The Clinical Health Psychology Program of the Winnipeg Regional Health Authority is seeking a clinical psychologist for all or part of a 9 month full time term position, starting July 4, 2017 and continuing until March 31, 2018, focusing on psychological assessment of adults related to parenting capacity, and assessment of children related to adjustment to trauma. The incumbent would conduct assessments, including clinical interview and psychometric testing, evaluating a range of domains (e.g., cognitive, developmental, socio-emotional, behavioral, mood, personality, relational, substance dependence, violence and self-harm risk). The role could be adjusted to include only assessments with adults or children, depending on the experience and training of the incumbent. The psychologist would participate in the Child Protection Centre interdisciplinary consultation process, which assists agency case managers in organizing an intervention strategy. The Child Protection Centre is located at the Health Sciences Centre.

A completed doctoral degree in Clinical Psychology from a CPA-accredited program and completed CPA accredited internship are preferred. A Clinical Psychology doctoral candidate who has completed an accredited internship would also be considered. Education and experience in psychological assessment of adults, and excellent interprofessional teamwork and oral and written communication skills are essential. Education and experience in psychological assessment of children, and knowledge of trauma and child protection issues would be an asset.

Clinical supervision and training by a psychologist experienced in this area will be provided. Criminal Records with vulnerable sector search and Child & Adult Abuse Registry checks as well as professional liability insurance are conditions of employment. The individual would need to be registered or eligible for registration with the Psychological Association of Manitoba as a C. Psych or C. Psych Candidate.

Competitive salary offered (WRHA Clinical Health Psychologist scale). Interested individuals should contact Dr. Lesley Graff: lgraffi@exchange.hsc.mb.ca or phone 204-787-5163 (Dr. Graff’s admin: Dana) and apply online with the WRHA at http://www.winnipeghealthregion.ca/careers/search.html. Note the posting for the position will be up shortly on the WRHA site.
