The Department of Clinical Health Psychology in the Max Rady College of Medicine, University of Manitoba in collaboration with the Clinical Health Psychology Program of the Winnipeg Regional Health Authority (WRHA) invite applications for a Contingent Geographic Full-Time Clinical Psychologist (Position#26909), with a flexible start date, ideally June 1, 2019 or as soon as possible after. The position integrates clinical and academic roles (typically 80% clinical; 20% applied research/clinical teaching). The successful applicant will be appointed to the Medical Staff of the WRHA, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine at the rank commensurate with experience, typically Assistant Professor.

Shared Care Mental Health (SC-MH) is a partnership among the Adult Psychiatry, Primary Care and Clinical Health Psychology Programs of the WRHA. Providers in primary care clinics throughout Winnipeg participating in the collaborative model are supported by the SC-MH teams to better manage mental health concerns within their practice. This includes access to co-located counselors who offer short term goal-oriented services; counsellors are supported by regular consultation with the Psychiatrists, Psychologist and SC Manager. The successful applicant will provide clinical consultation to the SC-MH clinicians, as well as provide direct clinical service in a subset of the clinics, which includes psychological assessment, treatment, and development of clinical programming relevant to the needs of the Primary Care clinics. The Psychologist is a member of the Shared Care clinical leadership team.

**Position Responsibilities**

- Provides general consultation to Primary Care Providers and other members of the SC-MH team (Counselors, Psychiatrists) in medical clinics throughout Winnipeg.
- Provides clinical consultation regarding case conceptualization, treatment planning, and treatment implementation.
- Conducts psychological/cognitive assessments for complex patient presentations.
- Provides specialized evidence-based psychological treatment, and develops clinical programming.
- Facilitates continuing professional education for team members in clinically applicable areas.
- Develops applied research initiatives in primary care settings, aligned with SC-MH service needs.
- Supervises Psychology Residents in our CPA-accredited clinical residency training program.
- Teaches undergraduate and postgraduate medical students, and other health profession students in the Rady Faculty of Health Sciences.

**Qualifications**

- Doctoral degree in Clinical Psychology from a CPA accredited training program, and completion of a CPA accredited Internship / Residency.
- Excellent interpersonal relationship skills, oral and written communication skills, and inter-professional teamwork skills.
- Experience with consultation to multi-disciplinary teams.
- Education, training, and experience in the administration and interpretation of standard adult psychological tests and measures.
- Education, training and experience in diagnostic evaluation, evidence-based psychological treatments, and individual & group treatment delivery.
- Training, experience, and/or research background and interests in Indigenous health issues would be an asset.
- Eligibility for registration as a C. Psych by the Psychological Association of Manitoba [www.cpmb.ca](http://www.cpmb.ca)
- Satisfactory results of pre-employment criminal records, child abuse and vulnerable persons registry checks.
- A valid driver’s license and vehicle are a necessity for this position, which requires frequent travel among sites within Winnipeg.

**Salary and Benefits**

- Placement on WRHA salary scale will be commensurate with qualifications and experience.
- Attractive benefits package is available through the University of Manitoba.
- The Geographical Full Time (GFT) agreement provides the opportunity for on-site private practice.
- The Clinical Health Psychology Program will provide the required clinical supervision for individuals at the C.Psych. Candidate level, until they are registered for independent practice.

Clinical Health Psychology is both an academic department in the Max Rady College of Medicine and a clinical program of the Winnipeg Regional Health Authority.
