

2016/17

Asper School of Business

EMPLOYMENT REPORT

OUR GOAL

Our goal at the Asper School of Business

Career Development

Centre is not just to help students land a job, but to launch a career that empowers them

to make a difference – in business, in the community, and in the lives of those around them.

Each year, we measure our success by asking our graduates to share with us their first steps in their career journey.

The results show us that we're on the right track. Our students are graduating with skills, knowledge and attitude that set them apart in the eyes of employers. They're well on their way to contributing to the economic growth of our province, our country, and our world.

Congratulations to all 2016-17 graduates of the Asper School of Business. We are here to help you achieve your career goals and we wish you a lifetime of success.

KELLY MAHONEY

Director

Career Development Centre and Co-operative Education Program
