

Cranial Nerves 1

Dr. J.E. Bruni B.Sc., M.Sc., Ph.D., University of Manitoba

ACROSS

- 2 Ganglion suspended from CN V2
- 4 Cranial nerve regarded as a tract of the brain
- 5 Smallest division of CN V
- 6 Cranial nerve innervating 4 of 6 extrinsic eye muscles
- 8 Fissure through which c. tympani emerges
- 10 Only extrinsic tongue muscle not supplied by CN XII
- 12 Somatic sense conveyed by CN VIII
- 13 Cranial nerves responsible for visceral senses (number)
- 14 Surgery sometime performed to treat recurring peptic ulcers
- 15 Cranial nerves that are entirely motor (number)
- 19 Sensibility conveyed by cranial

- nerves VII, IX and X
- 22 Exit foramen for CN VII
- 23 Loss of taste
- 27 8th cranial nerve
- 28 Sensation conveyed from muscle spindle afferents
- 33 Ganglion within orbit associated with CN III
- 34 Masticatory nerve
- 35 Largest division of CN V
- 36 Pairs of cranial nerves (number)
- 38 Entirely sensory division of CN V
- 39 Chemoreceptive sense organ (2 wds)

DOWN

- 1 Number of cranial nerves innervating tongue
- 3 Only cranial nerve to emerge from dorsal brain stem

- 7 Animals having a keen sense of smell
- 8 Nerve of the diaphragm
- 9 Cranial origin of motor and termination of sensory nerves
- 11 Sensory for taste from anterior tongue
- 12 Motor nerve to tongue
- 16 Most common disorder of the facial nerve (2 wds)
- 17 Only muscle innervated by CN IX
- 18 Nerve of taste for posterior tongue
- 20 Loss of the sense of smell
- 21 Limb of a cranial nerve conveying fibers to effector organs
- 24 Cranial nerve passing through cavernous sinus with carotid artery
- 25 Nerves of smell

- 26 Nerve mediating force of bite and Jaw reflex activity
- 29 Pairs of cranial nerves that enter and leave the brain stem (number)
- 30 Action on the eye of muscle innervated by CN VI
- 31 Muscle innervated by CN XI
- 32 Cranial nerves with only sensory components (number)
- 37 Cranial nerve innervating the palatoglossus muscle

WORD BANK: Abducens, abduction, aguesia, anosmia, bellspalsy, ciliary, efferent, facial, five, four, glossopharyngeal, hearing, hypoglossal, macrosmatic, mandibular, maxillary, nuclei, oculomotor, olfactory, ophthalmic, optic, palatoglossus, petrotympanic, phrenic, proprioception, pterygopalatine, stylomastoid, stylopharyngeus, taste, tastebud, ten, three, trapezius, trigeminal, trochlear, twelve, two, vagotomy, vagus, vestibulocochlear.
