in the program. Some departments may have specific procedures in place for approval of thesis proposals and students are advised to consult their departmental office.

### 80. Under the supervision of the Chairperson of the Thesis Examining Committee, the student prepares a written proposal which is submitted to the members of the Committee. A thesis proposal must indicate if the proposed research requires any waivers of, or exceptions to Departmental requirements and policies. Data collection, analysis and report of all research that is to be submitted by a student as part of thesis requirements must be carried out substantially by the student in consultation with his or her thesis examining committee. Exceptions to the preceding requirement may be granted by the Examination and Evaluation Committee when a written request is submitted to the Committee by the thesis supervisor on behalf of the student.

A specific research design may require an exception for reasons such as the following:
- some attribute of the experimenter is being used as an independent variable.
- the extraordinary demands of the research design make it difficult or impossible for one person to execute (e.g., time, legal, and specialized equipment requirements).
- the research is being conducted simultaneously in different locations.
- the research is susceptible to experimenter bias and/or demand characteristics.

After the Thesis Examining Committee has unanimously approved that the written thesis proposal be examined, the student is required to...
5.1 Thesis Regulations: Ph.D.

**General:**
An essential feature of Ph.D. study is the candidate’s demonstration of competence to complete a research project and present the findings. The thesis must constitute a distinct contribution to knowledge in the major field of study and the material must be of sufficient merit to be, in the judgment of the examiners, acceptable for publication.

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)

**Style and format:**
The Thesis must be written according to a standard style acknowledged by the particular field of study and recommended by the major department, be lucid and well-written, and be reasonably free from typographical and other errors.

Copies of the thesis must be submitted in good, clear type. As long as all copies are clearly legible, the thesis may be reproduced by any method acceptable to the Faculty of Graduate Studies. Minimum paper weight is 16 lb. Bond or equivalent; minimum left margin is 3.8 cm (1.5 inches), other margins are 2.5 cm (one inch). Wherever possible, these margins should be adhered to for illustrative materials. A thesis guideline booklet is available from the Graduate Studies for additional information.

Policies and procedures for the inclusion of published papers within the doctoral theses are governed by the supplementary regulations of individual departments. The following are the general policies and procedures of the Faculty of Graduate Studies:
- The candidate’s specific contribution to each paper (in case of multiple-authored papers) must be clearly indicated.
- An abstract, full introduction, and conclusions must be included;
- Where more than one manuscript is included, connecting text and common abstracts, introduction, and conclusions must be included.
- There must be adherence to all other requirements as outlined in Thesis Guidelines.

**Deadlines and Details for submission of final copies:**
The Academic Schedule in the Graduate Calendar should be consulted regarding dates by which theses must be submitted to the Faculty of Graduate Studies to be eligible to graduate for a specific session.

Following the approval of the thesis by the examining committee and the completion of any revisions required by that committee, the thesis must be submitted to the Faculty of Graduate Studies in one of the following ways:
- **a)** two paper copies to the Faculty of Graduate Studies Office in unbound form, enclosed in an envelope or folder. Note: Only one copy need be single-sided.
- **b)** one paper copy (that is single sided) to the Faculty of Graduate Studies Office in unbound form, enclosed in an envelope or folder, and one electronic copy of the paper version submitted as an electronic thesis/dissertation (ETD) at the MSpace website: https://mspace.lib.umanitoba.ca/index.jsp

Note: In those cases where one copy of the thesis is submitted electronically and following approval of the Dean of Graduate Studies, part of that thesis/practicum (paper copy) may be submitted in electronic format, including CD-ROM. Further details with regard to the format may be provided in the Supplementary Regulations of the department. Complete information regarding the software used to produce the electronic portion of the thesis/practicum must be included. (Details are provided in the thesis guideline booklet)

The thesis copies are required for the University Library and remain the property of The University of Manitoba.

**5.2 Thesis Examination Procedures**

**Final Examination For The Ph.D. Degree:**
Once the thesis along with the “Ph.D. Thesis Title and Appointment of Examiners” form is submitted to the Faculty of Graduate Studies, the final examination for the Ph.D. degree
proceeds in two stages:

1. Examination of the candidate’s thesis. Prior to the examination of the thesis, the advisor shall furnish a written statement that, in his/her opinion, the thesis is (or is not) ready to be examined by completing the “Ph.D. Thesis Title and Appointment of Examiners” form.

2. Oral examination of the candidate on the subject of the thesis and any matters relating thereto.

Note:
A candidate has the right to an examination of the thesis if he/she believes it is ready for examination.
A thesis may not be formally submitted for examination more than twice.

All internal examiners must be members of the Faculty of Graduate Studies. In normal circumstances these internal examiners will be members of the student’s advisory committee.</td>

There must be at least 5 examiners, namely the Advisor, three other persons, one of who will be from a department other than psychology, and an examiner external to the University. Normally, the Thesis Final Examining Committee will be comprised of the members of the Thesis Examining Committee plus an external examiner. In such a case the Committee would have five members: four Thesis Examining Committee members plus the external examiner. Other members may be added, but these must be justified in writing to the Head. In any event, at least 50 percent of the Thesis Final Examining Committee will be comprised of Psychology Department faculty.  

The external examiner will hold an appointment outside the University in the subject area. Operationally, this is someone who is referenced quite often in the dissertation. The Advisor must provide a rationale for the choice of the external examiner to the Head for approval at least two months in advance of the projected date for the final oral. The external examiner is contacted informally by the Advisor at this time regarding willingness to participate on the Thesis Final Examining Committee. Later, after informal acceptance, the Advisor must complete the "Thesis Title & Appointment of Examiners" form and submit it to the head who arranges for a formal invitation to be sent by the Faculty of Graduate Studies. |

Graduate Studies that neither party has performed collaborative research work with the external examiner within the last five years.

The external examiner is requested to present the report to the Dean of Graduate Studies within one month of the receipt of the thesis. Adequate time must be allowed for the transmission of the thesis and the receipt of the report.

The attendance of the external examiner at the candidate's oral examination is encouraged, but is not required. A request for financial assistance (up to a max of $250) may be submitted to the Dean of Graduate Studies prior to the arrangement of the oral defense date.

Note:
If the external examiner is not going to be present at the examination, the Dean of the Faculty of Graduate Studies will request him/her to submit questions and the expected answers to the questions to be posed to the candidate at the time of the examination. Normally, the Chair of the Examining Committee will pose the questions to the candidate and the candidate will not receive the questions prior to the examination.

An honorarium is paid to the external examiner for his/her services.

### Approval For Advancement to the Oral Examination:
The Faculty of Graduate Studies must receive all examiners' reports (internal and external) at least two weeks prior to the intended date of the oral examination.

### Guidelines For Advancement to the Oral Examination
When considering the candidate's advancement to the final oral examination, the committee of internal examiners shall use the following guidelines:

1. If all the reports place the thesis in category (1) or (2), advancement to the oral examination shall be automatic. The Dean of Graduate Studies shall send copies of all category (1) or (2) reports to each of the internal thesis examiners and also to the student.

2. If one or more of the reports place the thesis in category (3), the Dean of Graduate Studies shall send copies of all the reports to each of the internal thesis examiners and the Department Head. Two copies of all the reports are sent to the Advisor who shall provide one copy to the student. The (3), the committee of internal examiners should strive to provide the advisor and the candidate with specific advice about the nature and scope of the revisions required and any other pertinent matters (such as the time that should elapse before the thesis will be accepted for reconsideration).

3. In the unlikely event that the internal examiners judge an unfavorable report by an external examiner to be unwarranted, they may recommend, through the head of the major department, that the Dean of Graduate Studies submit the thesis to a second external examiner.

### Requirements Prior to Oral Examination

#### Scheduling:
The examination will normally be held at either the University of Manitoba Fort Garry or Bannatyne Campus. Exceptions must have the unanimous agreement of all committee members. Normally, the oral examination shall be open to all members of the University community and shall be held at The University of Manitoba. In exceptional cases the final oral examination may be closed, for example when the results of the thesis research must be kept confidential for a period of time. In such cases, the advisory committee and Department head shall recommend such action to the Dean of Graduate Studies who may then approve that the final oral examination be closed to all but the examining committee and the Dean of Graduate Studies (or designate).

#### Student Information:
At least two weeks prior to the oral examination, the student must submit to the Faculty of Graduate Studies the following information:
**Biographical Data** – where and when born, outstanding points in career, awards, etc.

- List of degrees obtained – where and when
- The exact title of the thesis
- An abstract of the thesis (not more than 350 words)
- List of the student’s publications

**Note:**
The above documentation should be submitted in electronic form.

**Notice of Examination:**
Except in the case of a closed examination and provided the information is received in sufficient time to meet publication deadlines, a notice of the student’s oral examination will be published in The University of Manitoba Bulletin. In addition, memoranda will be distributed by the Faculty of Graduate Studies Office to all members of the department concerned. Note that students and faculty members who are not members of the examining committee are invited and encouraged to attend oral examinations but are not permitted to participate in the formal questioning.

**Oral Examination:**
A student must pass an oral examination on the subject of the thesis and matters relating thereto before he/she may obtain the Ph.D. degree. An oral examination committee consisting of not fewer than four persons shall conduct the examination. One of these shall be the Dean of Graduate Studies or his/her representative (chosen from among senior scholars at this University) who shall be Chair. The other members shall normally be the thesis examiners.

**Format of the Examination:**
The first part of the oral examination shall consist of an oral presentation by the candidate to include a summary of the salient points of the research within a time span of 25 to 30 minutes. This is followed by the questioning and examination of the candidate by the examination committee, that is normally about one and one-half hours but in no case longer than two hours.

The Chair may exercise discretion in inviting questions from guests.

**Procedures For The Conduct Of The Examination:**
Before the candidate and guests are admitted to the examination room, the Chair should discuss the examination procedures with the examiners.

The Chair will introduce the candidate and request him/her to give a concise (25 to 30 minutes) oral presentation of the thesis to include a summary of the problems studied, the results and the conclusions.

Following the presentation, the Chair will invite questions from each member of the examining committee, taking care to ensure that each examiner has approximately equal time for questions. Normally, the question period should not exceed one and one-half hours.

It is the responsibility of the Chair to pose questions raised by the external examiner (if not in attendance).

The Chair may exercise his/her discretion in allowing questions from guests following completion of the formal examination.

**Decision of the committee:**
Following completion of the formal examination, the candidate and spectators are required to

| Page 42 of 50 |

**Note:**
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
withdraw from the examination room. The examiners will consider their report and will also determine the nature of and procedures for approval of any revisions that will be required prior to submission of the thesis. The committee may exercise its discretion on such matters as who must approve the required revisions, time limits for completion, the necessity for a second oral examination, and any other such matters. It shall be the responsibility of a designated member of the oral examination committee (normally the advisor) to ensure that all such revisions are completed before the copies of the unbound thesis are submitted to the Faculty of Graduate Studies Office for binding. The candidate will be recommended for the Ph.D. degree when the thesis, accompanied by a signed statement from the advisor that the required revisions are completed, is submitted to the Faculty of Graduate Studies, providing all other degree requirements have been satisfied.

Report of the committee:
The final judgment of the examiners on the thesis and the oral examination shall be reported to the Dean of Graduate Studies in the terms 'approved' or 'not approved'. An approved verdict must be unanimous, and each examiner must indicate, by his/her signature, concurrence with the verdict. In the case of a failure for the thesis at the Ph.D. level a detailed written report will be prepared by the Chair and made available to the candidate and also submitted to the Faculty of Graduate Studies.

Note:
A student who receives a failure on either the thesis or the oral examination twice shall be required to withdraw from the Faculty of Graduate Studies.
5.3 Publication and Circulation of Theses:

Every graduate student registering in a Ph.D. program at the University of Manitoba shall be advised that as a condition of being awarded the degree, he/she will be required:

1. To grant a license of partial copyright to the University and to the National Library of Canada for any thesis submitted as part of the degree program.

Note:
This license makes the thesis available for further research only. Publication for commercial purposes remains the sole right of the author.

2. To provide a copy of the abstract for Dissertation Abstracts International and to authorize publication of the abstract in that publication. The forms and conditions pertaining to these license agreements are available at the Faculty of Graduate Studies Office. This and other related regulations may give rise to important questions of law and students may need additional legal advice on the copyright laws of Canada and/or other countries. Students who wish to obtain legal advice concerning their subsequent rights are advised to do so prior to signing the agreement. Signing the license agreements is normally done after the contents of the thesis have been delineated and the importance of copyright and/or patents fully comprehended. Publication in the above manner does not preclude further publication of the thesis or any part of it in a journal or in a book. In this case, acknowledgement should be made that the work was originally part of a thesis at The University of Manitoba.

Notes:
Copyright - Copyright in theses and practica is protected in international copyright law. A copyright symbol © or (c) is incorporated on a page containing statements of permission to microfilm and to lend copies of the thesis or practicum. After completion, this page should be inserted in the thesis/practicum immediately following the title page. Blank copies of this page are available from the Faculty of Graduate Studies Office.

Patents - Refer to the section “Policy of Withholding Theses Pending Patent Applications” in this Guide.

Restriction of theses or practica for publication - In exceptional cases not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the student may request the Dean of Graduate Studies to restrict access, for a period up to one year after submission, to any copies of a thesis or practicum submitted to The University of Manitoba. The Dean, in consultation with the student’s advisor, shall determine for what period, if any, access will be so restricted.

Restriction of the e-thesis/practica (ETD) copy - Students may also choose to restrict access to the electronic copy of their thesis/practicum for a specific period of time so that it will not interfere with traditional publication of part or all of the work. For the purposes of the ETD collection in MSpace, the restriction period is one year, two years or three years. This category of restriction is for the e-thesis/practica (ETD) copy only and may be enacted at the time the e-copy is submitted through the MSpace.

Library and Archives Canada – A microfiche of the thesis is forwarded to Library and Archives Canada and is listed in a monthly and annual national bibliography, ‘Canadiana’, which is published by the National Library.

SECTION 6: Policy Of Withholding Theses Pending Patent Applications

In 1970 the Board of Governors and Senate approved a policy on accepting research grants from outside agencies. This policy defined the right of agencies to defer release of information and thus ensure freedom of publications for research findings of University personnel. Occasionally, the University may also wish to restrict the release of a thesis pending patent application. This policy statement parallels the previous one in that it defines the right of the
University to defer the release of a thesis and thus ensures freedom of publication for the research findings of a graduate student.

This situation may arise in two circumstances which are defined below and both of which are governed by the same set of regulations.

When a research project is known to contain patentable items as defined in the research contract, then it is the responsibility of the advisor to give written information of the restrictions on publication to the student prior to the start of the thesis research. If the student agrees to carry out the re-search, then the regulations given below will apply.

Where a patentable item is found during the course of research, then the advisor and the student may make application for patent rights through the University Patent Committee, and the following regulations will apply concerning the release of the thesis.

Regulations Concerning Release Of A Thesis During Application And Negotiation For Patents:
The Dean of Graduate Studies will receive the approved thesis and copies of it as required by the Faculty regulations. On written joint request of the advisor and the student, the Dean will keep the thesis and copies of it in his/her office for a period up to one year.

For further information, reference should be made to the thesis copyright license.

SECTION 7: Extension Of Time To Complete Program Of Study
All requests for extensions will normally be dealt with administratively and reported, in summary form, to the Executive Committee of Graduate Studies for information. Requests for an extension are reviewed by the Faculty of Graduate Studies on a case by case basis. The extension time requested must closely reflect the time required to complete the program. More than one extension period may be considered, but the total time for all extensions will not normally exceed two years. Requests for extension must be accompanied by a realistic timeline that has been agreed upon by the student and supervisor and endorsed by the Dept. Head. Students granted extensions may be asked to enroll full-time during the period of the extension and may also be required to meet contingencies or carry out remedial work to be associated with the extension. The student must complete the ‘request for extension form’ and submit it to his/her major department for recommendation to the Faculty of Graduate Studies at least four months prior to the deadline date for completion of program requirements.

SECTION 8: Leave Of Absence

Regular Leave:
A Regular Leave is intended to allow students to meet family, travel or employment responsibilities or plans and circumstances not covered by the Parental or Medical/Compassionate leaves. At the request of a graduate student, the Head of the student’s department may recommend to the Dean of Graduate Studies that a student be granted a leave of absence for a period of time not to exceed one year. While on leave of absence, a student would not be expected to maintain study and/or thesis research work. Students on Regular Leave of Absences will be required to maintain continuous registration and pay the appropriate -Continuing fee. If a student has Tuition Fees (as opposed to Continuing fees) owing at the time of the granting of the Leave, the Tuition Fees will be deferred until the student returns from leave, however, the Continuing fee will be levied.* A Regular Leave of Absence status does not extend the time limits as outlined in the Faculty regulations.

*Program Fees: The Continuing fee in effect at the time of the granting of the leave will be levied. However, if the student returns from leave in January, the normal Tuition Fee will be levied less the Continuing fee already paid.

Exceptional Leave:

Note:
Blue-shaded boxes must be filled in. Yellow-shaded boxes must be filled in if a unit offers that specific program route (i.e. Comprehensive Examination route)
In exceptional circumstances for medical or compassionate reasons (e.g. the need to care for an ailing relative), at the request of the graduate student, the Head of the student’s department may recommend to the Dean of Graduate Studies that a student be granted an exceptional leave of absence for a period of time not to exceed one year. While on leave of absence for exceptional reasons, a student would not be expected to maintain study and/or thesis research work, would not be required to maintain continuous registration, nor pay the Continuing fee. In addition, the leave period would not be included in the time period allowed for the completion of the degree. This leave is not intended to cover circumstances related to travel, employment or other financial concerns.

**Fees:**
Any unpaid Tuition Fees will be deferred for a year for an exceptional leave of 8-12 months which begins in September. Half Tuition Fees will be charged for all other exceptional leaves (i.e., 8-12 month leaves beginning in January or shorter leaves beginning in either September or January). No Continuing fees will be assessed if the leave period is for the duration of the Fall and Winter terms, but will be payable in full if the student attends the Fall or Winter term of that academic year.

**Parental Leave:**
A graduate student who is bearing a child or who has primary responsibility of the care of an infant or young child immediately following a birth or adoption of a child is eligible for parental leave. The request should be made through the student’s department, normally for a leave of four to twelve months. Leaves of other duration will be considered on an individual basis. Where possible, students doing course work should coordinate their requests with the beginning of an academic term. While on leave of absence for parental reasons, a student would not be expected to maintain study and/or thesis research work. The leave period is not included in the time period allowed for completion of the degree.

**Fees:**
Tuition Fees will be deferred for a year for a parental leave of 8-12 months which begins in September. Half Tuition Fees will be charged for all other Parental leaves (i.e., 8-12 months leaves beginning in January or shorter leaves beginning in either September or January). No Continuing fees will be assessed during the leave period, but will be payable in full if the student returns from leave before the end of the term.

**Note:**
At the time of approval of an application for leave, the procedures for the return of the student to the department at the completion of the leave must be stipulated.

**Awards And Leave Of Absence:**
Students granted exceptional or parental leave would retain the full value of a University of Manitoba Graduate Fellowship or other award whose terms and conditions are established by the Faculty of Graduate Studies. Such an award will be suspended at the onset of the leave and reinstated at the termination of the leave period (4 to 12 months) provided that the student returns to full-time study at that time.

**Note:**
Other awards will be paid according to the conditions established by the donor or granting agency.

**Graduate Student Vacation Entitlement:**
Students are entitled to three weeks vacation throughout a 12-month period.

**SECTION 9: Appeals – Procedures And Guidelines**

**General:**
Students who disagree with a decision have access to the appeal routes as laid out by the various Faculty of Graduate Studies and University of Manitoba appeal processes.

There are several avenues of appeal which are open to graduate students: academic; discipline;
**Academic Appeals:**

In terms of qualifying examinations, candidacy examinations, thesis examinations, and any other academic matters, departments make recommendations for action to the Faculty of Graduate Studies. In the first instance, any appeal of a department’s recommended action should be handled through the departmental appeal process, which is outlined in the department’s Supplementary Regulations. Appeals stemming from departmental actions on academic matters (e.g., failure in a course) will be heard by the Faculty of Graduate Studies Appeal Panel only after they have been dealt with by the appropriate departmental-level appeal process. The Appeal Panel will handle an appeal of Faculty of Graduate Studies actions.

These student appeals should be directed to the Dean of the Faculty of Graduate Studies within the appropriate timelines. A decision of the Appeal Panel is appealable only to the Senate Committee on Appeals (“Academic Appeals Procedures and Guidelines” of the U. of M. Policy and Procedure Manual).

**Consideration of an Academic Appeal**

The hearing panel shall consider an appeal:

- Only if grounds for the appeal stem from an examining committee or departmental action and only after an appeal has been heard by the body responsible for appeals in the department concerned (unless the action being appealed is one taken by the Faculty of Graduate Studies).
- This is understood to include decisions taken by individuals or committees acting in the name of a department of the Faculty of Graduate Studies and also to the supplementary regulations pertinent to a department’s operation which have been approved by the Faculty of Graduate Studies;
- If there is some evidence that a department or faculty regulation has been unfairly or improperly applied;
- There is apparent conflict between Faculty of Graduate Studies’ policy and a department regulation; and/or
- Other circumstances that warrant special consideration.

**Note:**

It shall be the responsibility of the appellant to indicate clearly and specifically the grounds warranting consideration of the appeal.

When a hearing panel determines that there are insufficient grounds to proceed with an appeal hearing it shall report its reasons to the Dean of Graduate Studies.

**Academic Appeal Deadlines:**

**General:**

An appeal of action taken by any department or administrative unit, committee, administrator or...
faculty member within the Faculty of Graduate Studies must be sent by the student to the Dean of Graduate Studies within 21 days of the date when the student was informed in writing of the action to be appealed.

Appeal Of Term Work: Students are encouraged to discuss matters relating to grading of term work with their instructor in the first instance. Further appeals of grades on academic term work shall be directed, by the appellant, to the department responsible for the course within 10 working days after the grades for term work have been communicated to students. Following receipt of the appropriate appeal form and evidence of payment of the refundable appeal fee, the department shall consider the appeal and provide a decision within 15 working days.

Appeals To Senate:
As per the processes outlined under policy 1300 of the U. of M. Policy and Procedure Manual, “Appeals to the Senate Committee on Appeals shall be filed with the Secretary of Senate within twenty (20) working days after the mailing of the notice of decision from which the appeal is made.”

Discipline Appeals:
When the appeal is against a disciplinary decision made by the Faculty of Graduate Studies, the appeal routes and procedures as outlined in the Student Discipline by-law (Student Discipline By-law of the U. of M. Policy and Procedure Manual) shall prevail.

If the appeal is from a decision of the Dean of the Faculty of Graduate Studies the appeal statement shall be delivered to the Dean of the Faculty of Graduate Studies on behalf of the Local Discipline Committee (L.D.C.)

If the appeal is from a decision of the L.D.C., the official statement shall be delivered to the Secretary of the University Discipline Committee (U.D.C.) with a copy to the Dean of the Faculty of Graduate Studies.

Discipline Appeal Deadlines:
The timeline for discipline appeals adheres to the procedures outlined in the “Student Discipline By-law”, section 2.3.1 of the U. of M. Policy and Procedure Manual. If a student wishes to appeal a decision to any group or body, the notice of appeal must be delivered in writing to the appropriate person(s) within five working days of the student being notified of the decision from which the student intends to appeal.

Appeal Of Violation/Penalty:
As per section 2.3.2 of the “Student Discipline by-law” (found in the U. of M. Policy and Procedure Manual), “All notices of appeal shall clearly indicate whether the appeal is from the finding of violation of University regulations on the one hand, or from the penalty on the other, or from both”.

Limitations On Appeal Rights:
Students who disagree with a decision have access to the appeal routes as laid out by the various Faculty of Graduate Studies and University of Manitoba appeal procedures. Student appeals may be limited by the scope of the inquiry available at each level and category of appeal, as well as the time limitations for submission of appeals.

A further limitation is that the Faculty of Graduate Studies rules and regulations, established to uphold the academic rigour of the University of Manitoba, are generally not subject to appeal unless an appeal route is otherwise stipulated. In situations where no appeal route is available, a student may make a written request to the Dean.

Procedures

Academic:
All appeals shall be submitted in written form to the Dean of Graduate Studies. The Dean may, on consideration, attempt first to reach an informal solution. If that is judged by the Dean to be inappropriate or unfeasible, a hearing panel will be formed. Hearings shall be held in closed session unless at least one party requests an open hearing and all parties to the appeal agree to
the request.

The Dean shall inform the appropriate Department head of the nature of the appeal, forward a copy of the student’s written submission, and request a written response to the appeal within ten working days. A hearing panel will be struck and a meeting set by the Dean of Graduate Studies as soon as possible after receipt of the written response from the department.

The appellant shall receive, through the Dean of Graduate Studies, the response of the department at least one week prior to the date set for the hearing of the appeal. Notices of the hearing shall be sent by the Dean of Graduate Studies to the individuals affected, giving the specific time and place for a hearing.

All documentation that the hearing panel will consider shall be made available through the Dean of Graduate Studies Office to both the student and the Department Head in advance of the meeting. No additional materials may be presented at the time of the hearing. In the case where a request is made to submit additional materials, the Chair shall postpone the hearing and allow no more than ten working days for the other party to respond to the new materials.

Each petitioner and appropriate Department head (or delegate) shall have the right to appear before the hearing panel and to call witnesses that he/she wishes to appear before the panel. It is the responsibility of the party calling witnesses to ensure that the witnesses are informed of the date and time of the hearing. The Dean of Graduate Studies shall be notified not less than four days prior to the hearing of the names of all witnesses that are to be called.

The student shall be advised by the Dean of Graduate Studies of the right to appear in person or to be represented by the Student Advocate or a fellow student or other full-time member of the University community not receiving payment for appearing, or working for legal aid. In addition, if the student wishes, one member of his/her immediate family, and a lawyer, may be present, but only as observers who do not participate. At least four days prior to the hearing, the Dean of Graduate Studies must be notified of any persons to be accompanying the appellant.

Both appellant (and/or representative) and Department head (and/or representative) are entitled to cross-examination of any and all witnesses.

All members of a hearing panel shall participate in all of the deliberations essential for the determination of the matter in dispute. If, in the course of hearing an appeal, a member is not present at the commencement of the hearing or a member cannot continue, the panel may elect to proceed in the absence of that member. If more than one member is not present at the commencement or cannot continue, the hearing panel must adjourn.

As a first item of business in dealing with any appeal, the hearing panel shall consider (in closed session):

Whether there are sufficient grounds to proceed with the appeal hearing; and, Any request it has received as to holding an open session and determine what, if any parts of the hearing shall be open.

Normally the appellant and the Department head and/or their representatives will be present during the presentation of the other’s case. During the hearing, the appellant or the Department head may request a change in the open or closed nature of the hearing, at which time the hearing panel shall determine its procedures.

The hearing panel may request the appellant or any other parties to appear or provide additional information in a particular case before reaching a decision.

All parts of the meeting required to deliberate or determine resolution of the appeal shall be held in camera.

The Dean of Graduate Studies shall inform, in writing, the appellant and the Department head concerned of the disposition of the appeal, the reasons for the decision, and of whatever action
may result. The further right of appeal to the Senate committee on appeals should be indicated, along with any appropriate time limits.

**Disqualification:**
Any member of the Appeal Panel shall be disqualified from hearing an appeal who: Is a faculty member or a student in the Department (School or Faculty) in which the appellant is registered; or Was, as an individual, or as a member of a committee or board, responsible for making the decision being appealed.

### Other Appeals

**Discipline:**
Please refer to the Student Discipline By-law (found in the U. of M. Policy and Procedure Manual).

**Admission Appeals:**
Please refer to the “Admission Appeals Procedures and Guidelines” policy found in the U. of M. Policy and Procedure Manual.

**Fee Appeals:**
Please refer to the Student Records Protocol on Fee Appeals, September 23, 1999. To initiate the Fee Appeal procedure, the student completes a Fee Appeals form, available in the Student Records Office, 4th Floor of University Centre.

**Assistance With Appeals:**
The office of Student Advocacy provides information and assistance to students about all appeal processes.
