Dr. Chandra R. Bhat

“Producing impactful research for high-quality journals: the case study of autonomous vehicle adoption”

When: October 02, 2020 (Friday)
Time: 1:00pm-3:00pm (Central Time CST)
How: Via Zoom (link will be shared after registration)

Dr. Chandra R. Bhat is the Joe J. King Chair and Distinguished Professor at the University of Texas at Austin. He is a world-renowned expert in the area of transportation and urban policy design, with far reaching implications for public health, energy dependence, greenhouse gas emissions, and societal quality of life. Methodologically, he has been a pioneer in the formulation and use of statistical and econometric methods to analyze human choice behavior. His current research includes the social and environmental aspects of transportation, planning implications of connected and automated smart transportation systems (CASTS), and data science and predictive analytics. He is a recipient of many awards, including the 2017 Council of University Transportation Center (CUTC) Lifetime Achievement Award in Transportation Research and Education, the 2015 ASCE Frank Masters Award, and the 2013 German Humboldt Award. He was listed in 2017 as one of the top ten transportation thought leaders in academia by the Eno Foundation. He also is a top-cited transportation engineering researcher. He currently serves as the Editor-in-Chief of Transportation Research – Part B.
