ARTHUR AND FREDA HOOLE BURSARY

Former students, colleagues, and friends of Art and Freda Hoole have established an endowment fund at the University of Manitoba. A contribution has been made to this fund by the Manitoba Scholarship and Bursary Initiative. Art and Freda Hoole have been enthusiastic and tireless supporters of education in Northern Manitoba. The contributors to this fund wish to honour the Hooles’ desire that everyone who wishes a university education should have access to one and that all should benefit from the knowledge and skills acquired by those who have attended university. Art Hoole was a Professor in the Faculty of Social Work at the University of Manitoba in the 1960s. Art supervised students who were doing their field work in Northern agencies. He often visited his students at their field assignments, which were scattered throughout four Northern communities, while his wife Freda remained in Thompson. As many of the students in the program were experiencing living on their own for the very first time and were struggling with the challenges that come with being so far away from, they were always supported by Art and his sense of humor and by Freda, who was a wonderful listener with a gentle and kind manner. Together, Art and Freda Hoole enabled their students to experience a year of profound academic and personal growth.
