Clinical Health Psychologist (Adult)
University of Manitoba & Winnipeg Regional Health Authority

The Department of Clinical Health Psychology in the Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba in collaboration with the Clinical Health Psychology Program of the Winnipeg Regional Health Authority (WRHA) invite applications for a Contingent Geographic Full-Time (GFT) Psychologist (position # 23373), commencing September 1, 2017 or as soon as possible thereafter. The position integrates clinical and academic roles (approximately 80% clinical; 20% clinical teaching/applied research). The successful applicant will be appointed to the Medical Staff of the WRHA, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine, at the rank of Assistant Professor.

The successful applicant will provide consultation, assessment and treatment services for adults in primary care & hospital in Winnipeg; the specific base for the position is still being finalized in relation to current WRHA hospital reorganization and consolidation.

Position Responsibilities:
- Consultation to multidisciplinary teams, primary care physicians, and inpatient units
- Psychodiagnostic and cognitive assessments for complex mental health presentations
- Psychological evaluation and brief intervention related to acute and chronic illness management and treatment adherence.
- Clinical supervision and teaching of psychology residents in our CPA accredited residency training program; teaching of medical students.
- Applied clinical research and program evaluation
- May also include facilitating continuing professional education for team members in clinically applicable areas

Qualifications:
- Doctoral degree (PhD or PsyD) in Clinical Psychology from a CPA accredited training program
- Completion of a CPA accredited Internship/Residency.
- Eligibility for registration as a Psychologist (C. Psych) by the Psychological Association of Manitoba www.cpmb.ca
- Education, training and experience in the administration and interpretation of standard adult psychological tests and measures
- Education, training and experience in diagnostic evaluation, evidence-based psychological treatments, and individual & group treatment delivery
- Experience with consultation to multidisciplinary teams and experience in a primary care setting would be an asset.
- Excellent interpersonal relationship skills, oral and written communication, and inter-professional teamwork skills
- Satisfactory results of pre-employment criminal records, vulnerable person and child and adult abuse registry checks.

Salary and Benefits:
- Placement on WRHA salary scale will be commensurate with qualifications and experience.
- Attractive benefits package is available through the University of Manitoba.
- The Geographical Full Time (GFT) agreement provides the opportunity for on-site private practice.
- The Department of Clinical Health Psychology will provide the required clinical supervision for individuals at the C. Psych. Candidate level, until they are registered as C.Psych, and will provide consultation thereafter.

Clinical Health Psychology is both an academic department in the Max Rady College of Medicine and a clinical program of the WRHA.
