The Department of Clinical Health Psychology in the Max Rady College of Medicine, University of Manitoba in collaboration with the Clinical Health Psychology Program of the Winnipeg Regional Health Authority (WRHA) invite applications for a Contingent Geographic Full-Time Clinical Psychologist Position#22361, commencing September 1, 2016 or as soon as possible thereafter. The successful applicant will be appointed to the Medical Staff of the WRHA in the Clinical Health Psychology Program, and will be appointed to the Department of Clinical Health Psychology in the Max Rady College of Medicine, Rady Faculty of Health Sciences, at the rank of Assistant Professor.

Shared Care Mental Health (SC-MH) is a partnership among the Family Medicine, Adult Psychiatry, Primary Care and Clinical Health Psychology Programs of the WRHA. Primary Care Providers participating in the collaborative model are supported in various ways to better manage mental health concerns within their practice. SC-MH counselors located in Primary Care settings provide short term goal oriented counseling services; regular consultation is provided to these practitioners by Psychiatrists and a Psychologist. The successful applicant will focus primarily on clinical consultation with the collaborative team and provision of psychological assessment, with some opportunity for intervention relevant to the needs of the Primary Care clinics and the Psychologist’s expertise. The Psychologist is a member of the Shared Care clinical leadership team.

Position Responsibilities

- Provides general consultation with Primary Care Providers and other members of the SC-MH team (Counselors, Psychiatrists) in medical clinics throughout Winnipeg.
- Provides clinical consultation regarding case conceptualization, treatment planning, and treatment implementation.
- Conducts psychological/cognitive assessments for complex patient presentations.
- Facilitates continuing professional education for team members in clinically applicable areas.
- Develops applied research initiatives in primary care settings, aligned with SC-MH service needs.
- Supervises Psychology Residents in our CPA accredited clinical residency training program.
- Teaches undergraduate and postgraduate medical students, and other health professional students in the Rady Faculty of Health Sciences.

Qualifications

- Doctoral degree in Clinical Psychology from a CPA accredited training program, and completion of a CPA accredited Internship / Residency.
- Excellent interpersonal relationship skills, oral and written communication skills, and inter-professional teamwork skills.
- Experience with consultation to multi-disciplinary teams.
- Education, training, and experience in the administration and interpretation of standard adult psychological tests and measures.
- Education, training and experience in diagnostic evaluation, evidence-based psychological treatments, and individual & group treatment delivery.
- Training, experience, and/or research background and interests in Indigenous health issues would be an asset.
- Eligibility for registration as a Psychologist (C.Psych) by the Psychological Association of Manitoba (cpmb.ca); The Clinical Health Psychology Program will provide the required pre-registration supervision if necessary for individuals at the C. Psych. Candidate level.
- Satisfactory results of pre-employment criminal records, child abuse and vulnerable persons registry checks.
- A valid driver’s license and vehicle are a necessity for this position, which requires frequent travel among sites within Winnipeg.

Salary and Benefits

- Placement on salary scale will be commensurate with qualifications and experience.
- Attractive Benefits Package is available through the University of Manitoba.
- The GFT agreement provides the opportunity for on-site private practice.

Clinical Health Psychology is both an academic department in the Max Rady College of Medicine and a clinical program of the Winnipeg Regional Health Authority.
