1. This report includes:

(a) all distance education credit hours, including Independent Study, on-line courses, and group-based study; (b) all courses taught off-campus with stipend from other than faculty, college, or school resources.

This report excludes:

(c) all 'on-load' credit hours taught during summer. These hours were included in previous reports,

so comparisons to previous reports should be made with caution;

(d) courses at or above the 6000 level, as these are associated with graduate programs;

(e) credit hours declared as "Challenge for Credit".

2. Due to rounding, some totals may not match the sum of the individual department, or faculty/college/school, figures.

3. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Changes in faculties/colleges/schools

containing fewer than 100 credit hours can show abnormally large differences, therefore these are not reported. 4. Effective July 1, 2017, the Department of Food Science and the Department of Human Nutritional Sciences merged into the Department of Food and Human Nutritional Sciences. 5. The Faculty of Health Sciences changed its name to the Rady Faculty of Health Sciences in 2016.

The College of Medicine changed its name to the Max Rady College of Medicine in 2016.

1. Distance Education credit hours include Independent Study (formerly correspondence), on-line courses, and group-based study.

2. Due to rounding, some totals may not match the sum of the individual department, or faculty/college/school, figures.

3. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Changes in faculties/colleges/schools containing

fewer than 100 credit hours can show abnormally large differences, therefore these are not reported.
