Masters of Public Health (MPH)**

Field Placement – Student Final Report

Student Name: _____

Field Placement Agency: _____

Agency Supervisor: _____

Placement Start Date: _____ **End Date:** _____

What was the total amount of time required to complete equivalent of 3-month field placement? _____

(e.g., full-time for three month; half time for six months, etc.)

NARRATIVE REPORT (3-5 pages) - The goal of the narrative report is for the student to summarize their field placement experience, including activities, challenges experienced, lessons learned, and recommendations for future MPH field placements. Please include each of the following section headings, and indicate a reason if there is no activity under any of the headings:

- **Project Description** (describe your major activities)
- **Deliverables** (list publications, reports, and presentations you worked on)
- **Professional Development Activities** (that you provided to the agency)
- **Opportunities to Interact with Public Health Workers**
- **Applied Public Health Skills Developed**
- **Field Placement Challenges and Lessons Learned**
- **Recommendations for Future Field Placements** (at this agency, including other potential contacts)
- **General Recommendations for MPH Field Placements**

ORAL PRESENTATION

At the end of the field placement, a requirement is to prepare a presentation on the field placement experience and present it to the MPH Program Committee (e.g., at a seminar, workshop, or agency meeting). Check with the field placement agency to confirm what information may be released publicly.

Note: Confidential to MPH Program Committee. Only Executive Summary will be released upon review and approval from field placement agency.
