FACULTY OF SOCIAL WORK PROGRAM

FACULTY OF SOCIAL WORK MISSION STATEMENT

To pursue knowledge and provide accessible and inclusive educational programs that will advance the fields of social work practice and social policy at all levels and that will contribute to the development of societies in promoting respect for human rights and dignity, individual worth and wellbeing, diversity, social inclusion, and the principles of social justice. To prepare students for ethical, competent, critically reflective, innovative, anti-oppressive, accountable, and effective social work practice at all levels. To create and maintain a learning environment that promotes and supports respect for difference, risk-taking, democratic participation, a spirit of inquiry, equity, innovation, originality, and collaboration. To acknowledge, support, and promote different traditions of knowledge and different methods of knowledge gathering.

FACULTY OF SOCIAL WORK VISION STATEMENT

The vision of the Faculty of Social Work is to help create and contribute to a world where there are no great inequalities of wealth or income, where economic and political power is more evenly distributed, where human need is the central value of distribution of society’s resources, where diversity of culture is celebrated, where people have greater control over their own lives, and where all persons are afforded maximum opportunity to enrich their physical, spiritual, psychological, and intellectual well-being. Being the only university-based social work program in Manitoba and the largest program in Canada, this vision also includes the Faculty playing a leading role in the socio-economic-cultural development of the Province in particular, but also to Canada and beyond, which is consistent with the University’s own vision statement. To these ends, it is necessary that the Faculty become one of the outstanding social work programs in Canada with respect to research, quality education, community service, and the accomplishments of its graduates.

Supplemental Regulations:
http://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html
The MSW program structure has a set of core courses and five cluster programs with different courses in each cluster, to ensure that the curriculum is current and in compliance with the standards of our accreditation body, The Canadian Association for Social Work Education (CASWE). This structure ensures that students have knowledge and skills required to meet accreditation standards while continuing to allow for specialization. All students must complete 9 credit hours of core courses, 9 credit hours of cluster courses within an area of specialization and 6 credit hours of electives (which may be taken within Social Work or other departments). Students choose either the course-based option, which includes the completion of SWRK 7180 (0 credit hours) and SWRK 7190 (3 credit hours), or the thesis option. Students completing a thesis must complete at least one course from the research cluster or an approved alternative research course from another faculty or department.

The MSW Program is not offered through distance delivery.

Students may take the M.S.W. program on a full-time or part-time basis. There is a four year time limit to complete the M.S.W. program on a full-time basis and up to a six year time limit to complete the M.S.W. program on a part-time basis. MSW students must request part-time status by completing the “Request for Part-Time Status” form, accessible on the Faculty of Graduate Studies website. Section 1.4.1 in the Faculty of Graduate Studies Academic Guide contains information on calculating maximum time for graduate students. The Faculty of Graduate Studies permits up to six years for the completion of all requirements for the degree for students admitted prior to September 2013.

The program requires at least 12-18 months of full-time study (students who choose the thesis option may require more time depending on the nature of their research).

The credit hour requirement is 27 credit hours in the course-based option, which includes the completion of SWRK 7180 (0 credit hours) and SWRK 7190 (3 credit hours) and 24 credit hours in the thesis option.

Students admitted prior to 2014 should consult the degree requirements for the previous curriculum in Appendix A.

All graduate students must complete GRAD 7500. Students newly admitted to a graduate program must successfully complete this course in the first term of registration. Students who have previously completed the course may not have to complete it again.
Elective Courses

Electives must be chosen in consultation with, and approved by, the faculty advisor. Elective courses should be recorded on the Program Plan Form by the faculty advisor. Students must seek written approval of their electives prior to registration. Courses chosen as electives may be at the 3000 level or higher.

The selection of electives outside the Faculty of Social Work can be a time-consuming procedure. Students in other faculties have priority registration in those courses and space cannot be guaranteed in a non-Social Work elective course. Students are required to obtain written permission from the faculty and/or instructor offering the course. It is advisable to obtain the permission well in advance of registration.

For graduate students choosing an elective(s) outside of the Faculty of Social Work:

a) Consult the Undergraduate and Graduate Calendars for course offerings and descriptions and discuss options with the faculty advisor;

b) Contact the appropriate faculty or department directly to determine when and if the course is being offered in the current year; and

c) Find out if/how you will be able to register for the course (e.g., by written consent of instructor, written consent of department head, etc.)

Students are normally permitted to take one readings course as an elective.

NB: Please note that not all courses may be offered annually.
GRADES

GRADE POINT AVERAGE CALCULATION

The University of Manitoba articulates, on an institutional level, the rules for calculation of Grade Point Averages (GPA). The purpose of the Grade Point Averages policy is to define and describe the manner in which GPA will be calculated and reported at the University.

Grade Point Averages Policy

GRADING POLICY FOR THE GRADUATE PROGRAM

The descriptive labels for letter grades within the graduate programs at the Faculty of Social Work are:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>Exceptional</td>
</tr>
<tr>

</tr>
<tr>
<td>C</td>
<td>Adequate</td>
</tr>
<tr>
<td>D</td>
<td>Unacceptable</td>
</tr>
<tr>
<td>F</td>

</tr>
</tbody>
</table>

The percentage equivalency scale for letter grades for the graduate programs in the Faculty of Social Work is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>93-100</td>

</tbody>
</table>

NB: Graduate students must achieve a minimum grade of C+ in each course and maintain an overall B average in their graduate program. Grades of C or lower are a fail at the graduate level.

ADVANCE CREDIT

Advance credit for courses completed prior to admission to a Master's program may be considered on an individual basis. Students who have previously attended another university or faculty may request advance credit if the course(s) in question have not been used towards a previous degree and have a grade of C+ or higher. A decision on advance credit cannot be determined until official transcripts and complete course descriptions have been reviewed by the student’s faculty advisor. The faculty advisor will complete and submit the “Advance Credit – Transfer of Courses” form. The completed form is submitted to the Graduate Programs Student Faculty advisor for processing. The Faculty of Graduate Studies will review the form and make the final decision whether Advance Credit will be granted. Application for advance credit must be made within the first year of the program and course(s) cannot be more than 7 years old. Additionally, no more than half of the required coursework for the program can be given advanced credit.

http://umanitoba.ca/faculties/graduate_studies/forms/index.html
LAPSE OF CREDIT OF COURSES

Courses completed more than seven years prior to the date of awarding of a degree may not normally be used for credit toward that degree.

THESIS OR COURSE BASED SPECIALIZATION OPTION

Specialized study in an area of practice or a field of interest is accomplished through either the course-based option or the completion of a thesis. A faculty member assigned to, or chosen by, the student acts as the faculty advisor for both options.

CHOOSING A FACULTY ADVISOR

Faculty members who are members of the Faculty of Graduate Studies are eligible to advise MSW students. Faculty advisors are matched with students during the admission process. The student may take the initiative in selecting a faculty advisor. The faculty advisor should be a person who is willing and able to work with the student in her/his major personal academic and professional field of study. The student may find that s/he wants to change faculty advisors after a contract has been made with the faculty advisor. This can be done after the student has found that another faculty advisor is willing to work with her/him. The student should notify the first faculty advisor in writing when a new faculty advisor has consented to enter into a contract. As well, the student must fill out a Change of Advisor form.

http://umanitoba.ca/faculties/social_work/media/Faculty advisor_change_formjune2015.pdf

THE ROLE OF THE FACULTY ADVISOR

- The student designs, with the faculty advisor, a program of study that will lay the base for his/her theoretical and methodological approach to his/her area of specialization. The faculty advisor must approve the program, including elective courses. Students are not permitted to change their program of study, including withdrawal from individual courses, without the approval of their faculty advisor/co-faculty advisor (and/or faculty advisory committee) and Associate Dean / Dean. Withdrawal from courses or changing courses without approval may result in the student being required to withdraw by the Faculty of Graduate Studies.

- If the student chooses the thesis option, the faculty advisor acts as the Chair of the student's thesis committee. The thesis committee is comprised of three (3) members: the faculty advisor as chair, one faculty member of the Faculty of Social Work, a third member that the faculty advisor and Dean or designate deem qualified, is external to the Faculty of Social Work, and is willing to serve. At least two examiners must be members of the Faculty of Graduate Studies. The faculty advisor/co-faculty advisor will recommend an examining committee to the Associate Dean / Dean for approval, which shall then be reported to the Faculty of Graduate Studies on the “Master’s Thesis/Practicum Title and Appointment of Examiners” form (http://umanitoba.ca/faculties/graduate_studies/forms/index.html); OR

- If the student chooses the specialized course-based option, the faculty advisor is the faculty coordinator for the Advanced Field Practice course and teaches the Integrating Theory & Research in Advanced Field Practice as an individual course.
• When a faculty advisor leaves the Faculty, or will be absent for a considerable period of time, s/he will be responsible for finding a suitable replacement or substitute, and will advise the Associate Dean of Graduate Programs & Research of her/his absence.

• The faculty advisor may teach a tutorial through a "Selected Topics" course (SWRK 7220 or SWRK 7280), but is not required to do so.

• The faculty advisor acts as a link to the Graduate Standings Committee regarding situations in which the student is not maintaining sufficient grades.

It is the role of the faculty advisor/thesis committee to:

• Approve the student's thesis proposal

• Monitor and evaluate the student's progress regarding his/her thesis

• Examine the completed thesis report

• Generally advise and assist the student in the process of completing the thesis and to clarify for the student in which way it will perform this function.
THE THESIS
The Faculty of Graduate Studies has clearly defined general rules regarding thesis requirements in the Graduate Calendar and Academic Guide. The Master's thesis should show that the student has mastery of a particular field and is fully conversant with the relevant literature. The purpose of the thesis should be to build or test theory through disciplined and focused independent study. In addition, the thesis represents a demonstration of the candidate's competence in completing a research project.

THE THESIS PROPOSAL
Students in the thesis option must submit a written proposal to their thesis committee. This proposal should present the rationale underlying their proposed study, cite relevant literature to support their research intent, and provide a planned methodology for the thesis research. Students will work closely with their faculty advisors in the preparation of the proposal. Generally the thesis proposal should include the following:

- A clear statement of the research problem, the rationale for the study, and objectives of the study.
- A presentation of the relevant literature and theoretical framework to be used in directing the study.
- A description of the research design, and data gathering methods, including strengths and limitations of each. Also, a description of the setting and research respondents should be included.
- The proposal should also outline the plan for data analysis.

Students require approval from all members of their thesis committee before proceeding with the research. This approval is granted at a thesis proposal meeting attended by the student and his/her thesis committee. The student is asked to present a summary of the proposed research and answer questions about the proposal. Following the presentation, questions, and discussion, thesis committee members meet in camera (in private) to decide if the proposal is accepted as written, accepted with required revisions, or failed. Should a proposal be failed, the student can revise and resubmit the proposal a second time. Failure of the proposal a second time will constitute a failure of the thesis and will be required to withdraw by the Faculty of Graduate Studies.

PROCEDURES FOR PROTECTING THE HUMAN SUBJECTS INVOLVED IN RESEARCH
The University of Manitoba is committed to protecting the rights and welfare of human subjects participating in research studies. All research projects involving human subjects conducted at, or under the auspices of the University of Manitoba, require prior ethics review and approval by a Research Ethics Board (REB). Although students' research must be sponsored by the faculty member who supervises their research, such sponsorship does not in any way diminish the obligation of students as members of the University of Manitoba community to comply with this policy, the TCPS, or other codes that govern the ethical conduct of research involving human subjects.
Most student thesis research must be submitted for REB approval and advanced field practice activities must be submitted for REB approval if the student plans to publish results of their advanced field practice activities. REB policy and procedures are found on the university website.

http://umanitoba.ca/research/orec/ethics/human_ethics_index.html

**THE THESIS DEFENSE (ORAL EXAMINATION)**

Each student is required to make an open oral defence of her/his thesis following its distribution to the committee. The oral defence should occur within one month of its distribution to the committee. If the written thesis report is deemed unacceptable, the student shall be advised against making an oral defence. Notwithstanding this provision, the student has the right to examination of the thesis if s/he believes it is ready for examination. The defence is undertaken in the following manner:

1. The thesis is presented to a meeting open to the faculty and graduate students of the Faculty of Social Work as well as members of the University and community. The oral examination is chaired by the student's thesis faculty advisor.

2. The first part of the oral examination shall consist of an oral presentation by the student that includes a summary of the salient points of the research within a time span of 25 to 30 minutes. This is followed by the questioning and examination of the student by the examination committee, which does not normally exceed one and one-half hours. The Chair may exercise discretion in inviting questions from guests following completion of the formal examination.

3. The thesis committee meets after the open meeting in camera (in private) to review both the oral defence and the written thesis report and make a disposition. The decision to pass the student must be unanimous.

4. The thesis committee then meets in camera with the student to discuss any changes that may be required before the thesis is finally accepted. The faculty advisor is normally responsible for ensuring that revisions are completed according to the instructions from the examining committee.

5. In the case of a failure of the thesis at the Master’s level, a detailed written report will be prepared by the Chair of the examination committee and submitted to the Faculty of Graduate Studies, who will make the report available to the student and faculty advisor/co-faculty advisor. If the presentation and defence of the thesis is failed on two separate occasions, a recommendation will be forwarded to the Faculty of Graduate Studies who will require the student to withdraw from the program.
THE SPECIALIZATION COURSE-BASED OPTION

Two courses were designed by the Faculty to replace the practicum option to completion of the MSW program. SWRK 7180 Advanced Field Practice (0 credit hours) and SWRK 7190 Integrating Theory and Research in Advanced Field Practice (3 credit hours).

The courses SWRK 7180 and SWRK 7190 are not available as electives to meet the course requirements for the 24 credit hours required independent of the thesis or Advanced Field Practice. They are not open to students electing the thesis option to completing the MSW program. They are not open to students in other faculties / departments. For students taking the Course-Based Option, the 2 courses are in addition to the 24 credit hours of coursework required by all MSW students. Core courses for the student’s program cluster should be completed prior to, or concurrently with, SWRK 7180 and SWRK 7190.

Please note that all students, in order to be eligible to graduate from the Course-Based Option in the MSW program, graduate students must complete 27 credit hours. Students who have had any courses waived must replace those credit hours.

If you are a student who has had a course in their MSW Program waived you should meet with your faculty advisor to develop a plan to ensure that you have met the 27 credit hour requirement for the Course-Based Option.

Students who are currently in the Thesis Option should be aware that if you choose to switch from the Thesis to the Course-Based Option you will need to meet the 27 credit hour requirement.

Please note that according to the supplemental guidelines for SWRK 7180, overall supervision of the Advanced Field Practice is the responsibility of the faculty advisor. However, supervision of the student’s day-to-day work may be done by a field/agency supervisor as negotiated during the proposal stage. This means that each student will have one, and often two people, involved in the proposal phase of the placement. The proposal serves as the learning contract between the student, the faculty advisor, and the agency/field setting supervisor. The faculty advisor is responsible for grading the student on a pass/fail basis. Details for the proposal and procedures for evaluating the Advanced Field Practice are outlined below.

The faculty advisor will be the instructor for SWRK 7190 and will grade the final paper. Details for structuring the paper and criteria for grading are detailed below. Please note that this is a graded course and the instructor will not review drafts of the final paper. It is a 3 credit course and the grade received will be included as part of the student’s grade point average.

SWRK 7190 (Integrating Theory and Research in Advanced Field Practice) may be taken concurrently with SWRK 7180 (Advanced Field Practice), although SWRK 7180 will normally be completed prior to SWRK 7190. It cannot be taken prior to SWRK 7180.

ADVANCED FIELD PRACTICE – SWRK 7180 (0 CREDIT HOURS)

The course requires a minimum of 450 hours of advanced field practice experience where the focus is on the development of specialized skills and knowledge in social work. Along with the course SWRK 7190 Integrating Theory and Research in Advanced Field Practice, this course is a culminating activity in the MSW program for those students who choose the non-thesis option. The course is student directed in that the student defines, with assistance and direction from a faculty advisor, specialized learning goals.
and a field experience through which these learning goals can be achieved. Activities carried out during the implementation phase of the field experience occur under supervision provided or arranged by the faculty advisor. The field practice experience must include an examination of theory and research related to activities that are designed and carried out during the implementation phase, and it must include the application of evaluation research methods to assess results. Since the Faculty of Social Work is committed to social change and social justice, in completing the field practice, attention should be paid to experiences of systemic discrimination on the basis of gender, ethnic origin, skin colour, language, religious and spiritual beliefs, class, sexual orientation and sexual identity, disability, age, culture or any other characteristic. Co-requisite: SWRK 7190 Integrating Theory and Research in Advanced Field Practice.

**COURSE OBJECTIVES**

It is expected that the student will:

- demonstrate the ability to develop a clearly written proposal that outlines the learning goals of the advanced field practice experience, a rationale which supports the focus of service activities, a clear description of the activities to be implemented and a plan for evaluating both the results of implementation and the achievement of learning goals;

- develop specialized skills and knowledge through a critical review of relevant theory and research, and the application of advanced social work methods, which includes a critical analysis of the social construction of theory and practices that may reflect injustices;

- assist students to develop a professional commitment which upholds the dignity and potential of students, staff and community and provides education enabling professional action to remove obstacles to human and social development and challenges to oppression. In addition, the course will equip students with the knowledge and skills to analyze and eradicate oppressive social conditions and to promote equal access to resources, services, and opportunities for the accomplishment of life tasks, the alleviation of distress and the realization of aspirations and values;

- demonstrate a reflective approach to practice through the appropriate use of supervision. This reflection should include analysis pertaining to the origins and manifestations of social injustices in Canada, the multiple and intersecting bases of oppression, domination, and exploitation, and the practice skills necessary to challenge various forms of marginalization and privilege;

- develop a reflexive practice that assesses one's own performance in a professional role, professional expert power, the social worker's social location, and the ways that societal oppression may manifest in the everyday practices, policies, and procedures of the field setting, and how these impact the client and/or the social worker;

- build capacity to develop, apply, and critique social work values, ethics, and practice to make professional judgments consistent with a commitment to promote equality and the elimination of oppressive social conditions;

- gain experience in developing and applying a framework for the evaluation of field practice activities including the extent to which the practice promotes equality, social change, and social justice and eliminates oppressive social conditions;

- demonstrate effective working relationships with professional colleagues, service users and other members of the community, and be responsive to ethnic, cultural, racial, sexual, and gender diversity in these relationships;
METHODS

Normally the topic identified for the field practice is established through exploration and discussion between the student’s faculty advisor and the student. Based on these discussions the student will develop a proposal that outlines learning goals, including advanced skills to be developed, the focus of supervised work to be planned and implemented during the field experience, methods of supervision and methods of evaluation. This proposal will identify relevant literature and research to be examined in planning and implementing field practice activities, which address the course objectives listed above.

Once the proposal is approved by the faculty advisor, the faculty advisor and student will negotiate a contract for the student’s field practice with an organization or agency. The planning, implementation and evaluation of field practice activities involves a minimum of 450 hours of work by the student following approval of the proposal. Regular supervision will be provided or arranged by the faculty advisor. Since a key learning objective is to equip students with necessary skills to analyze the multiple and intersecting bases of oppression to work in various settings, the faculty advisor will need to pay attention to discussing with students how to acquire these skills.

Completion of the advanced field practice is dependent on meeting the course objectives, the student’s specific learning goals, and the implementation of practice activities as proposed for the course.

READINGS

Literature to be reviewed is dependent on the advanced field practice course objectives and the specialized focus of the advanced field practice experience and is determined by discussion between the student and faculty advisor.

EVALUATION

The final grade is assigned as either Pass or Fail. Student progress will be reviewed on an ongoing basis. However, a more comprehensive review of student progress must occur at least once during the implementation phase of the field practice, normally at the mid-point of the implementation phase. The evaluation process will include input from any other staff involved in supervising the student’s field practice.

The student may appeal an unsatisfactory final grade to the Appeals Committee of the Faculty of Social Work. A student who fails the Advanced Field Practice course must request to the Graduate Standings Committee of the Faculty of Social Work for permission to repeat the course. A student who fails the Advanced Field Practice twice will be required to withdraw by the Faculty of Graduate Studies.

STUDENT RESPONSIBILITIES

The student is responsible for:

- preparing a proposal, which includes relevant personal and practice background preparation, a plan for practice experience that integrates theory and research with practice, as well as a plan for evaluating practice, and learning goals;
• applying social work values, adhering to the CASW Code of Ethics and CASWE guidelines/standards in all practice situations, and acting in a professional manner as a representative of the agency and faculty;

• producing documentation of a minimum of 450 hours of direct and indirect practice activities, including the time spent on these activities, on a continuing basis which may take the form of tapes, process or case recordings, reports, summaries, and such other forms of documentation as may be required;

• preparing for, and actively participating in educational supervision, with the faculty advisor and/or field supervisor;

• reflecting on their practice, and actively participating in the evaluation process as outlined in the course objectives.

EDUCATIONAL SUPERVISION

Overall supervision and evaluation of the Advanced Field Practice is the responsibility of the faculty advisor. However, supervision of the student’s day-to-day work may be done by a field/agency supervisor as negotiated during the proposal stage. The purpose of supervision is to ensure that the course objectives are met, and will include: (1) guidance in the integration of practice theory and research with practice; (2) case management and case/project supervision; (3) feedback on progress, reflexive practice, and professional development.

FIELD PRACTICE AT PLACE OF EMPLOYMENT:

A field placement at the student’s place of employment is contingent upon the following:

• The faculty advisor(s) shall ensure that the field placement site is able to provide the student with appropriate opportunities to achieve the objectives of the advanced field practice.

• The faculty advisor(s) shall ensure that the advanced field practice activities are not in conflict with agency policies and procedures.

• The student shall be accountable to the faculty advisor(s) for field-placement-related activities.

• The Faculty requires that the student spend a certain amount of time in field placement-related activities at the field placement site and these activities must fall outside the scope of the student’s employment related work.

• The student’s faculty advisor must not be an employee of the organization where the field placement is being completed.

• Final decisions about the appropriateness of field practice placements in a student’s workplace rests with the Graduate Standings Committee.
THE PROPOSAL FOR ADVANCED FIELD PRACTICE

1. A description of a proposed field practice site, its mandate, service goals and practice methods, identification of agency policies relevant to the proposed advanced field practice, and population served.

2. A plan for the advanced field practice that includes:

   a. a literature review that defines the proposed intervention(s) and describes professional activities required in its implementation, critically analyzes the current theory and research related to the student’s proposed advanced practice plan, which includes an analysis of the social construction of theory and practices that may reflect injustices (10 – 15 pages).

   b. detailed description of the activities that will comprise the field practice including the target of practice, the theoretical approach and methods to be used, and the relevance of the placement to the profession of social work. This description should also address the scope of practice; that is, for direct practice, a description of the number of clients or groups, the frequency of meetings, and how the hours of practice will be implemented in practice. For policy or administrative practice, a description of a project or setting should also include the nature of activities in which the student will engage, and how the hours of practice will be implemented.

   c. professional learning goals that clearly and specifically define what the student wants to achieve in the context of the field placement and course objectives. These goals will vary according to each student’s interests and professional development. These goals must be clear as they will constitute the basis on which the student and supervisor(s) will assess the level of the student’s achievement of each goal. Learning goals should address several areas of learning: knowledge development, skill development, integration of theory and research with practice interventions/activities, reflexive practice, and evaluation.

   d. evaluation procedures that will evaluate the outcomes of the intervention or practice activity, and the extent to which the student’s learning goals and course objectives have been met.

   e. a work plan that includes estimates of the number of hours involved in each part of the Advanced Field Practice.

PROCEDURES FOR EVALUATING THE ADVANCED FIELD PRACTICE

Overall, the evaluation of the advanced field practice is the ultimate responsibility of the faculty advisor, but the agency/field supervisor may provide input to this process. As part of the evaluation process, the student must:

- Provide documentation of a minimum of 450 hours of practice. This may include direct client contact, meetings, supervision sessions, self-reflection on practice, preparation and planning activities. This does not include time spent researching and writing the proposal or the final paper.

- Provide evidence that practice activities are based on theory and/or research and/or accepted practice.
• Provide evidence of accepting feedback and incorporating feedback from supervisor(s) into their practice.

• Complete a written analysis of the extent to which her/his learning goals and the course objectives were met, how this was accomplished, and the evaluation procedures used (5–10 pages).

• Have demonstrated ethical behaviour per CASW Code of Ethics and Standards of Practice.

• Have maintained adequate record-keeping in accordance with the policies of the host agency and CASW Code of Ethics.

A written statement should be provided by the faculty advisor that the above criteria (a-f) have been met, and a copy given to the Graduate Programs Student Advisor to be placed in the student’s file.

INTEGRATING THEORY AND RESEARCH IN ADVANCED FIELD PRACTICE – SWRK 7190 (3 CREDIT HOURS)

Along with SWRK 7180, this course is the culminating activity in the MSW program for those students who choose the non-thesis option, with the outcome being a major paper. It provides an opportunity for the student to explore and demonstrate knowledge in a specialized area of social work practice. It focuses on the integration of theory and research in the critical analysis of activities undertaken in the Advanced Field Practice placement through meetings with the faculty advisor and the independent development of the course paper. Co-requisite: SWRK 7180 Advanced Field Practice.

COURSE OBJECTIVES

It is expected that the student will demonstrate:

• familiarity with relevant theory and research related to social work practice in the specialized area of interest explored in Advanced Field Practice (SWRK 7180);

• the ability to critically analyze specific aspects of an issue, situation or set of circumstances which is the focus of activities carried out in the Advanced Field Practice course. This includes a critical analysis of the social construction of theory and practices that may reflect injustices.

• the ability to apply evaluation research methods to assess the results of activities undertaken in the Advanced Field Practice course.

• the ability to critique social work values, ethics, and practice in order to make professional judgments consistent with a commitment to promote equality and the elimination of oppressive social conditions.

• the ability to identify implications and/or recommendations for policy and practice in social work that arise from the student’s study of a selected specialized topic. This includes the development of policies that promote equality and eliminate oppressive social conditions or that promote social change and social justice.

• the ability to assess professional power and her/his social location and the ways that oppressions may manifest in practice and impact the client and/or the social worker.
METHODS
The student will develop a major paper as the final assignment in this course. In consultation with the faculty advisor, the student may develop an outline (suggested length of 5-7 pages) of the paper, based on the literature and the advanced field practice experience, for feedback prior to preparing the final paper. Once this feedback is provided, the student prepares the final paper independently without further consultation.

READINGS
Relevant literature for this course is to be selected by the student with advice and recommendations from the faculty advisor.

ASSIGNMENTS AND GRADING
The assignments for this course consist of a final paper that responds to the course objectives. A professionally written paper that is well organized, grammatically correct and properly referenced is required. The recommended length is 35 to 50, double-spaced, typed pages exclusive of references (8750 to 12,500 words). The maximum length is 55 pages (13,750 words) exclusive of references, tables and appendices.

Dissemination strategies pertaining to results from the study required for this paper may include a well-organized presentation to interested professionals in an organization that hosted the student during the Advanced Field Practice placement or to others in the community. A maximum of 25% of the course grade may be allocated to the presentation.

Grades are assigned to this course using the schema adopted by the Faculty of Social Work for all graduate level courses. A student who is dissatisfied with an assigned grade may appeal the grade to the Appeals Committee of the Faculty of Social Work. A student who receives a failing grade in the course must submit a request to the Graduate Standings Committee for permission to repeat the course, and a student who receives a failing grade in this course twice will be required to withdraw by the Faculty of Graduate Studies.

EVALUATION GUIDELINES FOR INTEGRATING THEORY & RESEARCH IN ADVANCED FIELD PRACTICE - SWRK 7190
GUIDELINES FOR FINAL PAPER
Students will use their interventions or areas of practice activities from their Advanced Field Practice as the basis for discussing the required elements of this final paper. In the analysis of the advanced field practice, students must integrate theory, perspectives of social justice, and research; demonstrate reflexivity; and evaluate their practice. The page lengths for each of the following sections are guidelines only:

- Provide an overview of the advanced field practice and the social context in which it is located. Identify the social issues, the population served, and the setting or policy area. Explain why it is
an appropriate social work practice placement, keeping in mind the values and goals of the social work profession.
(Suggested length: 3-5 pages)

• Provide a critical analysis of theory and research relevant to the advanced field practice which includes a critical analysis of the social construction of theory that may reflect injustices.
(Suggested length: 10 - 15 pages)

• Describe your intervention process or project work, identifying how theory and research guided your work and were integrated in that work, including literature on addressing social justice, oppressive social conditions, and social change, as appropriate. Case examples may be used to highlight the integration. If applicable, describe and critique the evaluation method that was used, or specify and rationalize an evaluation method for the intervention/project.
(Suggested length: 7 - 10 pages)

• Provide a critical analysis of your advanced field practice. Themes that emerge related to the population and/or the intervention or project should be discussed and links made to existing literature. You should reflect on expert power, your social location, and the ways that oppression manifests in the field setting that relates to social work values and ethics. Integrate this reflection and critique in your analysis.
(Suggested length: 15 - 20 pages)

• Identify areas of knowledge building or recommendations for the future that are pertinent to this area of work, including responding to oppression and social injustices. (Suggested length: 5 pages)

The faculty advisor may receive an outline of up to five (5) written pages for the final paper at the student’s option before the student begins the writing process. The faculty advisor can provide feedback including but not limited to:

• scope of the literature review
• additional areas of literature that should be included / integrated into the analysis
• analysis of the intervention/project
• the discussion related to evaluation
• emerging themes and issues that arise from the student's work
• reflection on expert power, social location, and oppression

Faculty advisor feedback should be written and provided to the student before the student begins to write the final paper. Once this feedback is provided, the student prepares the final paper independently and without further consultation. Faculty advisors will not review drafts of the final paper or allow students to rewrite the final paper after it has been graded.
GRADING

- Overview of the advanced field practice and the social context (5%)
- Critical analysis of theory and research (20%)
- Description of intervention process or project work (20%)
- Critical analysis of advanced field practice (35%)
- Areas of knowledge building and future recommendations (10%)
- Style (organization, spelling, grammar, and APA or other appropriate referencing style) (10%)

The final paper will be graded by the faculty advisor. The on-site supervisor of the advanced field practice may be asked to provide feedback on the paper. Providing inadequate or failing work in any section of the paper (as outlined above) may result in an overall failing grade.

In the event that the student chooses to allocate some proportion of the final grade to a presentation related to their field practice (up to 25% of the final grade), this will be negotiated with the faculty advisor at the beginning of the course. Presentations will be open to other instructors, students, and agency personnel. These presentations are not simply providing information about the field placement activities and outcomes. The presentation should be an analysis and integration of knowledge and practice. Presentations will be graded according to criteria 1 through 5 as outlined above.
REGISTRATION

All graduate students must initially register in the term specified in their letter of acceptance as specified in the Academic Schedule of the Graduate Calendar. Any student not registering by registration deadline in the term specified in their letter of offer will be required to re-apply for admission. In exceptional circumstances, and with prior approval from the Faculty of Social Work and the Faculty of Graduate Studies, a newly admitted graduate student may defer registration for up to one year following acceptance into the Faculty of Graduate Studies.

All newly admitted and returning graduate Social Work students are required to register on the University of Manitoba website via Aurora Student.

STEPS TO REGISTER

1. Consult the Faculty of Social Work section of the Graduate Calendar regarding the course requirements for your program of study. Graduate Calendar is available on the Faculty of Graduate Studies website.

2. Contact your faculty advisor to discuss and/or review your program of study.

3. Obtain written approval of your program of studies from your faculty advisor. Any changes to your program must be approved by your faculty advisor. It is advisable to determine your program well in advance of registration.

4. On your designated registration day, add the registration via Aurora Student.

For returning students, ensure that you and your faculty advisor have completed the Faculty of Graduate Studies Progress Report Form. Students in the thesis option must also submit the Advisor/Student Guidelines form with their first progress report. Students who have not completed these forms will be blocked from registering for the following year by the Faculty of Graduate Studies. Student progress must be reported at least annually to the Faculty of Graduate Studies on the Progress Report form.

http://umanitoba.ca/faculties/graduate_studies/forms/index.html

Any student whose program of study extends for more than one year must re-register in the fall, winter and summer terms of each succeeding year of his/her program until their program is completed. Failure to re-register will result in the discontinuation from the graduate program. A student who has been discontinued, and would like to be considered for continuation in a program, must apply for re-admission. Readmission is not guaranteed.

All graduate students must complete the Academic Integrity Tutorial (GRAD 7500) (0 credit hours) in the first term of the initial registration.
ACADEMIC PERFORMANCE

FAILED COURSES AND MINIMUM GPA

A minimum degree grade point average (GPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Any failure to meet these requirements will result in the matter being forwarded to the Graduate Standings Committee. The options for the Graduate Standings Committee include, but are not necessarily limited to the following: 1) requiring the student to repeat or replace the course, or 2) requiring the student to withdraw. The following outlines the procedures for review of these Faculty decisions and recommendations:

The Faculty of Social Work can only recommend a particular action to the Faculty of Graduate Studies with regard to student progress and/or status in the program.

http://umanitoba.ca/faculties/graduate_studies/media/failed_grades.pdf

A student may be permitted to remove deficiencies in grades by repeating the course or replacing it with an equivalent substitute course. Each failed course may be repeated or replaced only once, to a maximum of 6 credit hours of coursework. If a course is repeated or replaced, the most recent grade obtained will be used in the determination of the degree grade point average. Students receiving a grade of C or less in more than 6 credit hours of coursework will be required to withdraw by the Faculty of Graduate Studies.

PLAGIARISM AND CHEATING

To plagiarize is to take ideas or words of another person and pass them off as one’s own. In short, it is stealing something intangible rather than an object. Although it is not necessary to state the source of well-known or easily verifiable facts, however, students are expected to acknowledge the sources of ideas and expressions they use in their written work, whether quoted directly or paraphrased.

Plagiarism or any other form of cheating on examinations or term tests (e.g. crib notes) is subject to serious academic penalty (e.g. suspension or expulsion from the faculty or university). A student found guilty of contributing to cheating in examinations or term assignments, is also subject to serious academic penalty. Carefully review the following information on university policy and procedures in regards to plagiarism and cheating.

POLICY ON CONFIDENTIALITY AND USE OF SOCIAL MEDIA

The Faculty of Social Work has developed policies on confidentiality and the use of social media. These policies are located in Appendix D and Appendix E. These policies should be carefully reviewed by all students and followed at all times while enrolled in a social work program, including in an advanced practice setting.
PROGRESS REPORTS
Student progress must be reported at least annually to the Faculty of Graduate Studies on the Progress Report form

http://umanitoba.ca/faculties/graduate_studies/forms/index.html

Students who fail to maintain satisfactory performance may be required to withdraw on the recommendation of the Dean or designate to the Dean of the Faculty of Graduate Studies on the Progress Report form. Two consecutive “in need of improvements” normally requires the student to be withdrawn from the program.

PERFORMANCE NOT RELATED TO COURSEWORK
Students are expected to follow the Social Work Code of Ethics. A student may be required to withdraw from the Faculty when the student has been found guilty by the Professional Unsuitability Review Committee of the Faculty of Social Work of such conduct which, if participated in by practicing social workers, would result in a serious violation of the Code of Ethics of the Canadian Association of Social Workers. The Faculty of Social Work has a Professional Unsuitability By-Law. If students are found unsuited on considerations of competence or professional fitness for the practice of social work, they can be required to withdraw. The full by-law is located in Appendix B.

EXTENSION OF TIME TO COMPLETE PROGRAM OF STUDY CONTENT
The student must complete the Request for Extension form and submit it to his/her faculty advisor for recommendation at least three, but no more than four months, prior to expiration of the respective maximum time limit. Requests for an extension are reviewed by the Faculty of Graduate Studies on a case by case basis. The normal time granted for extensions is four months.

http://umanitoba.ca/faculties/graduate_studies/forms/index.html

Requests for extension must be accompanied by a realistic timeline that has been agreed upon by the student and faculty advisor/co-faculty advisor and endorsed by the Dean or designate. The extension time requested must closely reflect the time required to complete the program.

AUTHORIZED WITHDRAWAL POLICY
Authorized Withdrawal or AW is an approved withdrawal from all courses in a given term(s) for medical or compassionate reasons.

http://umanitoba.ca/admin/governance/governing_documents/academic/authorized_withdrawal.html

In limited enrolment programs, re-enrolment following an AW may be subject to availability of space.
**VOLUNTARY WITHDRAWAL POLICY**

Voluntary Withdrawal or "VW" is a registration option that enables students to withdraw from a course or courses after the Registration Revision Period without academic penalty.

http://umanitoba.ca/admin/governance/governing_documents/academic/360.html

If a student has had a VW from a course, any future attempt to re-register in the course (or its equivalent) is considered a repeated course and will be subject to the Limited Access Policy.

http://umanitoba.ca/student/records/academicpolicychanges/

**REPEATED COURSE POLICY**

The purpose of the Repeated Course policy is to articulate, on an institutional level, the rules that are to be applied when a course is repeated, or its equivalent taken; and to identify the implications of repeating courses at the University. Effective Fall 2017 the University of Manitoba adopted the Repeated Course policy that articulates the rules that are to be applied when a course is repeated, or its equivalent taken.

The Faculty of Social Work has developed its own regulations regarding limits to the number of repeat attempts allowed for an individual course (or equivalent). Repeated courses will be subject to the Limited Access Policy. Limited Access will prevent you from registering/wait listing for a course that you are repeating (or equivalent) until the 'Limited Access Term Expiry Date' has passed.

https://umanitoba.ca/admin/governance/media/Repeated_Course_Policy_-_2016_09_01.pdf

**LEAVES OF ABSENCE**

Student must consult with their faculty advisor in initiating these requests. The types of leave of absence available to graduate students and the form to be completed is available on the Faculty of Graduate Studies website.

http://umanitoba.ca/faculties/graduate_studies/media/Grad_Student_Leave_Request.pdf

In addition, the Faculty of Social Work Standings form is to be completed by the faculty advisor and the student and forwarded, along with other required documentations first to the Student Services and Admissions/Advising Office in Social Work and then to the Graduate Standings Committee for action.

https://umanitoba.ca/faculties/social_work/media/Graduate_Standings_Committee_Form_January_2016.pdf
Students who disagree with a decision have access to appeal routes as laid out by various Faculty of Graduate Studies and University of Manitoba appeal procedures. The Faculty of Social Work only hear appeals of term and final grades. The Faculty of Social Work Grade Appeal policy and procedures are described in Appendix C.

There are several areas of appeal: 1) admission, 2) academic, 3) discipline, and 4) administration.

Appeal Panels will consider appeals:

1. stemming from a decision of a unit on academic matters (e.g. failure in a course) only after they have been dealt with by the appropriate unit-level appeal process (if any), as is outlined in its supplementary regulations.

2. stemming from a decision of the Faculty of Graduate Studies following the recommended action of a unit (e.g., qualifying examinations, candidacy examinations, thesis proposals, thesis examinations), only after they have been dealt with by the appropriate unit-level appeal process (if any), as outlined in its supplementary regulations.

3. stemming from a decision of the Faculty of Graduate Studies.

In all cases, appeals should be directed to the Dean of the Faculty of Graduate Studies. A decision of the Appeal Panel is appealable only to the Senate Committee on Appeals.

http://umanitoba.ca/admin/governance/governing_documents/students/senate_committee_on_appeals_policy.html.

APPEAL OF FACULTY OF GRADUATE STUDIES DECISION

An appeal of action taken by any unit, committee, administrator or faculty member within the Faculty of Graduate Studies must be submitted in writing by the appellant to the Dean of the Faculty of Graduate Studies within fifteen (15) working days of the date from the date that the appellant was informed in writing of the action to be appealed.

APPEALS TO SENATE:

As per The University of Manitoba Governing Documents: Students: Policy: Appeals Procedures and Guidelines appeals to the Senate Committee on Appeals shall be filed with the University Secretary within twenty (20) working days after the mailing of the notice of decision from which the appeal is made.

http://umanitoba.ca/admin/governance/governing_documents/students/senate_committee_on_appeals_policy.html
DISCIPLINE APPEALS

The specific jurisdiction of each of the Disciplinary Authorities is outlined in: University of Manitoba Governing Documents: Students: Bylaw: Student Discipline. See 2.3.3: Table 1: Jurisdiction of Disciplinary Authorities

[link]

When the appeal is against a disciplinary decision made by the Faculty of Graduate Studies, the appeal routes and procedures as outlined in the following shall prevail: University of Manitoba Governing Documents: Students: Procedures: Student Discipline

[link]

If a student wishes to appeal a decision, the notice of appeal must be delivered in writing to the appropriate person(s) within ten (10) working days of the student being notified of the decision the student intends to appeal.

ASSISTANCE WITH APPEALS

The Office of Student Advocacy, 519 University Centre, provides information and assistance to students regarding all appeal processes. It is strongly recommended that students contact the Office of Student Advocacy to assist them with any appeal they are considering.

EDUCATIONAL EQUITY INITIATIVE

The purpose of this Initiative is to achieve equality in professional education so that no person shall be denied educational opportunities or benefits for reasons unrelated to ability. In the fulfilment of this goal, the aim is to correct the conditions of disadvantage in professional education experienced by Indigenous peoples, persons with disabilities, immigrants and refugees to Canada, LGBTTQ and persons other than Indigenous Peoples who are members of a visible minority in Canada. Educational equity means more than treating persons in the same way but also requires special measures and the accommodation of difference.

This right to require withdrawal prevails notwithstanding any other provision in the Faculty’s Regulations.

Grounds for Required Withdrawal

A student may be required to withdraw from the Faculty when the student has:

   And / Or

b) In any clinical placement practiced incompetently due to persistent impairment of functioning;

   And / Or

c) Jeopardized professional judgment through self-interest;

Conflict of Jurisdiction

If a question arises as to whether a matter falls within the academic regulations of the Faculty of this By-Law, or as to whether a matter is within the jurisdiction of the Discipline By-Law of the University or this By-Law, as the case may be, the question shall be referred to the University Senate for final decision.

The student shall be informed of her/his rights as prescribed under this By-Law, including the right to representation at the hearing.

The result of the hearing and the grounds therefore shall be conveyed in writing to the Dean of the Faculty of Graduate Studies, the Dean of the Faculty of Social Work, the student, the designated representative(s) of the student, and the Social Work Faculty Council.

APPENDIX C – FACULTY OF SOCIAL WORK GRADE APPEAL POLICIES AND PROCEDURES

The purpose of this committee is to promote consistency related to student appeals at the Graduate and Undergraduate level program levels. The Faculty of Social Work Appeals Committee is the first level of appeal for both Graduate and Undergraduate students in the faculty related to appeals of term and final grades. This committee does not deal with matter of student discipline or professional unsuitability as identified by the University of Manitoba Student Discipline By-laws.

The Appeals Committee shall be comprised of 3 members: The Chair, a Faculty member, and a Faculty Content Specialist. Should the appeal be made regarding a grade assigned by one of the standing members of the Appeals Committee, that member shall step down and the Dean shall appoint an alternative to hear that appeal only. The Dean of the Faculty, while ex-officio on all committees, is not normally part of the Appeals Committee. He or she does have some residual responsibility to monitor the work of the Committee, thus providing an additional safeguard to ensure justice.

APPEALS OF GRADES RECEIVED FOR TERM WORK

The appeal of term work returned or made available to students before the last day of classes shall be subject to the policies and procedures established by faculty or school councils. Students may formally appeal a grade received for term work provided that the matter has been discussed with the instructor in the first instance in an attempt to resolve the issue without the need of formal appeal. Term work grades normally may be appealed up to ten working days after the grades for the term work have been made available to the student.

APPEAL OF FINAL GRADES

Prior to filing a formal appeal, students are expected to consult with the instructor of record of the course in question to see if any remedy exists at that level. This appeal to the instructor must normally occur within ten working days of receiving the final grade. If the consultation between the student and instructor does not result in an outcome that is satisfactory to the student, the student may make application for a formal appeal of the final grade.

ACTION BY COMMITTEE CHAIR

Upon receiving the documentation from the Registrar’s Office, the Chair will first consult with the instructor of record of the course to ascertain that the student had initiated a discussion with the instructor and to determine the outcome of this consultation.

The Chair of the Committee will notify the student in writing (email notification is acceptable) advising of the receipt of the appeal from the Registrar’s Office. The notification will address the following issues:

1. Advise the student of the deadline for the Faculty’s response to the Dean which is fifteen (15) working days from the date of the receipt of the appeal.

2. After consulting with the student, establish a time and place for the hearing, and confirm the information in writing to the student (email notification is acceptable) of the date, time, and location of the appeal hearing at least one week prior to the scheduled meeting.

3. Include a copy of the Faculty’s Appeal Procedures, highlighting the provision that the student has the right to appear before the committee, as well as their right to be accompanied by a representative from Student Advocacy and Accessibility.

4. Request that the student forward to the Chair within three (3) working days, all materials relevant to the review (syllabus, assignments, exams, evaluation assessment forms, grading procedures) as well as documentation of the student’s efforts to resolve the issue with the instructor. The student shall also inform the committee if they will be accompanied by a representative from the Student Advocacy and Accessibility office.

5. Advise the student of their right to be accompanied by a support person. This person’s role is limited to observer status and they do not have the right to participate in the appeal hearing.

6. The Committee Chair shall inform the Instructor in writing (email notification is acceptable) of the time and place of the hearing, the grounds for the student’s appeal, and the documentation that will be reviewed in considering the appeal.

7. The Instructor in the course being appealed will have the right to appear before the committee. The Chair will also request from the Instructor their response to the matter under appeal. If they do not wish to appear they have the right to submit to the Chair all documentation and information regarding the matter under appeal.

GUIDELINES AND PROCEDURES FOR THE APPEAL HEARING

At the commencement of the appeal hearing, the Chairperson will:

1. Identify the case: Date, time, and provide notice that the meeting will be recorded.

2. Introduce the student, the faculty member whose decision is being appealed, the accompanying support person, and the members of the Committee.

3. Briefly outline the decision being appealed and remedy sought.
4. Ensure that the proceedings are recorded.

Where a student is questioning the procedures of the grading process, all documentation related to the student’s performance in the course may be considered as evidence in the hearing.

At the conclusion of the meeting, the Chair will summarize the issues before the committee and the information that was presented during the hearing.

A majority vote of the committee will determine the final decision. The final grade may remain as was assessed, or raised, but cannot be lowered as a result of the appeal.

The student has no further right to appeal the decision of the Faculty Appeals Committee for term work. All presentations, discussion and deliberations of the appeal process will be kept confidential.

**DISPOSITION**

The Chair shall inform the student, the instructor, and the Dean of the committee’s decision in writing. The decision shall be accompanied by the committee’s rationale for its decision. Students will receive the Committee’s decision in writing (email notification is acceptable) generally within three (3) working days. A copy of the letter will be placed on the student’s file. An appeal of a grade beyond the Faculty of Social Work Appeals Committee may be made to the Dean of the Faculty of Graduate Studies. A decision of the Appeal Panel of the Faculty of Graduate Studies is appealable only to the Senate Committee on Appeals.

**GRADUATE STUDENT APPEALS**

The Faculty of Social Work will only hear appeals regarding academic matters. Appeals stemming from departmental actions on academic matters (e.g., failure in a course) will be heard by the Faculty of Graduate Studies Appeal Panel only after they have been dealt with by the appropriate departmental-level appeal process. The Appeal Panel will handle an appeal of Faculty of Graduate Studies actions. Please note that decisions on academic matters such as qualifying examinations, candidacy examinations, thesis examinations, etc. that have been made by a student’s home unit (i.e. department, school or program) should first be appealed to the home unit. If a unit denies a student’s appeal, the appeal may be made to the Faculty of Graduate Studies.
APPENDIX D – POLICY GUIDELINES ON CONFIDENTIALITY

The Canadian Association for Social Work Education (CASWE) Standards for Accreditation (May, 2012) state that:

In keeping with social work's commitment to the principle of confidentiality, social work programs develop guidelines for confidentiality to be followed by all students in the program by:

a) Clearly outlining guidelines to protect the confidentiality of service users, settings, social workers and students in assignments, process recordings, audio and video tapings, case examples, or any other learning situations, including use of all forms of social media;

b) Requesting the necessary signed letters of consent for any case material used by a student where there is a possibility of identification of service users; and

c) Contracting with settings regarding the use of process recordings, audio and videotapes and social media, and clearly identifying ownership of such material.

Confidentiality is a professional value, as reflected in the Canadian Association of Social Workers (CASW) Code of Ethics, that requires that professionally acquired information about service users be considered as private and shall not be shared with third parties unless the service user provides informed consent. This policy recognizes that in some circumstances a professional or legal obligation exists to share information without client consent.

POLICY STATEMENT

As professionals, students and instructors will comply with applicable provincial privacy laws, including The Freedom of Information and Protection of Privacy Act (FIPPA) and The Personal Health Information Act (PHIA) and will respect the guidelines on confidentiality as outlined in the CASW Social Work Code of Ethics. All parties are responsible for ensuring that no personal information or personal health information that could identify a user of any service system be used in class meetings or in assignments. In addition, while it is acknowledged that the classroom is a public setting, instructors and students shall respect one another’s privacy, when discussing classroom activities outside of the classroom. Violations of privacy legislation or the policy may result in action related to student discipline or professional unsuitability.

GUIDELINES

The following guidelines are based on general best practices. The Faculty recognized that circumstances can vary and encourages consultation with your field instructor, field liaison, faculty advisor or course instructors.

- The issue of confidentiality will be discussed by student and instructor during orientation to field. The student is required to review the Code of Ethics regarding Confidentiality in Professional Practice prior to assignment of clients.
- The confidentiality policy of the field site will be shared with the student who is required to review and sign, where applicable, to confirm understanding and compliance.
• Students that will come in contact with personal information or personal health information will be provided with training on The Freedom of Information and Protection of Privacy Act (FIPPA) and The Personal Health Information Act (PHIA) and will sign a pledge of confidentiality.

• The student is expected to possess a basic understanding of confidentiality and its limits and to demonstrate transparency with clients in communicating these limitations.

• Limits to confidentiality include matters as required or permitted by relevant laws, court order or when a clear threat to the safety of the client or others is evident.

• Case studies must not contain any identifying information.

• Documents with identifying information from field agencies must be treated in accordance with the agency’s policies.

• Disposal of documents with identifying information, including electronic records, must be carried out according to Agency protocols.

• Identifying information is not to be used in the classroom or in other context aside from Faculty approved supervision meetings.

• Confidentiality guidelines will be observed, when using social media.

Students are strongly encouraged to consult field instructors, field liaisons, faculty advisors or course instructors, if they are unsure about matters related to this policy.

*Approved by Faculty Council, February 22, 2013.
The Canadian Association for Social Work Education (CASWE) Standards for Accreditation (May, 2012) state that:

The Faculty of Social Work has a policy regarding ethical use of all forms of social media to ensure the privacy, confidentiality, and interests of the academic unit and its field placement community and demonstrates how the policy and procedures are consistent with the relevant human rights legislation, with the mission of CASWE-ACFTS, and with the mission of the Faculty of Social Work.

As various forms of social media become commonplace in educational, employment and other settings, the Faculty recognizes the need to establish guidelines that protect Faculty members, students and those with whom we work from negative consequences. These guidelines must respect freedom of expression and freedom from harassment, as enshrined in relevant human rights legislation. They must be consistent with the Canadian Association of Social Workers’ (CASW) Code of Ethics and maintain academic freedom and respectful learning environments as specified in the CASWE, Faculty and University Mission Statements.

**POLICY STATEMENT**

The Faculty of Social Work adheres to the CASW Code of Ethics, which outlines the core social work values as:

- Respect for the inherent dignity and worth of persons
- Pursuit of Social justice
- Service to humanity
- Integrity of professional practice
- Confidentiality of professional practice
- Competence of professional practice

The Faculty values academic freedom, freedom of inquiry and freedom of expression as pillars of social work education, and acknowledges the right of every individual to be free from harassment, discrimination and oppression. The Faculty of Social Work recognizes the growing importance of social media and is committed to supporting their ethical and responsible use.

Members of the Faculty of Social Work Community, including students, faculty, sessional instructors and staff, are responsible and accountable for their actions and statements. The guidelines contained in this document are intended to help in making appropriate professional decisions about communication in classrooms and through blogs, websites, wikis, twitter and other forms of social media. The use of unfounded or derogatory statements or misrepresentation is prohibited by the Faculty of Social Work and associated field agencies and may be subject to examination under several University of Manitoba policies related to student discipline, professional unsuitability, sexual harassment, or respectful work and learning environments. These policies and guidelines refer to the Faculty of Social Work and its associated field agencies and are not intended to infringe upon your personal rights and freedoms.
GUIDELINES FOR THE USE OF SOCIAL MEDIA

The content of publicly accessible communications shall be consistent with the values specified in the CASW Code of Ethics and be in compliance with The Freedom of Information and Protection of Privacy Act (FIPPA) and The Personal Health Information Act (PHIA). The Faculty values and encourages freedom of expression and critical debate and does not support the use of inflammatory, libellous or disrespectful language. Further, harassment and behaviour that create a hostile work or learning environment run contrary to the University’s fundamental values, as reflected in the Respectful work and Learning Environment Policy (June 22, 2004).

The Faculty encourages communication that is accurate and based on reasoned engagement with professional and scholarly knowledge. Postings should be treated as public documents and; therefore, professionalism is highly recommended. Always keep in mind that interaction through social media can result in anyone forming opinions about the Faculty, a field setting, employees, clients, students or the author of the posting. Communications that mention the Faculty of Social Work, field agencies, employees, students or clients must identify that the views expressed are those of the author and not the views of the Faculty of other members of its community. Under no circumstances should information that is confidential, pertaining to the Faculty, placement agency, clients or colleagues be shared. Keep in mind that many factors can lead to the identification of a client, especially to those who know her or him. Confidentiality must be strictly observed, as specified in the CASW Code of Ethics and the faculty’s confidentiality policy.

The following guidelines for social media interactions with current and past clients are based on general best practices. The Faculty recognizes that circumstances can vary and encourages consultation with your field instructor, faculty advisor or field liaison.

- Do not “friend” clients or accept requests to be “friended” from current or previous clients.
- Do not use messaging websites such as Twitter or Facebook to contact clients or to respond to clients.
- Use your professional email address only to communicate with clients.
- Use caution when discussing your work or studies with clients.
- Remember that all email communication are retained in the logs of your and your clients’ internet providers.
- Remember that information that you provide about yourself on websites can be accessed by clients.
