UNIVERSITY
OF MANITOBA

ABOUT

For over 80 years the I.H. Asper School of Business has provided world-class education to leaders and innovators who contribute ethically to the social and economic well-being of Manitoba and the world. We are committed to transforming research and scholarship, building a community that creates an outstanding learning environment, forging connections to foster high impact community engagement, and inspiring minds through innovative and quality teaching and learning. Our students thrive because of our strong connections with the business community, in a region with high labour demand across all industries, and our intimate class sizes and dynamic course offerings provide an opportunity to exchange ideas and dig deep into the issues and challenges of today's business world.

MISSION

To be on the forefront of knowledge creation and to educate innovative business leaders who will contribute ethically to the social and economic well being of Manitoba, Canada and the world.

VISION

To be recognized as a leading business school with a reputation for high quality teaching and research, an exceptional student experience, and strong engagement with the business and greater community.

The I.H. Asper School of Business is one of the world's leading institutions of business education and research. Established in 1937 and accredited for the past two decades, we strive for teaching excellence and innovative research. We reflect the values embodied in our province of connected community, cultural diversity, and strong work ethic. Our 18,000 alumni have and continue to strengthen businesses and hold leadership positions in organizations around the world.

OUR STUDENTS

The Asper School of Business has guided over 18,000 students in discovering their careers. We offer degree programs at the undergraduate, master's and PhD levels, over a wide range of interdisciplinary topics. Our undergraduate and MBA students consistently outperform their peers in international case competitions. Our students work at, and lead some of the world's most successful companies, and the world-class researcher students that comprise our PhD program are mentored by influential researchers from around the world.
