

Instructors: How do I upload my learning resources?

- Accessing my session
- Uploading my resource materials accurately for quality use
- MeSh Terms
- ED Standards Check List

Summary: Accurate information and *tagging* is essential on each resource for the purpose of tracking the LCME standards that we adhere to and are required to report on. Proper tagging also assists students in searching resources and studying effectively. Please follow these steps carefully so we can ensure that your session's content is reflected accurately in our data collections.

Instructions: Accessing my session

1. If you are instructing a session it will appear under *My Front Page* in OPAL. Click on the 'Edit Teacher Prep' icon to open your edit page.

The screenshot shows the OPAL web interface. At the top, there are navigation tabs: My Front Page, Curriculum Explorer, Curriculum Library, Admin, Search, MMSA, Surveys/Evaluations, and Reports. Below this is a 'My Calendar' section with a calendar for June 2011. The date June 23 is highlighted. Below the calendar is a table with columns for Time, Title, and Type. The table is empty, with a message 'There are no events on this day.' and 'Showing 0 results.' Below this is the 'My Teaching Sessions' section. It has two sub-sections: 'Upcoming Sessions/Rotations' and 'Previous Sessions/Rotations'. Under 'Upcoming Sessions/Rotations', there is one entry: 'Aug-27-2011 09:00 AM MD050 OPAL Training'. A red arrow points to a small icon next to this entry, with a text box that says 'Click on the 'Edit Teacher Prep' icon'. Below this is the 'My Surveys and Evaluations' section with tabs for 'Pending' and 'Completed'.

2. Once your 'Teacher Prep' page is open you can a) **add your resources**, b) **add special instructions** if any (eg. advise students to bring their i-clickers) and of course c) **complete your ED standards checklist**.
