Rural Clinical Psychologist
University of Manitoba & Interlake-Eastern Regional Health Authority

The Department of Clinical Health Psychology, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba and the Interlake-Eastern Regional Health Authority (IERHA) invite applications for a Contingent Geographic Full-Time (GFT) Psychologist, Position #23807, commencing September 1, 2017, or as soon as possible thereafter. The position integrates clinical and academic roles (approximately 80% clinical; 20% clinical teaching/applied research). The successful applicant will be appointed to the Medical Staff of the IERHA, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine at the rank of Assistant Professor.

Based in Oakbank, Manitoba (15 km outside of Winnipeg), the successful applicant will provide clinical services to the Interlake-Eastern region (population 124,000; geographically north and east of Winnipeg).

Position Responsibilities

- Consultation to health and mental health professionals throughout the Interlake-Eastern region
- Clinical services to children, adolescents, adults and seniors, primarily involving psychological assessment and a smaller proportion of direct patient treatment
- Leadership and professional support to ongoing community mental health programs
- Program development, including group and community based prevention and early intervention programming
- Supervision of psychology residents in the Rural stream of the department’s CPA-accredited residency training program
- Clinical teaching of students in the health professions and continuing professional education of health professionals in the facilities and community
- Applied clinical research and program evaluation

The Clinical Health Psychology Department, Max Rady College of Medicine provides clinical consultation and support to its member psychologists living and practicing in rural communities and regions. For more information on our department, visit our website: [www.umanitoba.ca/medicine/clinical_health_psych](http://www.umanitoba.ca/medicine/clinical_health_psych). For information on the Interlake Health Region visit: [http://www.ierrha.ca](http://www.ierrha.ca)

Qualifications

- Doctoral degree (PhD or PsyD) in Clinical Psychology from a CPA accredited clinical psychology training program and completion
- of a CPA accredited internship / residency.
- Eligibility for registration as a Psychologist (C. Psych) by the Psychological Association of Manitoba [www.cpmb.ca](http://www.cpmb.ca)
- Pass pre-employment checks: criminal record with vulnerable sector search), and child and adult abuse registry
- Training and experience in child and adult psychological assessment and treatment; experience with autism would be an asset
- Excellent interpersonal relationship skills, oral and written communication skills, and inter-professional teamwork skills
- Ability to provide mentorship for treatment modalities in a team approach
- Training, experience and/or research in community mental health and primary care settings would be an asset
- Training, experience, and/or research background and interests in Aboriginal health issues would be an asset.
- A vehicle and valid driver’s license are essential, given the requirement for travel and consultation in rural communities in the region.

Salary and Benefits

- An attractive salary schedule and benefits are available through the University of Manitoba.
- The GFT agreement provides for on-site private practice opportunities.
- The Department of Clinical Health Psychology will provide the required clinical supervision for individuals at the C. Psych Candidate level to become registered as C. Psych, and will provide consultation thereafter.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, members of racialized communities, Indigenous persons, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Interested persons should apply in writing, referring to position # 23807, including curriculum vitae, and the names and contact information of three references to:
