Research Day provides our researchers and students an opportunity to showcase their research, and to discuss its potential impact. This event also provides an opportunity to interact with those who can potentially use the research results that we generate. By engaging in two-way dialogue, we can enhance the positive impacts of research on health, leisure, human performance, and ultimately, quality of life.

Speakers:

Connie McIvor, Principal, Otter Nelson River School, Cross Lake, Man.

Heather McRae, PhD, Director, Indigenous Engagement, Faculty of Kinesiology and Recreation Management, University of Manitoba

Joannie Halas, PhD, Professor, Faculty of Kinesiology and Recreation Management, University of Manitoba

Russell Field, PhD, Associate Professor, Faculty of Kinesiology and Recreation Management, University of Manitoba

Daniel Henhawk, PhD, Assistant Professor, Faculty of Kinesiology and Recreation Management, University of Manitoba

Jay Johnson, PhD, Associate Professor, Faculty of Kinesiology and Recreation Management, University of Manitoba

Ayehsa Saleem, PhD, Assistant Professor, Faculty of Kinesiology and Recreation Management, University of Manitoba

Andrew J. Halayko, PhD., FCAHS, ATSF, Professor, Physiology and Pathophysiology, Tier 1 Canada Research Chair in Lung Pathobiology and Treatment
