Clinical Psychologist
Operational Stress Injuries Clinic
1.0 Term position
September, 2017 – August, 2018

The Clinical Health Psychology Program of the Winnipeg Regional Health Authority is seeking a full-time Clinical Psychologist for an 11 month term position at the Operational Stress Injuries Clinic, based at Deer Lodge Centre, starting on or around September 11, 2017. The OSI Clinic provides assessment and treatment services for military, veterans and RCMP members related to operational stress injuries such as post-traumatic stress disorder, depression and anxiety. The OSI Clinic is a collegial inter-professional team which includes psychologists, consulting psychiatrists, social work, nursing and others.

A completed doctoral degree in Clinical Psychology from a CPA-accredited program and completion of a CPA-accredited residency are preferred. An individual may be considered if they are a Clinical Psychology doctoral candidate who has completed an accredited residency. The individual would need to be registered or eligible for registration with the Psychological Association of Manitoba as a C. Psych or C. Psych Candidate, and ideally has experience with assessment and treatment of trauma in adults. Education and experience in psychological assessment and treatment for adults with mental health concerns, as well as excellent inter-professional teamwork and communication skills are essential.

Clinical supervision and training is provided. Criminal Records with vulnerable sector search and Child & Adult Abuse Registry checks as well as professional liability insurance are conditions of employment.

Competitive salary offered (WRHA Clinical Health Psychologist scale).

Interested individuals should contact Dr. Lesley Graff: lgraff@exchange.hsc.mb.ca or phone 204-787-5163 (Dr. Graff’s admin: Dana) and apply online with the WRHA at http://www.winnipeghealthregion.ca/careers/search.html. Note the posting for the position will be up shortly on the WRHA site.
