 The cost per FTE student is, by definition, sensitive to the number of FTE students within a given faculty in any given year. Much of the variation in the costs between years can be attributed to the normal fluctuation in student counts. As such, departments with smaller numbers of graduate students may record high degrees of volatility in costs between years as compared to those with larger populations.

Effective January 1, 2022, the Department of Native Studies changed its name to the Department of Indigenous Studies.

3. The Faculty of Engineering changed its name to the Price Faculty of Engineering in 2020.

4. Excludes Biomedical Engineering.

5. Effective July 1, 2021, the Department of Geological Science changed its name to the Department of Earth Sciences.

6. Departments that do not have graduate students will show the entire allocated cost.

7. Graduate FTE students in the Max Rady College of Medicine do not include Post-Graduate Medical Education (PGME) students.
