“The Paradoxes of Asthma Management”

About Dr. F. Estelle R. Simons

As a young clinician scientist, Dr. Estelle Simons founded the Section of Allergy & Clinical Immunology in the Department of Pediatrics and Child Health at the University of Manitoba, and served as Section Head from 1975 to 2005, and as Training Program Director in Allergy and Clinical Immunology from 1976 to 1991.

Dr. Simons, Professor Emerita of the University of Manitoba, is a Fellow of the Canadian Academy of Health Sciences, a Fellow of the Royal Society of Canada, and a Laureate of the Canadian Medical Hall of Fame.
